A NEIGHBORHOOD TEA HELD YESTERDAY

Honoring the Bride-Elect, Miss Claire Dovey—Given by Miss Mae Murphy in Afternoon.

From Friday's Daily.

Yesterday afternoon Miss Mae Murphy presided at a half past five o'clock tea in her characteristic demure manner. The occasion was given in honor of Miss Claire Dovey, whose marriage to Mr. Jay Brown, of Cleveland, Ohio, will be solemnized October first. The bride-elect was most becomingly gowned in a soft, changeable silk of the brown tone shimmering through a surface of silver grey.

Promptly at the appointed hour the guests were ushered into the dining room which was aglow with scarlet salsvia and the mellow flicker of red candles. The color scheme lent an indescribable charm to the gloom of the weather and emphasized the cheerfulness of the surroundings within.

The table appointments were very beautiful. Three courses of tempting viands were served by the sister of the hostess, Miss Lillian Murphy, assisted by Mrs. E. J. Richey. Covers were laid for the hostess, the guest of honor, Miss Dovey, Mrs. Henry Goos, Mrs. Will Robertson, Mrs. John Donelan and daughter, Miss Margaret, Miss Hazel Dovey, Miss Barbara Gering, Miss Ione Dovey and Miss Mia Gering.

The tea was followed by an evening at bridge whist, over which the guests displayed intense interest. The hours whirled rapidly and the unanimous expression of those present was hopeful for many more functions of this nature. (Signed) A GUEST.

GREAT VALUES FOR LITTLE MONEY INVESTED. In Farm Lands and Stock Ranches in Southwest Nebraska.

Where many easterners have come with small means and have raised grain and stock until today they have a comfortable home of their own and are surrounded by plenty, and some have made large financial gains.

Prices have just begun to advance here this year and it is only natural that they rise to a level with prices elsewhere for land with the same productive power.

Fifteen to twenty bushels of wheat and twenty to thirty bushels of corn per acre is a fair average crop here, although in some sections corn has yielded as high as 60 and wheat 40 this year. One farmer got 64 bushels of oats per acre and many fields of wheat have yielded 25. In some cases the crop is selling for more money than the land it grew on. Most land is selling from \$40 to \$60 per acre and \$65 to \$100 for good farms close in.
