**Are Building a Barn**  
The barn on the place of C. E. Witherow, southeast of town, is rapidly going forward at this time, and the crew of workmen, Dan Lynn, Luther Crawford and Nova R. The graders who are working on the government aid road between Plattsmouth and Nebraska City, are making good progress and it has become necessary for them to move four miles north of Union with the camp in order to be close to their work. They are located on the John Chalfant farm and with a continuance of good weather they will be able to complete their work through Cass county before the coming of winter.

**Meets with Serious Accident**  
James Dure, the city physician, had a peculiar and very disastrous accident happen to him when he was hauling a load of paraphernalia from the picnic grounds for one of the concessions which held forth there. He was driving down a steep incline, when the axle of his wagon broke, precipitating the load onto the backs of his team, pinning the horses to the ground, which resulted in bruising them badly and skinning them up considerably. After much effort and work he was able to extricate the team and while their injuries were quite bad, and the wagon was seriously broken, he is thankful that the accident did not result worse than that.

## UNION SCHOOLS GOING AGAIN

The Attendance is Good and Much Interest is Shown by Patrons and Pupils Alike.

The schools of Union, which opened some time since, are well filled and much interest is being manifested by the scholars who are taking hold of their work and are appreciating the efforts of the instructors to give the town a good school this year.

The grades are especially well represented as there are two rural districts which were unable to secure teachers this year, which necessitated the sending of their quota of scholars to the schools here.

## LOST LAST GAME OF THE SEASON

The "Tobin Mustangs" Suffer Defeat on Old Settlers' Day at Hands of Nehawka.

With a swagger that resembled just a little overconfidence in their ability to play ball notwithstanding the fact of inadequate practice, the Union ball team, known as Tobin Mustangs, came to defeat on the last day of the old settlers' picnic, when they crossed bats with the Nehawka team. The latter aggregation had been defeated by the Union boys twice before in succession and feeling the smart of defeat were willing to put forth an extra effort in order to win. On the other hand the Union boys, felt that the task would not be hard of accomplishment, and rather laid down on their playing, feeling confident of victory. The game was a good one however and at the close of the ninth inning the score stood 11 to 11, with an open guess as to who would win. It required eleven innings to decide the contest, which went to the Nehawkites by a score of 12 to 11. This closed the ball games of the season.

## Plans for Four Inexpensive Garages

EVERY man who owns an automobile should have his own garage. The money that goes for garage rent will in a little while pay for a simple, attractive building to house your car.

Having your machine in your own garage saves time and the closer attention you give your car increases its life and cuts repair bills.

We have a booklet with plans for four garages, one of which will answer your requirements and fit your purse.

While they are designed to be built at a small cost, they are attractive little buildings and will enhance the value of any property on which they are built.

For all outside uses we recommend White Pine as the most economical purchase because it does not warp, or rot or twist, even after years of exposure. It takes paint better than any other wood.

If you are going to do your own building you will find it easy to work and easy on tools.

Phone us and we'll send you our book of Garage Plans, together with our estimate of cost.

Orville has been driving nicely with his left hand since the accident.

There is no telling when a man may begin to exercise unexpected powers and attain the top notch. Sometimes it is in the thirties, sometimes it is in the forties, but there is always a chance, providing a man is a worker and providing he still takes an interest in life. Triner's Angelica Bitter Tonic is a preparation which may be very important for the display of such hidden energies. It stimulates the digestive organs to work, braces up the nerves, insures a healthy sleep, and so when you awaken in the morning you feel fit for work and you are in the best humor. The ingredients of Triner's Angelica Bitter Tonic belong exclusively to the vegetable kingdom. Your druggist has it in stock for you. Try it! It is also very valuable in convalescence in general and particularly after fever attacks or after colds—Joseph Triner Company, 1333-43 S. Ashland Ave., Chicago, Illinois.
