NO. 31

NEW BISHOP OF STATE VISITOR IN CITY

RT. REV. ERNEST V. SHAYLER A GUEST OF ST. LUKE'S PARISH FRIDAY NIGHT.

GIVEN INFORMAL RECEPTION

Noted Divine Spoke at the Evening Prayer Service at Church—Is His First Trip Here.

From Monday's Daily
On Friday evening the St. Luke's parish of the Episcopal church was visited by the new bishop of Nebraska, the Rt. Rev. Ernest V. Shayler, who had the opportunity of meeting for the first time the members of the church in this city. The bishop was accompanied by Mrs. Shayler and their daughter, Miss Ernestine, and the party was entertained at the rectory following the service at the church in an informal reception.

Bishop Shayler spoke at the evening prayer service at the church and his splendid address was truly an inspiration to the members of the church who were present to take part in the service. Bishop Shayler in brief outlined the need of a spiritual awakening of the nation to overcome the present day influences that prevail in the world, and an appreciation for the sacrifices made in order that the world might be made free, and the realization of the grace of God by the members of the church throughout the nation. The bishop urged a more active and vital program in the conduct of the affairs of the church, a getting away from the smugness that has prevailed through the many churches and a fuller realization of the need for active and real service in presenting the teachings of the church to the world.

By real service to the church, the Christian would be able to prepare himself for the overcoming of the obstacles that may be found in the way of spiritual righteousness.

The bishop also outlined the program that had been prepared for the work of the Episcopal church in the state and the need for the united efforts of the members of the church in advancing the interests of themselves and their church by thoughtful Christian living and service in the cause of the Master. He also touched in brief on the nationwide campaign that is being waged throughout the nation to make the life of the church more vital to the world and a greater interest by the individual member in the service to the church.

Following the services at the church the members of the parish were invited to the rectory where an informal reception was tendered by Father and Mrs. W. S. Leete to the bishop, Mrs. Shayler and Miss Shayler. In the receiving line were the bishop and family, Father Leete and Madame Leete. Dainty and very delicious refreshments were served in the dining room to the members of the party, Mrs. W. S. Leete being assisted by other of the ladies of the church, while the serving was carried out by young ladies.

The visit of Bishop Shayler to the parish here was one that will be of much benefit to the church as his wonderful personal magnetism and force brought to the members of the church a realization of the need for real and energetic service in the cause of the church. In speaking of the parish here, Bishop Shayler paid a very high compliment to the beloved rector and the members of the parish who stand high in the records of the state for their church work.

TWO MORE PLATTSMOUTH BOYS RETURN

F. G. DAWSON AND EUGENE LISTER RELEASED FROM SERVICE OF U. S.

JUST MISS THE HOMECOMING

Arriving in the City Sunday After Festivities of the Day Before Had Been Concluded.

From Monday's Daily
Two more of the Plattsmouth boys who were in the service of their country during the war, arrived in the city Sunday morning by a few hours the homecoming celebration in honor of the returned soldiers and sailors, but in their homes they found a royal welcome from the parents and relatives who have so anxiously looked forward to this pleasant occasion.

Frederick G. Dawson arrived home early Sunday morning after a year and a half in the service of the country as an expert in the chemical work carried on by the government in perfecting the instruments of war. Mr. Dawson was for ten months detailed as an assistant in the bureau of mines at the Cornell university, Ithaca, New York where he conducted special experiments along the lines of electrical development of furnaces that were so extensively used in the preparation of war material. This service was very important to the government and many new and important developments were made by the corps of experts secured by the government and among which Mr. Dawson was numbered.

After a short visit here with his parents, Mr. and Mrs. A. W. Dawson, Fred will locate at Detroit, where he has accepted a position with the Detroit Electric Furnace Co., as an expert worker and has a very lucrative position.

Eugene Lister was one of the first from this city to enter the service at the outbreak of the war with Germany and has been in the naval service since the spring of 1917. Mr. Lister spent a short time at the naval training station at Bremerton, Washington, being sent from there to San Pedro, California, where he was assigned to duty as a blacksmith in the navy yards and has since been stationed there assisting in the work of outfitting the ships of the nation for service on the high seas. Mr. Lister was released from the service a few weeks ago and as soon as he could arrange matters he came on to Nebraska for a visit with his parents, Mr. and Mrs. Lambert Lister and the brothers and sisters at the home here. His visit has been the occasion of a great deal of pleasure to the relatives and friends and they are pleased to see him looking so well and hearty. Mr. Lister is well pleased with the life on the Pacific coast and expects to locate there in the future.

Following the services at the church the members of the parish were invited to the rectory where an informal reception was tendered by Father and Mrs. W. S. Leete to the bishop, Mrs. Shayler and Miss Shayler. In the receiving line were the bishop and family, Father Leete and Madame Leete. Dainty and very delicious refreshments were served in the dining room to the members of the party, Mrs. W. S. Leete being assisted by other of the ladies of the church, while the serving was carried out by young ladies.

The visit of Bishop Shayler to the parish here was one that will be of much benefit to the church as his wonderful personal magnetism and force brought to the members of the church a realization of the need for real and energetic service in the cause of the church. In speaking of the parish here, Bishop Shayler paid a very high compliment to the beloved rector and the members of the parish who stand high in the records of the state for their church work.

WILL OPEN BARN

From Monday's Daily.
George Taylor has made arrangements whereby he takes over the management of the livery barn of M. E. Manspeaker and tomorrow expects to have the barn open for the use of the public. Mr. Taylor will strive to see that the patrons of his establishment are treated right in every way and anyone desiring to find a good feed and livery stable would do well to bear Mr. Taylor in mind.

YOUNG MAN IN BAD OVER LOSS OF SHOT GUN

LAD OF EARLY TEENS TAKEN INTO CUSTODY CHARGED WITH THEFT OF IT.

OWNER GETS THE GUN BACK

Through Prompt Action of Officer Henry Trout—Weapon Secured on False Pretense.

From Tuesday's Daily.
The police last evening were called out to the residence of George Verhule in the south portion of the city, where Officer Henry Trout took into custody Ernest Verhule, a young son of the household, who was charged with having taken a shot-gun belonging to Edward Lynch.

From the statement of the case made it seems that Mr. Lynch had made to loan his shot gun to Dr. R. P. Westover for use in hunting and had told him that the weapon would be left at the soft drink parlor of Adolph Giese. Mr. Lynch took the gun to the place of Mr. Giese and turned it over with instructions that it was to be delivered to Dr. Westover, and this conversation was evidently overheard by the young man in the case as on closing time Ernest came to the store just as Mr. Giese was closing up and told him that he wanted to secure the gun for Dr. Westover, and on the strength of the statement the gun was given to him, and it was not until later when Dr. Westover called for the weapon that it was discovered possession of the gun had been secured on a false statement.

Mr. Lynch was notified and the case turned over to Officer Henry Trout, who promptly took action and going to the Verhule residence in company with the father of the young man, roused him from his slumbers and inquired as to the whereabouts of the gun. At first it was impossible to locate the gun but it was found later at the residence of George Gobelman, where young Verhule had taken it, and requested permission to leave it for a short time and as Mr. Gobelman had no knowledge of the ownership of the weapon, but supposed it belonged to Ernest, the permission was granted, and when the truth was discovered the gun was turned over to the police and restored to the rightful owner.

BUILD NEW CHURCH AT WEeping WATER

People of Christian Faith Preparing to Erect Edifice to House Their Congregation Soon.

From Tuesday's Daily.
The good people of Weeping Water and vicinity holding the Christian faith are preparing to erect a home to shelter their congregation in the future and have already secured a lot in that city on which to put up the new building. There are quite a large number of communicants of this faith in the vicinity of Weeping Water and they are desirous of having a home of their own wherein they can worship. This will make five churches in our sister city and all are live active organizations that reflect great credit upon the community in which they form such a vital part.

CONDITION OF PRESIDENT IS MUCH BETTER

OPTIMISTIC FORECAST MADE BY HIS PHYSICIANS—ON THE ROAD TO RECOVERY.

STILL CONFINED TO HIS BED

Ordered to Refrain from Work but Medical Aid May be Lifted by End of This Week.

Washington, Oct. 6.—President Wilson continued his progress toward recovery today, his physician reporting that cumulative effects of several comfortable days and nights slowly were making themselves felt in a gain of strength. He was kept in bed, however, and it was emphasized that he still was far from being a well man. Today's bulletin was brief, but expressed optimism on the part of the physicians. It was signed by Rear Admiral Eititt, head of the naval medical school here, and Dr. Sterling Ruffin of Washington, in addition to Rear Admiral Cary T. Grayson, the president's personal physician.

There was no indication that the president would be permitted to resume the duties of his office at any time soon, although it was said he might be able to give attention to some official matters later in the week.

At a cabinet meeting at the white house over which Secretary Lansing presided, some of the most pressing business was referred to the president. Afterward Secretary Taft announced that a session around the cabinet table had revealed little in various departments that required immediate attention.

Among the many messages of sympathy which kept the white house wires busy during the day, was one from Pope Benedict, saying he prayed for the president's speedy recovery.

PLATTSMOUTH WON FROM LOUISVILLE YESTERDAY

From Monday's Daily.
Yesterday afternoon at the baseball park the Red Sox tangled with the Louisville team in an exhibition of the national pastime and, as a result the local team won by a score of 8 to 1. The main feature of the game was the throwing of Mason, who demonstrated that he is not only a high class left fielder, but also somewhat of a ball tosser and his shoots proved a puzzle for the visitors as they were unable to solve his delivery and with the gilt edge support given by his teammates Bill came out the victor in the game.

The Louisville team was short the services of Fritz Huff, their clever pitcher and Koop was forced to take the throwing end of the game and gave a very good exhibition of the fine art of putting them over, but was touched up by the Sox batters at critical stages allowing runs to be scored.

These two teams will appear here on next Sunday to play the deciding game of the series, as it now stands fifty-fifty, Louisville having secured the first game and the one yesterday going to Plattsmouth.

The attendance yesterday was very poor owing to the fact that many of the fans thought that weather conditions would call off the game, while others journeyed up to see the Omaha championship opened up by the Murphys and the Armours.

ADAM FORNOFF DOING WELL

Reports received from the Immanuel hospital in Omaha state that Adam Fornoff, of Cedar Creek, who is at that institution receiving treatment for a very severe case of kidney trouble, is doing nicely and as well as could possibly be expected under the circumstances of the case. The many friends of this estimable gentleman will be pleased to learn of his condition and trust that he may continue to show improvement in the next few days.

REVIVE FAITH IN OIL DEPOSIT NEAR UNION

CITIZENS STILL BELIEVE RICH STORES OF PETROLEUM LIE BENEATH THE LAND

MAY DRILL A SECOND WELL

To a Depth of Some 3,000 Feet or More than Twice as Deep as the One Formerly Sunk.

From Tuesday's Daily.
Much interest is being manifested in the proposition of boring for oil near Union. There is a disposition on the part of many of the citizens of that town and surrounding country to form a corporation for the purpose of sinking a well to the depth of three thousand feet or more in order to ascertain definitely just how well grounded their faith may be in the petroleum deposit they believe exists. The amount of capital which it is expected will be needed for the project is \$50,000, and the plan is to divide it into shares of \$500 each, the work of drilling to be undertaken only after the entire sum has been raised. The work that was done a few years ago on the John Larsh farm has only served to increase the faith of a large number of men in the vicinity that a deposit of oil is located beneath Cass county land. The former attempt, which cost some ten thousand dollars, was halted when a depth of 1300 feet was reached on account of drilling into a break of the anticline, causing much trouble through caving and loose rock, which kept falling and impeded the progress. Mr. Larsh on whose farm the indications seem to be the most pronounced in favor of oil indications, is firm in his belief that oil exists there.

The faith of Mr. Larsh is shared by many of the citizens of Union and vicinity, who declare they are ready to back up their belief with a contribution of \$500 to the fund for sinking the well. Should they succeed in finding oil in paying quantities it would prove a great boon for the faithful men of this little city to the south of us. We hope they will succeed and that their efforts will be rewarded with abundant success.

UNION COUPLE MARRIED LAST EVENING

W. L. Stine and Miss Carrie Rakes, United for Life at Court House in This City Monday.

From Tuesday's Daily.
Last evening, at the office of County Judge Allen J. Beeson occurred the marriage of Mr. W. L. Stine and Miss Carrie Rakes, both of near Union.

The wedding was performed in the usual impressive manner by the judge, and the ceremony was witnessed by County Clerk George R. Sayles and Deputy Clerk W. T. Adams. Following the wedding the newly weds spent a few hours visiting in this city before departing for their home. Both the bride and the groom are well and favorably known to a large circle of friends in Liberty precinct where they have resided during their lifetime and their acquaintances and friends there will be pleased to learn of their intention to take up the journey of life together in the future. They expect to reside near Union.

ONE CASE OF MEASLES.

From Tuesday's Daily.
The city authorities have one case of measles reported to them in this city and this is the first case of contagious disease reported here for several months. The home has been quarantined and the proper safeguards taken to see that the disease is not spread over the city.

Fancy stationery at this office.

DEPARTS FOR CHURCH CONVENTION IN EAST

FATHER W. S. LEETE LEFT LAST NIGHT FOR DETROIT TO ATTEND MEETING

PROBLEMS PRESENT SELVES

For Solution at the Hands of Convention—After-War Problems Are Greatest.

From Tuesday's Daily.
Last evening Rev. Father W. S. Leete, rector of St. Luke's church, of this city and secretary of the diocese of Nebraska, departed from Omaha for Detroit, where he will attend the general convention of the Protestant Episcopal church of the United States, which convenes in that city today. The forthcoming convention is to be one of the most important in the history of the church and many of the problems raised by the war and the great nation wide campaign will be discussed by the two bodies of the church, the house of bishops and the house of deputies in which the bishops, clergy and laymen of the church will take up the matters that are to be the chief work of the convention.

This is the legislative body of the church and a large number of minute changes are proposed in the methods of church government that will be necessary to act upon at this time.

The Rt. Rev. Ernest V. Shayler, bishop of eastern Nebraska and Bishop Beecher, of the western diocese, will be in attendance at the session of the house of bishops which will convene tomorrow. The various auxiliary societies of the church are meeting at the same time as the convention, including the Brotherhood of St. Andrew and the woman's organizations.

RETURNS FROM THE WEST

From Monday's Daily.
Friday afternoon W. E. Rosencrans returned home from an extended trip through the northwest and along the Pacific coast. Mr. Rosencrans spent some time with his mother, Mrs. Mary Rosencrans, at Seattle, Washington, and leaving there he visited at Portland, San Francisco, Los Angeles and southern California, returning home by the southern route through Arizona and New Mexico to Colorado and thence home. Mr. Rosencrans states that the trip was one of the most delightful he has ever made, covering as it did a wide and varied section of the great west, from the forests of the north to the arid regions of Arizona and New Mexico.

THE ERA OF A NEW DAY IN PLATTSMOUTH

CURRENT FROM NEW PLANT IS SENT OVER WIRES SATURDAY AND SUNDAY.

LIGHT IS ASSURED IN FUTURE

And Soon, When All Equipment is Installed, Will Act as Current Producer for County.

From Tuesday's Daily.
There were very few persons in the city aware that on Saturday and Sunday they were using electric current that was furnished from the power plant in this city, and which delivered the goods in fine shape and without any of the breakdowns that have characterized the service over the transmission lines.

The local plant, while it has not received all the permanent equipment, is in such shape that Superintendent Kuykendall decided to give it a tryout and accordingly the current was turned on Saturday and carried the city service in fine shape. After several months of uncertain service, the management of the light company is very much pleased with the fact that they have a reserve plant that can be depended upon in time of trouble to relieve the transmission lines and which will later be used as a current supplier for the remainder of the county.

TO UNDERGO TREATMENT

From Monday's Daily.
Mrs. Chris Stoehr, of near Cedar Creek, was taken to Omaha Friday afternoon by her daughter, Mrs. Peter Schroeder, where Mrs. Stoehr expected to have her eyes examined by Dr. Gifford, the specialist. Mrs. Stoehr has been suffering from her poor eyesight for some time and her condition has become such that it is necessary to have an examination made and it is expected that an operation may be necessary in order to give her relief.

MEETS WITH SERIOUS ACCIDENT

From Monday's Daily.
Saturday morning while Mrs. Perry Neill was engaged in her household duties at the home in the north part of the city, she had occasion to step out in the yard for a few minutes and fell, striking her arm in such a manner as to fracture the left arm. The injured member was dressed by Dr. Leopold and the patient is now getting along nicely although greatly inconvenienced by the injured arm.
