PLATTSMOUTH MADE GOODS GO FAR FROM HOME

L. C. SHARP COMPANY SENDS MACHINERY TO WIDELY SEPARATED SECTIONS

SHIPMENT OF BUTTER CUTTERS

Recently Made—One Goes to Crete, One to Columbus, Ohio and One to Buffalo, N. Y.

From Friday's Daily. The L. C. Sharp Manufacturing Co., of this city, has been a great advertising medium for Plattsmouth in the past and are still busily engaged in turning out their lines of special machinery that are sent over the United States and even to foreign countries, advertising the fact that the town of Plattsmouth is still on the map.

This firm has just completed and sent out three patented butter cutting machines, which weigh one ton each and which were sent to Crete, Nebraska, Columbus, Ohio and Buffalo, New York. The machines are made to cut butter that is frozen and are used in the large creamery companies' butter making plants, as they are the latest and most practical of the butter cutting machines that have been placed on the market. The demand for machinery of this type has kept the plant here very busy and a large number of orders are ahead awaiting the filling by the Sharp company.

A greater part of the people have little realization of the importance of this concern to the city, but a visit there will convince the most skeptical that the Sharp plant is one of the busiest places in the city, and a large number of high class machinists and foundrymen are employed there in looking after the work of turning out the orders for special types of machinery required in manufacturing lines. The plant could easily use a larger capacity as the orders are constantly rolling in and it keeps the employees very busy turning out the different machines that are required by the large manufacturers of the east. Mr. Sharp, in his plant, adds materially to the prosperity of the city and it is pleasing to see that the excellent work of his plant is recognized by the large manufacturers in getting their machinery turned out in the Plattsmouth plant.

POSTOFFICE A BUSY PLACE

From Friday's Daily. The postoffice in this city is quite a busy place as this office has been designated as the central accounting office for the county and through the local office must be handled all requisitions for the postoffices over the county numbering some sixteen.

This plan relieves the postoffice department at Washington of a great deal of work, but adds to the labors of the offices operating as central accounting offices. The supplies of war savings stamps and other postal supplies must come through the central office and this requires a great deal of accounting and book work.

PAYS FUNERAL BENEFIT

From Friday's Daily. The committee of the local Redmen lodge has just received the payment of the funeral benefit of the late Adolph Wesch, which was carried through this order. The local tribes of the order, instead of carrying the risk direct have it protected by the Western Funeral Benefit association, of St. Louis, and this organization, as soon as the claim was presented, at once remitted the sum due, which amount is sufficient to cover the expenses of the funeral.

HORSES FOR SALE.

Team geldings 4 and 6 years old, wt. 2800 lbs. sound. Team mares 5 and 7 years old, wt. 2400 lbs. sound. A. O. AULT, Cedar Creek, Nebr.

CORN BEYOND FROST DAMAGE IS THE REPORT

WEATHER MAN SUPPLIES SUMMARY OF WEEKLY CROP CONDITIONS.

WINTER WHEAT BEING SOWN

Light Frost Occurred Early in Week in Western Counties—Soil in Fine Shape for Plowing.

From Friday's Daily. In his weekly summary of crop conditions, Section Director Loveland says Jack Frost will be powerless to hurt Nebraska's corn crop this year. The past week was mostly clear and pleasant, with nearly normal temperature, except that Saturday night, Sunday and Monday local showers occurred in eastern counties. The temperature averaged two degrees above normal in the southeastern counties and two degrees below normal in the north. In most northern and western counties the rainfall was light, less than half an inch. But in most southeastern counties the rainfall ranged from one to three inches.

Threshing and having are still in progress in northern and western counties with favorable weather conditions. Corn has matured beyond danger of frost. Light frost occurred early in the week in western counties, but without damage.

The soil is in excellent condition for plowing and seeding in the greater portion of the state, but in some localities more rain would be beneficial. Considerable winter wheat was sown the past week. Early sown wheat is up with a good stand.

WHY NOT FREE RECORDING?

From Friday's Daily. The United States government, as well as the Red Cross are very anxious to have the discharge papers of the former soldier, sailor and marine registered in the counties in which they reside and during the visit of the representative of the Red Cross here it was discovered that a fee of 95 cents is required by the register of deeds for this recording in Cass county.

A large number of the counties have adopted the policy of recording these instruments without charging any fee whatever and it seems that this would be the proper policy to adopt here. The register of deeds explained to the representative of the Red Cross that it was the instructions received from the county commissioners that this fee should be charged for the recording.

The loss of discharge papers occurs quite often and the registration of them at the court house will safeguard the former service man in case he should have need of proof of his discharge later and for this reason the government is very desirous that they may be recorded.

SOME POTATOES

From Friday's Daily. Mrs. George Lamphere brought to the Journal office a specimen of one of the sweet potatoes grown in their garden that surely is some potato as the potato weighs 2 3/4 pounds and is one of the finest we have seen this season. The Lamphere family has grown a number like these and they are certainly very fine and as good as they look.

ARRIVE IN CITY

From Thursday's Daily. This afternoon Pollock Parmele and wife arrived in the city to spend a few days here with relatives and friends and to attend the homecoming celebration. Mr. and Mrs. Parmele are residing on the ranch near Broken Bow and are enjoying their first visit in this city since their marriage. Mr. Parmele is one of the Cass county boys who responded to the call of the country in 1917 and served in the army during the war and a greater part of the time was in service overseas.

DELIGHTFUL TOWEL SHOWER LAST NITE

GIVEN AT HOME OF MRS. JOE LIBERSHAL IN HONOR OF MISS ALBA JIROUSEK

A LARGE NUMBER PRESENT

And Young Lady Who is Soon to Become Bride of Anton Svoboda was Honored.

From Friday's Daily. Last night, at the cozy home of Mr. and Mrs. Joseph Libershal, occurred a "towel shower" in honor of Miss Alba Jirousek, whose marriage to Mr. Anton Svoboda will occur October 8th.

The rooms throughout were very prettily decorated with handsome bouquets of flowers, candles and the ever bewitching "Kewpies," which lent an air of cheerfulness in every room.

The hostess had two contests—the first in which the guests were to find their own and the bride's name. The prize going to the one who found the names first, was awarded to Miss Marie Svoboda, and the booby prize fell to Mattie Sedlak. The second contest consisted of questions, the answer to each of which was to be a girl's name. The first prize went to Miss Cecelia Kalasek, while the consolation went to Miss Mary Sedlak. These contests were thoroughly enjoyed by all.

During intervals the rooms were kept merry with selections on the Grafonola, which added to the pleasantness of the passing hours.

At the right time a most delicious three course luncheon was served, which was one of the highly enjoyable features of the evening. Here the hostess was assisted in serving by Mrs. Anton Viteranik, Mrs. John Libershal and Miss Anna Jirousek.

After luncheon the bride-to-be was showered with a large number of handsome towels numbering forty-two in all, which will always remind her of the warm friendship that exists among her friends for her. Many could not attend so sent their regrets, but those who attended were the guest of honor, Miss Alba Jirousek and the Misses Mary Krejci, Marie Sedlak, Mattie Sedlak, Marie Svoboda, Cecelia Kalasek, Sophia Chaloupka, Helen Donat, Agnes Gradoville, Frances Roucka, Anna Polacek, Cecelia Polacek, Beata Holby, Helen Libershal, Anna Jirousek, and Mesdames Brox Christenson, Thomas Janda, Chas. C. Janda, Joe Hiber, Jr., Joseph Hadraba, Josepa Wooster, Frank Libershal, Louis Lorenz, Wm. Kelly, Anton Viteranik, August Kopp, Emil Stanek, John Libershal and Joe Libershal.

MEETING OF THE MISSIONARY SOCIETY

The Ladies Missionary society of the Presbyterian church held their regular meeting Tuesday afternoon, at the cozy home of Mrs. D. C. Morgan on North Sixth street. This meeting had been previously announced to be held at the home of Mrs. J. B. Martin, but on account of her illness, it was found necessary to change the place for holding this meeting. It, also, happened that Mrs. Morgan was the leader for this occasion and the subject to which the ladies devoted the afternoon hours was the study of Japan and its conditions. A very interesting program had been prepared, in which Mrs. Mary Allison read of the captivity of the holy land, including Persia and Miss Carrie Baird told of the conditions and the work in Japan. These interesting and instructive papers were interspersed with a pleasing vocal duet by Mesdames G. L. Farley and H. G. McClusky and a charming piano selection was rendered by Mrs. John Gorder. Following this program the few fleeting moments were devoted to a very pleasant social time and partook of some delicious refreshments provided by the hostess.

MOP STATION AT MYNARD IS BURGLARIZED

FORCIBLY ENTERED TUESDAY NIGHT AND THE FREIGHT CONFISCATED.

NO MONEY IN CASH DRAWER

But It Was Pried Open with a Bar—Booby Secured Amounts to About Hundred Dollars

From Thursday's Daily.

The Missouri Pacific station at Mynard was visited by burglars on Tuesday evening and as a result of their nocturnal visitation the railroad company or rather the parties whose freight was in the depot are short goods to the amount of \$100. Entrance was secured to the depot, by forcing open the door of the freight office and from here the burglars operated throughout the depot. The cash drawer was pried open and badly jammed up as the visitors in their search were compelled to almost tear the drawer to pieces and when it was opened found that it was empty as the station agent had removed all the money on closing up the depot.

The property taken consisted of freight and express packages that were in the office and the largest loss was a set of storage batteries belonging to A. A. Wetenkamp and valued at \$93, while other smaller articles stolen swelled the total of the losses to \$109.

The depot at Mynard is closed at 5:00 p. m. and not reopened until the next morning and it was not until the arrival of the station agent Wednesday morning that the fact of the robbery was ascertained. The visitors left no clues that might lead to their identity and the only plausible supposition is that it was the work of some one who had an automobile as they would indicate this rather than that it was the work of someone who had been beating their way along the railroad and to drop off and secure a stake by tripping the station.

SUPPERS A PAINFUL INJURY

From Thursday's Daily.

Ray McCarthy, employed on the Burlington bridge gang, this morning sustained a very severe laceration on the right cheek while engaged in his work at the Platte river bridge of the Burlington. Mr. McCarthy was assisting in unloading a car of sheet iron and in this was using a small steel bar, which slipped and flew up striking the young man on the right cheek, inflicting quite a severe gash and knocking out one of his teeth. The fact that the young man was able to retain his hold on the crow bar was all that saved him from a very serious injury, but as it is he sustained quite a painful wound. He came on in to this city after the accident and had the injury dressed by the company surgeon.

RETURNS FROM THE WEST

From Thursday's Daily.

This morning A. O. Moore and August Cloidt, managers of the Parmele theatre, returned home from their trip out in the western portion of the state and report a mighty fine time. They spent last Saturday at North Platte taking in the auto races and while there saw Kane Rihley, of Oshkosh, Nebraska, lower the world record on a half mile track by going in thirty-two seconds, and a number of other thrilling and interesting races. Leaving North Platte they visited at Oshkosh, Bayard and Bridgeport and at the last named place spent a short time at the Fitzgerald ranch and also enjoyed some duck hunting around the lakes of the sandhills. They were accompanied as far as Omaha on their return by William Fitzgerald, who will spend the day in Omaha and come down tomorrow to visit with his parents. Mr. and Mrs. Edward Fitzgerald.

Fancy stationery at this office.

BROWN-DOVEY NUPTIALS LAST EVENING

FATHER LEETE PRONOUNCED CEREMONY AT HOME OF THE BRIDE.

MANY OUT OF TOWN GUESTS

Journal Furnished with Account of the Event by One of the Local Guests.

From Thursday's Daily.

Under the enchanting skies of a perfect early autumn night, the guests assembled at the home of Mr. and Mrs. Oliver Dovey to witness the marriage of their elder daughter, Miss Claire Dovey to Mr. Jay Brown, of Cleveland, Ohio.

The house from the exterior gave assurance of the festive occasion within. The decorations were under the personal direction of Mrs. T. P. Livingston and Mrs. A. C. Adams of Lincoln, aunt of the bride. Every room wore a bridal air. The dining room was beautifully dressed, in choice lace and linen streamers of tulle and the fetching good fairies. The decorations of the staircase, twined with graceful sprays of spirea, nemesus and the highly colored autumn leaves extended by white satin ribbons, made the pathway for the lovely bride.

The white clad figure of the bride still holds the restless attention and during the expectation Miss Cummins played selection from Nevin and Streletzki in her usual artistic manner. Next in order was Miss Vallery's vocal rendition of Otto Cantor's "As the Dawn," which commanded a silence of noteworthy praise. Then Miss Cummins again touched the keys for the Lobengrin chord, which announced the coming of the bridal party.

The quaint and charming ribbon bearers, little Miss Dutch and Miss Murphy, clad in white French organdie and carrying out the color scheme of pink in the hair came first; then followed the adorable Master Robert Ramsey Livingston, frocked in black velvet, who carefully delivered the wedding rings on a pillow of white satin. Almost always one thinks of the maids in terms of pink and, sure enough, the maid of honor, Miss Hazel Dovey, vied with her lovely sister in a gown of shell pink charmeuse. She wore a scarf knitted at the side with one long end forming the only trimming of the skirt. A delicate piece of silver lace was arranged at the neck. Miss Hazel carried a bouquet of dark pink roses.

Then last of all came the radiant bride on the arm of her father. She was gowned in the infinite charms of bridal white gleaming and quivering from charmeuse under a veil of graceful tulle. The soft satin was easily draped into a becoming skirt that trailed oh so satisfactorily behind. The cap to the bewitching veil was formed by an ornament of tulle and pearls making a band about the head. The father and bride advanced slowly through the pathway to the improvised altar where they were met by the Rev. Father Leete and the groom who was attired in the conventional black.

There the beautiful and impressive marriage ceremony of the Episcopal church made them one. During the service the gracious glances of the bride could not disturb the groom's most serious moments, and now the days of friendship have lost their dominion and joyous affection holds absolute sway. Two hearts that have floated on the soft-swinging pinion, kind Heaven has bound for eternal day.

Congratulations followed and afterward the guests were ushered into the dining room by Mrs. J. A. Donelan, assisted by Miss Gering. A bevy of beautiful young ladies attended in airy gowns suitable to the occasion served the guests. The members, including Miss Ione Dovey, Miss Donelan, Miss Adams of Lincoln and two of Plattsmouth's popular young matrons, Mrs. Henry Goos and

Mrs. Frank L. Cummins, lent dignity to the beautiful dining table, from where they served the frozen cream.

The bride looked extremely youthful in a going-away gown of heaver brown tulle under a smart immense Titian hat.

Miss Dovey was born and reared to womanhood in Plattsmouth. She has the distinction of being a graduate of the Plattsmouth high school, the State University of Lincoln and the Spencerian Commercial school of Cleveland, Ohio. She was a popular member of the Kappa Alpha Theta sorority during her school days.

Mr. Brown is a graduate of the Albion, New York, high school and the New York University, and is a member of the Delta Upsilon fraternity, and has already risen to a responsible position of traffic manager of the Cleveland Telephone company.

Their wedding journey routine is a secret which they did not choose to divulge and the guests longed to get an inkling of the route, but immediate members of the family would not give out the secret.

The out-of-town guests were Mr. and Mrs. A. C. Adams, Miss Letha Adams, Alice Davis and Mrs. Waugh of Lincoln; Mrs. Russell H. Harris and Mrs. Belle Gass, of Omaha; Mr. and Mrs. Tom Dutch and two children, of Ogallala, Nebraska; Mrs. J. A. Murphy and daughter, of Dorchester, Nebraska; Margie Walker, of Murray and Mrs. W. C. Morrow of Cleveland, Ohio.

MEET AT ROSENCRANS HOME.

From Thursday's Daily.

The Q. Z. society of the Presbyterian church met with Mrs. Waldemar Soennichsen yesterday afternoon at the pretty home of Mrs. W. E. Rosencrans on Vine street. There were a large number of the members and their friends in attendance and the early hours of the afternoon were devoted to their regular business session, at which time the resignation of Mrs. Frank Cloidt was considered and Mrs. W. Soennichsen was elected to fill the vacancy. Various plans were made for the coming winter months' work, after which those in attendance were very pleasantly entertained with splendid Victrola selections and most excellent piano selections by Mrs. Christine Coughlan. At a suitable time the hostess served a most delectable luncheon. The ladies tarried for a few moments and indulged in a little further social time and about the hour of 5:30, dispersed, declaring Mrs. Soennichsen an excellent entertainer.

TO WORK AT MURRAY

From Thursday's Daily.

Walter Tower has accepted a position at the L. H. Puls garage at Murray and will on next Monday assume his duties in that city. Mr. Tower is one of the expert auto mechanics in Cass county and his fifteen years of experience in this line of work will make him a most valuable man for Mr. Puls and the patrons of the garage will find him accommodating in his dealings and a man who is right on the job in looking after the work.

HERE TO AID FORMER SERVICE MEN

FIELD REPRESENTATIVE OF THE RED CROSS VISITS CITY—AT WAGNER HOTEL.

DISABILITY RELIEF PROMISED

All Who Suffered Injury in Line of Duty—Also Explains Government Insurance of War.

From Friday's Daily.

Mrs. Lillian H. Moore, of Chicago, field representative of the department of Civilian Relief of the American Red Cross, arrived in the city this morning to look after the interests here of the former service men who have been disabled or affected as a result of their service in the army or navy.

Mrs. Moore is very anxious to get in touch with any of the service men who have suffered disability as the result of their service and will endeavor to explain to them the best methods of securing relief from their injuries and of getting in touch with the government to secure the necessary relief.

Mrs. Moore is also explaining the operation of the government insurance and the new policies that are to be placed by the U. S. government for the benefit of the men carrying the war risk policies and the special advantages that the government offers to the men in the way of doing away with the physical examination required and the rates that will be asked on the different policies.

The Red Cross is taking up these measures as a protection to the men who served their country so well in the war and will see that every opportunity is given the men to secure the best possible treatment either in having their insurance transferred or in securing their compensation in case of disability from sickness or wounds suffered while in the service of their country.

Mrs. Moore is at the Hotel Wagner and would be pleased to meet any of the former service men desiring information as to their insurance, or in case of disability acquired while in line of duty.

TRAIN IS DELAYED

From Thursday's Daily.

The Burlington train from Omaha due here at 1:12 was held in this city until 2:30 this afternoon owing to the fact that a freight train coming through the cut near the bridge suffered a derailment of a car and tied up the main line for some time. The train, which travels to Pacific Junction ordinarily, was forced to lay over here for more than an hour and it was nearly 3 o'clock before the return trip to Omaha could be made.
