### OF OPERATION—PURCHASES NE-HAWKA PLANT AND WILL SUPPLY "JUICE."

## PLANT HERE NEARLY READY

Contract Made for Furnishing Electricity to Weeping Water—Other Towns Want It.

Plant in This City Now Nearing Completion Will Supply Large Territory Thruout Cass County.

From Wednesday's Daily. The Nebraska Light & Power company of this city which is completing the installing of new machinery in the plant in this city has secured quite an additional territory in this county that will be supplied from this city with current to furnish light and power to the consumers along the line in the county. The local company has purchased the plant at Nehawka, owned by Hon. E. M. Pollard and will take over the service there. The Nehawka plant has had a twenty-kilowatt capacity while the amount of current consumed has demanded a much larger service that reached near 100 kilowatts. This plant has the furnishing of current to the Sheldon manufacturing plant as well as stone quarries in that locality that calls for quite a large amount of current. A contract for the furnishing of current to Weeping Water has also been closed whereby the local company here wholesales the current to the Weeping Water company. A proposition is also being considered whereby the Nebraska Light & Power company is to furnish service to the towns of Murdock and Greenwood which places are very desirous of having a good lighting system and under the improved conditions of having a plant in operation in this city it is expected to be able to furnish. As he lines are extended a great many of the residents along the lines in the country districts are preparing to apply for service in their homes that are convenient to the transmission lines.

The work at the plant in this city has progressed very satisfactorily and within a few days it is expected to be able to turn on the steam in the boilers and have the new engine in working order. The new switchboard that has been ordered will be here in a short time and make the plant complete.

### Attended by Larger Number Than Are Allowed to Gather in Omaha These Days.

From Wednesday's Daily. The parsons of the M. E. church were the scene of merriment last evening when the ladies of the M. E. Ladies Aid society held an Every Day Social and Parcel Post Sale, which was a most delightful social occasion. Everybody had been requested to come attired in their every day, or in others words, their working clothes and those who dared come in their Sunday best, were given a heavy fine, this fine being used to help swell the amount in the treasury of this splendid organization. Along with the many other pleasing features and amusements of this evening's entertainment, an excellent program of readings, vocal and instrumental music, had been arranged, which was rendered at a suitable time, each number being given in a most charming manner. Following this appreciated program, the Parcel Post Sale was held, at which the ladies realized a neat sum. During the course of the evening's entertainment, luncheon was served, which was likewise thoroughly enjoyed. There was a large number in attendance and the ladies who had planned this delightful entertainment, felt well repaid for their efforts and declared the occasion to be one of success.

From Wednesday's Daily. Last evening County Judge Allen J. Beeson arrived home from a week's visit through the lake regions of Minnesota and in the Red River country where he looked over the land in that locality. The judge made the trip in company with A. J. Tritley, Joseph Skalak and John Beeson, in the auto of Mr. Tritley and the remainder of the party remained at Sioux City owing to the muddy conditions of the roads on the return trip from Minnesota. The chief point of the expedition was in Ottertail county, Minnesota, and they visited several towns in that region, among them Fergus Falls, which was almost destroyed by a tornado in July and the city still bears evidence of the destruction wrought by the wind the judge states. Returning the party came along the North and South Dakota line and visited at Watertown and Sioux Falls, South Dakota. Land there is excellent the judge states and especially in the way of pasture land as the abundance of moisture makes the grass very plentiful for cattle raising.

Among the members of the Elks there are large numbers of dancers and it was due in no small part to the dancing activities of the lodge that the membership was so materially increased last spring. "Home Again"  
"Oh gallantly they faced forth in khaki and in blue; America's crusading hosts of warriors bold and true— They battled for the rights of man beside our brave allies; And now they're coming home to us with glory in their eyes. Our boys have seen the old world as none have seen before; They know the grisly horror of the German Gods of war; The noble faith of Britain and the hero heart of France; The soul of Belgium's fortitude and Italy's romance. They love our country's great word across the rolling sea— 'America swears brotherhood with all the just and true.' They wrote that word 'victorious' on fields of mortal strife— And many a valiant lad was proud to seal it with his life. Oh! Welcome home, in heaven's peace dear spirits of the dead— And welcome home ye living sons America hath bred. The lords of war are beaten down; your glorious task is done— You fought to make the whole world free and the victory is won. Now its home again and home again; Our hearts are turning west. Of all the lands beneath the sun America is best. We're going home to our own folks beyond the ocean bars— Where the air is full of sunlight, And the flag is full of stars." —VAN DYKE.
