M. E. LADIES HOLD MEETING.

From Saturday's Daily.
The Ladies Aid society of the M. E. church held their regular meeting Thursday afternoon, at the church parlors, which was largely attended by the members and friends of the society. A very interesting business session was held during the early hours of the afternoon, at which time it was decided to hold an Every Day social and parcel post sale at the church parlors, Tuesday evening, September 30th. Demonstrations of the Ma-

zola Oil was then given, which was greatly enjoyed and appreciated by the ladies. Some of the fleeting moments were then devoted to a most pleasant social time, which was interspersed with various other amusements. The hostesses, Mesdames Buttery, Burkel and Gobelman then served a delightful and toothsome luncheon, which materially assisted in the afternoon pleasures.

Mr. Stone it will be remembered met with a serious accident, in which he received a broken leg and was otherwise bruised up. The nature of the fractured member was such that it required a long time for the wound to heal before the broken bones could be set and a

plaster cast applied. Seven weeks or more have passed since the accident occurred, but Bruce is improving and expects soon to be around on crutches.—Nehawka News-Leader.

GREENWOOD TOURNAMENT OPENS FRIDAY

WITH FAST TEAMS CONTESTING FOR THE PRIZES—TWO GAMES EACH DAY.

TO CLOSE SUNDAY AFTERNOON

Greenwood and Union Outfitting Nines Won Yesterday—Yutan and Ashland Lost.

From Saturday's Daily.
The big base ball tournament staged by the fans of Greenwood opened yesterday with a large attendance and as the result of the opening battle the fast Greenwood team cleaned up on Yutan by the score of 7 to 3; while the Union Outfitting Co., of Omaha, one of the fast organizations of that city won from Ashland in a hard fought battle by the score of 8 to 7.

In the Greenwood-Yutan game McGuire and Lyck served as the battery for the Cass county team while Miller and Selvers did the tossing and catching for the Yutan team. The Greenwood team secured three home runs during the game, Armstrong, Williams and Zigenbein securing the hits for the circuit. The fielding of Roben for the Greenwood team was a feature of the game. The score by innings was as follows: Greenwood 0 0 1 0 1 0 1 3 1—7 Yutan 2 0 0 1 0 0 0 0—3

In the second game the game was hotly contested by the fast Union Outfitting Co., team against the crack Saunders county aggregation from Ashland and was a victory for the Omaha team by the score of 8 to 7. Harry Williams of the Murphy's of Omaha served back of the bat for the Omaha team. The score by innings tells the story of the bunting hits that won the contest: U. O. Co. 1 0 0 0 3 4 0 0—8 Ashland 0 0 0 0 2 5 0 0—7

The teams to battle this afternoon will be the Greenwood team and the Union Outfitting Co., and Ashland and Yutan. Umpire Fox of Omaha is handling the indicator during the tournament.

POLICE ARE MUCH ANNOYED.

From Saturday's Daily.
Last evening some of the village "cut ups" made considerable trouble for Night Policeman Henry Trout by putting in telephone calls for the police from different parts of the city, and in each case these calls would prove to be fakes and the parties supposing to make the telephone calls knew nothing of them. These calls made over the phone were supposed to give information in regard to our mysterious man of color who was reported from widely separated districts and made quite a lot of scurrying around for the police.

The pulling off of these kind of jokes while they may produce much side splitting laughter among the hicks pulling them off, is something that should be stopped and at once. The police are paid a salary for the protection of the city and its people and not to assist some half baked humorist in his jokes, and if any more of these stunts are pulled off the perpetrators may find themselves tangled up in the meshes of the law.

JAMES M. ROBERTSON BETTER.

From Saturday's Daily.
Clerk of the District Court James M. Robertson yesterday was able to be up and around after his indisposition of the past few days and came down to the business section of the city for a few hours, and while not entirely recovered is feeling greatly improved and expects to be able to resume his duties next week.

This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost of operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. It is everybody's necessity because it doubles the value of time and is the quick, convenient, comfortable and economical method of transportation.
