

# MURDOCK DEPARTMENT.

PREPARED EXCLUSIVELY FOR THE JOURNAL.

## The Bank of Murdock

Conducts a General Banking Business and invites new accounts. We are in position to give personal attention to the needs of any and all customers, and assure them that they will receive considerate and courteous treatment at all times. If you wish to deposit money either on Time Certificate of Deposit, or desire to open a checking account, we are here to serve you.

Interest paid on Time Deposits, if left six or twelve months. When you do business at this bank you can depend that the same will be held confidential, and whether you deposit or borrow, only yourself and the three officers of this bank will know about the transaction, as the officers constitute the Board of Directors, and this bank has been under the present management for the past ten years.

Yours for a Square Deal Every Time

## The Bank of Murdock

Where You Feel at Home

HENRY A. TOOL, President JANETTE E. GUTHMANN, Cashier  
HENRY A. GUTHMANN, Cashier

Wm. Bourke, of near Wabash, was looking after some business in Murdock last Wednesday evening for a few hours.

Ray Boldan and family, who have been living in the west for the past two years, are returning to make their home in Murdock.

John Gakemeier was a visitor in Omaha last Wednesday, where he was called to look after some business matters for a short time.

A number of the citizens of Murdock were in attendance at the home coming for the soldiers which was held at Eagle last Wednesday.

Wm. Lau was looking after some business at the county seat on last Wednesday, taking the morning train at South Bend, and returning via the Rock Island.

Mr. and Mrs. C. F. Woodard, wife and their little daughter drove down from their home at Omaha last Sunday and visited with Louis Schmidt and wife for a short time.

W. E. Heiler and wife, the latter a former Plattsmouth lady, are keeping step with the progress of the times, and will have the Journal pay them regular visits in the future.

George Utt and family are among the new readers of the Journal, Mr. Utt having had his name added to the subscription list on the occasion of our last visit to Murdock.

Lawrence Rikli reports that he has all his winter wheat sown and much of it is up three inches or more. Many have wheat up and it is looking fine while others are still sowing.

Albert Zeilert, who, with his good wife, live a few miles northwest of Murdock, was a visitor in Ashland last Thursday, where he was looking after some business matters for a short time.

John Amgwert, the barber who has been visiting with relatives and attending the county fair at Omaha, returned home last Wednesday evening, reporting having had an excellent time while gone.

J. D. Brunnell, who is looking after closing up his business in Murdock and vicinity, will soon remove to Lincoln, where the family has been living for some time, and in which place they will make their home in the future.

At the home of Mr. and Mrs. Frank Globiets, two miles east of Murdock, the stork made a visit a few days ago, while going its rounds and left them one of the finest little blue eyed girl babies imaginable. All concerned are doing nicely and the little Miss Globiets promises to be a comfort and joy to the happy parents in the years to come, as well as at the present time, when their happiness knows no bounds.

Frank Rosenow is moving to town and the place on which he has been living and which is owned by L. C. Miller, will be farmed the coming season by Emil Miller, who recently sold his own place.

P. J. Fitch of the firm of Lorenz & Fitch, were in Murdock for a few days the first of the week sinking a well for Matt Thimgan at his home, being assisted by Al Lorrain.

Mrs. B. L. Amgwert will soon move to Council Bluffs, where she will make her home. She will reside with her daughter, who has been staying there for some time.

Henry A. Guthmann, who has been in the south for some time past returned a few days since from Guthrie, Oklahoma, and reports that crops are looking fine down there, also that the cotton fields are shoulder high and looking good. Corn is making an excellent yield for that part of the country and business is booming.

I. G. Hornbeck returned home a week ago from a visit with his brother-in-law, D. J. Weatherford, who has been very sick. He found Mr. Weatherford much improved and on the road to better health. Mr. Hornbeck did not like the climate as he returned feeling much worse for the trip, but is improving some. He says it is a land of cotton and negroes. Where did he go?

Henry Dehning Home Again  
After more than twelve months on foreign soil, Henry Dehning returned home last Wednesday evening.

Henry arrived in America on the 15th of the present month, being sent to Camp Merritt, where he remained two days and was then hastened to Camp Dodge, where he was mustered out of the service. He took the first train for Omaha, but got into the metropolis too late to catch the evening train for home. He telephoned to the folks however and in a short time the auto was speeding to Omaha, arriving there about eight o'clock. At ten he was greeting his mother and the rest of the family, following his absence of many months. He was sure a glad boy to get home and a happier family than the members of this household would be hard to find as they gathered around this gallant young American who had done his bit for his country. While in the service, Henry was a member of the motor truck corps, and he is an excellent mechanic in his line. His many old friends in and about the city will be glad to note his safe return after the long period of service overseas.

Come to Plattsmouth Homecoming day, Saturday, October 4th.

### Excellent Series of Meetings

The members of the four churches of this vicinity held an excellent series of meetings at the Callihan church, the members of that one, the one at Murdock, one north of the city and the one at Louisville, massing together for the series. The meetings began on last Tuesday and continued until Sunday evening, being conducted mornings, afternoons and evenings. Much interest was manifested in the services and a general getting together of the churches for more effective work was effected. Rev. H. Kohl of Lincoln, the presiding elder of this district, was present and took part in the services. His addresses were filled with good thought and plans for the future work of the churches. Ezra Kohl of Swanton was also in attendance and John Oehlerking, a former resident of this place, assisted in the services. Rev. Oselak, of Ithaca, and Rev. Schwab were also on the program at almost every session.

### Bank Ready for Business

The new bank, known as the Farmers and Merchants Bank of Murdock, is about ready for business. The charter was received about ten days ago and they have rented the old postoffice building for the present until they can build a suitable building to house the new institution.

A safe has been received for use at present until they get located in the new building which will be equipped with a spacious vault. One cause of the delay in getting started is due to failure to receive their stationery and again they were unable to get possession of the building earlier, otherwise they would have opened up sooner.

Mr. E. L. Pathast, of Lincoln, who is also interested in like institutions at Courtland, Clatonia and Pickrell, and who is president of the new institution, was in the city a few days during the past week looking after some business matters connected with the new concern. His son, J. Pathast will be cashier of the new bank.

### First Number of Lecture Course

The first number of the lecture course in Murdock this season is an entertainment by the Louis H. Gebhardt Concert company. This attraction comes highly recommended and instead of being held in the Modern Woodmen hall as was first announced, it will be held in the Methodist church. Arrangements have been made for an excellent time and all who attend are assured of the most money's worth. The entertainment will be given on the evening of September 30th. See the small bills for further information and arrange to attend, for it is worth while.

### Visited at Emerson

Edwin Jensen and Miss Lola Taylor of Murdock, visited a few days in Emerson, driving there in their new Cadillac Eight belonging to Mr. Jensen. They had an excellent time and visited with many friends, returning home last Thursday.

### Return from Hunting Trip

Last Wednesday evening H. W. Tool and Hugh Armstrong, the latter, a friend of Mr. Tool, living in Omaha, returned from a ten days' hunting trip in the northwest. During their stay they visited at Ainsworth and Stuart. They made the trip both ways in an auto and found some pretty hard traveling over the soft roads, as it rained a good portion of the time. They had some good hunting, but just what kind of game they killed we cannot say. While they had an excellent time, they are not much in love with the fleas and mosquitos which inhabit that portion of the state. The country is pretty new there as they only found four places where people lived in traveling a distance of something over twenty-five miles.

### Will Build Next Year

John Oehlerking has been here attending the revival meetings being held at the Callihan church some two miles southwest of Murdock, and visiting with his many friends in the city and surrounding country. He is assisting in the conduct of the meetings and while in Murdock in conversation with a representative of this paper he said he planned to erect a new home on his farm northeast of Murdock next summer. He is having a well sunk there now preparatory to building the residence next spring. Henry Oehlerking, his brother, will farm the place during the coming year.

### Some Connection to Samson

Max Dusterhoff, the painter, who is engaged, with his assistant, in re-furnishing the residence of Peter Eversland, at Elmwood, like Samson, of olden times, found honey where he has been working. Samson slew a lion and the bees made their home in the dead animal's mouth, but in this case they found a lighting place between the walls of the house and the workmen by tearing off the plastering and loth were rewarded with some eighty pounds of fine honey. With the excessively high price of this sweet stuff, it is as profitable to hunt honey as to work at the decorating business and a much sweeter job.

### Electric Lighting Proposition

While nothing has been done that insures success in the matter of securing electric lights for Murdock, still the people are working toward the end of having lights as soon as arrangements can be made to that end. The citizens are all interested in the proposition and the matter is fast coming to a head, which will in the end, it is hoped, be productive

of bringing about some feasible plan of having the entire town lighted with electricity. It is the desire to hook up with some service that will be continuous twenty-four hours of the day, and when this is done the matter will be solved.

### Will Hold Mission Fest

The Lutheran church just north of Murdock will in a short time be the place of holding a Mission Fest, when there will be given an excellent series of discourses and reports will be submitted from the extensive mission field covered by the church. Rev. Peters, who is pastor of the church, will have charge of the meetings.

### Louis Neitzel's Car O. K. Again

The car belonging to Louis Neitzel and which was badly damaged in the accident just out of Omaha when it was overturned and the body badly mangled, has been made new again and was driven home last Wednesday by Dr. McDermott. As a result of the handcraft of the repairmen, the car looks like new again, no defects being apparent as a result of the accident.

### Basket Ball Team Progressing

These fine evenings the boys who are members of the recently organized basket ball team of the Murdock school, are making good use of the opportunity of getting into excellent shape for the games that are expected to come later in the season. The personnel of the team has been published in these columns before and is such as to insure making good if it is backed up with the proper amount of practice and care in training properly. We hope to see the boys develop into a first class team, capable of beating contestants from far and near.

## HAD SUFFERED SINCE A BOY

Is Relieved Of Twenty Years Trouble and Gains Twelve Pounds By Taking Tanlac.

"I have not only gained twelve pounds since I commenced taking Tanlac, but I have been completely relieved of twenty years suffering," said Lewis Higgins, a well known and prosperous farmer who lives at North Kansas City, Mo., while in the Owl Drug Store in Kansas City the other day.

"Yes, sir, Tanlac just knocked my troubles winding," continued Mr. Higgins, "and it is the only medicine I got hold of that did me any good at all. I had been suffering from rheumatism ever since I was about seven years old, and I just gradually grew worse as I grew older, and I finally got to the point where I wasn't able to walk at all. The joints in my legs would swell something awful, and the misery and pain I underwent is simply more than I will ever be able to tell. I didn't know what was to get a good night's sleep. Finally my stomach went back on me, and what I ate would sour and cause gas to form so bad I could hardly get my breath. I tell you I was in mighty bad shape, and the different medicines and treatments I had didn't do me a particle of good."

"My father told me one day that he had read in the papers where several people who had been suffering like I did had been helped by taking Tanlac, and advised me to give it a trial. Well, sir, it just beats the world the way I have improved since I commenced taking that medicine. Why, I have only taken four bottles so far and I can walk just about as good as I ever could in my life, and my general health is better than it has been since I was a boy. The swelling has completely left my joints, and I am able to work every day in the week. I have actually done more hard work this summer than I ever did in my life in the same length of time. My nerves are as steady as a clock, and I sleep like a log every night. I have gotten rid of that stomach trouble, too, and eat three hearty meals every day and I never suffer a particle afterwards. I will tell the world that Tanlac is the best medicine I ever saw, and I am glad to have this opportunity to pass the good word along."

Tanlac is sold in Plattsmouth by F. G. Fricke & Co., in Alvo by Alvo Drug Co., in Avoca by O. E. Copes, in South Bend by E. Sturzenegger, in Greenwood by E. F. Smith, in Weeping Water by Meier Drug Co., in Elmwood by L. A. Tyson, in Murdock by H. V. McDonald, in Louisville by Blake's Pharmacy, in Eagle by F. W. Bloomkamp, in Union by E. W. Keedy, in Nehawka by D. D. Adams and in Murray by Meier Drug Co.

If you have anything to sell or want to buy something use the Daily Journal want-ads. Fancy box paper at this office.

## WEEPING WATER

Republican

Attorney C. E. Tefft and J. W. Kintner left Sunday afternoon for Detroit, Michigan, to drive home a couple of Dodge Brothers cars they had purchased of the Philpot Garage. They drove to Murdock and caught the Rock Island.

John W. Rubga is this week having a light plant installed at his modern farm home, southwest of town, to replace the acetylene system he has had. The barn and other parts of the farm yard, as well as the house will be wired.

Mr. and Mrs. Walter Perry of Orange, Cal., who have been visiting Mr. Perry's mother at Eight Mile Grove the last week since returning from their visit to Ohio came here Sunday evening for a visit at the home of Mrs. Perry's brother Henry P. Smith and their many old friends in Weeping Water.

Mr. and Mrs. K. D. Clark went to Auburn Sunday morning to visit their granddaughter, Mrs. A. W. Finney and husband their two great grandchildren. As Sunday was Mrs. Finney's birthday it was quite an eventful day for the great grandparents and they turned the key in the store until Monday morning.

Mrs. Mary Wolf and daughter Mrs. Roscoe Wollen who had been visiting relatives and friends here for a couple of weeks left Saturday morning Mrs. Wolf going to Omaha where she would stop for a time at the home of son, Fred Wolf, while Mrs. Wollen would return to her home at Alliance where she was accompanied by her little step-daughter, Ruth Wollen, who has been making her home at the Jack Maple home.

The number of young men that boarded the Sunday evening train for Lincoln would remind one of the way the boys left for the service last year. Ten of our community boys are attending the state university this year. They are Sheldon and Carl Tefft, Merritt Russell, Ralph Rich, William Teegarden, Seaward Day, Francis Olsen, Arthur Kintner, Will Hay and Paul Cogliner. We still claim Paul as from Weeping Water and he was with the bunch Sunday night as he had been visiting here a few days.

## ELMWOOD

Leader-Echo

Grandma Hollenbeck has been confined to her bed on account of sickness the past few days.

Mrs. Geo. Wade who is in the hospital at Omaha is much better. Mrs. Chas. West and Mrs. Sid James were Lincoln visitors Saturday to see their mother, Mrs. Remaley, who is very sick.

Velma Bornemeier who has been quite sick for some time is gradually improving. Mrs. Frank Raker of Imperial, Neb., is visiting at the home of her parents here, Mr. and Mrs. Henry Miller. She came to Lincoln to get Buick cars and stopped for a short visit.

Mr. and Mrs. L. F. Langhorst and Mr. and Mrs. H. A. Williams left on Thursday last week for Michigan where they will visit relatives. They will also visit at New Bremen, Ohio, also at points in Pennsylvania, and at Washington, D. C. They expect to be gone about six weeks.

Dr. W. A. Alton arrived on Tuesday evening for a visit with his mother, Grandma Alton and other relatives and friends. He accompanied 500 soldier boys from El Paso, Texas, to Camp Dodge, Iowa, where they will be mustered out of service. The doctor is looking fine and says that they are enjoying life at El Paso.

On Wednesday afternoon Mrs. Steinza Lottman while visiting at the home of her daughter, Mrs. Peter Nickel and while helping to peel pears for canning died in the chair she was sitting in, almost instantly without a moment's warning or struggle. Mrs. Lottman, who is the mother of Onk Fisher, Mrs. Wm. Rosenow, and Mrs. Peter Nickel was spending a few days at the Nickel home. She made her home with her son, Onk Fisher. At the time of her death she was eighty-one years of age. Mrs. Nickel was the only one present when she died, other relatives were informed and a physician immediately summoned who found that death was almost instantaneous and due to heart failure. She had not had a sick day recently and seemed in good health for one of her age and naturally this comes as a blow to the relatives.

## POLAND CHINA PIGS.

Pure bred Poland China boar pigs for sale. C. L. Mayabb, Plattsmouth, Neb.

Fancy stationery at this office.
