

MURDOCK DEPARTMENT.

PREPARED EXCLUSIVELY FOR THE JOURNAL.

Does Your Bank Meet With the Following Requirements?

Are the depositors protected by the Depositors Guaranty Fund of the State of Nebraska?
 Has it proven to you that it is able and willing to take care of you and loan you money in "hard times" as well as when money is plentiful?
 Are its officers and directors persons of ample financial means, and are they conservative and proven practical bankers?
 Do the officers and directors own the majority of the Capital Stock in the bank, so that by their investment they are sufficiently interested to do their best at all times, and look after the interests of their customers "through thick and thin"?
 Are you given courteous treatment and prompt service and made to feel welcome, and shown that your business is appreciated?
 If your bank meets with the above conditions, we suggest that you continue doing your business where you are at the present time, as you make no mistake in staying with an established, reliable banking institution, which has proved to have made good.
 But should you be considering making a change in your banking connections, we shall be glad to have you call and talk matters over with us. We will treat you right.
 CORDIALLY YOURS

THE BANK OF MURDOCK,

Where You Feel at Home

Under the present management for the past ten years.
 HENRY A. TOOL, President JANETTE A. GUTHMANN, Vice-Pres.
 HENRY A. GUTHMANN, Cashier

Mrs. Ray Bollen was a visitor for a short time at the home of a friend in Meadow last Wednesday.

Barthard Smith, of Hastings, has been visiting at the home of H. V. McDonald for some days past.

Henry A. Tool and family were in Elmwood last Thursday, where they spent the evening at the celebration which was given for the returned soldier boys, and enjoyed the occasion greatly.

J. E. McHugh, of the Murdock Mercantile company, was a visitor in Omaha the first of the week, at which place he was looking after business matters for the company he represents here.

R. A. Kuehn and family of near Big Springs, Deuel county, this state, and former residents of the vicinity of Murdock, are visiting here, being guests at the home of Mrs. Kuehn's parents, Mr. and Mrs. Peter Eveland.

Edward W. Thimgan, R. A. Kuehn of Deuel county, and Frank Rosenow spent Sunday at the home of Emil Kuehn near Burchard, driving down in their auto and enjoying the occasion greatly. They returned home the same evening.

Peter Eveland and family assisted in the celebration at Elmwood, welcoming the boys home from the service. They drove over in Mrs. Eveland's car, and spent the day in the city, remaining home in the evening after the celebration was over.

Mrs. Carl Baumgartner and her two daughters, Mesdames Bertha Hubler and Anna Schroeder, all of Chicago, but who formerly lived in this city, were visiting at the home of the son and brother, Conrad Baumgartner, during the past week, and also called on friends in Omaha one day.

Jerry McHugh, manager of the Murdock Mercantile company, together with his family, were visiting to Elmwood Thursday evening, at which place they participated in the celebration being given to the returned soldier and sailors. They drove over in a car and enjoyed the occasion greatly.

Austin C. Mutz, of Plattsmouth, was a visitor in Murdock over night Friday evening and he and Mrs. Emil Rikli departed Saturday morning for Colorado, where they went to look after some lands.

Wm. Irish arrived last Friday evening from Omaha, and engaged in farm work for Frank Mendal, whom he will assist during the coming month while Mr. Mendal is getting the ground in condition for his fall seeding.

While in the city last Friday evening, Otto Miller signified his desire to have the Journal come to his home and the proper arrangement was made to the end that the Journal will come to his address at South Bend in the future.

John Amgwert and family were among those from here who spent last Thursday night at Elmwood, witnessing the flight of the aeroplane and other attractions that had been arranged by the committee in charge of the celebration. They enjoyed the evening greatly.

Misses Leah and Esther McDonald were spending two days at Milford, at the state Sunday school convention, and were joined on Sunday by Mr. Harry V. McDonald and another daughter, Miss Irene, who drove up in their car and returned the same day.

Chris Goehr, who has retired from active farming, and who has his farm rented to Otto Miller, is having a cattle barn constructed on the place for the better service of his tenant. Mr. Miller was a visitor in Murdock last Friday, taking home with him a load of lumber for the construction of the barn.

Rev. H. A. Schwab and family drove to Milford, where they camped for a few days and attended the Sunday school convention which was in session at that place. They enjoyed the occasion by camping out, and attending the convention as well, thereby getting double value out of the trip, and representing the Sunday school at this place.

CARL BAUMGARTNER HAS BIRTHDAY PARTY

With Many Friends Makes Merry the Occasion of Passing of Eleventh Milestone.

Carl Baumgartner passed his 11th birthday last Tuesday, and made merry on the occasion, and was joined by a number of his young friends, they all having a most delightful time. The young folks were entertained by the members of the young lad's family. The men folks coming to town for the guests in the autos, and bringing them home in the evening. The time was very pleasantly spent in the games which delight the youthful heart. The table was decorated very beautifully, and a birthday cake with the candle for each year was one of the many good things which graced the table. A delightful supper was had, and among the other delightful stunts, which the little ones performed was wading in the artificial lake on the Baumgartner farm. Those who were present besides the young man, Carl Baumgartner, to assist in celebrating the occasion, and wishing him many such enjoyable events were: Harold and Ruth Bauer, Irene and Bryan McDonald, Mary Isabel Tool, Margaret McDonald, Alice Hartung of Kansas City, Floyd Hite, Louis Wendt, Marvel Amgwert, Donald Schewe, Martha Weddell, Hildegard Baumgartner, and Thelma Kelly. The decorations were pink and green, while a small basket was attached to a streamer running from a large basket suspended over the center of the table, and running to the plate of each guest, which they were expected to retain as a souvenir.

MURDOCK NEEDS A LIGHTING PLANT

A Plant Lighting Whole City Would Be of Much Benefit, And a Paying Proposition.

Other cities or towns, having no more population than Murdock, and with not more ability to maintain a plant of this kind, are getting along with a plant, and enjoying the matter as well. There are enough institutions which would require lights as well as the number of residences in the city and near proximity to it that would make the revenue sufficient to maintain the institution. Mr. Edw. W. Thimgan who makes lights for himself and the business house of Oscar Donaldson, has a small lighting plant, and gives excellent service they having the best of light. It looks like there might something be done to extend the light service to the whole city, and if Mr. Thimgan is in a position to furnish them, he would be the proper man to install the service, one of the best of citizens, wide-awake, and in earnest interest for the city.

Makes Children a Present

H. A. Guthmann, who is a pretty good old scout anyway, and who delights in making others happy, has just purchased a Boston terrier which he presented to the younger members of the Guthmann family, consisting of Frank R. Guthmann, Joseph and Margaret Janette. The children have christened the canine "Buster" and think there is no dog like this one. There seems to spring up a friendship between youngsters and a kindly dispositioned dog that grows with the years.

PURCHASES LAND IN THE SOUTHWEST

See Immense Quantities of Wheat Threshed While They Were in Colorado.

Last week August Panska, Herman Kupke and Frank Rosenow were visitors at Burlington, Colorado, and being accompanied by August Kuehn of near Burchard, who is selling lands in the vicinity of Burlington, Colorado. The party was greatly pleased with lands in that portion of the country. The wheat threshing was still in full force and they were at the farm of Mrs. Eva Miller of Fremont, where a section, 640 acres, was being threshed, which bid fair to make 30 bushels of wheat to the acre. The returns from this land will be getting per acre near the forty thousand dollar mark, and for lands which but a short time since sold at \$25.00 per acre is doing pretty fair. The party from Murdock were so well pleased with the country that they acquired some more of it. Mr. Panska, who already had some lands there added to his by one hundred and sixty acres, while Mr. Rosenow, who had a half section secured another half section. Mr. Herman Kupke who had no holdings there, purchased a quarter section, and stands to make some money on the investment.

Both Elevators Filled to Capacity

The two elevators at Murdock are filled to overflowing with the large wheat crop of this vicinity and there is yet a large amount of small grain awaiting to be delivered, which is stored in available bins and elsewhere about the farms of those who failed to get the crop delivered before the elevators were filled. There is a scarcity of cars and what grain there is in the elevators now cannot be moved until cars are available. The threshing is practically completed now, however, and early relief may be looked for.

Returns from Trip in East

Edward W. Thimgan returned a few days since from Chicago, where he has been visiting for some time with relatives and looking after matters of business as well as taking in the sights generally. Mr. Thimgan made the trip to the Windy city on business principally, but was glad of the opportunity of enjoying a little recreation as well during his stay. He was a participant in a shooting tournament while there and won the first prize in one of the matched shoots, receiving favorable comment in the columns of the metropolitan press for his fine marksmanship as displayed at this shoot. Mr. Thimgan is an excellent shot and withal a fine young man.

Is Larger Farm Than Reported

In last week's issue of this paper, there appeared an article telling of the sale of a farm belonging to Mr. Stroy, in which we quoted the number of acres as 116 1/2, which was as we understood our informant, but the farm is in reality one of 216 1/2 acres. This brings the price received for the farm up to \$110,775.00. This amount looks large, but it is doubtless worth the price for it is one of the best farms in this part of the country. Today nothing is more valuable than farm land to farmers who know how to properly farm it, while its value is much less to those who can not properly cultivate it to get the best returns from the soil.

Have Enjoyable Auto Trip

F. A. Guthmann and family, and Mrs. P. A. Hartung and daughter, Miss Eleanor, of Kansas City, who are visiting in the city as guests at the home of Mrs. Hartung's parents, were all visitors at Beatrice on last Sunday, going in a car. They enjoyed the ride but when they reached Beatrice they found their friends not at home and returned via Lincoln and Havelock, visiting at both places with friends. They departed about ten o'clock in the morning, and went prepared to eat, so stopped along the way and enjoyed their dinner in the open, it having the semblance of a picnic.

VERY PRETTY HOME WEDDING WEDNESDAY

MISS FRANCES REEVE UNITED IN MARRIAGE TO MR. F. E. RUDOLPH.

WILL MAKE HOME AT EAGLE

Are Taking Honeymoon Trip Thru West via Automobile—Plan to Visit in Denver.

Last Wednesday at the home of Mr. and Mrs. A. A. Reeve, who live in the northwest part of Murdock, was celebrated the marriage of their beautiful and accomplished daughter, Miss Frances Reeve, a very charming young lady with a sunny disposition and an abundance of good looks, and Mr. F. E. Rudolph, of Eagle, a very exemplary young man having a large circle of loyal friends.

The ring ceremony was used to unite the lives of these two popular young people, Rev. Lougare, pastor of the M. E. church at Elmwood, saying the words that made them man and wife.

The bride was appropriately gowned in white crepe meteor over beaded silk marquisette, while the groom was attired in conventional black. The best man, Roger Reeve, brother of the bride, appeared with the groom, while Miss Belle Sutherland, gowned in salmon pink satin was the maid of honor. The front veranda of the home had been most tastefully decorated for the occasion with Japanese lanterns which made a most beautiful setting for this pretty wedding which united two loving hearts. After the ceremony, which occurred just at the conclusion of a peaceful day, the guests sat down to a most sumptuous supper, which had been prepared by the excellent cook, Mrs. Reeve, mother of the bride, assisted by friends. The bride's cake was of angel food, and punch and brick ice cream were served with the bounteous supper.

The young people departed for the west, where they will spend some time seeing the beauties of nature, and planned to visit Denver, as well as other points in the west. They are traveling via auto, which is, after all, the best way of really seeing the country. Upon their return they will make their home at Eagle.

Out of town guests at the wedding were Mrs. W. A. Gardner, of Max, a sister of the bride, and Mrs. Mrs. W. E. Jones, an aunt of the bride, as well as Miss Rudolph, an aunt of the groom, from Davenport, Iowa.

The best wishes of their many friends are heartily joined in by this newspaper.

Fred Stock, Mr. Reike and Henry Meierjurgan were attending the state Sunday school convention at Milford over last Sunday.

H. A. Tool and family and sister, Mrs. O. E. Baker and children, of Ackley, Iowa, who have been visiting in the city for some time, were refreshed by a visit at the Platte river Sunday, where they went in the auto of Mr. Tool and spent the day very pleasantly, returning in the evening.

William Bourke, of Wabash, was a visitor in Murdock last Friday, and there met the representative of the Journal and took advantage of the opportunity of extending his subscription to the paper. Thanks, Billy, we are glad to see you in more ways than one.

Mrs. August Panska, who has been visiting with relatives near Pipestone, Minn., for some weeks, returned home about a week ago, after having greatly enjoyed her trip. She reports that the crops are not looking as well in that section as in the vicinity of Murdock, the weather having been excessively wet in the north during the early part of the season, and this is responsible for the backward crops there and the damaged vegetation that has resulted from the late long dry spell. Such conditions as this interfere greatly with getting the best returns from the land.

Plastering, Stucco, Mason, and all kinds of concrete work. Strictly first class.

BUYS ROEBER FARM.

Carl Tonack has returned from a land seeking trip to Montana and also to points in Nebraska without buying any land and has decided to remain in Cass county. He has purchased the Louis Roeber farm west of Louisville. This farm contains 160 acres and Mr. Tonack paid \$185 per acre. Mr. Roeber bought the same farm about four years ago of Charles Jackson for \$82.50 per acre. Mr. Tonack recently sold his own farm west of town at a good advance and after looking over the ground elsewhere, he decided that he could do better here than to make a change. He found land high in Nebraska and sandy in places where he had contemplated buying and in Montana it was so dry that the prospect was not alluring. Mr. Roeber has bought the Frank Creamer farm northwest of Murdock where he will move his family in the spring. It is a difficult matter to keep track of the real estate that is changing hands as deals are made rapidly and we no more than write up a sale than we find by the next week that the property has been sold again.—Louisville Courier.
