**To Help You Win**

Riches—power—happiness. The average man places these as his goal. He dreams about having them.

But the average man is slow to take a practical step towards that goal. He is content to dream about it—and never gets there.

The most practical start is to start a savings account. Rockefeller had to save his first thousand dollars. It earned the rest of his fortune.

**Character Earns Credit**

Saving men not only have capital for their efforts. In saving, they establish a reputation which will make it easy to secure additional capital when necessary.

A farmer has frequent need for capital if he is striving continually to improve his property. How important it is then that he build up his character.

The easiest and quickest way is to start a savings account.

 AND HAVE EQUAL CHANCES WITH RIP TRACKERS TO WIN PENANT.  
 DEFEATED THE BLACKSMITHS

By Score of 13 to 5—Ninth Inning Rally Turned the Trick—Rip Track Lost to Mavericks

From Monday's Daily.

There was quite a large crowd of fans at the Red Sox grounds yesterday afternoon to witness the two games of the national pastime offered by the teams from the Burlington shops. The first game was somewhat delayed in starting, but when the teams met there was a real fight contest pulled off up to the ninth inning when the store house lunch cleaned house with Manager Steinmann's colts and closed the season by a 13 to 5 win. Howie, the pitcher for the blacksmiths, threw an excellent game but was given very loose support and costly errors in the ninth inning lost for his team the lead that they had acquired in the sixth inning. The hitting of Schulhof for the blacksmiths and "Red" Neumann and Davis for the storehouse were features of the game.

The storehouse acquired a moral edge on the game in the second inning when two runs were scored. Jack Davis was able to beat out the third strike and was followed by "Red" who was safe on an error by Neill at second; Dickey knocked a high infield fly that hit in front of the plate and on which he was safe at first. Davis was caught while trying to pilfer home, "Hons" Neumann was struck out and then Hudgins proceeded to liven up the game by a clean hit to the right garden which brought in both Red and Dickey. Martin closed the inning by striking out. In the fifth inning another rally was secured for the pencil pushers after Martin was safe at first on an error by Hula, a he was able to score later on a passed ball.

The hammer wielders were able to add two to their list in the fifth inning. Schroeder was given a free pass to the keystone base and scored on the hit of Skalak to Martin, at short which was not handled fast enough; Hula hit to left field and when the ball was dropped by the fielder Skalak scored.

The sixth inning was productive of runs for both sides of the game and in this the blacksmiths secured a little the best of the argument. For the storehouse, Davis, the first man up, secured a safety on an error by Skalak and was followed by Red with a two sacker to the left field that brought Davis across with the needed run to again take the lead. The blacksmiths opened up strong on Davis in this inning which, coupled with errors netted them three runs. Robb and Schulhof, the first two men up in this inning secured clean hits to center field and were followed by Pete Schroeder who rapped a single to right and when Dickey proceeded to leave it home and the ball soared clear to the grandstand, both Robb and Schulhof scored. Schroeder was scored later when Skalak hit a single to left that brot him in. Neill and Howe were whiffed by Davis and Skalak was put out on an attempt to steal third.

The ninth inning opened with large chunks of gloom prevailing the bench where Manager Weaver's team was stationed, but this was soon transformed as the boys by a combination of errors, were able to tie, pass and finally clinch the game from their opponents. Hudgins and Martin, the first two men up hit to second and their drives were fumbled by Neill, placing them safe. Jirounek was retired on a fly to Hula at first; McCarthy, who had relieved Davis as pitcher for the storehouse, then proceeded to tie things up with a hit through third base that scored Hudgins and Martin scored when Schulhof failed to field the hit of Dalton in time. Jack Davis, with a timely hit to right field, scored both McCarthy and Dalton and Jack registered when Red again secured a two bagger to right; Dickey was walked by Howe and Henry Neumann hit safe to right; Hudgins, coming up the second time in the inning, hit safe to short and brought in Red; Martin hit safe to third, scoring Dickey. Neumann scored on the strikeout of Jirounek and Joe McCarthy brought in Hudgins by a hit to center field.

This closed the scoring for the game as the blacksmiths were un-

able to come back in their half of the inning and left the score 13 to 5.

**Second Game**  
 The second game started as though the rip track team was going to carry home the bacon but before the smoke of the conflict rolled away, Manager Christie's miracle team had clinched the contest by the score of 14 to 7. The rip track used a number of pitchers in the game, but the picked organization seemed to take very kindly to them. Smalley, right fielder of the rip track, was knocked out in the eighth inning when a throw was made to catch him at first and which, instead of lighting in the glove of Wilson, hit Smalley and put him down for the count and made necessary his retirement from the league.

In the first act the rip trackers were able to grab off two scores. Hobby Neumann, lead-off man, was safe on the error of Burkle at third and scored when Jack Neitzel delivered a single out in the left garden. Fenwick was safe on an error by Wilson, but when Ault hit to short was forced at second, and Neitzel came home on the out.

In the second inning Winscott was safe on a bobble by Schulhof at short and scored on the hit of Smalley to center.

The third saw the Christie crew get busy in the scoring line when they added two runs to their list. McCarthy was able to secure a two sacker to center and was followed by Burbridge with a single in the same spot and when Boggs hit a safe single to left both men scored.

The fourth saw another rally registered for the rip track. Rucker was retired at first on a hit in front of the plate. Payne was safe on an error at short; Mauer was struck out; Winscott was safe on an error at first and when Smalley hit safe shortstop Payne tallied.

The Christies in the sixth enjoyed an old fashioned batting bee that gave them a good chance in the game. O'Donnell, better known as William Patrick, secured a safety to center and Ned Kelly repeated this with a drive to left; Schulhof was walked; Janda hit safe to left field; Wilson then cleared up the atmosphere by a single to center that brought in both O'Donnell and Kelly; Janda was caught between home and third and Wilson tagged will-trying to steal third base.

In the seventh more grief was the lot of the car repairers as their opponents added a couple to their list. Burkle was safe at first on a bobble at third base and was followed by Boggs with a single to center and both men came home on the hit of O'Donnell to center field.

More scoring was done in the eighth on both sides and in the total of tallies the picked team was able to secure the big end. Howe rapped a hot one to left in the opening of the inning; Janda was struck out; Wilson hit to left field, scoring Howe and McCarthy was struck out; Burbridge hit safe to right, bringing in Wilson; Burkle was safe on an error by Mauer at short; and was followed by Boggs with a hit to short on which Burbridge scored. O'Donnell hit safe to right, bringing in both Burkle and Boggs. Kelly retired the side by a fly to Neitzel.

The rip track team also got busy in their portion of the game and annexed three more scores in this inning. Ault was walked; Hobby Neumann secured a single to center and Payne picked a safe one for the right field, filling the bases, while Harry Winscott with a clean hit to left brought in three runs.

The ninth opened with a greater part of the spectators and players debating in their minds the question, "When do we eat?" as it was then after 6 o'clock and the excited opponents of the rip track prolonged the agony by making a few more runs. Jack Schulhof opened with a safe blow to center field; Janda was struck out by Hobby Neumann in the box; Wilson was safe on an error at short; McCarthy hit safe to second and scored both Jack and Tex. This completed the scoring for the game and the afternoon of baseball that certainly should have satisfied the fans. Quite a little amount was secured by voluntary donations from the fans, which will be used to purchase base balls for the use of the shop league, there being no admission charged at any of the shop games.

**REUNION OF FRANS FAMILY HELD SUNDAY**

AT THE HOME OF WYATT HUTCHINSON IN THE VICINITY OF ROCK BLUFFS.  
 EIGHTY-SIX WERE PRESENT  
 Together with a Few Relatives of Mr. Hutchinson—Fine Dinner Served at Midday.

From Monday's Daily.

To the splendid farm home of Mr. Wyatt Hutchinson, near Rock Bluffs, in Cass county, on Sunday, September 7th, came a happy group of eighty-six persons for a family reunion of the Frans family.

There also came to this reunion Darrel Marlow and family, of Jamesport, Missouri, and Robert J. Murphy, of Chillicothe, Missouri, relatives of Mr. Hutchinson. Besides these two families all other guests belonged, in different degrees of kinship, to the William Frans family. Mr. A. C. Rinehimer and wife, Emma Rinehimer (formerly Frans) reside at Elgin, Illinois, while all of the remainder of the group of eighty-six reside in the state of Nebraska.

Some time after midday the entire company was called to dinner. And such a dinner, as only the women of the Frans family could have prepared. The dinner was served in Frans, H. H. Schrader, W. S. Smith, so bounteous in amount, and so multiplied in variety that a vivid imagination would be required to enumerate them.

The Frans family was among the sturdy yeomanry who early settled in Cass county. The original branch and all the descendants have been God-fearing, law-abiding, industrious citizens, good neighbors and loyal friends.

The meeting was a notable one, and will be long remembered by all who were present.

The following is a list of those in attendance:

Carl Frans, Perry Nickels, F. G. Klimm, J. P. Campbell, Frank A. Dugay, T. G. Frans, John Frans, Chas. K. Frans, Forrest F. Frans, C. R. Frans, Chas. Wolfe, Harold Frans, H. H. Schrader, W. S. **BOTTOM ROAD GOOD**

From Monday's Daily.

Tourists and others driving to Omaha in cars from this city compliment the condition of what is known as the "bottom road" and which leads in a northeasterly direction from Laplatte, passing thru rustic Bellevue and winding its way to the main thoroughfare at the end of the paving in South Omaha. The road shows evidence of having been dragged and its upkeep is well looked after. The hill road is very rough and filled with ruts and bad chuck-holes. As a result an in-

**There Are Parts of Nebraska**  
 WHERE LAND IS HIGHER THAN IN CASS COUNTY, BUT NOWHERE CAN YOU FIND LAND MORE PRODUCTIVE OR CROPS SAFER.

Look over these choice Cass county farms we are offering for sale at prices that are attractive to the purchaser. Every one of these farms will be worth more money before spring:

104 acres located at the edge of a Cass county town, 1/4 mile from elevator. There are 19 acres in pasture and the balance is all good farm land. The improvements consist of a good eight room house, big barn, corn crib, hog house and other small buildings. You have a market practically on the farm and situated as it is it will make an ideal place to handle stock profitably with the least work. The price of this farm is \$300 per acre and the owner will give good terms to purchaser.

160 acres located 3 1/2 miles southwest of Louisville. The land consists of 50 acres of good pasture with running water fed by spring, and 110 acres of choice farm land, all in a high state of cultivation. The improvements consist of a good two-story stone house, a basement barn for 20 head of horses, with granaries built in above double corn crib and other small buildings. The improvements could not be built under \$10,000.00. This is an all-around good farm and is bound to be worth more in six months than we are asking. Price \$225.00 per acre. Will give good terms.

482 acres six miles west of Plattsouth, Nebraska, 2 1/2 miles from shipping point for both grain and live stock and 16 miles from the South Omaha market. This farm consists of 225 acres farm land, of which 60 acres is in alfalfa. We have already put up 19 big 10-ton stacks of alfalfa hay on this farm this year, and the third crop is now ready for cutting. The stand is perfect and free of any weeds. The balance of the farm land has been seeded down in the last few years and is in excellent shape. The improvements consist of a good house, large cattle barn, 48x60, horse barn, hog shed 120 feet long, cattle shed, good big granary, corn crib, and other buildings. All the land is well fenced and cross fenced, two big hog pastures fenced hog tight. The pasture consists of blue grass and clover and is very fine, 60 acres of it in the bottom. This is extra good pasture and not affected by dry weather. There is a good spring in the pasture furnishing an abundance of good water the year around. Where the improvements are there is a good well and large underground supply tank from which run underground pipes to soil waterers for all the live stock. Lots of this pasture land, especially that close to the improvements, could be farmed with very little work, and it is as good as any land you can find anywhere. The price of this place is \$75,000.00 and good terms can be arranged with purchaser.

These farms are all for immediate sale, possession to be given March 1st, 1920. It is time to do your fall plowing so do not lose any time investigating these good propositions. We will be glad to show you any of these farms at any time.

**THE POWER OF ADVERTISING**

From Monday's Daily.

Directly and indirectly, newspaper advertising is recognized as being of the greatest worth dollar for dollar expended of any other known system of creating new and holding the old business. And yet newspaper advertising, great as is its proven worth, is little short of valueless if done in a haphazard way. No business man would close his store every now and then to take a vacation whenever he felt like it, and expect to succeed. Yet there are merchants who know full well the value of advertising to their business, and who only furnish their home town paper with copy when the spirit moves them to prepare it. To those who would say, lay out a systematic advertising campaign, do not neglect it and then take note of the increasing value of printer's ink to your business.
