Looks Like a Good Idea Say, are you reading the ads of the Meier Drug company, written by the manager, Mr. Mrazan, which invite the community interest, and encourage the patronizing of local business institutions whenever one can. Not particularly does he speak of his own business but all the business houses of the town. He is keeping his own line, before the people and endeavoring to cultivate a spirit of community interest, which is a very commendable idea. Read his ad this week, if you have been wont to overlook them before and see what you think of it.

Team Ran Away Monday Harry Creamer had a very exciting time for a few moments on last Monday when his team ran away from him. One of the singletrees came loose and this allowed the neck yoke to come down, frightening the team which made good time down the long hill. Despite all the excitement, "Whoa!" coming from Mr. Creamer. At the bottom of the hill the wagon struck a bridge, the steeds tearing themselves loose and continuing to run about a mile, stopping at the home of Frank Graff, which caused Mr. Creamer a good long walk after them. Other than the broken harness, little damage was done.

Got His Foot Badly Cut. While "Bud" Nickels and Harry Creamer were working in the timber cutting wood, the axe which Harry was using rebounded as he struck a glancing blow and landed squarely on the foot of "Bud", inflicting a very ugly cut. ## LIBRARY TO BE FIRMLY ESTABLISHED HERE

ASSOCIATION VOTES TO PURCHASE BUILDING—WILL SELL SHARES.

IS A COMMUNITY INSTITUTION

Free Service to be Maintained in the Future—Doors Open to Events of Community Interest.

The Library association met at the home of Mrs. G. M. Minford on Monday evening. The object of the meeting was to decide upon a list of new books to be added to the shelves, to discuss and vote upon the proposition of buying a new building and to elect officers.

The officers elected were Pauline Oldham, president; Mrs. Minford, vice-president; Beulah Sans, secretary and Margaret Brendel, treasurer. It was decided to buy a building and in order to get a deed it becomes necessary to have some legal form, that which seemed most advisable to the association was incorporation and the selling of shares at \$5.00 a share, the amount thus realized to be applied toward paying for the building.

No charges will be made for reading the library being a free public library to any one in this community. The phrase, "I do (or I do not) belong to the library" is past history. It is yours to make it as large and useful to you and your family as you wish.

The doors of the building will be open to all movements that are for the public good. The object of the association is for the betterment of society and it is gratifying to those who have the matter so close at heart to see it becoming so purely a community center.

Before the war the library association was making itself felt as an "Evening" in the Murray community. Then came the war and with it the Red Cross movement, and the association turned over its building for war work. There again we all met in a common cause. We soon learned there wasn't much difference in individuals what one lacked the other possessed and vice versa. In mingling together we have overcome prejudices. We have learned the ways of our neighbor; and to know one better is to like one better.

There is a great future in store for the Murray Library association and it hopes to summer itself into a community club that will reach every individual in the community.

We ask you to come to our Saturday night suppers. They begin at 5:30 (old time) and continue until all are served. The price is most reasonable—25 cents.

There is a good selection of books for all ages. The library is open from 3 o'clock to 9 o'clock on Saturdays. You will find some one to wait upon you at these hours. Mrs. J. F. Brendel, assisted by Mrs. B. F. Brendel, Mrs. Thomas T. Spangler, Mrs. W. A. Valley, Mrs. Charles Spangler, Mrs. T. S. Barrows, Miss Mae Barker and Miss Carlson gave the supper Saturday evening. Mrs. T. J. Brendel will have charge next Saturday evening. Make arrangements to attend.

If you have a book that belongs to the library, will you bring it in when you are coming. There will be no fines on these books for we have had no librarian.

## WAS AN ELEGANT ENTERTAINER

"Smiling Bob" Briggs Came Up to All Expectations—Sang in Local Churches Sunday.

The second number of the lecture course last Saturday night was filled by "Smiling Bob" Briggs and was equal to any claims that may have been made for it beforehand. At least that is the general consensus of opinion among those who attended. While he kept the audience laughing all the time, "Smiling Bob" was also giving them good substantial material for sober thought and calm deliberation. Those who listened to this talented young man, were well pleased with the hour and a half spent in his company and all would be glad of the opportunity of listening to another of his evening entertainments. Not alone does he excel as a lecturer and a reader, but in matter of song as well. He graciously remained in Murray over Sunday, and in the morning with Miss Neva Latta, sang at the services at the Presbyterian church and again in the evening at the Christian church, and at both services captivated the audiences.

Archie Shephardson, brother of Mrs. Glenn Valley, who has been in the west for the past summer, staying in Idaho, Washington, Oregon and California, arrived home a few days ago, and said there is no place like the County of Cass in which to really live. He tells of a piece of wheat there that belonged to his brother, containing some two hundred and forty acres which only produced some sixty bushels of grain, not nearly as much as was sown on the land.

## EPISCOPALIANS TO CO-OPERATE.

Detroit, Oct. 18.—Investigation of a co-operative movement for closer relations between all lines of endeavor including capital and labor, known as the Rochdale (England) movement which has been endorsed by the American federation of labor and the war council of the Roman Catholic church in this country, was asked by the house of deputies of the Episcopal church this morning of the church social service commission. The commission is to report, with recommendations at 1922 convention. The movement includes the possible establishment of co-operative stores.

The house of deputies has concurred in a resolution by the house of

bishops to close the convention next Friday, October 24th.

Rev. J. A. Tenbroeck, of Calumet, Mich., chairman of the missions committee offered a resolution concurring with action of the bishops to create a department of Christian Americanization in the board of missions for work among aliens.

## ERUPTIONS OF OCEAN'S FLOOR.

Hilo, T. H., Oct. 18.—Boiling geysers of sea water reported today to be six miles off Kona on the coast of Hawaii are believed to be due to eruptions on the ocean's floor rather than any lava flow from the volcano Mauna Loa. No lava from the Mauna Loa eruption has been flowing into the ocean for a week, a new flow moving slowly over undulating uplands and forming lakes and pools. It is uncertain yet whether this flow will reach the ocean as did the first flow, which ran with the speed of a swift river.

### Mutual Interest!

A mistaken idea seems to prevail in some localities that rural and town interests are widely separated, and there is almost a feeling of antagonism between farmer and business man.

This should not be. A good thrifty town, with good business houses, large stocks of goods and busy merchants is not only a great convenience to the farmer in supplying his needs with the least loss of time and expense, but also enhances the value of his farm land and other property.

Also a good crop of corn or small grain means as much to the merchant as the farmer. If the crop is short he has nothing to sell and no money to spend; consequently the merchant's business is cut short accordingly.

Let us get together and boost. Not the rural community alone, nor the town alone—but for Murray and community.
