ANOTHER SOLDIER BOY GETS HOME

Anton Rys, For the Past Year a Member of the A. E. F. in France, Returns.

From Wednesday's Daily. Last evening there was much joy in the Rys home in this city occasioned by the fact of the arrival of the son and brother, Anton Rys from overseas where he has been for the past year with the American army on duty in France. Anton is looking hale and hearty and has the appearance of having stood the long service abroad in fine shape. While in France Mr. Rys was on service with the transportation department of the army and for the past few months has been stationed at St. Nazaire, one of the chief ports of France and one of the principal points of embarkation for the American troops.

The many friends of Mr. Rys throughout the city and vicinity were delighted to see him back once more safe and sound. The Plattsmouth young men in service have almost all returned home now and the city and county are very proud of the showing they have made in going forth at the call of the nation and offering themselves for the cause of world freedom.

SUIT TO QUIET TITLE.

From Wednesday's Daily. This morning a suit to quiet title was filed in the office of Clerk of the District Court Robertson, entitled Otto H. Schurman, James W. Sage, et al. vs. the unknown heirs of George W. Fairchild, deceased, et al. The suit names some 153 persons as defendants in the action. William A. Robertson appears as the attorney for the plaintiffs.

SUFFERS A SEVERE FALL.

From Wednesday's Daily. Mrs. Martha Baumeister met with a very painful accident last Monday evening at her home north of the

city, in falling down a long flight of stairs and as a result of the misfortune received a number of severe bruises. During the time of the electrical storm Monday evening Mrs. Baumeister arose to put down a number of the windows to avoid the threatening storm and while so engaged was taken with a very severe dizziness which caused her to fall into the stairway, and losing her balance she fell the entire length of the stairway to the floor below, which resulted in bruising her body, but fortunately no bones were broken. Mrs. Baumeister is feeling somewhat better today but is still suffering from the effects of the accident.

PURCHASES REO TRUCK.

From Wednesday's Daily. Ed Mason, the local agent of the Reo auto company has just closed the deal for the sale of a fine up-to-date Reo truck to Fred Hell, one of the young farmers of the county. The truck will be found to be a very valuable addition to the labor saving devices of the farm. The farmers of Cass county are right up to the minute and propose to see that their farms have all the latest machinery necessary to facilitate the work.

MARRIED AT THE COURT HOUSE

From Wednesday's Daily. Yesterday afternoon the court house was visited by two of the young people of Iowa, who sought there to have their lives united in the bonds of wedlock and with his usual pleasing manner County Judge Beeson performed the ceremony that united for life Mr. Osel Skiles and Miss Florence E. Thompson, both residents of Red Oak. After the wedding the young couple departed for their home in our neighboring state.

RAYMOND LARSON IS HOME FROM FRANCE

COMPLETES LONG TERM OF SERVICE FOR UNCLE SAM AND IS RELEASED.

HE CAME IN THIS AFTERNOON

On a Burlington Train and Will Soon Resume Civil Life Pursuits—In Germany Long Time

From Wednesday's Daily. This afternoon on No. 24, Sergeant Raymond Larson, one of the best known and popular young men of the city, who has been for over two years a member of the great khaki clad army of Uncle Sam, arrived home. The occasion was one that brought great joy to the members of the Larson family as well as to the young soldier who has so long been separated from his loved ones at home.

At the outbreak of the war with Germany Raymond was in the employ of the government in the post office in this city and having aside his duties, he responded to the call of his country by enlisting in the machine gun company of the 4th Nebraska infantry, and accompanied that organization to Camp Cody, New Mexico, where he was in training for some eleven months and while there was transferred to the 126th machine gun battalion. On reaching France in September, 1918, he was assigned to the 11th machine gun battalion of the 4th division, and at the signing of the armistice, with his organization, was placed in the army of occupation to do duty in guarding the banks of the Rhine in the section set aside for the custody of the American forces.

While the experience has been one that will long be remembered, still Raymond, as well as the other boys arriving home, feels that there is no place quite as good as Nebraska and rejoices in the opportunity of being once more with the home folks.

DEMOCRACY OF THE SWIMMING RESORT

Youthful and Aged, Rich and Poor Mingle Together in Cooling Waters of Big Muddy.

From Wednesday's Daily. The swimming resort recently opened up on the east side of the Missouri river, near the Burlington bridge, is proving most popular among Plattsmouth people of all classes. Also many from the town side of the Big Muddy come in their cars each night for a plunge in the cooling waters. Ladies and gents dressing rooms have been fitted up, and there are almost as many feminine swimmers as there are masculine. The democracy of the bathing resort is remarkable. Attracted by the pleasures of the aquatic sport, young and old, rich and poor, business and professional men and the ordinary laboring man rub elbows in the turbid waters and swim and dive together. The bathing resort is one of Plattsmouth's best finds in a long while and her people are taking advantage of it nightly.

TO RE-DISTRICT COUNTY.

From Wednesday's Daily. The board of county commissioners at their session this week will

take up the matter of the appointing of the commission to have charge of the re-districting of Cass county school districts. There will be two members of the commission appointed to act with the county superintendent in making the re-districting of the county along lines that will give the greatest possible benefit to the patrons of the schools. This is one of the new laws passed by the last legislature and county boards are required to see that the members of the commission are named by the 8th of August. This is one of the moves to provide more consolidated schools for the county and give the residents of the country school districts the same advantages enjoyed by the residents of the cities.

REPORTED AS IMPROVING.

From Wednesday's Daily. Mrs. Ed Baumgart who has been suffering greatly for the past few weeks from rheumatism is reported as being greatly improved and the affliction seems to be yielding to treatment. This will be most pleasing news to the many friends of Mrs. Baumgart throughout the county and they trust that she may continue to improve. During her illness Mrs. Baumgart has been in the city at the home of her parents, Mr. and Mrs. George Kaffenberger, and hopes soon to be able to return to her home on the farm west of the city.

ICE PLANT UNDER DIFFICULTIES

From Wednesday's Daily. The ice plant in this city was out of commission a greater part of the time yesterday owing to the difficulty with the electrical power as it was found impossible to pull the load required in making the ice. The storm of Monday night made trouble with the transformers and this will require some time to repair. This will probably add to the difficulty in securing ice that has been complained of so bitterly by the patrons of the ice plant and make the conditions worse than they were, if this is possible. The householder here says he had trouble enough in getting ice this season without any more burdens being placed on them.

CUDAHAY TEAM TO PLAY SUNDAY

From Wednesday's Daily. The Cudahay Packers, one of the fast amateur base ball teams of the south side in Omaha will be here Sunday to play the Red Sox of this city, and the game should prove one of interest to the fans as the Omaha aggregation is one of the fast ones in the city circuits. The Sox will be ready for the visitors and expect to add them to their list of wins.

YEOMAN TEAM TO VISIT HERE.

From Wednesday's Daily. District Manager M. P. Jacobson, of the Brotherhood of American Yeomen, has just returned from a business trip to Lincoln and Omaha and brings back with him the pleasing information that the drill team of Homestead No. 1460, of Omaha, has accepted the invitation of the Plattsmouth Homestead and on August 12, that is, next Tuesday evening will initiate the class that is ready here for adoption. The Omaha drill team will constitute a party of six or seven auto loads of young people who are even now, at least in thought, racing down here. They will bring with them the full state regalia, a very beautiful set of robes, loaned for the occasion by Mr. Edgar Michener, the state manager. Mr. Michener himself will be of the visiting party and he will be accompanied by Mrs. Michener. District Manager Jacobson has a class of nearly fifty candidates already advanced for adoption and he confidently expects by Tuesday night to have ready even a larger number. The social features of the evening are in charge of Mrs. Edward F. Grybsky, the Lady Rowena of Homestead No. 3954, and her well selected committee of helpers. A royal good time awaits the local brotherhood, the initiates and the visitors from Omaha.

INVEST \$35 NOW

For Clothes—Dividends

It would be well to look upon clothes-buying as an investment now, rather than as a necessity-purchase. You'll draw liberal dividends if you do.

The cautious, far-seeing man is buying his clothes now—investing on the rising market. He is buying clothing of the staple variety—he is getting materials more than worth the money. He is buying the \$35 figure, and his dividend will be about \$15 on his "buy."

You can do as well if you stay awake, and buy early!

OTTO E. LUTZ ARRIVES AT HOME

Plattsmouth Boy Who Has Been With Army of Occupation in Germany, Discharged and Is Home.

From Wednesday's Daily. This morning looking stalwart and bronzed Sergeant Otto E. Lutz, alighted from No. 4, arriving from Des Moines, Iowa, where he was discharged yesterday from the service of the United States after a little over two years of hard work in the khaki in this country and overseas. Mr. Lutz landed in the United States on the 21st and after a two days stay at Camp Merritt came to Des Moines where he was separated from the army. Sergeant Lutz left this city in company with a number of other Cass county men on July 18, 1917, for Omaha where he was mustered into the 6th Nebraska infantry and from there went to Camp Cody, New Mexico, where he was transferred to the 126th machine gun battalion, in which organization he remained until his arrival overseas in the fall of 1918, when he was assigned to the 11th machine gun battalion of the 4th division, remaining in that outfit until mustered out. Otto has had a great experience in his service along the Rhine where his outfit was stationed as a part of the army of occupation. He is mighty glad to once more feel the soil of the good old U. S. A. and it is needless to say that his return brings a great joy to his parents, Mr. and Mrs. John Lutz of this city, as well as his many friends here and in Murray, where he made his home for some years prior to joining the army.

ELECTRIC SERVICE EXTENDED THRU COUNTY

From Wednesday's Daily. The Nebraska Light and Power company which furnishes the electrical power and light service in this city has extended their line of service to include our neighboring town of Nehawka, the deal having been closed Monday whereby the light plant at Nehawka, owned by Hon. E. M. Pollard is taken over by the Nebraska Power company and the line of service will be extended from Murray on to Nehawka. Mr. James McReynolds, of Murray, who has been doing a great deal of work in wiring and placing of electrical equipment along the line of the power company has just completed the wiring of the residences on the farms of L. G. Todd and Herman Rees south of Murray and the placing of additional equipment at the fine country home of Harry Todd. Mr. McReynolds has been very successful in his work throughout the county and the extension of the electric line to Nehawka will give the farmers in that locality a chance to have their homes equipped with modern electrical fixtures.

ENTERTAINS FOR OUT OF TOWN GUEST

From Wednesday's Daily. The pleasant country home of Mrs. P. F. Nord was the scene of a very delightful gathering yesterday afternoon when a number of ladies from this city gathered to honor Mrs. Erickson of Minneapolis, Minnesota, who is here visiting at the home of her daughter, Mrs. Wilfred Nord. The time was spent in visiting and having a general good time and at 4:30 a delightful picnic luncheon was served that was thoroughly enjoyed by all of the party. The evening was brought to a close by an elegant dinner served by the hostesses at 7:30 that served as a fitting climax of the day of enjoyment. The ladies from this city attending the pleasant event were:

RETURNS FROM WESTERN TRIP

From Monday's Daily. Miss Opal Fitzgerald returned Saturday evening from a two weeks outing in the western part of the state where she visited at the home of her parents, Mr. and Mrs. Edward Fitzgerald, on the ranch near Bayard. Miss Fitzgerald reports her family to be enjoying life very much and feeling fine in the bracing western climate. While in the west Miss Fitzgerald in company with the family motored to Cheyenne, Wyoming, where they enjoyed the Frontier Days celebration in that city. Miss Golda Noble of Lin-
