LYDA CLARK P. M.

Harris Banning, O. Garrison, David Kendall and Bert Willis made up a merry party that attended the celebration at Plattsburgh homecoming day.

Rev. L. Morrison was a passenger to Omaha last Monday evening, at which place he was called to look after some business matters for a short time.

Mrs. Mont Robb and daughter, who have been visiting for the summer in the west, are expected to return home the latter part of this week, after an absence of three months.

Superintendent of Schools McDonald spent the week end at Lincoln, where he was a guest of friends and also spent part of the time looking after some business matters in connection with the schools here.

Jack Chalfant is busy these days when the ground is dry enough, doing the seeding of his winter wheat. He will have about 100 acres in when he finishes, having already sown some sixty acres and is still going.

Robert and Reuben Eaton were among those who attended the big homecoming celebration at the county seat Saturday, and they were loud in their praise of the manner in which the Plattsburgh people put on the events of the day.

With the added work in the Union schools, brought about by the teaching of domestic science and manual training, the present teaching force finds its labors greatly increased. It has not been possible to secure additional teachers to handle these subjects so it has been necessary to continue as best they could.

Mrs. T. H. Cromwell, proprietor of the Cromwell store in this place, and her little son, Victor, both of Lincoln, were visiting in Union and looking after some business matters connected with the institution while here. Mrs. Cromwell makes a visit here occasionally and is well pleased with the manner the enterprise is being conducted under the able management of Mrs. Mabel Reynolds.

The little daughter of Mr. Hugh Rabb, of Wyoming, who has been sick for some time with stomach trouble is reported as being some what improved.

Herbert LaRue, Leslie Everett and Clarence Dukes were all visiting in Plattsburgh last Saturday, driving up in their car and taking in the great celebration.

Mrs. S. C. Keekler and daughter were visiting with friends in Plattsburgh and attending the homecoming celebration at that place on last Saturday. They enjoyed the occasion very much.

L. R. Upton, who has been in the west for some time past, arranged while on his last trip to have sown on his land forty acres of wheat. He also sold a quantity of land to others while there.

County Surveyor Fred Patterson was a visitor in Union for a short time last Monday while on his way to Nehawka, where he was viewing a newly established road, on which he was to make report.

Messrs. Ray, Roy and John Becker were enjoying the big time afforded the Cass county soldiers at Plattsburgh Saturday. They drove up in their car despite the terrible condition of the roads and were not at all sorry they made the trip.

While Lem Barrett, one of the force of carriers handling the mail from the Union postoffice, is taking his annual vacation, Earl Albin is attending to the duties of the position, carrying the mail with the regularity of an old timer.

Robert S. McCleery, of Weeping Water, was a business visitor in Union for a few hours last Monday, looking after some materials which he is supplying to the road contractors who are grading the roadway from the county line north to the county seat.

Miss Eva Hathaway has accepted the position of saleslady in the Farmers Union store, and is at work at her task, which she finds very agreeable. Miss Hathaway is making a very good saleslady, and will prove valuable help to the institution, we are sure.

A crew of workmen from the Plattsburgh Gas and Electric company, was in the city this week making preparation for the running of the poles and the stringing of wire into the city. They now have the poles all set and are rapidly getting the other work done.

C. W. Cheney will, in a short time move to the new home which he has purchased near Plattsburgh and which is known as the W. T. Cole place. This place was farmed last year by Henry Timm, and for a number of years prior by B. F. Goodman. The farm was sold to Mr. Cheney for something over \$200 per acre.

Miss Petra Anderson of the teaching force of the Union schools, accompanied her friend, Miss Alice Crozier, another of the teachers, to her home last Friday and after a very enjoyable visit went on to her home in Lincoln for a visit with her own home folks before returning to resume her work Monday morning.

Will A. Taylor and wife and F. H. McCarthy and wife were attending the homecoming celebration at Plattsburgh last Saturday, driving to the county seat in the auto of Mr. McCarthy, and notwithstanding the poor roads they had to traverse and pronounced the celebration a good one.

Charles Swan and family, who are visiting in the west, and who were for some time at Imperial and Grant visiting with former acquaintances from near Union, concluded to go on to Denver while they were near, and accordingly drove their car to the Colorado capital city. It is expected they will be home in a few days now.

Harold Thompson, of Omaha, a cousin of Miss Lydia Clark, accompanied by his friend, Miss Rae McCreath, also of Omaha, were guests of Miss Clark last Sunday, returning to their homes in the metropolis in the evening. They were accompanied back to the city by Miss Clark, who came home on the train early Monday morning.

Not being able to secure a painter, Mont Robb has essayed to paint the porch of his home and on last Monday tackled the job. He has it looking pretty foxy. Mont is capable of doing a good job wielding a paint brush, but he is not making any claims about his ability alone that line. Mont didn't want Flossie McCarthy to have anything on him, and as Flossie had his porch painted, nothing could stop Mont from painting his own.

D. Stine, which was closed during his illness. Mr. Martin is feeling much improved, and will endeavor to have the former patrons of his place as well as new ones call on him.

**Has Ankle Broken Saturday**  
Saturday, when the cistern he was digging caved in suddenly, Dewitt Survace had one of his ankles broken and is laid up for some time. Earl Albin took the young man to Plattsburgh Monday to have the injured member treated. While he is getting along as well as can be expected the foot is giving him no small amount of pain.

**Excellent Services Sunday**  
At the Bible school at the Methodist church last Sunday as there was a larger crowd and more interest than formerly. The offering for the district classes amount to \$7.55, which is considered exceedingly good. At the morning services there was a large crowd and a fine sermon by the pastor, Rev. Morrison. The basket collection amounted to within a few cents of \$20.00. The meeting of the Epworth League in the evening was one filled with interest, and was partly composed of a series of historical work which the League is doing at the present time.

**Just Completing New Home**  
Dean Austin, the premier of good fellows, is just completing a new home on his farm and with the exception of the heating plant it is finished. He will have the heating plant installed before it is necessary to have a fire and will then have a most excellent and comfortable home which he and his good wife have well earned. Along with the enjoyment of the nice new home, Mr. Austin has arranged to further increase his pleasures by having the Journal pay his family a weekly visit all during the coming months.

**Roads are in Bad Shape Here**  
The country roads leading into Union look just like those all over the county, which, at times lately have been very bad, and not the best at anytime. But there are many low places in the roads that keep the water after a rain, and do not permit it to run off. Such places always make for bad roads and it is to the interest of everyone to see that the water is not allowed to stand until it soaks into the ground. Such places usually occur at the bottom of hills and not far from culverts or bridges that are high enough to run over. Such places always bring down cars in order to cross them with safety, and both these errors should be looked after, as there is considerable complaint on the part of passing motorists in regard to them.

**Grading Camp Moving South**  
The gang of graders that has been camped near here for a number of weeks past, during which time the workmen have been a source of considerable revenue to Union business, is moving this week to near the village of Wyoming at the edge of Otoe county, where they will be located for the coming of cold weather and the close of the grading season. When the roadway between Nebraska City shall have been completely graded and gotten in condition it will make a fine road.

**Was Buried Here Thursday**  
Phillip C. Engle, who lived in Union and near here years ago, passed away on September 30th at his home near Burbank, S. D., at the advanced age of 85 years, and was brought here for burial. The remains arrived Thursday, October 2, being accompanied by friends. The funeral was held from the Methodist church, services being conducted by the Rev. L. Morrison, pastor, assisted by Rev. Will A. Taylor.

Mr. Engle will be remembered as having disposed of his land holdings here a number of years ago at the modest sum of \$40 per acre, which was then considered as being an excessive amount. The land which he formerly held, are now owned by Messrs. E. B. Chapman, Hugh Warder and John Handzel.

**Kicked by a Horse**

He was accompanied by Mrs. Taylor and they returned home after the evening services. They are well pleased with the work being done at Wabash, as also are the members of the church there with the efforts of Rev. Taylor and his good wife to promote a religious spirit among the people of the town.

Fred Clark, who has been in the west for several days, returned home last Thursday, accompanied by his son, Clifton Clark, who has been working for some time at Grant and Imperial. Fred is much pleased with the west and spoke very favorably of the crop yield in that section this year.

Assistant principal of the Union schools, Professor E. A. Ward, was in attendance at the Plattsburgh homecoming celebration, he having served a number of months in the army, both in the south and in the east.

**Interesting Talk on Mexico**  
Rev. Childs, who has charge of an institute for the training of Mexican children in San Antonio, Texas, was a visitor in Union Sunday. Having been obliged to lay over here on his return trip to Texas for auto repairs, Sunday night he filled the pulpit at the Baptist church and gave a very interesting address on "Mexico," from personal observation while occupying mission fields in that country. Rev. Childs started on his journey back to Texas Wednesday morning, being accompanied as far as Nebraska City by Rev. J. B. Taylor, of this place.

**FORMER KAISER PUTS  
SILENCER ON BARBER**

William Hohenzollern Gets Morning Shave Minus the Customary Gossip.

William Hohenzollern, formerly emperor of Germany, still packs a punch. He has compelled the barber of Amersongen who trims his beard and massages his face every morning to do so in silence, according to T. Walter Williams, a New York newspaper man who has just returned from Holland.

The barber told Williams that the ex-kaiser prefers to have him work without talking. At the same time every day the barber goes to the castle where Mr. Hohenzollern resides. First he trims the Vandylke beard which the former kaiser is affecting, after which he massages his face. The former emperor is very sensitive about this operation, and before the barber begins he tells him to iron out all the wrinkles.

Williams said the barber told him the exile is enjoying excellent health. He judges this by the condition of his close-cropped hair, which is still hard and wiry. Both hair and beard are a snow white.

The children in the village fear that there will be no Christmas trees left this winter, for the former kaiser is still at his labors of saving wood. One of his three staff officers who have remained faithful to him gets at the other end of the cross-cut saw and assists Mr. Hohenzollern.

The only persons living in the castle besides the servants are the ex-kaiser and Gen. Von Gented. The other staff officers live at a hotel in the village.

**Ancient Battle Standards.**

It is probable that the first flag was carried by the Saracens in their battles with the Crusaders, the latter adopting the idea, which thus spread over Europe. Long before that there had been national standards, however, as the ancient Egyptians carried before their hosts the figure of a sacred animal on a spear. A stuffed cat impaled on a stick was the forerunner of the banners now used. In the days of the old Persian empire, a blacksmith's apron was carried aloft at the head of the army, while the standard of the Turks was a horse's tail.

**THE "FLU" SHALL NOT PASS!**

Reoccurrence of the "flu" is a certainty this fall and winter. Last year it had such an unusual death rate, that all the frightfulness of the world war could not have been worse. It is highly urgent this year, "it shall not pass!" The commissioners of health in all the large cities already give the alarm and call for a real fight against the disease. You can meet the approaching enemy without fear, if you will protect your health by keeping the bowels open and by facilitating your digestion. Trimer's American Elixir of Bitter Wine is the most dependable remedy for this purpose. It keeps the bowels open, regulates digestion and fortifies the entire system. Keep it at your home and also get Trimer's Angelica Bitter Tonic, which is very
