Chamberlain's Colic and Diarrhoea Remedy in Michigan.

Mrs. A. H. Hall, Caseville, Mich., says, "I wish to thank you for your grand good medicine, Chamberlain's Colic and Diarrhoea Remedy. We are never without it in the house, and I am sure it saved our baby's life this summer."

Mrs. Mary Carrington, Caseville, Mich., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for years and it has always given prompt relief."

Despondency. Sufferers from indigestion are apt to become discouraged and feel that complete recovery is not to be hoped for. No one could make a greater mistake. Hundreds have been permanently cured by taking Chamberlain's Tablets and can now eat anything that they crave. These tablets strengthen the stomach and enable it to perform its functions naturally. If you have not tried them do so at once.

Edward Ossenkop has moved his family back to Louisville from Cherry county, near Leat, and will reside on the old home place southeast of town. They were very well satisfied with their surroundings in Cherry county but naturally would prefer the splendid advantages they will enjoy on Mr. Ossenkop's farm in this vicinity.

We are pleased to receive cards this week from Mr. and Mrs. E. H. Worthman and Mrs. R. C. Yant from Estes Park, Colorado, where they are enjoying a delightful outing. Mr. and Mrs. R. C. Yant and family made the trip to Colorado in their Buick and Mrs. Worthman and two little daughters went out to join the H. E. Brown family near Scottsbluff and later took a cottage with the Yant family.

Mrs. George Frampton and her daughter-in-law, Mrs. John Frampton and two children of Lawton, Oklahoma, are here for a visit with relatives and old friends. Mrs. Frampton informs us that her son, George, has purchased a bank at Saxon, Oklahoma, and is doing well in that business. George learned the banking business in Lincoln and showed a remarkable aptitude for that line and his many Cass county friends will be pleased to learn that he has started out for himself and that he is prospering.

The Durbin family will live there however until March first. Jim says he does not know yet what he will do. The Durbin family have lived in Elmwood for 32 years.

August Rosenow brought up town on Wednesday a curiosity in the shape of an ear of corn that has all the patriotic colors—the red, white and blue were plainly visible. The ear of corn was taken from his mother's, Grandma Rosenow, garden in the north end of town and proved quite a curiosity to all who saw it.

Elmwood added three more victories to her already long list. On Tuesday they played Eagle, winning by a score of 4 to 2. Picnic day they rolled up a score of 6 to 4. On Sunday with Louisville they won by a score of 5 to 3. These were good fast games and Elmwood can well feel proud of her team. They have developed into a real team and can play ball with any of them.

FEED CORN.

Just What She Needed.

"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Mo. "They not only relieved me of indigestion but toned up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them."

There Are Parts of Nebraska

WHERE LAND IS HIGHER THAN IN CASS COUNTY, BUT NOWHERE CAN YOU FIND LAND MORE PRODUCTIVE OR CROPS SAFER.

Look over these choice Cass county farms we are offering for sale at prices that are attractive to the purchaser. Every one of these farms will be worth more money before spring:

104 acres located at the edge of a Cass county town, 1/2 mile from elevator. There are 19 acres in pasture and the balance is all good farm land. The improvements consist of a good eight room house, big barn, corn crib, hog house and other small buildings. You have a market practically on the farm and situated as it is it will make an ideal place to handle stock profitably with the least work. The price of this farm is \$200 per acre and the owner will give good terms to purchaser.

160 acres located 3 1/2 miles southwest of Louisville. The land consists of 50 acres of good pasture with running water fed by spring, and 110 acres of choice farm land, all in a high state of cultivation. The improvements consist of a good two-story stone house, a basement barn for 20 head of horses, with granaries built in above, double corn crib and other small buildings. The improvements could not be built under \$10,000.00. This is an all-around good farm and is bound to be worth more in six months than we are asking. Price \$225.00 per acre. Will give good terms.

482 acres six miles west of Plattsmouth, Nebraska, 2 1/2 miles from shipping point for both grain and live stock, and 7 1/2 miles from the South Omaha market. This farm consists of 225 acres farm land, of which 60 acres is in alfalfa. We have already put up 19 big 14-ton stacks of alfalfa hay on this farm this year, and the third crop is now ready for cutting. The stand is perfect and free of any weeds. The balance of the farm land has been seeded down in the last few years and is in excellent shape. The improvements consist of a good house, large cattle barn, 48x60, horse barn, hog shed 120 feet long, cattle shed, good big granary, corn cribs, and other buildings. All the land is well fenced and cross fenced, two big hog pastures fenced hog tight. The pasture consists of blue grass and clover and is very fine, 60 acres of it in the bottom. This is extra good pasture and not affected by dry weather. There is a good spring in the pasture furnishing an abundance of good water the year around. Where the improvements are there is a good well and large underground supply tank from which run underground pipes to self waterers for all the live stock. Lots of this pasture land, especially that close to the improvements, could be farmed with very little work, and it is as good as any land you can find anywhere. The price of this place is \$75,000.00 and good terms can be arranged with purchaser.

These farms are all for immediate sale, possession to be given March 1st, 1920. It is time to do your fall plowing so do not lose any time investigating these good propositions. We will be glad to show you any of these farms at any time.

IT'S A PLEASURE TO SHOW CASS COUNTY LAND.

Your dollar's opportunity is now, today! Set it to work for you. Give it the task of multiplying itself. In doing so it will perform its part in the world affairs.

Every man's money should be making use of this opportunity. Farmers, for instance, can not only feed the world; through businesslike handling of their farms and businesslike handling of their incomes they can help to develop the world.

Thrift Is Patriotism

Saving is a form of service. It is one of the biggest forms of national service—service to your country. Our first president said, "Economy makes happy homes and sound nations."

The way to start right is to start right now! Saving is as much a habit as spending or putting things off. Once formed, it is easy to continue. But unlike other habits, it is a good habit.
