

# DEATH OF JOHN C. PETERSEN TODAY

OLD AND HIGHLY RESPECTED RESIDENT PASSES AWAY DURING NOON HOUR.

## ACTIVE IN MASONIC CIRCLES

In Both City and State—His Illness Covered a Period of Several Months' Duration.

From Saturday's Daily. This afternoon at 12:40 John C. Petersen, for many years one of the active and prominent figures in the civic life of the community passed away, after an illness covering a period of several months.

Mr. Petersen has been in very poor health since the first of the year and was operated upon in the early spring in hopes of securing for him relief from his sickness but this proved to be without avail and he has gradually grown weaker until the last few weeks when he has been confined to his bed for the greater part of the time, patiently awaiting the release from the suffering and pain that he has so bravely endured for this long period.

The departed has long been a resident of Plattsmouth and has been active in the business circles of the city and during his residence here was very prominently identified with the work of the Masonic order, and has filled the different chairs in the blue lodge, chapter and the commandery, and prominent in the state grand lodge offices.

Mr. Petersen was a man universally esteemed and respected by all with whom he came in touch and his death comes as a great shock to the friends over the city who have hoped that perhaps he might be spared to them for a little while longer. In the hour of grief the sympathy of the entire community will go out to the bereaved widow and children who are called upon to part with their loved one. The departed friend was sixty-eight years of age at the time of his death and leaves to mourn his loss the wife and four children, Mrs. L. W. Barger, of Rochester, New York, Mrs. E. L. Spies, Miss Edna Petersen and Charles Petersen, Jr., all of Plattsmouth.

John Charles Petersen was born on September 3, 1851, at Langland, Denmark, and spent his boyhood days in that country coming to America when but a youth of fourteen years, locating at Green Bay, Wisconsin. Here Mr. Petersen spent several years and on December 2, 1874, he was united in marriage to Miss Ingeborg Bollette Jorgensen at Fort Howard, Wisconsin. To this union five children were born, four of whom survive the father and one child, Charles Edward died in 1881. After a few years spent in Wisconsin Mr. and Mrs. Petersen came to Nebraska and located on a homestead near Tilden, Nebraska, where they made their home for a number of years and later located in Columbus, Nebraska, where Mr. Petersen took up the trade of butcher and for a time owned and operated a meat market in that city.

In the year 1881 the family came to Plattsmouth and have since made their home here. The wife passed away in this city on February 4, 1888. Mr. Petersen on locating in Plattsmouth at once embarked in business in the city, purchasing the Fickler meat market and later erected the building on lower Main street now occupied by the Johnsons meat market and here for a number of years he was engaged in the meat business. On September 11, 1889 Mr. Petersen was married in this city to Mrs. Martha J. Shannon, who with the children is left to mourn the departure of this good man. ## "FEELING BETTER EVERY DAY I LIVE"

Mrs. Gossage Gains Twenty Pounds Taking Tanlac—Troubles Ended.

"I've gained twenty pounds since I began taking Tanlac and I'm feeling better every day I live," said Mrs. J. A. Gossage, of 440 North Lawndale street, Kansas City, Mo.

"For two long years I suffered from stomach trouble and nervous indigestion," she continued, "Everything I ate soured on my stomach. Gas would form and press against my heart until it would flutter and beat so fast I felt like I was going to smother. I had severe pains around my stomach and there was a gnawing feeling there, too. I was so dizzy that if I stood up suddenly I would stagger and had to hold on to something to keep from falling."

"I had tried all sorts of medicines hoping to get relief but nothing did me any good until my brother-in-law persuaded me to try Tanlac. He had been greatly helped by it and I hadn't taken a half a bottle before I noticed gas didn't form and make me sick any more. Of course I kept right on taking Tanlac after that and now I can eat anything I want without any trouble and I feel so fine I can do all my housework without getting tired. From the way I'm gaining in strength all the time I am convinced that I'll soon be as well as I ever was in my life and I'm glad to tell others what I think of Tanlac. It's done me more good than everything else put together."

Tanlac is sold in Plattsmouth by F. G. Fricke & Co., in Alvo by Alvo Drug Co., in Avoca by O. E. Copes, in South Bend by E. Sturzenegger, in Greenwood by E. F. # HOME GUARDS TO PROVIDE A HOMECOMING

ATTORNEY C. A. RAWLS, FORMER CAPTAIN OF COMPANY URGES A WELCOME.

## MEETING FOR MONDAY NIGHT

To Arrange for Celebration of Returned Soldiers and Sailors—A Fitting Climax.

From Saturday's Daily. The proposition of a home coming celebration for the soldiers and sailors of the world war of this city and vicinity, which has been discussed at several different times, but of which nothing definite was gained, seems to be in a position now where something worth while will be secured, as Attorney C. A. Rawls, of this city and head of the Home Guards organization that existed during the war, is bringing the matter to the attention of the mustered out members of his organization.

Mr. Rawls, who is a live and patriotic citizen, feels that something should be done in the city in the way of a formal reception to the returned soldiers and sailors, is addressing to the members of the Home Guard company a letter in which he is suggesting to the organization that they take in hand the proposition of preparing and carrying out the homecoming for the members of the army and navy who were in active service during the war. Mr. Rawls in his letter states that it would be a fitting close to the active work of the guards to render this token of recognition to the boys who served "over there" and over here as well on active duty during the war.

To this end there will be a meeting of the Home Guard company called for 7 o'clock Monday evening on the lawn south of the court house and at that time Mr. Rawls will lay the matter before the company for their action on it. A large number of the members who have been informed of the proposal are very enthusiastic over the proposition and it is certain that if the guards take the matter up they will put across a real celebration.

Almost every city in the state has held or has under way plans for a gathering of this nature and it certainly cannot be said that this city would pass it up especially as so many from Plattsmouth were in active service in either the army or navy and a greater part of those from this city were overseas. The Home Guards did good service during the time of the war in the community and the assumption of the role of hosts to the soldiers and sailors of the community would be a fitting close to their record of splendid service.

## CHARLES JELINEK IMPROVING IS REPORT

From Friday's Daily. Reports received from the St. Joseph hospital in Omaha state that Charles Jelinek who is at that institution receiving treatment for his broken arm is somewhat better now.

The infection which for a few days made his injuries very dangerous has almost entirely disappeared and the arm is now getting in such shape that it will soon be possible to reset the broken arm. It was feared at the first that it would be necessary to amputate the arm but it seems now that it will be possible to save the member. The continued improvement of this young man will be good news to the relatives and friends in this city who have been anxiously awaiting word from his bedside.

Just What She Needed. "I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Mo. "They not only relieved me of indigestion but toned up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them."

## WORK ON GOVERNMENT AID ROAD

From Thursday's Daily. The force of graders on the government aid road running south from this city to Murray are progressing very nicely with the work and are now working on the road near the farm of Ben Beckman near Murray. The road has been widened out and graded up so that it is now a great highway and as soon as it is completed will make a splendid highway that will be of great benefit to the automobile owners and persons traveling between points in the eastern portion of the county. The work has required a great deal of labor in removing stumps and trees from the sides of the road where it was found necessary to widen the road. This section of the county will have a fine piece of road that will be a pleasure to travel over and it is to be hoped that the government aid can be secured on the road north of this city leading into Omaha which in a large number of places is very difficult to travel and one of the worst spots on the Omaha-Kansas City highway.

## LADIES AUXILIARY MET YESTERDAY

At Home of Mrs. C. G. Fricke—Miss Alice Eaton Hostess to Episcopal Church Society.

From Friday's Daily. The Woman's Auxiliary of St. Luke's parish met yesterday afternoon at the charming home of Mrs. C. G. Fricke in the north side, with Miss Alice Eaton as hostess and a most enjoyable afternoon was had by the large number of ladies in attendance at the meeting. The principal portion of the afternoon was devoted to a business session with very interesting talks given by Father W. S. Leete, rector of the parish and Mrs. J. S. Livingston.

Father Leete in his remarks took up the matter of the nation-wide movement that has been started for the strengthening of the membership of the Episcopal church in the United States and the efforts which will be made by the church to bring to the fold those who have wandered from the teachings of the church. Another of the pleasing features of the afternoon was the report given by Mrs. Livingston of the educational conference held at Racine, Wisconsin, July 8th to 15th, at which she was a delegate from the parish here, and in her report of the proceedings, Mrs. Livingston covered very thoroughly the educational work of the church and the plans which have been made for the further advancement of the work of the church along educational lines during the coming year.

At a suitable hour in the afternoon dainty and enjoyable refreshments were served to heighten the pleasures of the very enjoyable occasion.

## HERE FROM SOUTH DAKOTA.

## FIRE AT HARTFORD COAL YARDS THIS MORNING

From Thursday's Daily. This morning the fire department was called to the C. E. Hartford coal sheds on Richey street near the Burlington right of way, but by the time the department arrived and had the hose ready to play on the fire the fire was out. As soon as the fire was discovered a number of men from the Burlington shops and several who were near the depot at the time hurried over and by some quick work tore off the boards on the roof of the shed which were blazing and so put the fire out without much damage. It is supposed that the fire was started by a spark from a passing locomotive alighting on the dry boards of the roof and causing the blaze. The fire department was delayed somewhat on arriving by the fact that there was not sufficient hose and as the fire was so well under control it was not necessary to have additional hose brought up.

# SERVED AS RED CROSS NURSE IN WAR ZONE

MISS ETHEL HUGHES EXPECTED HOME THIS EVENING AFTER YEAR OVERSEAS

## WAS IN FRONT LINE HOSPITALS

Prior to Signing of Armistice—Later Transferred to Base Hospital Located at Brest.

From Saturday's Daily. Miss Ethel Hughes, sister of Mrs. H. G. McCluskey of this city, is expected to arrive home this evening after a period of service of a year in France with the Red Cross and during which time she was serving at the front in the army field hospitals. Miss Hughes enlisted in the service of the Red Cross as a nurse in August, 1918, with unit No. 49 at Omaha and after a short service at Camp Sherman, Ohio, was assigned to unit No. 65 and sent abroad, arriving in France while the most intense fighting was going on and was sent to the front lines with one of the army field hospitals and while there had many thrilling experiences including an air raid by the Huns, and as was their custom picked out the helpless wounded in the hospitals as victims of their warfare and accordingly dropped shells on the hospital. After a service at the front Miss Hughes at the signing of the armistice was sent to the base hospital at Brest, where she remained until ordered home, arriving back in New York a year to the day from the time she entered the service.

Anton is looking hale and hearty and has become an enthusiastic booster for the big Missouri city, which he says is one of the best in the nation. Mr. Koubek during the war was in the United States navy and stationed at one of the bases in California and was released from service in February, since which time he has made his home in Kansas City. It is always a pleasure to meet Mr. Koubek and he is still the same pleasant and affable "Tony" as when he was a resident of Plattsmouth.

## MERCHANTS OF CITY FACE SUGAR SHORTAGE

From Friday's Daily. The merchants of the city have in the past week been experiencing some difficulty in securing sugar in sufficient quantity to supply the full demand of their customers and have consequently had to make a curtailment of the amount sold to each one. This condition may lead to a resumption of the short rations which were in vogue during the time of war although now there is apparently a good supply of the brown sugar and quite a good deal of the cube sugar to be secured. The season for canning and preserving being at hand has caused the demand for the sweetness to increase and also another explanation given for the shortage is the fact that many home made breweries and stills require a great deal of sugar so that while we may suffer a shortage of sugar now we have something to look forward to in the future, when the products of the plants are ready to tap.

## Despondency.

Hundreds have been permanently cured by taking Chamberlain's Tablets and can now eat anything that they crave. These tablets strengthen the stomach and enable it to perform its functions naturally. If you have not tried them do so at once.

## PIAN PLATTSMOUTH B. P. O. E. NIGHT AT KRUG PARK

From Thursday's Daily. Following a recent trip to Omaha by members of the local lodge of Elks, when they were guests of the Omaha lodge at the latter's annual picnic and outing, there has been some agitation on the part of local Elks to have a Plattsmouth B. P. O. E. night at Krug park, when members of the order here, their wives and feminine friends would journey to the metropolis together via automobile and enjoy dancing and other amusements at the park. The proposition was brought up in lodge last Tuesday night and a committee appointed to ascertain how many would care to go. This committee is composed of Frank Bestor and Jess Wagon and it is quite probable some night next week will be picked as a most suitable time. Already a large number have signified their intention of going and all local Elks will be asked to join the party. If a sufficiently large number promise to go, arrangements will be made for some form of exclusive Elk entertainment in the city, including a luncheon at one of the popular down-town cafes.

Mr. Cloldt is not indebted as yet what he will do in way of building but will in a short time have his plans more fully matured as to building another home.
