LABOR DAY TO BE A BIG EVENT HERE

UNION LABOR ORGANIZATIONS
OF CITY ARE PLANNING
A CELEBRATION

COMMERCIAL CLUB TO ASSIST

One of Chief Features to be Monster
Parade Participated in by Or-
ganized Labor—Sept. 1.

From Friday's Daily.

The Labor day celebration in Plattsmouth this year will be one of the most extensively observed in the history of the city from all the plans arranged by the members of the different labor organizations in the Burlington shops.

One of the chief features of the day will be a monster parade of all organized labor unions and in addition to this, floats of the different departments of the shops are being prepared and they will have a conspicuous place in the parade at the head of the men marching in the parade whose department they represent. These floats will be of such a character as to reflect credit upon the body of union workers from the shops.

The Plattsmouth Commercial club has a committee appointed to meet with the committee of the labor unions and arrange to assist in any way possible to make the celebration of Labor day one long to be remembered.

In the past there have been observances of Labor day here that have been very successful, but this year with the splendid and efficient labor organizations of the Burlington shops getting behind the proposition as they have it should without doubt eclipse any previous effort towards holding an affair of this kind.

In addition to the parade, there will be speakers of prominence who will take part in the program and furnish something worth while in this line. The occasion will bring a large number of people to the city and it is time now to begin to plan to take part and enjoy the day to the utmost. The program for the celebration will be announced in time so that it can be advertised throughout this section of the state and furnish a suitable occasion to pay tribute to the laboring interests of the nation.

Enjoyment Than Now.

The Commercial club of this city is preparing plans for holding a celebration in honor of the boys from Cass county serving in the army and navy during the war with Germany and expect to stage the event in September, when the passing of the extreme heated weather will permit of enjoying the affair as it should be.

Each precinct of the county will be organized thoroughly in the interest of the event and local chairmen will be appointed to get in touch with the people of the county and secure their interest in the proposition and there is no doubt that every community will be glad to take part in the celebration in honor of the soldiers and sailors. The cost of the celebration will be in the neighborhood of \$3,000 or \$4,000, as it is planned to have the affair one that will reflect credit upon the county and a fitting tribute to the service men of the community.

Cass county has contributed a large number of men to the army and navy in the war and these young men are now almost all home, so the plans for the celebration can be rounded into shape.

It is hoped to have speakers of national prominence present on the occasion and to provide the highest class of entertainment for the guests of honor and the citizens in general on this day. It will require special arrangements for the feeding and handling of the thousands of visitors who will naturally attend an event of this kind and this has required some time to plan for.

The committee will at once get busy in making their arrangements in order that a definite date can be set for the gala day far enough in advance so that all the citizens of the county who desire can be here to take part and spend the day meeting with the boys who have so recently closed their service in army and navy.

The further announcements of the proposed celebration will be made as soon as the plans are completed and everyone can stand ready to make the event one that will long be remembered throughout this section of Nebraska and be a fitting observance of the close of a war in which our country came forth victorious and a tribute to the returned veterans as well.

TAIN LADY FRIENDS

SHOWER FOR MISS LARSON

Social Event Held on Lawn,
Midst Japanese Lanterns

From Thursday's Daily.

The pleasant home of Mr. and Mrs. M. S. Briggs, on Chicago avenue, was the scene of merriment and frolic last evening, when their daughter, Miss Crete and Miss Edna Morrison entertained a number of their lady friends at a charming garden party. This most pleasant occasion was a miscellaneous shower in honor of one of the guests, Miss Mattie Larson, whose marriage will occur in the near future. Miss Mattie had not been kept informed as to the plans and arrangements of her friends and as she arrived at the Briggs home and was greeted by the assembled crowd of young ladies, she was surely surprised.

The delightful social event was held on the spacious lawn and which was made very attractive and comfortable by the use of rugs, rockers, chairs and settees. Dainty Japanese lanterns lighted the cozy scene. The hostesses had planned various amusements and contests for the entertainment of their guests, which made the moments pass all too rapidly and afforded everyone much merriment. The first contest was that of getting untied, denoting the fact that it was easy enough to get tied, but not so easy to get untied. The next contest was getting peanuts out of a large dish with hatpins. Miss Estelle Baird captured the prize—a Japanese parasol.

Fortunes were then told and of course each desired a peep into the future. About this time the hostesses served a most delectable luncheon. Then the bride-to-be was showered with many pretty gifts, which will assist her in years to come in the art of housekeeping.

It then being quite late, the guests sauntered homeward, declaring the hostesses to be splendid entertainers.

GOOD TIMES AHEAD!

The battered old world freed at last from the scourge of war is swinging slowly back to normal. A year of wonderful possibilities lies before us.

Signs innumerable point to good times ahead. And we shall have them if, individually, we keep this simple formula in mind:

Stay on the job and continue to practice those economies which grim war has taught us; work, earn, save, avoid extravagance in every form.
