Teach Children To Save

Start the kiddies right by making them want to save their money.

A personal savings account in a high-class banking institution like this, where children are given the proper attention and encouragement to handle their own finances is a good start in the right direction. One dollar opens an account.

A trained nurse from Omaha has been taking care of him.

All hands in and near Murray are into the threshing game this week, and the fall wheat crop is turning out pretty fair in every respect. The grain is most all of a good quality and the yield is running from 15 to 20 bushels per acre. The spring wheat did not amount to very much in this community. A great deal of the present crop is being delivered from the machine right to the dealer, and many cars will be leaving here each week from now on until the machines have finished.

AGREEABLE TO HIS WISH.

One of our customers wrote us on June 10, 1919: "Smokerin, Pa. I had Triner's American Elixir of Bitter Wine of good help to me. No other medicine can do it. Please put this in an advertisement—Andro Lukate, Box 21." Agreeable to his wish, we are publishing these sincere lines which in their simple form have hit the nail on the head. Triner's American Elixir helps, that is a fact, and everybody who suffers from constipation, poor appetite, indigestion, headache, nervousness, etc., will convince himself that the above statement is correct. On May 2, 1919, the U. S. Internal Revenue Department approved and recognized Triner's American Elixir as a medicine, conforming in all respects to the prohibition rulings. You will get it at every drug store. And if you are troubled with neuralgia or lumbago, and in case of sprains or fatigued muscles, ask your druggist only for Triner's Linctum—Joseph Triner company, 1532-43 S. Ashland Ave., Chicago.
