IT'S A BOY.

There is great rejoicing at the home of H. H. Cotton west of town as early this morning a fine seven pound boy dropped in at their house and things looking pretty good to him announced his intentions of staying. Everything is going fine and the mother and small son are getting along splendidly. Yes, Mr. Cotton is happy and you can hear him whistling clear down town. We don't blame him either.

WHEAT FIELD CATCHES FIRE.

The wheat field of Lawrence Stull between here and Oreapolis caught fire some time during the night. The cause was sparks from an engine the field being along the tracks.

A fire guard had been made by plowing along the field but one place near the corner had been neglected and it was here that the fire occurred.

Not much damage was done however as it soon burned itself out and no more was in reach on account of the guard that had been made. About a dozen shocks in all were burned and it is lucky that more was not lost as everything as dry as it is a fire spreads quickly.

CLOSE TO A VERY SERIOUS ACCIDENT

Harrison Gayer Struck in the Eye With Automobile Crank.

From Monday's Daily.

Harrison Gayer, residing south of this city, near old Rock Bluffs, came very near meeting with a serious accident in this city yesterday.

He had been experiencing some little difficulty with his automobile, and in some manner the crank became fastened in the car with the engine attached to the high gear equipment of the machine and he was unable to release it. He took the machine to one of the garages in the city, and in turning the crank the engine started and the crank struck him a terrific blow in the eye. For a time it was thought the young man's eye was so seriously injured that he would be blind, but in company with Waldemar Soenichsen he was hurried to a specialist in Omaha, where after the proper treatment the sight was promised good, and the injury would be restored in a very short time.

It was sure a very close call from a serious accident, and the young man can congratulate himself that it was no worse.

From Saturday's Daily.

Yesterday afternoon the Western Machine works of this city delivered to the Fairmont Creamery company, of Omaha one of their new hydraulic butter cutting machines, the company sending one of their trucks down to this city after the same.

While this particular machine is a new model, being the second one made by the L. C. Sharp Mfg. Co., the Fairmont Creamery company has one of the earlier models, designed and made by Mr. Sharp a number of years ago, now in operation on their floor and it has given such excellent satisfaction that they were ready at all times to accept a later and more efficient model just as soon as the L. C. Sharp Mfg. Co. was ready to deliver them one.

This machine is not only almost indispensable in the cutting and chipping of butter in any desired size cakes or packages, but can be used in the cutting and shaping up of pumps or any other article manufactured of a like nature, and at the present time there seems to be a wonderful demand for this particular model or one that will do the same work that can and will be manufactured under the present patents of the L. C. Sharp Mfg. Co. They have had letters of inquiry from many of the large butter makers and soap makers from all over the country, in regard to the new butter cutter and all seem interested to the extent of installing one as soon as delivery can be made.

A person might get the idea that this machine is a small item when we state that it was delivered to Omaha in a truck, but not so, as it was about all this little chug wagon wanted to haul, weighing just an even 2,000 pounds and was about as perfect a looking piece of machinery as we have ever seen, designed and carried to its completion by skilled mechanics in every department.

This is but one of the numerous machines now being manufactured by the L. C. Sharp Mfg. Co., and it certainly should be a pleasure to every citizen of Plattsmouth to see and know that such machinery is being manufactured in our city.

Miss Mabel Gravitt, formerly of Plattsmouth Underwent Operation for Appendicitis.

From Saturday's Daily.

Miss Mabel Gravitt, who was taken to Lord Lister hospital in Omaha Wednesday, suffering from an acute attack of appendicitis, was operated upon there yesterday. Although she was a good while coming out from under the influence of the anesthetic, she went through the trying ordeal in fine shape and from present indications will recover her health rapidly. Miss Gravitt is a Plattsmouth girl, but for some time has been working in Omaha.

Mr. Gravitt has been with his daughter during the past couple of days and says she is doing fine at the present time. They hope to bring her home as soon as her strength will permit, and expect to have her remain for a good rest before resuming her work.

JULIUS KALASEK RETURNS.

From Saturday's Daily.

Julius Kalasek who has been in France for the last fifteen months has returned to Plattsmouth once more. Julius enlisted as soon as the war was declared in April, 1917, and was with the old Fourth Nebraska. He was stationed at Fort Crook for a time and at that time was in the machine gun company. Later he was transferred to Camp Cody where he was stationed until March, 1918, when he was sent to France.

During the time he was in France he was most of the time at Versailles. He was not engaged in any battles while there but the routine

LOUIS AMGWERT DIED SUDDENLY

Fell to Road while Hauling Wheat. Victim of a Paralytic Stroke, at Eight O'clock in Eve

From Saturday's Daily.

On last Friday evening Louis Amgwert, who had been assisting with threshing wheat on the Louis Dehning farm east of town and who was driving a team hauling wheat, fell from the wagon, having been attacked by a paralytic stroke, death being supposedly almost instantaneous.

It was about eight o'clock in the evening and it seems as though he had just driven from the field and was out on the road when some members of the threshing crew noticed him fall from the wagon. They hastened immediately to his side and upon investigation found that from all appearances he seemed to be dead. Medical assistance was called but to no avail for it seems as though death had come instantaneously.

A peculiar incident connected with this is that a short time before Mr. Amgwert and one of the others helping there had been talking of his age, and he said that he had been falling fast.

Mr. Amgwert is well known to many, having lived for many years in this county, at Murdock and vicinity. At the time of his death he had been living on the Wm. Bourke farm between this place and Wabash.

Funeral services were held Sunday afternoon from the Evangelical church at Murdock, conducted by Rev. Schwab, the pastor, after which interment was made in the Wabash cemetery.—Elmwood Leader-Echo.

OPERATED UPON IN OMAHA YESTERDAY

MR. STARKJOHAN COMES TO FRONT

Tells His Friends and Neighbors Of His Experience.

Every Plattsmouth resident should read what Mr. Starkjohan says, and follow his example. He has used Doan's Kidney Pills and speaks from experience. Is there any need to experiment with imitations or untried kidney medicines?

Theo. Starkjohan, retired farmer, Locust & Ninth Sts., Plattsmouth, says: "For several years Doan's Kidney Pills have been used in our family for backache and kidney trouble and they have always proved to be all that is claimed for them. When my back feels a little lame and my kidneys are not acting as they should, I take Doan's Kidney Pills a few days and they never fail to do me good. Doan's can't be equalled and anyone having kidney trouble should use them, for they are reliable."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Starkjohan had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

BITTEN BY MONKEY.

From Saturday's Daily.

Last evening while taking in the sights at the carnival the small son of Mr. and Mrs. Henry Guthmann had the misfortune to be bitten by the monkey that is at one of the shows on the ground where the Capital City Amusement company are holding their carnival this week.

The monkey only managed to get hold of one finger of the boy's hand and while the wound inflicted was not a serious one was rather painful and managed to put a pretty good scare into Master Guthmann.

Mrs. Guthmann and children have been visiting in Plattsmouth for a short time and since the carnival was in town the children must visit and it was there that the accident occurred.

EXPECTS TO TAKE HOME-STEAD IN THE WEST SOON

From Saturday's Daily.

Maldon Brown, jeweler in the employ of John W. Crabbill, expects to leave some time next week for the wilds of Idaho in quest of a home-stead. Maldon is a lately returned soldier, who has seen some two years' service, and certain valuable rights as a land-seeker have accrued to him as a result thereof. The tract recently opened in Idaho, while not very large, contains some excellent land, and opportunity is given to secure 220 acres. By virtue of his two years army service, Brown, can secure a deed to his half-section by merely living in the state one year and causing some twenty acres thereof to be broken up. He believes it to be a golden opportunity and if his faith in the proposition is not shattered after seeing the land he proposes to file forthwith on a half section. Some forty soldiers from Omaha recently made a trip to the reservation and all filed on adjoining claims. Several will leave Omaha this week with the same purpose in view.

While the securing of a farm in the west will mean the removal of Maldon from our midst, and all will regret his departure, his friends will be glad at his good fortune in being able to get what he desires.

RECEIVES DRAFT TO COVER ALL DAMAGES

From Saturday's Daily.

Mr. E. A. Lorenz has just received a draft from the Pennsylvania Insurance Co., in settlement of a loss in his dwelling house. The damage to the house was caused by a limb of a tree blowing down and falling across the roof of the house. This happened in a recent storm which caused quite a little damage in Plattsmouth.

The amount which he received though small covers the actual cost of the repairs which it was necessary to make. Mr. Lorenz greatly appreciates the promptness with which Mr. Sayles the local agent, handled the matter and feels well satisfied concerning it.

ALLEGED STILL IS LOCATED.

Hog Feeder Insists He Was Only Boiling Corn for Swine.

The vicinity of Sargent has been considerably stirred up during the past week by the arrest and subsequent dismissal of C. E. Freeman on the charge of having liquor in his place of business in Sargent and by the report of the finding of an alleged illicit still on his farm some twenty miles west of Sargent. The facts in the case seem to be about as follows:

C. E. Freeman conducts a restaurant in Sargent and the rumor gained circulation that liquor of some kind could be found in his place of business. Marshall Abernethy made a search and confiscated two jugs containing a liquid substance. Following this complaint was filed against Freeman in the justice court at Sargent. Later on the town marshal and Bob Pritchard made a trip to the Freeman farm which resulted in the state authorities sending State Agent S. M. Melick, of Lincoln, to Sargent to investigate further. On Tuesday night of last week Mr. Melick, Marshal Abernethy and Bob Pritchard, of Sargent, went to the Freeman farm. They returned to Sargent during the night and next morning a second trip was taken to the same place, the party on this occasion being composed of the parties who made the trip the night before and Mayor Lundy of Sargent, County Attorney Schaper, Sheriff

Talbot and A. P. Johnson, of Broken Bow, the latter being attorney for Mr. Freeman.

It seems that the Freeman farm is located in the hills in the vicinity of Millbourn. The only inhabitant of the place is a man by the name of Wright, who came here from Missouri and who is farming the land and feeding a bunch of hogs.

The alleged still was located in a new addition to the granary on the barn. Inside of this building the parties found some six or eight kegs and barrels full or partly full of liquor, also some empty jugs ranging from one to three gallons in size. This building also contained a cooking vat, evidently suitable for boiling grain or hog feed, a washing machine and wringer, some muslin cloths, some charcoal, some half-inch pipe, a dipper, etc. Outside the building was some bogged grain, evidently suitable for hog feed.

The occupant of the place stoutly proclaimed that the building was used solely for the preparation of feed for hogs. The officers claim that circumstances are a little unusual by reason of the extreme cleanliness of the premises and the fact that the room in which the hog feed was in course of preparation was securely locked, both inside and out.

Samples of the liquid were secured for analysis and photographs were taken of the surroundings. The trial of Freeman on the charge of having liquor in his place of business was dismissed by the county attorney owing to insufficient proof that the seizure at the restaurant was alcoholic liquor. Since that time, County Attorney Schaper has received information that the sample of liquor from the restaurant taken by State Agent Melick to Lincoln for analysis contained 17.8 per cent alcohol. This is where the case stands at this time and as yet no further steps have been taken.

The affair has created an unusual amount of interest in the north part of the county and especially in the vicinity of Sargent where Mr. Freeman has lived for a long term of years. It must be admitted that bogged grain makes mighty good hog feed and that charcoal is a well known diet for hogs. The outcome of the case if further complaint is filed will be watched with considerable interest.—Broken Bow Chief.

MISSED TRAIN CONNECTIONS.

From Saturday's Daily.

Miss McGuire whom the management of the chautauqua confidently expected to arrive last evening missed

ed her connections and failed to get here. The meeting scheduled for this morning the Junior chautauqua was without a leader. This is very unfortunate but was unavoidable as Miss McGuire came from Gregory, So. Dak., and was unable to make the train which would have brought her to Plattsmouth in time for the meeting this morning.

There was a large number of the children assembled this morning but it was found necessary to send them home with the request that they meet again this evening at five o'clock when Miss McGuire will surely be here.

TWO MARRIAGE LICENSES WERE ISSUED TODAY

From Saturday's Daily.

At the office of the county judge this morning two licenses to marry were issued. The first was to an Iowa couple, Arlo N. La France, 25 years old and Miss Florence Keown, of Pleasanton, Iowa, who is 18 years old. The couple wished to have the judge marry them, but as he was not here they started out in search of a minister.

The other license was issued to Elwin Roberts Hunter, aged 24, of Weeping Water and Ruth Allen Noyes, aged 23, of Louisville. They will be united in marriage tomorrow by Rev. Hunter, who is a brother of the groom.

DAN COONEY RETURNS.

From Saturday's Daily.

Thursday evening on No. 14, Dan Cooney once again set foot in Plattsmouth after having been gone for over two years. Dan left here with the Sixth Nebraska and was sent down to Camp Cody, where he spent a year in service on the Mexican border. After that he went to France with the 34th division, where he has been for the past year. Now he is back home again with his discharge papers glad to have given his time to his country but also glad to be back with his old friends once more. Before leaving for the service Dan was employed in "Rosey's" barber shop and all of his friends hope to see him there again in the near future.

CARD OF THANKS.

We wish to thank all friends and neighbors for their assistance during the illness and death of our dear wife and mother and daughter and for the beautiful floral offerings.
