

## E. M. POLLARD IS HIGH MAN IN PRIMARY

EX-CONGRESSMAN OF NEHAWKA LEADS IN PRIMARY ELECTION RETURNS

## A. L. TIDD, THIS CITY, SECOND

Although Race is Still Close, with Mr. Tidd and Searl S. Davis, of Murray, Contenders.

From Wednesday's Daily.  
The primary election to decide the choice of the voters to go on the ballot in November as candidates for delegate to the constitutional convention was the lightest that has ever been held in the county and very little interest was shown in the outcome of the battle by the voters of the county, as only a very small per cent of the vote was polled in any of the precincts.

Ernest M. Pollard, of Nehawka, former congressman from the first district, seems to have been an easy victor over his opponents for a place on the ticket as he has a lead over the county that seems impossible to overcome and all of the precincts of the county outside of Plattsmouth and Rock Bluffs have given him a majority of the votes cast. In the western and middle sections of the county, Mr. Pollard has carried almost all of the precincts.

The race for second place, the winner of which will also appear on the ballot in November, is rather close, with Attorney A. L. Tidd, of this city having a small lead over Searl S. Davis of Murray, of seventy votes, but with the very light vote cast it is still uncertain which of the two will come under the wire in the second place.

In the city of Plattsmouth Mr. Tidd secured a very handsome vote carrying all the wards with the exception of the first, where Mr. Pollard was given a majority. In East and West Rock Bluffs Mr. Davis was given a big majority of the votes cast and he also ran well in Plattsmouth precinct, although the precinct was carried by Mr. Pollard.

The bad weather has interfered with the canvassers bringing in the returns from the outlying precincts and especially in the central part of the county and upon these depends the result between Mr. Tidd and Mr. Davis, as the result there will not tend to lessen the lead of Pollard and will probably add to his majority, as one of these missing precincts is Nehawka, the home of Mr. Pollard.

For candidate in the eighth district, the name of W. H. Pitzer, of Nebraska City, was the only one appearing on the ballot, and he will have a large majority. The voters, however, took occasion to write in the names of different persons so that Mr. Pitzer will have an opponent at the polls. The vote was quite scattering on the written ballots, as W. B. Banning had at noon received two votes and Matthew Gering, J. M. Leyda, L. G. Todd, W. H. Puls, W. D. Wheeler and John Beeson one each for this office.

The Vote by Precincts  
The vote by precincts is given below. The first column is that of E. M. Pollard, the second that of A. L. Tidd and the third that of Searl S. Davis. As stated above, a number of precincts remain to be heard from:

Plattsmouth, 1st Ward	34	20	3
Plattsmouth, 2d Ward	12	47	3
Plattsmouth, 3d Ward	18	36	5
Plattsmouth, 4th Ward	12	20	1
Plattsmouth, 5th Ward	6	27	3
Plattsmouth Precinct	29	2	19
East Rock Bluffs	3	3	12
West Rock Bluffs	3	1	47
Liberty Precinct	43	6	6
Louisville	21	4	4
South Bend	12	3	1
Salt Creek	23	8	3
Tipton	38	5	8
Weeping Water	22	—	11
Center	4	1	24
Eight Mile Grove	2	9	2
Total vote reported	273	192	159

Wanted: Steady work on farm for married man. Address Albert E. Shafer, P. O. box 605, Plattsmouth, Neb. -wk-d&w

## DOING AWAY WITH BRIDGE.

From Wednesday's Daily.  
In the vicinity of Louisville there is a portion of the road that has occasioned the road supervisor there considerable trouble due to the fact that it is crossed twice by a small creek in the area of a few miles and the county has been at considerable expense in keeping up these bridges. To overcome this the board of commissioners some time ago entered into an agreement with James M. Hoover for the construction of a ditch along the roadway that would carry the water of the creek and permit the filling up of a portion of the old creek bed and do away with the need of maintaining so many bridges in such a small territory. The board yesterday entered into a contract with Ray Bennett for the construction of the ditch which is to be thirty-five feet wide and of a depth sufficient to carry off all the surface water formerly carried by the creek.

## POPULAR YOUNG PEOPLE WEDDED

Mr. Henry F. Nolting and Miss Emma C. Tritsch United in Marriage Here This Afternoon.

From Wednesday's Daily.  
This afternoon at 1:30 at the residence of Rev. H. G. McClusky and family occurred the marriage of Mr. Henry F. Nolting and Miss Emma C. Tritsch, the marriage lines being read by Rev. McClusky. The wedding was a very quiet one and the bridal couple were accompanied by Miss Dora Nolting, sister of the groom and Mr. Hugo Meisner, as the attendants. Following the wedding at the manse the young people prepared for their wedding trip and left this afternoon for Plymouth, Michigan, where they will enjoy a honeymoon of several weeks before returning home and will make their home in the future on the farm where their home is awaiting their coming.

The bride is the charming and accomplished daughter of Mrs. Ida Tritsch, and has been reared to womanhood in this community where her charming personality has won her a host of warm friends who will join in wishing her much happiness in her future life. The groom is a son of Mr. and Mrs. August Nolting and is one of the enterprising and energetic young farmers of the county who has made for himself a splendid reputation as a young man of integrity and worth.

The Journal joins with the many friends of Mr. and Mrs. Nolting in wishing them a long and happy married life filled with all the success and joy that they so well deserve.

## SHOWS ARE EXCELLENT.

From Wednesday's Daily.  
Both of the moving picture theatres in this city last evening had especially fine programs arranged for their patrons which the poor lighting service made impossible of showing at the two shows as had been planned and as a result a number of the patrons were disappointed but they will have the opportunity of witnessing these shows this evening.

At the Gem "The Unpardonable Sin" was shown and was one of the best of the late pictures and one that made a very deep impression upon those who had the opportunity of witnessing it. This picture is different from the usual run of the movies and is one that thrills the beholder with its intensity.

The Parmele presented America's favorite, Fatty Arbuckle in "one of his side splitting comedies which was much enjoyed and "A Desert Hero" Fatty was all there. "Poor Boob" with Bryant Washburn in the steller role was one of the features of the program and this pleasing picture was much enjoyed.

Any young man or young lady wishing to prepare for a Government or Banking position, should write for free particulars to the well-known Grand Island Business College, of Grand Island, Nebraska—thirty-five years' successful experience in qualifying young people for Government, Banking and Business positions. 90-8

Homecoming celebration, Oct. 4.

## SENATE IS ON EDGE OVER THE PEACE TREATY

CONSIDERATION MARKED BY INTERCHANGE BETWEEN HITCHCOCK AND LODGE.

## WANTS PROGRAM CARRIED OUT

Reach First Section Amended When Adjournment Is Taken By Senators.

Washington, D. C. Sept. 16.— Formal reading of the German peace treaty for amendment was begun late today in the senate, after a sharp parliamentary wrangle and demand by democrats for an avowal from Republican Leader Lodge that the pact be kept continually before the body.

It has not been the intention of opponents of the treaty to take it up this week, as was indicated by a motion of Senator Smoot to consider other legislation after a four-hour discussion. Senator Hitchcock of Nebraska, leader of the administration forces, insisting the treaty was emergency business and pointing out not one line of the document had been read, drew fire from Senator Lodge by asking if in all good faith it was his purpose to expedite consideration.

"My good faith and what I intend to do is my business," Senator Lodge replied with feeling, and the crowds in the gallery leaned forward, expecting the first real fight over the treaty. Senator Hitchcock thereupon again asked Senator Lodge if he intended to carry out his promise and keep the treaty before the senate.

"Certainly do, and in my own way, without advice from the senator from Nebraska," Senator Lodge declared.

## Order Reading of Treaty.

The answer was hurled by the senator with so much emphasis and feeling that the galleries broke into applause, which led the discussion to the conduct of the crowds coming out daily to hear it.

President Pro Tempore Cummins declared that while visitors had been permitted to applaud at the end of an address, in violation of the standing rules of the senate, they would not be permitted to show partisan feeling by noisy demonstrations. Senator Hitchcock said the galleries generally were not aware of the rule until it had been broken, and Senator Williams, democrat, Mississippi, insisted the rule ought to be abolished so that visitors could give expression to their feelings.

Reach Johnson Amendment.  
The democrats asked for the eyes and nays on the Smoot motion to take up other business, and this was met from the republican side by the claim that there was no quorum. Before the count was announced, Senator Smoot withdrew his motion and reading of the treaty was begun.

The reading clerk struggled through the preamble with its list of all the signatories, difficult to pronounce. The clerk had read through Article 3 of the league covenant when he reached the amendment by Senator Johnson of California to equalize the vote of Great Britain and the United States.

Senators on Edge.  
All things considered, the treaty had virtually a full day's run, starting off with a three-hour address by Senator Sherman, republican, Illinois. It was evident that the senate was in a fighting frame of mind, as Senator Sherman was interrupted today by Senator Hitchcock and Senator Walsh, democrat, Colorado, and answered by Senator McKellar, democrat, Tennessee.

After Senator McKellar had delivered a spirited defense of the treaty, Senator Lodge, calling attention to the president's statement in an address last night at Portland, Ore., that the senator in 1915 favored a league of nations, quoted from here that a score of speeches by

the president to show, he said, inconsistencies on the latter's part.

Changes of mind had nothing to do with the merits of the case, the senator declared, and his statement that the United States was the best hope of mankind and would remain so, provided it did not become involved in foreign entanglements, was vigorously applauded.

## NICE RAIN LAST NIGHT.

From Wednesday's Daily.  
Gentle showers visited this vicinity last evening and this morning, a considerable amount of rain falling during the 18 hour period. In Omaha, however, the fall was much heavier, commencing several hours earlier than here. It is but reasonable to expect a visitation of the rainy season during the next few weeks, and we need not be surprised if it proves our lot to get some of the withheld moisture we needed so badly earlier in the season.

## PEOPLE TO PASS ON BOND QUESTION

Board of County Commissioners Vote to Submit to People Question of Voting \$100,000 For Bridges.

From Wednesday's Daily.  
The board of county commissioners at their session yesterday took up the question of the needs of the county in the way of new bridges and which need is becoming more pressing and the county board decided that it was fitting and proper that the people of the county by their votes decide at the November election whether or not they desired the issuance of bonds that would permit the construction of the bridges and will have the proposition placed on the ballot at the November election on whether or not the county be authorized to issue \$100,000 in bonds. The work of the commissioners along the lines of bridge and road work has been handicapped by the fact that the amount of funds has been limited and the increasing amount of work desired and becoming necessary over the county makes it necessary that they either have more funds to do the work with or let it go, and as it is the taxpayers who are to foot the bill, the commissioners will await their instructions before they take up the matter of replacing the bridges. A great deal of the bridge work put in years ago is getting in such shape all over the county that some action should be taken and in several cases the board has been able to help the situation by reconstruction of roads doing away with an occasional bridge but, there are a great many places where bridge work is badly needed and should be done but this will have to rest until more money is available.

## RECEPTION IS POSTPONED.

From Wednesday's Daily.  
The informal reception which was to have been given at the Methodist church this evening to Rev. T. A. Truscott and wife, formerly in charge of the church in this city has been postponed owing to the fact that it was impossible for the guests of honor to reach this city until tomorrow. Rev. and Mrs. Truscott are soon to leave for South America where they will take up their work for the church in the Argentine Republic. Prior to their coming to Plattsmouth the Truscott family spent several years in the southern country where Rev. Truscott was very successful in his church work and had a strong pastorate in the Argentine. For the past year he has been located at Svracde, Nebraska, in charge of the church there but his marked ability in the wider field of foreign work has led to his call to service abroad and therefore he will take up the new duties. The friends of this estimable family regret very much to see them leave this state but extend to them their best wishes for happiness and success in the new home in the far country of the southern continent.

## FOR SALE.

Coming three year old colt. Well broke and gentle, \$55. For particulars see Frank Koubek, Plattsmouth, Neb. 11-1wk&w

You will find a nice line of popular copyright books at the Journal

## MILLIONS OF LOSS ADDED TO DEATH TOLL

INDUSTRIES AT CORPUS CHRISTI AND PORT ARANAS ARE WIPED OUT.

## SHORE STREWN WITH BODIES

Relief Is Sent by Train and Airplane to the Stricken City.

With the known death list at least forty-seven at Corpus Christi and estimates that the toll will amount to seventy-five or 100 in that city alone, the situation in the storm-swept West Gulf coast region of Texas, continued unbroken Tuesday night.

While the death list in the affected territory outside of Corpus Christi probably is considerable, there was no confirmation of reports placing the total into the hundreds. Probably the most definite news came from Corpus Christi Tuesday night in the statement that fifty-six bodies, none of whom had been identified, had been discovered between Portland and Taft. This information was brought across Nueces Bay by a resident who asserted that twenty-six of the dead were at Portland, which lies across the bay eight miles west of Corpus Christi; twelve at one ranch house and eighteen at another.

## Wind 90 Miles Hour.

Reports in railroad circles at San Antonio were that the dead in Rockport would not exceed three. Radio advices at Galveston said six men were drowned at Port Aransas and that all the women and children there had been saved.

Telegraphic advices received by the press direct from Port Lavaca which place had been isolated since Sunday, reported no loss of life there or at Seadrift and Port O'Connor, but said the property damage at Port Lavaca would be about \$100,000, mainly on the bay front and to shipping. Port O'Connor and Seadrift were said to have been considerably wrecked by the wind which reached a velocity of sixty-five miles an hour. The velocity for a few seconds at Port Lavaca was reported as having attained ninety miles an hour.

## Relief Hurried On.

State machinery for relief of storm sufferers was completed last Tuesday by Governor Hobby who Tuesday units of the Texas national guard to relieve federal troops at Corpus Christi as quickly as transportation could be arranged. The governor issued a proclamation urging prompt contributions of money and supplies to the relief fund.

Three relief trains reached Corpus Christi Tuesday with food, bedding, clothing and medical supplies and other trains were en route. Two relief trains were reported stalled by washouts at Alice, Tex.

Seven scout airplanes were ordered from Kelley Field, San Antonio, to go to Corpus Christi, and find suitable landing fields for larger planes which may be used to transport supplies from the stalled trains into the city. The scouting planes also were under instructions to endeavor to get news from Port Aransas and Rockport.

## Loss Ten Millions.

Latest estimates placed the property loss in Corpus Christi at \$10,000,000 and meager advices indicated the damage at Port Aransas would be very heavy.

Destruction in the lower part of the business section and along the north beach at Corpus Christi was reported "indescribable." Rescue workers faced a tremendous task of clearing the debris blocked streets and a steady rain which set in at noon delayed it some.

## RETURN HOME AFTER VISIT.

From Wednesday's Daily.  
Mesdames H. F. Winke, Fred Boedecker, both of near Wausa, sisters, the former from Mt. Pleasant precinct, and the latter formerly living near Louisville, who have

been visiting with relatives near and at Tulsa, Oklahoma, passed through this city on the Missouri Pacific for their home in the north part of the state last Tuesday. They report they were having an excellent time on their visit and were taking some Oklahoma peaches home with them. They say the weather in the south was excessively warm.

## RASMUS PETERSEN ILL

From Wednesday's Daily.  
Rasmus Petersen, one of the old residents of the city, who has been in very poor health for some time was taken seriously sick at his home in the west part of the city yesterday afternoon and has since been confined to his bed. Mr. Petersen has been in failing health for the last three years and has had a number of very serious attacks, which makes his present illness the cause of much anxiety to his family and friends.

## DEATH OF MRS. S. E. HALL LAST EVENING

Aged Resident of City Called to Her Last Rest Last Evening After Illness of Long Duration.

From Wednesday's Daily.  
Last evening at 7:30 Mrs. S. E. Hall, long years a resident of this city, passed away at her home in South Park after an illness covering several months duration. Mrs. Hall has during her residence here made many warm friends who learn of her death with the deepest sorrow and share with the sorrowing children the grief that death has brought to them in the loss of the mother and friend. During the long period of illness Mrs. Hall bore her troubles with true Christian fortitude and with faith unshaken awaited the final summons that bring to her the peace and rest that her Christian life had merited.

The funeral of this worthy lady will be held tomorrow afternoon at 2:30 from the late home.

A biographical sketch of the departed will appear in the Journal tomorrow.

## LIGHT SERVICE PUT ON THE BLINK LAST NIGHT

From Wednesday's Daily.  
As the result of the burning of a pole on the transmission line six miles west of this city last evening the electric service in this city was put out of commission for several hours from 5:30 to 9 o'clock. The cause of the accident seems rather mysterious as there had been no storms or electrical disturbances to cause the fire and as far as can be ascertained the reason for the short circuit of the line causing the pole to catch fire, is something that cannot be solved by the light company. The company as soon as the shortage on the line was discovered sent out workmen to the scene of the trouble and had the work of repairing started but it required some time to repair the damage and get the wires strung up in proper shape.

The work of assembling the machinery in the plant here was commenced this morning by the force of workmen under Superintendent Kuykendal and it is hoped to have it ready in a few weeks to overcome these annoyances in the way of breakdowns of the service to the Plattsmouth consumers. Every effort is being made by the local management to overcome the difficulties in the way of getting the proper kind of service for the Plattsmouth people but until the plant in this city is equipped they are rather up against it as the accidents to the transmission line is something that it is impossible to forestall and it naturally requires some time before the damage can be repaired and the line put in working order.

## MARRIED IN OMAHA

From Wednesday's Daily.  
Yesterday at Omaha a marriage license was issued to Conrad Dehning, of Louisville and Miss Mary Carey, of Weeping Water, and the two young people had the bonds of matrimony performed in that city. Both parties are quite well known in the central portion of the county, where they have been making their home practically all their lives.

## BAN PLACED ON SINN FEIN IRISH ORDER

BRITISH GOVERNMENT SUPPRESSES ENTIRE ORGANIZATION THROUGHOUT IRELAND.

## ACTION TAKEN FOLLOWS RAIDS

Arms, Explosives and Much Literature Seized by Officers.

Dublin, Sept. 12.—Following closely upon a speech delivered by Viscount French, lord lieutenant and governor general of Ireland at Belfast Thursday, in which it was declared that the British government would not hesitate to resort to drastic steps to maintain law and order in Ireland, the authorities today proclaimed the suppression of the Sinn Fein parliament and Sinn Fein organization throughout Ireland.

A series of raids and searches for arms and documents were made in the local Sinn Fein headquarters in numerous towns in addition to Dublin, among them Cork, Belfast, Galway and Londonderry. Two prominent Sinn Fein members of the house of commons were arrested here and the residences of many persons of Sinn Fein leanings in Dublin and other places were searched.

There were slight disorders in a few places but no reports of a serious resistance to the raiders have been received. A detective was shot and killed in Dublin.

In the raids some arms and explosives were found. Large quantities of documents and Sinn Fein literature were seized, notably in Dublin, where every copy of the report of Frank P. Walsh and Edward F. Dunne, who investigated conditions in Ireland on behalf of American-Irish societies and correspondence relating to arranging trade relations between Ireland, the United States and the other foreign countries fell into the hands of the authorities. The belief was expressed in Sinn Fein quarters here tonight that nothing of incriminating nature was found.

## ENJOYS PICNIC PARTY.

From Wednesday's Daily.  
Last evening Rev. H. G. McClusky and wife and Miss Ethel Hughes, Mr. and Mrs. C. A. Rawls, Mr. and Mrs. D. C. Morgan and daughter, Miss Gertrude, and Mr. and Mrs. Fred Morgan, decided to enjoy a pleasant picnic supper and made their plans to picnic along the banks of the Four Mile Creek, but the threatening weather caused them to change the program and the very pleasant event was held at the grove on the Sage farm on west Rock street. A dainty and tempting picnic supper was spread beneath the shade of the trees and here the members of the party enjoyed themselves until twilight when they returned to their home.

## HAS SOME BASE BALL TEAM.

From Wednesday's Daily.  
This morning John Mefford, one of the leading residents of Greenwood, was in the city for a short time, bringing in the returns from Salt Creek precinct. Mr. Mefford is one of the leading residents of Greenwood and is also one of the loyal base ball fans of that place. He states that Greenwood has had one of the most successful base ball teams this season of any town in the state and the result of their games has given them a big lead over any of the other teams in this portion of the state. The Greenwood team has tried several times to secure a game with the Red Sox of this city either at that place or in Plattsmouth but the two teams were unable to get together. Greenwood has a fine new ball park with a grandstand capable of seating 1,000 people and at this park they will stage a big tournament next week on Friday, Saturday and Sunday, with big prizes for the winning teams.
