

The Secret of Nice Floors is a WIZARD Triangle Mop

Wizard Mops, the first of the triangle mops, are shaped to get into every nook and corner. Their "human elbow" adjustable handle enables them to slip under the furniture and into all the hard-to-get-at places. They are treated with Wizard Polish which cleans, polishes and renews the floor finish, producing a hard, dry lustre.

It is with regret that the young ladies part with Miss Moffitt and the occasion last evening will long be a pleasant memory to the guest of honor in her new home. There were fourteen of the girls present and Mrs. F. R. Gobelman accompanied the young ladies as chaperone.

From Saturday's Daily.

Two more Plattsburgh homes were gladdened yesterday afternoon when Cyril Janda, Jr., and Eugene Vroman, two stalwart young sailors, arrived home, having completed their term of service for their country, in the navy. Both of the boys have been in the navy for the past two years and during the war saw a great deal of service while seeing to it that the German fleet did not get to come out and start something with the shipping of the world.

Mr. Janda and Mr. Vroman both left this city early in 1917 and enlisted in the navy and Mr. Janda was assigned to duty on the U. S. S. Rochester, on which he served during the war, while Mr. Vroman was assigned to the U. S. S. Rappahannock, one of the largest supply boats in the naval service of the United States.

It is needless to say that the two young men were delighted to get back home and their families and friends were delighted to have them back in their midst once more.
