and Miss Lois Keefer and Lee Prouty who sang and violin solos by Miss Lillia Curyea.

A little son was born to Mr. and Mrs. Earl Dramer on Aug. 17, 1919, which was Mrs. Dramer's twenty-first birthday. We extend best wishes for many happy birthdays together.

Mrs. John Cites and Mrs. Chas. Goodbey returned last Thursday evening from Mitchell, South Dakota, where they visited Mr. and Mrs. Mark Campbell. Mr. Campbell is not improving in health as much as his friends have hoped.

Mr. and Mrs. Geo. Curyea and Mr. and Mrs. Geo. P. Foreman motored to Greenwood Sunday afternoon in the former's car to see Mr. N. H. Meeker, who is not so well but improving.

Emil Holka returned from Imperial, Nebr., Tuesday morning. He visited relatives in that vicinity and looked at land with a view of locating there.

Mrs. Edway Hughes and son Loren came in Monday evening from Mankato, Kansas, to visit the former's mother Mrs. Clemma Bird and other relatives.

Mr. and Mrs. Wm. E. Casey of Omaha and Mrs. Casey's sister Mrs. Barber and little daughter Marion Rose of Kansas City, spent Friday with Mr. and Mrs. E. M. Stone.

Orville Robertson spent several days in the western part of the state last week. Crop conditions were good, in some localities much better than here. The land boom has affected prices there too.

Ernest Dillman and children and their grandmother Mrs. Gift of Mankato, Kansas, autoed up last week to spend a couple of weeks with his cousin, Mrs. Walter Hardnock and family and other relatives.

Miss Marjorie Carr spent several days last week with Mrs. E. M. Stone. Miss Carr who formerly taught in our schools here will leave Sept. 1st, for Seneca, Kansas, where she has been the past year.

Maurice Robertson had the misfortune to fall from a tree Tuesday, resulting in a fractured arm. The bones at the wrist were dislocated, too. Dr. Muir soon had the little fellow resting easier. He is getting along as well as he can.

The Misses Mae and Celia Elder of Mankato, Kans., are here visiting their grandmother Mrs. Clemma Bird and other relatives. Miss Celia spent several days last week at the Misses Marie and Golda Bird's and Miss Mae is their guest this week.

Fred Weaver and son Judd Weaver who returned home last week from the U. S. navy, after 15 months service came up from South Bend Tuesday to visit the latter's brother Penn Weaver and their cousin Mrs. J. A. Shaffer and Mr. Shaffer. They were accompanied by Johnnie Timm also a returned sailor.

The Friday club met August 15, with Mrs. C. E. Connell. An "Our Schools" program was carried out. The paper "Parental Co-operation in School Work" by Mrs. John Wood was especially good. Miss Nellie Connell favored the members with musical numbers. The next meeting will be with Mrs. Robt. Johnson, Aug. 29, in open session in the evening.

Mrs. Fred Prouty was stricken with paralysis during Edworth League services Sunday evening. She was taken home and suffered greatly during the night but was resting easier Monday morning. She was completely paralyzed below the neck but very fortunately did not lose her speech. At this writing she is getting along very nicely and can move her limbs some though the sense of touch has not yet returned. Her many friends sincerely hope that she may rapidly recover.

RELAYS HAVE DANGEROUS ENDS

Strenuous troubles are not to be trifled with. Many grave cases with tragic ends could have been avoided, if the patients had not delayed taking the proper remedy. The name of this remedy is well known. It is spoken of very gratefully by thousands of men and women who have regained their health by this reliable preparation. Here is one of the latest testimonials: "New York, July 20, 1919. I am very satisfied with Triner's American Elixir of Bitter Wine. I would not take any other remedy. And all people to whom I have recommended it declare that Triner's American Elixir of Bitter Wine is the best remedy. Yours Mary 'Maie' You cannot get, indeed, anything better for poor appetite, headaches, constipation, nervousness, general weakness, etc., only ask your doctor to give you Triner's American Elixir and nothing else. Buy also one bottle of Triner's Libiment which gives a sure and quickly relief in rheumatism, neuritis, sprains, swellings, etc. Joseph Triner Company, 1233-43 S. Ashland Ave., Chicago, Ill.

WEeping WATER PEOPLE ARE HUSTLERS

WIDE AWAKE AND ON THEIR TOES ALL THE TIME—A VERY CONGENIAL SET.

CHAUTAUQUA HAS JUST ENDED

Horseshoe Pitching Seems to be the Popular Sport—Observations of Journal Reporter.

A member of the Journal staff made a visit to the flourishing and wide-awake city of Weeping Water this week, and we found everybody up to their eyes in business in the various lines represented. Shortly before our arrival in Weeping Water our auto seemed to be troubled with "ring bone" or some other trouble that seemed to cripple the propelling mechanism of the machine, and of course the first place we called upon was the Auto Emporium of B. L. Philpot, where we found him in keeping with the balance of the city, just about all the work he could do, and we began to fear that the Weeping Water doctor was not going to administer the magic dose so we would be able to resume our journey over the county. After taking our position into consideration he concluded to do the job, and we must say that it was done in tip-top shape and very rapid manner. Mr. Philpot has been doing an excellent business in the auto line, and special representative, E. C. Sayers, of the Maxwell Company, was with him on this day. Mr. Philpot also handles the Chalmers car, making an excellent car combination, both of which are moving just as rapidly as he is able to secure cars.

From here we called on the "will-laze blacksmith" Frank Baldwin, who was never so rushed with work before in all his life. He is even carrying his noonday meal to save time.

At the Meier Drug Co. we found the genial proprietor and clerks as usual, doing a very fine business in the various lines carried by Mr. Meier.

The annual chautauqua event is being held this week, and considerable interest was being manifested, and the attendance very good considering the busy season of the year with all the farming community. The program was giving excellent satisfaction.

Over at the Russell Pharmacy we found the proprietor, Mr. Russell, and assistants very busy looking after their excellent drug and soda fountain business. Russell carried his usual smile and reported everything lovely in a business way.

We met Editor Hunter and son Earl, who were right up to the top notch in business, but with plenty of time to give us the glad handshake, but back, back to the work, as is the luck of the usual newspaper man if he wants to make a success. The Hunters are putting out an excellent paper, bright and peppy and ably represents the thriving community in which it is published.

The Chautauqua seems to be having some competition in the evening, when the horseshoe pitching tournament opens. Let us whisper to you right now that there are some horseshoe pitchers down at Weeping Water, too. They are well up in the art, from Harry Reed down to Isaac Wiles, and how they do drop the ringers, leathers and peg huggers to a caution to all you lucky ring throwers. Now if you are a real sport, and can lay them up close to the peg go down and try a few games with the Weeping Water artists and if they don't show you a merry time we miss our guess.

Here we lit out for the west end of the county, but expect to pay Weeping Water another visit when we can remain longer and meet more of her genial citizens.

George M. Dunkin and wife, of Glenwood, Iowa, were visiting in Murray last Sunday, having driven over in their car, and were guests at the home of L. D. Hiatt and wife of Murray. Messrs. Hiatt and Dunkin were formerly associated together in the shoe business years ago. Mr. Dunkin is at the present time an instructor in music at the institute at Glenwood.

The New-Nebraska Federation

THE NEW NEBRASKA FEDERATION was formed for the purpose of preserving the REPRESENTATIVE institutions established by the founders of this Republic and reflected in all the great principles embodied in the Constitution of Nebraska.

The broad and general objects of this Association are: 1. To inform the people of the danger to CLASS legislation and the impending threat toward such class legislation fostered by socialist leadership organized outside the boundaries of the state to arouse the people to opposition to such class legislation; to oppose the unnecessary and unwise extension of public functions outside the realm of government; to oppose the costly and dangerous multiplication of public offices to administer experimental business enterprises financed by the treasury of the state with capital extracted from the pockets of the taxpayers; to oppose the expropriation of private property from the humblest home to the largest business enterprise by political agencies and its dissipation and distribution for class advantage.

2. To condemn revengeful and unwarranted oppression of legitimate business enterprise; to substitute for oppression the rules of reason, of intelligent regulation wherever found necessary; to stand for "Equality Before the Law" and equality of opportunity for laborer, farmer, merchant, mechanic, wage-earner, business and professional man. To oppose the introduction into our governmental system of ideas and experiments which past experience has tested and repudiated. 3. To foster the dissemination of knowledge regarding theories of government and their PRACTICAL EFFECT on the security, happiness and prosperity of the people and in extending a comprehension and understanding of the vital principles upon which our political institutions are founded and upon which they have survived and prospered beyond those of all other peoples of the world. 4. To search out the defects in the administration of law and propose their safe and wise correction without jeopardizing the foundations of our institutions by substituting state socialism in the form of state-owned industry; therefore, to promote the means by which social justice and efficiency may be more promptly and certainly realized in full harmony with the principles of justice, equity and equality of opportunity upon which our government is based and upon which alone it can live and be preserved to our posterity. 5. To preserve the fruits of labor in the form of private property to the lawful owner thereof, whether represented by the humblest village or farm home, shop or store, or the legitimate business institutions of our cities; and to oppose its confiscation under any form of law devised by political philosophers who proclaim a millennium to be gained through destruction of property rights and the substitution of state socialism for private initiative and endeavor.

To these plain propositions the New-Nebraska Federation dedicates its most sincere convictions, its untiring endeavors and appeals for the support and co-operation of all the citizenship of Nebraska.

The immediate problem confronting the thinking people of Nebraska is the writing of a new constitution for the state. This must be done at a time when unrest is general and radicalism is rampant.

The constitution that is written in 1920 will stand for our children and grandchildren. It is important that men of poise and vision sit in that convention; we can not afford to trust the destiny of the state to hair-brained theorists, socialists and bolsheviks.

We need the active interest of the good citizens of Nebraska, irrespective of politics, of religion, of language, occupation or financial worth.

Please let us have your membership in any of the three classes, \$1, \$5 or \$25.

Luck and Lack

Don't trust to luck. Luck is untrustworthy. Systematic, scientific striving for any goal is far more likely to bring you success than any mere faith in your success.

Just as changing a single letter changes "Luck" to "Lack," so will the reverse of a single day change plenty to want. But you can insure yourself against this by building your success on the habit of saving.

Save and Win

Be well dressed. Make friends. Increase your influence in your community. Enjoy the respect of all your associates.

These things do not come to those who trust to luck for them. Systematic saving will win them for you. Systematic saving will accumulate for you a small fortune that can safely and readily be expanded to a large one.
