

Put a punch in Your personality

STAGE yourself. Remember: the fellow with the outward look of prosperity gets the inside track to opportunity. The well dressed man always has the edge on the sloven.

—This live store is here to help you put a punch in your personality with the Finest of Clothing, Ready to Wear, as produced for us by Hirsh, Wickwire, good clothes makers to the best dressed men in America for over forty years.

—These fine suits and overcoats for Fall, 1919, were cut and stitched by hand. Nothing but the finest fabrics woven were used inside and out.

—The styles are youthful, dashing or sturdily conservative; as you wish. Your choice of color or pattern will be unlimited. We guarantee a perfect fit for regulars, tall and stouts.

—Good clothes cost more today, but the signs of the times point to still higher prices. We purchased our present showing early. We bought in greater volume, and got the price advantages which volume buying always brings.

—We are out to capture your patronage with the greatest values within your clothes buying reach, and we'll do it if you will come, investigate, try on, compare these clothes with others.

—Now is the time—while our showing is absolutely complete.

"EVERYBODY'S STORE"

Murray

MURRAY ENJOYING STEADY GROWTH

Already Has Cabinet Shop Ready to Turn Out Product—Broom Factory in Sight.

With other towns receiving new industries now and then, Murray is not being overlooked, for she is having added to her list of manufacturing industries two new concerns, a broom factory and a cabinet and car body factory.

The former industry is being financed by Charles Tilson, who has purchased the building standing near the home of W. H. Paul, which he is having moved to his lots in the northeast part of the city for the purpose of installing his broom making machinery therein. The work is being done by R. D. McNurlin, the veteran house mover of Weeping Water and his coterie of workmen.

When the building is established on its new foundation, Mr. Tilson will immediately install the machinery and commence the manufacture of the Murray-made broom.

Mr. Theodore Bouton, who has been in the west for some time past has returned to Murray just recently and built a house. Now he has taken steps to permanently establish himself in the community by opening a planing mill and cabinet shop, with jointer, band and rip saws, together with other machinery adapted for his line of work. Besides being an expert carpenter and builder, drawing all his own plans, Mr. Bouton is a cabinet maker of the first water, and but recently constructed a photograph cabinet for Jacob Hill which would put to shame the best constructed cabinets on the market for that purpose at anywhere near the price at which he can construct them.

Mr. Bouton will also engage in the manufacture of truck bodies and sedan bodies, as well as coupes for automobiles. The machinery which he has installed will enable him to do the work at a more rapid rate than was possible before. The new labor-saving machine is known as "The Pride of the Shop."

Murray Christian Church

Next Sunday, September 28th, is Rally day and Promotion Sunday. We have set our aim for 100 present at the Bible school. We have a souvenir to give to each person present. This day closes our contest with the Juniors of the Bethany Bible school. If each one comes and brings one we will have the hundred and surely win the contest. Those who have been in their present classes the full time will be promoted to the class next higher.

Beginning on Rally day our services will all be held according to old time, as nearly all the clocks in Murray are now turned back an hour. Just turn your clock back an hour and come at the usual time, namely: 9:45, short story for all; 10:00, regular Bible school and men's class; 11:00, rally and promotion day program instead of preaching service. At 8 o'clock instead of 8:30 the preaching service will begin. Come to the church that has a message and a welcome for you.
C. E. HANNAN, Minister.

E. E. Moore Has New Workshop

E. E. Moore, who has opened a new auto repair shop in the D. C. Rhoden livery barn, is busy these days looking after the repair of autos and is enjoying a good business. He is an excellent workman and is capable of turning out first class work. Mr. Moore is bending every energy to give the utmost satisfaction to his patrons.

Makes Purchase of Property

Robert R. Nickles has purchased the property in Murray, which has been the home for a long time of Mrs. W. S. Brown, on Main street. It is his intention as soon as possession is given to move to Murray to make his home. He expects to be nicely settled about November first.

Mr. and Mrs. W. J. Philpot were visiting with relatives in Omaha last Saturday and Sunday. They were accompanied by their daughter, Miss Marie, who is attending school in Omaha this year. Mrs. Philpot, on her return, stopped for a short visit at the home of her sister, Mrs. Wm. Hunter, of Plattsmouth.

Walker Gilmore and Everett Spangler departed last Monday for Lincoln, where they begin a course at the state university this year.

CALLS CARRANZA A TRAITOR.

Washington, Sept. 22.—Francisco Villa, general in chief of the revolutionary forces in Mexico in a "manifesto for the nation," a copy of which has just reached Washington, assails President Carranza as "a traitor" and calls upon Mexicans to join him in a new campaign against the regime of Carranza. This manifesto which is dated "En Campamento" in Durango, begins: "To the large number of crimes against the democratic regime, against the tranquility of the country and against the security and welfare of its inhabitants, Carranza has only now added a new offense against the dignity and sovereignty of Mexico."

The money you spend in a consistent newspaper advertising campaign will come back to you trippled in a very short time.

MORMON LEADER AT ISSUE WITH SMOOT

Salt Lake City, Utah, Sept. 22.—President Heber J. Grant of the Mormon church today took issue with statements made recently by United States Senator Reed Smoot of Utah, to the effect that the Book of Mormon is opposed to the league of nations.

GREAT VALUES FOR LITTLE MONEY INVESTED

In Farm Lands and Stock Ranches in Southwest Nebraska

Where many easterners have come with small means and have raised grain and stock until today they have a comfortable home of their own and are surrounded by plenty, and some have made large financial gains.

Prices have just begun to advance here this year and it is only natural that they rise to a level with prices elsewhere for land with the same productive power.

Fifteen to twenty bushels of wheat and twenty to thirty bushels of corn per acre is a fair average crop here, although in some sections corn has yielded as high as 60 and wheat 40 this year. One farmer got 64 bushels of oats per acre and many fields of wheat have yielded 25. In some cases the crop is selling for more money than the land it grew on. Most land is selling from \$40 to \$60 per acre and \$65 to \$100 for good farms close in.

Come and see our farms and we will convince you.

Let Us Help You Plan Your Home

NOTHING gives a family more self-respect than owning its own home. Nothing else contributes so much toward the standing of a family in the community. It costs no more to build an attractive house than an unattractive one. It's all a matter of design—a matter of putting a little effort into planning the house. And design adds to the sale value of a house.

We can help you plan your house so that it will meet your needs.

Our booklet "White Pine in Home-Building" has valuable suggestions both on attractive designs in wood houses and on floor plans. Come in or send for it.

For the outside of a house White Pine is still the best wood on the market. Even after years of exposure to the weather it does not warp or twist or rot. It always stays where you put it.

That is why it has always been the favorite wood with architects.

FILES SUIT IN DISTRICT COURT.

From Wednesday's Daily.

A suit has been filed in the office of Clerk of the District Court James Robertson by Minnie E. Booth vs. Frank Lanning. In her petition asking judgment in the sum of \$212.44, the plaintiff alleges that on August 6, 1918, that she executed two notes of the value of more than \$200 and these were delivered to the defendant Lanning. It is further alleged that in August, 1918, the plaintiff disposed of a load of grain to the Farmers Elevator and which was delivered by her agent, F. G. Booth and who received a check from the manager purchasing the grain in the sum of \$205. The agent of the plaintiff, F. G. Booth, acting under the instructions of the plaintiff it is claimed turned this check over to the defendant Lanning with the request to give him \$5 in cash and apply the \$200 amount of the check to the payment

of the notes. It is further alleged that this check was cashed and that the money was not applied on the payment of the notes and has been held since that time in the possession of the defendant. It is also stated in the petition that the two notes of the plaintiff were disposed of by the defendant and that he has not the ownership or possession of same. The judgment is asked in the sum of \$212.44. Berge & McCarthy of Lincoln appear for the plaintiff in the action.

W. C. T. U. HOLD SOCIAL MEETING

From Wednesday's Daily.

The ladies of the W. C. T. U. held a most delightful social meeting Monday afternoon, at the cozy home of Mrs. Henry Spangler, on Rock street. A short business session was held, at which time delegates to the state convention, which will be held at York, Neb., October 7th, were appointed. Following this

business session, a pleasing program was given, and which was very much enjoyed by the large number in attendance. Mrs. George Dodge gave a reading, in which she told "How the Eskimos Put the Booze Out of Their Country." Miss Lucy Arnold also gave a very interesting reading. One of the honorary members, Mrs. C. E. Wescott of Los Angeles, Calif., who is visiting relatives and friends in the city, was present and gave a most excellent reading. While it is impossible for Mrs. Wescott to be present at all their meetings, the ladies of the Plattsmouth organization appreciate very much having in their midst and glad she finds it convenient to occasionally attend their meeting. The program closed with benediction. The ladies then devoted a few moments to a very pleasant social time listening to victrola selections and partook of some dainty refreshments.

The next meeting will be held at the country home of Mrs. Oscar Gopen, south of this city, on October 20th.

DISTRICT CLERK SICK.

From Wednesday's Daily.

James M. Robertson, clerk of the district court, has been on the retired list for the past two days with a severe cold and has for a part of the time been confined to his bed but is now feeling much better and hopes in a few days to be back on the job as usual. The presence of the genial clerk has been missed by the callers at the court house and his friends are hopeful that he will soon be able to be at his desk—as usual looking after the affairs of the office.

Don't use harsh physics. The reaction weakens the bowels, leads to chronic constipation. Get Doan's Regulents. They operate easily. 20c at all stores.
