## There Was a Fire in Omaha the Other Day

A man lost \$500.00 in War Savings Stamps.

### WHY?

Because he had placed them for safe keeping in a vase on the mantle.

A Safe Deposit Box would have saved him this loss.

Are you protected?

BOXES FOR RENT!

## Bank of Union

UNION, NEB.

**B. Y. P. U. Social.**  
A very lively contest between the army and navy divisions of the young people of the Baptist church culminated Friday night in a banquet which was given to the winning side, the army. The evening was spent in games and music, after the young gentlemen finished sewing two quilt blocks each which were provided by the young ladies present, and which were placed out of navy blue and white pieces. Hubert LaTue and Miss Zola Frans won the prize for presenting the best quilt blocks. The quilt blocks were presented to the Captain of the army side, Miss Zola Frans with best wishes for prospects of future use.

After a luncheon of baked (navy) beans, pickles and ham and egg sandwiches, the young people, thirty in number, disbanded at a late hour, having greatly enjoyed the occasion.

**Baptist Church Notes.**  
Sunday school 10 a. m., "Temperance Lesson."  
Preaching service 11 a. m., Sermon "The Gospel of which I am not Ashamed."  
Evening service 8:45 p. m., Sermon "The Father's Promise."  
B. Y. P. U. Tuesday evening 8:30 p. m.

A cordial invitation is extended to all these services. J. B. TAYLOR, Pastor.

The monthly missionary meeting will be held Thursday afternoon at the parsonage. Mrs. Matt McQuinn has charge of the meeting. The last Thursday of each month is devoted to the study of missions and a missionary offering taken at this time.

We send kodak films away for developing, bring them in.

LYDA CLARK P. M.

**Methodist Church Notes**  
Dr. George, the presiding elder of the Methodist church, whose home is at University Place, will be in Union this week for quarterly conference, at which time there will be held the meeting of the church membership, also its official board, and reports will be made of the past quarter's work, and a decision reached as to the employment of a minister for the coming year.

There will be the regular services Sunday evening and also the meeting of the Epworth League, there being Bible school at the regular morning hour, but as this is the date for the services at Wyoming, there will be no preaching in the morning.

The Woman's Christian Temperance Union held a meeting at the church parlors last Tuesday for some organization work and the election of officers for the coming year. A list of the officers will be given in another issue.

**Collision Wrecks Dodge Car**  
Sunday night just southwest of Union, a turn in the road, a Dodge car from Nebraska City, driven by James Rhodes, was struck by a Ford roadster with much force, shaking the occupants of both cars up badly. The Ford roadster was damaged but slightly, if any, and made its get-away, proceeding on its way, while the Dodge car had to be pulled into town. The car was brought to Union, while the occupants were taken to Nebraska City. One wheel of the Dodge was broken, as well as other minor damage done.

**Is Preparing to Build**  
W. B. Banning, who has but recently returned from the west, is soon to move into the James W. Taylor place, which is near the site where he will soon erect a home for himself and family. Mr. Taylor and family will soon go to the soldiers' home at Milford for the winter, leaving the property ready for early occupancy by the Banning family. The new operator at the Missouri Pacific station will occupy the place where Mr. Banning and family now reside.

## SPENT WEEK'S VACATION IN WEST

Daniel Lynn and Wife and John Liggett and Wife Tour Country in an Automobile.

Last Wednesday Daniel Lynn and wife and John Liggett and wife returned from a trip out in the state, where they were spending some time in the old haunts where they resided a number of years since. They departed about a week before in cars for Saline and Fillmore counties, where they made their homes for a number of years, and arrived the same afternoon, having left here at about two o'clock in the morning. Arriving at Ohiowa, some hundred and ten miles distant they remained for the night and then continued their journey to Geneva the following morning, where they spent the day at the home of Andrew Lynn, brother of Daniel Lynn, and remained over night. The following day they returned to Ohiowa for a more extended visit at the home of Robert Hastings. They also visited at Milligan, which was near the old farm on which Mr. Lynn resided for a number of years. On Sunday they went down to the Big Sandy, a river about eighteen miles south of Ohiowa, and spent the day in company with a large number of the friends of both families who were glad of the opportunity of renewing old acquaintanceship. They had a most excellent time boating, swimming and in a general outing with a little fishing mixed in. They returned to Ohiowa in the evening and on Monday and Tuesday they visited with numerous friends in the vicinity, returning on Wednesday as aforesaid. They made the trip, both going and coming, without mishap of any kind and had a fine time enjoying the good visits with their former neighbors and old time friends.

### Excellent Time Sunday Evening

The hour spent by the Epworth League at the Methodist church on Sunday evening was one filled with interest and there was not a dull moment during the entire time. A fine program was arranged and carried out under excellent leadership. The young people of the Methodist church are a live bunch and capable of rendering a meritorious program every time they attempt to do so, of which the one Sunday night was a very fair sample. The Epworth League is growing and holding some interesting meetings, which it would be well for the young people of the city who are not members to attend.

## ANOTHER TEACHER ADDED TO THE LIST

Professor Everett E. Ward of Plattsmouth Selected as Assistant Principal Here.

Mention was made last week of the application of Everett E. Ward of Plattsmouth, for the position of assistant principal of the Union schools. The application was acted upon favorably and the position offered this young man from the county seat. Mr. Ward is a first class instructor and returns from army service to again enter the ranks of the teaching profession, and the local board of education considers itself fortunate indeed in securing him to fill the position.

**Attending Teachers' Institute**  
Last Monday Miss Mary Adanson, of Lincoln, who is to teach in the consolidated schools of Eagle for the coming year, accompanied by her friend, Miss Mae Lemon, of Lincoln, who will teach near Avoca and Miss Hilda Halton, of Weeping Water, who is to teach in her own home town, together with Miss Gladys Ward, who is also to teach at Weeping Water, were in Union during the day last Monday, awaiting a train for Plattsmouth in the evening, to which place they went to attend the annual teachers' institute.

**Enjoyed Trip to Colorado.**  
About a week ago Roy Upton, Joseph Everett, David Eaton and Chas. Bowdish departed for Lincoln county, Colorado, where they went to look over the country, and if suitable thought they might invest in some of the wheat raising lands out there. There is much trading in the lands of that section, as well as in other sections of the state, since it has been proven a good wheat producing country and the prices of the land are continually advancing.

**Has Ribs Broken in Accident**  
While working in a load of hay, Raymond Galloway had the misfortune to have the load upset, throwing him to the ground, inflicting some very severe injuries, among which was the breaking of a number of his ribs and otherwise injuring him. He is now lying at his home suffering from the hurts he received and though showing some improvements, his condition is far from good. Dr. Barrett dressed the injuries of the unfortunate man and did all possible to alleviate his suffering. Mr. Galloway, who is a farmer, lived on the J. W. Pitman place.

## HAS A NARROW ESCAPE FROM DEATH

Arden Rheuman Badly Injured while Attempting to Stop His Runaway Team Friday.

Last Friday while making an attempt to curb his refractory team, Mr. Arden Rheuman, living west of the city, met with a very painful accident, and had a narrow escape from being killed. He was holding to his team which was hitched to a wagon containing a hay rack, in the streets of Union, when the frightened horses, which were almost in a frenzy, swung him clear of the rack onto the ground, in their mad flight, dashing him against a wagon that stood in their course, forcing him to loose his hold on the reins, and trampling him as well as pulling the wagon over him. As a result a bone in his wrist was broken, his chest was bruised, the shoulder ligaments were torn and his back was wrenched. His injuries were dressed by Dr. Swab and he was taken to his home, where he is resting as well as the nature of his injuries will permit, but still suffering greatly from the effects of the wounds which he received. All those who witnessed the accident, and know of the conditions under which he was injured, think it a miracle that the man got through with his life.

## ROBERT RODDY IS BACK HOME AGAIN

Arrived Last Monday Evening After Having Been Discharged at Camp Dodge, Iowa.

After having been in the service in Europe for over a year and a half, Robert Roddy arrived home on last Monday evening, having just received his discharge from the United States army, at Camp Dodge, Iowa, where he was sent for that purpose, following his arrival in the states. Robert entered the service early in the war with Germany and remained long after the cessation of hostilities. He was in the center of the conflict while it was going on, and saw some of the worst of the fighting. He is greatly pleased that the titanic struggle is over and that he has been privileged to return to his home. He was met at the Missouri Pacific station by his parents and numerous friends, who joined in welcoming him home. The Journal is glad to unite with his parents and friends in expressing gratitude that he is again in his native land and among the home friends.

J. W. Lowthers was a visitor in this city for a short time last Monday, spending the time with friends. Mr. Lowthers was located in the northern part of the state during most of the summer.

A. C. Mutz of Plattsmouth was a business visitor in Union for a short time a few days since.

## UNION TO HOLD 31ST OLD SETTLERS' REUNION

FRIDAY AND SATURDAY, SEPTEMBER 5TH AND 6TH—A BIG TIME AHEAD.

### HISTORIC GALA DAYS CONTINUE

Through Efforts of Live Citizens to Perpetuate the Occasion—Old Friends to Visit Again.

The citizens of Union, after thinking of the fact that there would be a break in the long line of annual old settlers' reunions if the occasion was omitted this year, as was at first announced, became alarmed least the practice become obsolete in future years and got together in a mass meeting and determined to continue the time-honored and highly pleasing practice of gathering in the old home town for a meeting and the renewing of the bonds of love and acquaintanceship and arranged to hold the 31st annual reunion on Friday and Saturday, September 5th and 6th.

Added to the usual features is a welcome home to the soldiers that will be the big feature of the second day, and special provisions are being made to accommodate and honor the valiant fighters of the community who have risked their life and limb in the service of the country. A big dinner will be provided for all service men on that day and committees have been appointed to look especially after their entertainment and pleasure, as well as the usual committees having in charge the making of arrangements for the old settlers' part of the program.

There are committees on speakers, on music and on amusements.

Among other features already announced there will be an aeroplane on the grounds to take those who desire to go for a trip in the clouds, a big wrestling match, and interesting ball games. The Tuleme brothers of Plattsmouth will be on hand with their merry-go-round, and in all the occasion will be marked with every opportunity for the enjoyment of the large number who attend.

Union has a reputation of never doing things by half and this 31st annual reunion will be no exception to the rule. Better plan now to take a brief respite from labor on these two days and spend the time in whole-hearted enjoyment at the Union celebration.

## AGAIN NEHAWKA SUFFERS DEFEAT

Picked Nine from Union Administers Second Drubbing to the Crack Team of Sister City.

Union just picked the men up, as they were attired in the garb of working men, dressed in blue overalls, and they dared to go up against the well trained and immaculately groomed players of Nehawka, who were attired to the latest word in base ball garments. Still, the local team showed the veterans how the game of base ball is played.

After having trimmed the Nehawka team to the tune of 5 to 3, a week or more ago, it was thought that in the game scheduled for last Saturday the Nehawka boys would put up a better fight and probably would win over the untrained men from Union. But not so. In Union there is strength, and this was surely demonstrated when, in the seventh inning, each of the Union players was able to circle the bases, making just nine scores in that one inning. But little comfort the Nehawka players received from the game, when the finals showed Union 14 to Nehawka 4. A large number of the citizens of Union and vicinity were in attendance and cheered the boys of their home town to do the worst possible to the players of the game from their sister town. Not but that the team from Nehawka can play ball, and good ball, at that, as they have demonstrated through the past season, but the onslaught of the blue overalled players proved too much for them.

The line-up of the Union team was as follows: Horace Griffin, c; John Hoback, ss; Robert Eaton, p; Parsley, 3b; David Eaton, 1b; Alex Eaton, lf; "Mike" Mason, 2b; Ben Waltz, cf and Derwood Lynde, rf.

Leland Young and Olney Eaton departed last Monday evening for Seibert, Colorado, where they go to

## Do Chickens Pay on the Average Farm?

It all depends on the farmer. If he looks on chickens as a nuisance, they don't pay. If he pays a little attention to them, they pay a big return for the effort.

There are two things to point to in making poultry raising a success—earlier hatches and more winter eggs.

How can a farmer get them?

First and foremost by having a substantial, air tight, warm, sunny, well ventilated Poultry House. And such a house quickly pays for itself with eggs bringing the prices they do now.

White Pine is the best wood for the outside of a poultry house because it stays where you put it without warping or shrinking or rotting. It's easy to work and easy on tools.

White Pine farm buildings are permanent. They last a lifetime, with practically no outlay for repairs.

Our service makes building easy and inexpensive. We have plans, specifications and bill of material for the Poultry House shown above—or for any type you may prefer. We will gladly give you an estimate of the cost.

Whatever your building plans, come in and talk them over with us.

## Cedar Creek Lumber Company

Cedar Creek, Nebraska.

assist in sowing some wheat on the farms of Fred W. Young, a large force being engaged in the work. Mr. Young is seeding a large acreage to winter wheat, which necessitates the temporary employment of a large number of men.

matter of the purchase of some apples for the winter, of W. B. Banning. In addition they ordered the Journal sent to their address so they might keep in touch with their old home town.

## ADDITIONAL UNION ITEMS ON MONDAY

Owing to the crowded condition of the columns of the Journal today, many of the Union items have to be held over for Monday's issue of the semi-weekly. In addition to the entire page published today, there will be an overflow publication in Monday's issue.—Editor.

### Are Enjoying Summer

Mont Robb, who is traveling on the road for the Haines Cran company, was a visitor in Union over Sunday, and also visited his son, Hugh Robb and family, at Wyoming, departing for his work out in the state Monday evening. He received a letter from his folks, Mrs. Robb and daughter, Gussie, who are visiting in the northwest, and who report they are having an excellent time.

### More Than a Month in West

Last Friday W. B. Banning and wife and their son, Hollis Banning, and Ray Frans, who have been visiting in the west for some time, returned home after having made the distance of 3,654 miles without a puncture or any incident to mar the delightful trip they made. They first went to the western part of the state, thence to Denver, Salt Lake City and Evanston, also in Idaho, stopping at Rawlins, Wyoming, Fort Collins, Colorado, and other points of interest on the trip. They met and visited with Charles McNamee and A. R. Eikenberry at Brush, Colorado, and met Arthur Troop and wife and C. R. Troop and wife, who were trying out their new Apperson car which Arthur Troop but recently purchased for his father. They drove a Willys Six and enjoyed the trip greatly.

The entertainment which was to have been given by Union Baptist B. Y. P. U. in honor of Nebraska City B. Y. P. U. on Leach's lawn Tuesday night has been postponed a few days on account of rain.
