EX-GOVERNOR SHELTON IN MISSISSIPPI

Former State Executive Elected on Republican Ticket in South to State Legislature.

Ex-Governor George Lawson Sheldon, of Nebraska, who for a number of years has been a resident of Mississippi, where he has a very large plantation near Wayside, has been named by his neighbors as a member of the state legislature of that state. Governor Sheldon however has not changed his political affiliations and is still a republican but his great ability in the settlement of the problems confronting the people of his district led to his selection by his democratic neighbors. Governor Sheldon made one of the best governors that the state of Nebraska ever had and probably will ever have as some of the most progressive legislation enacted in the state was under his administration. The people of Mississippi have made no mistake in the selection of Governor Sheldon as he is a man of great force and power and one that will be valuable in settling the problems that confront the southern states. The many Cass county friends of the former governor will be interested to learn of his entry into public life in the southland and will look for future advancement. The Sheldon family made their home in this county prior to the departure for the south and even now have not forgotten the old home in Nebraska as the two daughters, Miss Mary and Julia Sheldon are at the state university at Lincoln completing their studies.

RECORDS OPEN TO PUBLIC.

From Friday's Daily.

Governor McKelvie has further cleared up the charge that he has made a rule for the government of secretaries of departments under the code bill that will result in the delay or suppression of news in regard to the conduct of public business. The following statement signed by the governor has been sent to secretaries of his departments:

"Some question seems to exist regarding the giving out of news for publication by the departments, bureaus and divisions operating under the civil administrative code. In order that the matter may be clearly understood, I have to suggest that: Secretaries should assume responsibility for the giving out of information that has to do with policies of administration in connection with all of the bureaus and divisions in the departments. Chiefs of bureaus and directors

of divisions should be privileged to give out for publication any information bearing upon formal action that has been taken within their subdivisions.

"It is the purpose of the civil-administrative code, and the plan under which the state business is conducted through it, that the handling of the state's business shall be facilitated and the dissemination of facts regarding all public matters shall be encouraged.

"All records shall be so kept that anyone may obtain the facts most expeditiously and accurately, and complete that any succeeding administration may use them as a guide or aid in the handling of the business of the state. If this can be accomplished it will, in itself represent a very great improvement over the old plan where, in many instances, practically no records whatever, and certainly none of any particular value, have been left to incoming officials.

"I wish to emphasize that we want to give out all the information that will be of service to the people in aiding them to know just how their business is being handled and where the money goes, but I just as urgently request that all officials and employees of the state refrain from the giving out of anything but facts, and hold themselves aloof from petty gossip and small talk. The people are interested in facts and I think they do not care much about the partisan or prejudiced opinion of individuals."—State Journal.

NEHAWKA News

Mr. Kettlehut is doing some road work on the Weeping Water road near the Hans Stoll place this week.

Mrs. Christina Schomaker and daughter Alma, departed this morning for Lockney, Texas, for a visit with Otto Schacht and family.

Mrs. John Murdoch returned this week from Omaha, where she had been caring for her sister, Minnie who has been ill some weeks.

The daughters of Mr. and Mrs. Otto Carroll, Thelma and Mona, were operated on in Omaha this week for adenoids and tonsils.

The household goods belonging to Rev. Braymen were loaded Wednesday, and the family expect to get away for their new home at Sterling Friday or Saturday.

T. E. Mason Jr., returned Wednesday morning from a three weeks visit and vacation with friends in Kansas City, Mo., Arkansas, and Oklahoma. He had a splendid time he says.

Paul Braymen, the eldest son of Rev. and Mrs. Braymen, was taken to the M. E. hospital in Omaha last Saturday, and the following Monday morning he was operated on for appendicitis. He underwent the ordeal nicely, and is reported to be

getting along very well at present. Another son of this family was operated on for appendicitis less than nine months ago.

Fourteen members of the K. of P. lodge of this place, including Henning Johnson and Clifford Trotter, candidates for the third degree, went to Lincoln Tuesday to attend the Fiftieth Anniversary celebration of the order, which began Monday of this week and lasts for four days. A list of those who went from here are as follows: Josh Sutphin, D. and J. Steffens, Grever Hobaek, H. L. Thomas, Ray Chappell, F. E. Cunningham, Omar Schlichtemeier, Hans Stoll, H. Feltes, Albert and Henning Johnson, Clifford Trotter, and D. D. Adams.

EAGLE Beacon

Mrs. Parbaugh of Lincoln and her brother, Warren Trumble, were visitors at the Trumble home and attended the home coming.

Ed Oelslager and family returned Monday evening from their trip of several months in western Nebraska and Colorado. Ed looks much improved in health.

A letter received from Mrs. H. L. Ancony states that they arrived safely at their new home at Miles City, Mont., and expect to enjoy the Y. M. C. A. work in which Mr. Ancony is engaged.

The Methodist people expect to have their new pastor with them by next Sunday. They invite you to attend the services and get acquainted with Rev. Steiner, who comes to preach for them the coming year. It is not definitely known at this writing whether he will make his home here or in Lincoln.

A couple of patrons of the consolidated school in the southern part of the district, who have been finding considerable fault with the management, evidently thought they were playing cute when they gave it out that they were going fishing, in the rain, last week. Wonder what the county superintendent at Nebraska City has to do with this consolidated district, and what satisfaction they got.

SENIORS HOLD PICNIC PARTY.

From Friday's Daily.

Yesterday afternoon at the close of the school day the Senior class of the high school under the leadership of their president, Marion Duxbury, and accompanied by the members of the high school faculty repaired to the pasture on the C. H. Warner farm west of the city and there staged a very enjoyable picnic party. Roasting weenies, was one of the main events of the picnic and in this the various members vied in showing their skill in preparing the toothsome "hot dog" as well as in disposing of the supper, a feature of which was the tempting sweet cider which was greatly enjoyed. After a few hours spent in a general good time the young people returned home feeling that it had been a truly perfect day. The members of the party enjoyed a fine auto ride to and from the picnic grounds.

THE STORM DID SOME DAMAGE

Heavy Rainfall of Last Night Over This Section of State Causes Damage to the Bridges in Country.

The eastern portion of Cass county was visited by a very heavy storm last evening, commencing at 7:30 and continuing without little let up until near 10 o'clock when the rain took a lay off. The very heavy rain of Saturday had made the ground in such condition that the added rainfall was not absorbed by the soil and as a consequence a great deal of surface water was turned loose. In this city a few minutes after the rain commenced to fall the water was flowing over the main street of the city and in a very short time was almost knee deep in the center of the street. A number of automobiles as well as the car of G. W. Olson, the accommodating mail carrier, served to ferry the persons desiring to cross from one side of the street to the other and did a good business while the storm was raging.

Out in the country districts was where the storm did the most damage as a number of the smaller bridges over the Four Mile creek were carried out by the heavy volume of water that flowed through that watercourse and the creek was out and over the banks along almost its entire length. The larger bridges stood the test of the flood however and permitted the farmers to get through although a number of them were compelled to drive a long way out of their road in order to get through.

Welcome to Plattsmouth

Saturday, October 4th—4:00 A. M. to Midnight

IT'S LESS THAN ONE YEAR SINCE WE HAD THE NEVER-to-be forgotten celebration for what they had finished up OVER there. Now, the boys are practically all home, and we are going to give them a Homecoming that they never can forget. There will be more people in this good old town on this date than ever before or since. They are coming to welcome the boys home, to see 400 of them together in Khaki parade and to help Plattsmouth pull off the smartest, uptown celebration, with simmering hot sports and entertainments—the kind the boys like—that was ever yanked in the berg.

YOU ARE GOING TO BE ON THE FIRING LINE AND YOU want to be dolled up. Wear the best you have and if they are not good enough, you surely can buy them here.

Let us help you DRESS UP!

A zippy new suit with all class.
A crepe de chine shirt with colors, that'll knock your ears off.
The newest thing in a Stetson or a one-piece flat-top cap.
Colors to Match You
Silk hose that talk and ties that make some noise themselves.

And do it before Saturday noon, for we are going to be pretty busy in the afternoon—in fact too busy to open our doors and sell you a collar.

PRESIDENT DECLARED TO BE LITTLE BETTER

Washington, D. C., Sept. 29.—After a day of rest President Wilson was described as "slightly better," in an official bulletin issued tonight by Dr. Gary Grayson.

The bulletin which recorded the first change to be officially noted in Mr. Wilson's condition since he was taken ill last Friday, did not give details. It was issued at 10 o'clock tonight and was as follows:

"The president is slightly better."
(Signed) GRAYSON."

After another troubled night he slept from early morning until toward noon and in the afternoon was taken for an hour's automobile ride.

So thorough will be the effort to prevent him from doing any work that he will not be permitted, for the present, to see any of the senate leaders in charge of the fight for ratification of the peace treaty. White house officials believe it essential that this subject, which has occupied such a large place in the president's mind, be put entirely aside.

The visit of King Albert and Queen Elizabeth of Belgium to the White house also will be postponed.

MARKED FOR ASSASSINATION.

San Francisco, Sept. 29.—Charles M. Schwab, Sir Cecil Spring-Rice, former British ambassador to the

United States, Lord Fisher of the British admiralty, the late Lord Kitchener and the British vice consul at Ensenada, Mex., were marked for assassination by agents of the German government, according to sworn testimony given by former First Lieutenant Wilhelm von Bricken, formerly military attache of the German consulate in San Francisco, to Commissioner of Immigration Henry M. White, of Seattle. A transcript of the statement was received here today by Attorney Henry M. Owens, Von Bricken's legal adviser in San Francisco.

Von Bricken is serving a two year sentence in the federal penitentiary at McNeil's Island, for the part he played in the so-called Hindu conspiracy case.

DEBATE OMAHA'S RIOT ON FLOOR OF NATIONAL SENATE

Washington, D. C., Sept. 29.—Not one passing reference was made in the long peace treaty debate in the senate today to the thirty odd Fall amendments, which Vice President Marshall had ruled would be the special and continuing order of business.

The discussion embraced about every other point. It covered all the ground from Omaha to Persia, and Vice President Marshall's prediction that the senate, once it took up the amendments, would discuss everything else under the sun, was abundantly fulfilled.

The discussion centered about speeches by Senator Borah, republican of Idaho and Senator Williams, democrat of Mississippi, both of whom digressed to touch upon recent evidences of mob rule.

Answering Senator Borah, Senator Williams, democrat, Mississippi, declared it was too far fetched to attempt to connect the league of nations with race riots.

Race clashes, he said, were all due to attempted outrages on white women by negroes.

A BONUS FOR THE SOLDIERS.

Washington, Sept. 29.—A concerted drive for an additional bonus for soldiers and sailors has started in congress. The ways and means committee was stormed today by a delegation of congressmen, most of whom had plans for further reimbursement of the soldiers and sailors for their services during the war, urging legislation authorizing
