DEATH OF MRS. H. A. SHOEMAN LAST EVENING

IS SURVIVED BY FATHER, HUSBAND AND ONE SON—HAD SUFFERED LONG.

TO BE BURIED AT SPRINGFIELD

Her Love of Flowers and Children Pronounced—Many Will Miss Her—Member R. N. A.

From Wednesday's Daily.
Mrs. Henry A. Schoeman died at her home on High school hill last evening at 7 o'clock, after an illness extending over several months.
Rosalind Victoria Kenton was born at Morristown, Indiana, December 12, 1877. When she was four years of age she came to Nebraska with her parents and since then Nebraska has been her home. In her early womanhood, she was united in marriage to Oscar Bradel. One son, Glen, was born to this marriage. In November, 1905, she was united in marriage to Henry A. Schoeman.

Three years ago Mr. and Mrs. Schoeman came to Plattsmouth to make their home and during the few years of residence here she has made many loyal friends. She was a member of the Royal Neighbors and held the highest office in the gift of the local order. Her love of the beautiful was very pronounced, and especially did she demonstrate this characteristic in her care of flowers and her devotion to all children. "Thou shalt love thy neighbor as thyself," was the command of which she ordered her life.

On Tuesday evening, July 22d, at 7 o'clock, at the close of a most beautiful summer day and after several months of suffering, she answered the call of her Maker. A father, husband and son are left to mourn her going, her mother and infant son having preceded her several years ago.

Funeral services will be held at the home on Ninth street tomorrow (Thursday) afternoon at 1:30. The remains will be taken to Springfield, Nebraska, for interment, short services being held at the Methodist church at Springfield at 4 o'clock.

DISPOSES OF HIS NEW FORD COUPE YESTERDAY

From Wednesday's Daily.
Maldon Brown, the genial clerk at the Crabbill jewelry store, who purchased a new Ford coupe a few weeks ago, and has had much enjoyment out of it, disposed of the car yesterday. James Mauzy being the purchaser. "Brownie" takes excellent care of a car and the one he disposed of was just as good as the day he bought it. Mr. Mauzy has been trying to get delivery of a coupe for some time, but the scarcity of this model prevented him from doing so. Accordingly, he was glad to pay a bonus for the car possessed by "Brownie," in order to acquire it before the season is too far advanced. It will seem funny to see Maldon walking, but we wouldn't be surprised to again see him at the wheel in the near future.

WAS CALLED HOME.

Yesterday Charles Lamsido, of Gettys, South Dakota, came to this city, having some business with Vaclav Dvorak, concerning a trade in some lands, and having but just arrived here, he received a telegram calling him home immediately. Not waiting to consummate the deal which brought him here, he departed for his home in the north, and will return to continue the negotiations.

YEOMEN PLAN TO INITIATE A LARGE CLASS

APPLICATIONS OF EIGHTEEN FOR MEMBERSHIP RECEIVED LAST NIGHT.

AUGUST 12 TO BE BIG DAY

Degree Staff of Omaha Lodge Promises to Come Down and Exemplify the Work.

From Wednesday's Daily.
Plattsmouth Homestead, No. 3954 Brotherhood of American Yeomen held an unusually interesting meeting last evening in its hall in the A. O. U. W. Temple. Eighteen new applications for membership were presented, all of which were passed upon favorably, and a class adoption followed. This is the first result of the membership campaign now conducted here by District Manager M. P. Jacobson. Mrs. Edward F. Grybsky was presented with the first check won in the campaign.

Mr. Edgar Michener of Omaha, the state manager of the Yeomen, announced that he had secured the promise of the degree staff of Homestead No. 1460, from Omaha to come to Plattsmouth and exemplify the work. It was unanimously voted to invite the degree staff here for Tuesday, August 12, at which time the district manager, Mr. Jacobson promises a still larger class for adoption. Plans were immediately begun for a royal welcome to and entertainment of the Omaha team and of the new members.

Visiting members from abroad at the meeting last night were Mrs. Bertha Salvatore, of St. Paul, Minn., and Mr. Edwards of Glenwood. After a few short arousing talks from the members and visitors, adjournment was taken to the banquet room where liberal refreshments were served by Mrs. Grybsky, the Lady Rowena of the Homestead, assisted by Mrs. Fred Range and Mrs. Bessie N. Gravett, the guest of honor of the occasion being Mrs. Salvatore. Later in the evening Mrs. Salvatore favored the members with several beautiful solos. Chorus singing and dancing followed when the members parted toward midnight they all were agreed that they "could hardly wait for Yeomen night to come again."

GONE TO THE LAND OF "SHOW ME"

From Wednesday's Daily.
M. S. Briggs, the reporter on this paper, has been called to southern Missouri on some business which will claim his attention for the remainder of the week and departed last evening.

During his absence his daughter Miss Crete Briggs will do the work in his stead. As the work in a measure is new to her we are asking that all who may have any news, during this time, call the office, number six three rings and tell the items.

The matter of making a newspaper, is not the easiest of jobs on any street, and what courtesies may be shown, during our absence will be appreciated by both the new reporter, the old, and the paper as well. We thank all in advance for all they can do in making these issues eclipse all others.

MAKES PURCHASE OF A FORD.

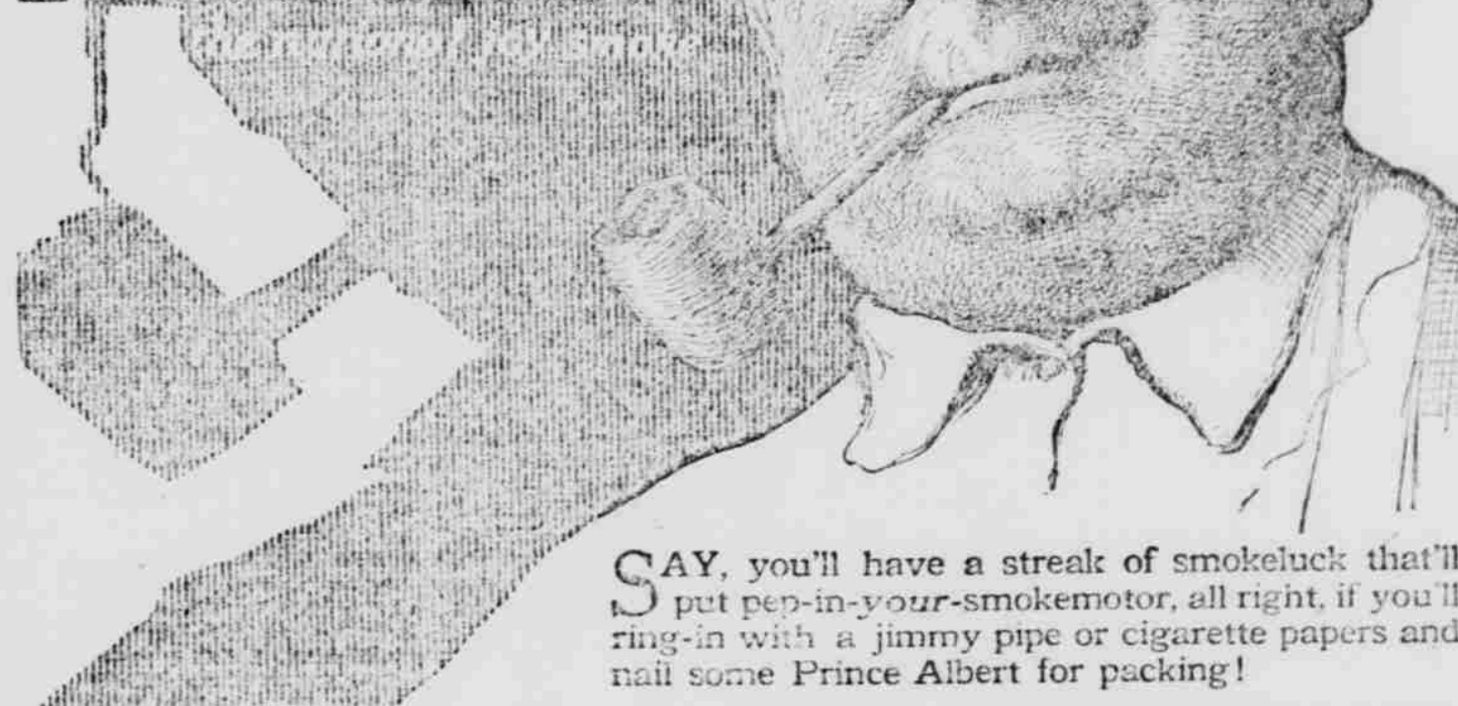

From Monday's Daily.
E. A. Nelson, of northwest of the city, has just purchased a Ford automobile, which he is at this time getting acquainted with, and which he finds he is compelled to have on account of his being so far away from the city. Mr. Nelson, who has had the machine but a short time, has already mastered it, and likes the ease with which he is able to operate it.

PURCHASES HOME AT CHADRON

From Monday's Daily.
George McDaniel who has been visiting in this city since last Saturday evening staying at his home, returned to his work at Chadron this afternoon. Mr. McDaniel has been endeavoring to rent a place to live in at Chadron for some time, and not being able to find one, he has decided to build one, but not being able to find carpenters which he could get, he has made purchase of a home.

For tasty printing you can't go wrong in having the Journal office turn out your job.

PRINCE ALBERT

SAY, you'll have a streak of smoke-luck that'll put pep-in-your-smokemotor, all right, if you'll ring-in with a jimmy pipe or cigarette papers and nail some Prince Albert for packing!

Just between ourselves, you never will wise-up to high-spot-smoke-joy until you can call a pipe by its first name, then, to hit the peak-of-pleasure you land square on that two-fisted-man-tobacco, Prince Albert!

Well, sir, you'll be so all-fired happy you'll want to get a photograph of yourself breezing up the pipe with your smokethrottle wide open! Talk about smoke-sport! Quality makes Prince Albert so

appealing all along the smoke line. Men who never before could smoke a pipe and men who've smoked pipes for years all testify to the delight it hands out! P. A. can't bite or parch! Both are cut out by our exclusive patented process!

Right now while the going's good you get your old jimmy pipe or the papers and land on some P. A. for what ails your particular smokeappetite!

You buy Prince Albert everywhere tobacco is sold. Tasty red bags, tidy red tins, handsome pound and half pound tin humidor—and that easy, practical, round crystal glass humidor with sports moisture cap that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

SCHOOL FAC- ULTY IS ABOUT COMPLETED

H. S. PRINCIPAL AND MATHEMATICS TEACHER CHOSEN BY THE BOARD.

COURSE IN DOMESTIC SCIENCE

And Home Economics will be Made to Conform with the Smith-Hughes State Aid Law.

From Wednesday's Daily.
The faculty for the Plattsmouth city schools, which will open September 8th, has been practically completed with the election of Miss Florence Potter, of Crete, Nebraska, for the high school mathematics. Mr. H. A. Stromberg, of Lincoln, has been elected to the high school principalship. He will also have charge of the boys athletics. Mr. Stromberg comes highly recommended for the position which he will fill the coming year.

A noteworthy change will be made at the beginning of the year in the domestic science department, as this department will be placed under the Smith-Hughes state and federal aid law. This provides for a regular two year course in both cooking and sewing and will be offered in the ninth and tenth grades. Although the course is elective, all credits earned will count toward graduation. Some new equipment is being added which will make this one of the best equipped home economics departments in the state. A one semester course in sewing and cooking will also be given for the normal trainers. The instructor in

this department will devote full time to this work instead of only part time as was the case last year. Under the Smith-Hughes law the state and federal governments bear a large proportion of the expense of this vocational work.

Two new grade principalships have been created for the coming year. Mrs. Mae S. Morgan being elected principal of the junior high school and Miss Amelia Martens principal of the central building.

Superintendent C. E. Pratt will arrive from Sutton in about two weeks to assume the superintendency of the local schools. Mr. Pratt has made an excellent record at the head of the Sutton schools and the board feels it has been fortunate in securing the services of such an able school man to take the place of Supt. DeWolf, who gave such excellent satisfaction during the two years he was with us.

Who Works for You? Why?
Do You Carry Insurance?
Why Use a Check Book?

Confidence that's the answer. Generally speaking the American people are trustful. The very nature of the government and of business practices tends to teach confidence. Taken into daily practices it makes for better society, strong friendships and consequent prosperity.

Resultant upon the war there has grown up a feeling of economic unrest. In Russia the spirit was capitalized by Lenin and Trotsky and is known as Bolshevism. In America it is Socialism, I. W. W. ism or Anarchy. But it differs in degree; some are disciples of Karl Marx, while some are the willing followers of A. C. Townley, Non-partisan league dictator.

A prominent physician told a patient that being sorry for one's self is the most difficult disease to cure. The preaching of the Socialist agitator tends to make the prospective victim sorry for himself, breeds discontent and promises a paradise of chaos instead of organized government.

A Constitutional Convention will be held in Nebraska in December. Nominating petitions must be filed for delegates by August 9—election in November. Who will represent you at that convention? Who would you hire to manage your business if you were sick? Better apply the same reasoning to the election of a delegate to the convention that you would to the man who handles your money or your horses!

There is danger that a dominant minority may control the convention and dictate policies to a subservient majority.

The New Nebraska Federation urges the election of delegates who are broad enough to legislate in the interests of all the citizens of the state; men who are actuated by patriotic intelligence rather than class prejudices.

If you are interested in the purposes of our Federation we solicit your membership in any of the three classes—\$1, \$5 or \$25.

THE NEW-NEBRASKA FEDERATION

D. G. SMITH, President,
Kearney, Nebraska.

W. T. THOMPSON, Lincoln,
Chairman Executive Committee.

HORACE M. DAVIS, Sec.-Treas.
Ord, Nebraska.

FULGON Endurance

"FIFTEEN thousand miles through Pennsylvania winter snow and mud," writes C. H. Johnston. "My Fulgon has never been hung up, although loaded as high as two tons, and hauling in mud feet deep." Ruggedness with speed and economy are recognized features of the Fulgon Truck. The Triple-Heated-Gas Motor is an important factor in its enduring efficiency. Fultons in the fleets of such great national concerns as Standard Oil Co., John Wanamaker, Borden Farm Products Co., and others are evidence of their fitness.

Let us show you proofs of Fulgon Efficiency—they will convince you as they have others.
