

W. C. T. U. CONVENTION MET THURSDAY

TWENTY-EIGHTH ANNUAL SESSION HELD AT WEEPING WATER CHURCH.

UNIQUE GREETINGS EXTENDED

By Mrs. T. Murtey of Weeping Water—All Represented But Louisville.

The 28th annual W. C. T. U. convention of Cass county convened at Weeping Water last Thursday, October 2nd, at 9:30 a. m., in the Congregational church. The county officers, Mrs. J. D. Cross, of Union, president; Mrs. Mary S. Harmon, of Alvo, secretary and Mrs. Irene McFall, of Eagle, treasurer, were present, as was also the state president, Mrs. Mamie Clafin.

There are six Unions in Cass county, being located at Nehawka, Eagle, Louisville, Plattsmouth, Weeping Water and Union. All of them except Louisville were represented.

Mrs. T. Murtey, of Weeping Water, gave Greetings, which were cleverly written in rhyme, and from which the following has been copied, being the address in part:

GREETINGS

"If you are here today as a member of the W. C. T. U., or if you come as a guest: The Weeping Water Union bids me welcome you to their best. Heroines of victorious battles fought, silently and by much ridicule fraught, we have felt thy influence for years—All discouraged; oft with tears. We deem it great honor you to greet; Gladly we sit at thy feet. On the next we look, As upon a sacred book—And thy voices we will gratefully hear; Glad to feel the white ribbons so near; That you have achieved your goal And held John Barleycorn under control. It should be a matter of great pride That our land has made such a stride Toward a better way of living, Which has come from much thinking Over social problems, industrial and economic. Until Demon Rum is now in a panic

Of fear lest he be laid on the table And never more will be able To squander large sums of money for votes. With which he always controlled the states. "For the men are now realizing In a way quite patronizing, That you women for years have operated a Union, Which has beat all other unions— And that they'd better side in with you Or you, and your white ribbons, too Will outwit their keenest leaders, And the whole world will be White Ribboners."

FIRST APPEARANCE OF THE AVOCA ITEMS

ABSENCE OF LOCAL EDITOR SELECTED TO HANDLE NEWS IS CAUSE OF DELAY

TO BECOME REGULAR FEATURE

In Columns of Monday Semi-Weekly Journal—Town is Without a Newspaper.

We expected to have the Avoca department established last week, but owing to the fact that the local editor, Miss Mae Bogard, is visiting in the east for a time, the matter of fully establishing a news service as we desire had to be postponed. The Journal's country representative visited Avoca the last of the week, and upon learning of Miss Bogard's absence picked up a few interesting news items for publication in Monday's issue, on which day of the week is our intention to publish the new Avoca department, but the absence of one of our linotype men made it impossible to get them into type in time for publication before today. We are hopeful, however, of having the Avoca department firmly established in the near future.

Orlando Tefft, who has been sick for some time past, is showing a good deal of improvement and is able to be on the street at intervals and to meet his many friends of the city.

Wm. Tinker, the new Missouri Pacific agent, has gotten moved and settled and seems at home in Avoca. Mr. Tinker is certainly a sure enough real efficient railroad man.

W. F. Beetzley, the efficient mail carrier of the R. F. D. running out of Avoca made up his mind to attend the festivities attendant to welcoming the soldier boys home at Plattsmouth Saturday, but on account of having to carry the mail over the bad roads, found most of his day taken up in the performance of his duty, whereas with good roads the task could have been accomplished in a small fraction of the time it took.

Mrs. Edward Mohr, who has been visiting with friends and relatives in Kansas for the past few weeks, returned home last Tuesday, having had an excellent time while she was away.

Claude Hollenberger and Marion Pitman were in the west about a week or ten days ago, and while there filed on a section of Uncle Sam-

uel's domain. They returned home after out will go west to occupy the land soon.

William Bogard and daughter, Miss Mae are visiting with friends and relatives at Belmont and Plattville, Wisconsin, where they will remain for some time. During their absence, Mr. Bogard is looking after the duties of the office and thinks it no small job either. He is complaining somewhat of having a lone-home job keeping house without the women folks. We sure do miss the women folks when they are away.

L. H. Fannestock, who was visiting at Nebraska City last week, on his return was accompanied by his daughter, Mrs. Charles Woodson, who is visiting in Avoca with friends for a short time.

Mrs. Gust Mohr, who with her husband have been living in the west part of the state, arrived from her home at Chappell, last Friday for an extended visit with friends and relatives.

J. E. Hallstrom, the cashier of the Farmers State Bank of Avoca, accompanied by Mrs. Hallstrom, were visiting with friends and attending the welcome home celebration held at Plattsmouth last Saturday. While there, they took advantage of the opportunity of remaining over Sunday with relatives.

John McFarland expressed his regrets at not being able to attend the big homecoming celebration for soldiers, sailors and marines, but says he could positively not get away on Saturday.

Simon Rehmeyer was busy last week looking after receiving the incoming grain at the elevator, as was also Louis Marquardt at his elevator. They are both shipping a good quantity of wheat out these days.

Albert Roper, who resides some five miles west of Avoca, is hauling the lumber for the construction of a new house on his farm. When completed it will make him and his estimable wife an excellent home, and one to which they are well entitled.

Returned from the West.

Some four of our citizens were visiting and looking after some business in the west last week, they being Reese Hutching, John Peckham, Will Beatey and Louis Hoback. The first two named have land there, and have also purchased lots in the town of Arriba, where Mr. Hutching will construct about eight houses for sale or rent while Mr. Peckham will also build two homes.

Not Entirely Recovered

Mrs. B. C. Marquardt who was injured several weeks ago in an elevator in which she was a passenger at Omaha, is reported as not entirely recovered, although she is on the road to recovery and is showing good improvement. Her many friends are hopeful that she will soon be well again.

They Had Some Time.

Henry Jonquest and Will Carlson were visiting in Plattsmouth on last Saturday, going over in their car

and found some pretty tough sledding. They ran into a bank of soft dirt, where the graders had been working, as they were trying to beat the rain into Plattsmouth and also barely escaped being overturned in a canyon at the roadside, which they could not see on account of the darkness. The rain finally caught them and put them into the ditch, where, with a representative of the Journal, they had to put in a large part of the night in trying to get their car out. A neighboring farmer solved the problem the next morning.

REPORT OF FARMERS UNION PICNIC

Journal Furnished with a Splendid Account of Cass County Event Held at Weeping Water

The annual picnic given by the merchants of Weeping Water and the Farmers Union of Cass county, held on the 25th of September was another big success. It was an all day affair and the whole program was interesting from start to finish.

The Weeping Water band of 26 pieces furnished music in abundance, giving an afternoon concert, also a prelude and final concert in the evening.

The afternoon program opened with an address of welcome by E. L. Shoemaker, president of the Cass county Farmers Union, after which the Gables from the Lyceum bureau, of Lincoln, gave a portion of their program.

Prof. N. W. Gaines, of the Extension department of the school of agriculture, gave an address on the line of loyalty and admonition to the farmers to "quit their kicking" and get to work. He went on to say that the farmers have everything they have ever asked for and more, and brought right to their farms. In solving their farm problems they have the willing assistance and service of the entire college of agriculture, working through the county agent. His talk was filled with mirth and was appreciated immensely by the audience as evidenced by frequent applause.

Charles Watts, general manager of the Livestock Commission of the Farmers Union offices at Sioux City, Omaha, St. Joe, Kansas City and Denver, was present and gave a very interesting talk on the success of these commission offices. Nego-

tiations are now being made to open up offices in St. Paul and Chicago.

The Gables concluded the program for the afternoon.

The evening was taken up with band concert and entertainment by the Gables, also the free dance in the large new Farmers Union warehouse, and the free moving pictures.

Sports in the afternoon were the usual contests, baseball game, etc.

The aeroplane was busy all day carrying passengers and making exhibition flights.

A PLEASANT EVENT

This morning the stork paid a flying visit to the home of Mr. and Mrs. James Holly in the west portion of the city and left in their care a fine little daughter, to bring sunshine and happiness to the home. Both the mother and little one are doing nicely and Jim is as happy as only a proud father can be.

SOME GOOD ADVICE

Strengthened by Plattsmouth Experience

Kidney disease is too dangerous to neglect. At the first sign of backache, headache, dizziness or urinary disorders, you should give the weakened kidneys prompt attention. Eat little meat, take things easier and use a reliable kidney tonic. There's no other kidney medicine so well recommended at Doan's Kidney Pills. Plattsmouth people rely on them. Ask your neighbor. Here's one of the many statements from Plattsmouth people.

Mrs. Harry Kuhney, Eighth and Pearl St., says: "I couldn't say anything but good words for Doan's Kidney Pills, for I know from personal experience that they are all that is claimed for them. I use Doan's when my back aches and my kidneys are not acting as they should and they never fail to give quick relief. We use Doan's Kidney Pills in our home when necessary for kidney trouble and they always give good results."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Kuhney had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

TRIP TO M. STREIGHT FARM

Where a Wiener Roast Was One of the Principal Forms of Entertainment—Fine Time.

From Wednesday's Daily. Yesterday afternoon the Toka Campfire girls enjoyed a most delightful hike and outing that they will long remember with pleasure.

The members of the party gathered after the close of school and in company with Mrs. R. P. Westover, as chaperone of the party, proceeded to take up the hike out to the farm of Monte Streight, north of the city, where they spent several hours very enjoyably. The girls gathered the material for a real camp fire and over the glowing embers proceeded to roast wieners and enjoyed the toothsome repast very much.

After the enjoyment of the feast, the members of the party spent several hours in playing games, and as the great, glowing moon was shedding its radiance over the landscape wended their way homeward, feeling that they had enjoyed an evening of rare pleasure.

Those comprising the party were Velma Rainey, Florence and Estelle Tritsch, Mary Catherine Parmele, Clara Trilety, Emma Wohlfarth, Mary Margaret Walling, Viola Archer, Fern Noble and Margaret Schlater.
