ASKS TO HAVE PROPERTY PLACED OUTSIDE OF CITY

From Monday's Daily.
 A petition has been filed in the district court by John Bukacek and Frank Bukacek in which they ask that their property in the north-west part of the city be declared outside of the corporate limits of the city of Plattsouth as they do not enjoy any of the benefits of the city government and owing to the taxation involved would prefer to be residents of Plattsouth precinct. The petition names Mayor H. A. Schneider and the ten councilmen of the city as defendants representing the city of Plattsouth. The case will be heard on October 6th.

RAISES FUND FOR PASTOR.

The members of the Christian church of this city in recognition of the able services of the pastor,

Rev. L. W. Scott, the last of the week decided that the pastor should be sent to the state conference at Kearney and accordingly Luther L. Pickett, one of the leaders in the church work started the ball rolling to provide the funds for the trip of the pastor. Mr. Pickett found the membership of the church responsive to the request for funds and the members of the young men's class of the church went over the top with a subscription of more than half of the expense money. The pastor was yesterday presented with the fund raised and feels very grateful to the young men, the members of the church and Mr. Pickett for their recognition of his services. Rev. Scott left this morning for Kearney to attend the convention.

LOUISVILLE WON FROM THE RED SOX TEAM

IN A GOOD, FAST, CLEAN GAME PLAYED ON LOCAL LOT YESTERDAY.

THE SCORE WAS ONLY 3 TO 2

Game Being Played in Record-Breaking Time—Lasted but Little Over an Hour.

The Louisville base ball team journeyed down to our peaceful little city yesterday afternoon and returned home with the big end of the gate receipts by a score of 3 to 2. The game was a fast one with excellent work on both sides and aside from a few bobbles by the locals was high class ball throughout and the game while a defeat for the Sox was enjoyed very much by the fans regardless of the result. The Louisville team was a pleasing bunch of ball players and played a straight, clean game all the way through. They will play the Sox at the park here on next Sunday.

Philly, from out in the northern part of the state was on the mound for the local team and threw a good steady game and aside from a walk and one unfortunate throw which resulted in hitting one of the Louisville batters he was able to keep the game in good control. Fritz Huff, well known to the Plattsouth fans, did the dark work for the visitors and kept his hits well scattered. Pete Herold did some excellent fielding, as did Mason, and the one handed catch by Pete in the seventh inning robbed the visitors of a hit. Eddie Gradoville played his usual steady game behind the bat and his stick work was a feature of the game.

In the opening inning the visitors gathered in two scores when Koop hit safe through first base and was scored on the single of Gobelman to center field; Tyo with a safe jab to right, brought in Huff, who had been hit on the arm by one of the slants of Philly.

In the fourth act of the little drama, the Sox made two runs that tied up the game when Mason was walked; Gradoville was safe when Ossenkop in the left field failed to hold his high fly, and both men came in when Fred McCauley tapped the pill for two bags.

In the fifth inning the visitors added another and which proved the winning run when Rockwell secured a two sacker to the center field and later scored on a wild peg to third base from first.

The Sox several times in the succeeding innings had the bases choked but were unable to put any of the runners over the plate for a score that was so badly needed, and dark defeat perched on their banner at the close of the contest.

The game was played in record breaking time, as a little over an hour was required to complete the full nine innings.

ENGINE FOR LIGHT PLANT HAS ARRIVED

300 HORSE POWER CHOSE-CORLISS TYPE ENGINE WILL CARRY THE LOAD

NEW SWITCHBOARD DUE SOON

Installation of Equipment Here Will Safeguard Us Against Darkness for Long Periods.

The event that has long been looked forward to by the people of Plattsouth has occurred—the arrival of the new 300 horse power engine that is to be installed in the electric light plant in this city to provide for emergencies that in the past have caused a shutting down of the power and light service to the city. The engine arrived yesterday and today is being unloaded and will be placed on the new bases erected for it in the power house as soon as the concrete foundation has "set" sufficiently.

The new engine is a brand new product of the Chose-Corliss type and has not been in operation at all but is delivered direct from the factory to the Nebraska Light & Power company for use in the plant in this city. The engine is fully capable of handling the load demanded by this city and the service out in the county and is a guarantee that in the future in case of a breakdown of the plant furnishing the power and light over the transmission line the plant here can be brought into play and furnish the electric juice to the Plattsouth consumers.

The new switchboard ordered for the use of the plant was guaranteed for delivery within three weeks and as one week of this period has elapsed the switch board is due to arrive within the next two weeks and will at once be placed in the plant to furnish service to the city.

These improvements that will afford an independent unit for service in case of a breakdown, will bring much satisfaction to the users of light and electric power and to Superintendent James Kaykendall as well, as he has been up against it in time of a breakdown, being wholly without means of giving relief to the people and at the same time bearing the brunt of the complaints, which of necessity was made by the patrons of the company over the city.

With the improvements made and the plant here placed in condition where it can be used in case of need there should be little trouble in keeping the service on here in case it is impossible to supply the city over the transmission line.

Mr. Peacock spent the day with his wife in Omaha Saturday and accompanied her back home.
