SEEK TO GIVE RELIEF FOR NEEDY SERVICE MEN

From Thursday's Daily.

The relief department of the war office of the government is making special efforts to locate cases of men who have been disabled or incapacitated for their regular work as the result of disease or injuries suffered as a result of their service, with a view of securing some form of employment for these men. The vocational training plans of the government is provided for men wounded or suffering from major amputations as the result of their service for the country but there are a large number of men who have suffered from disease of some nature which was contracted in the army or navy and these men it is desired to reach through the relief department of which Col. Matthew C. Smith is the head. Cases where the patient is rendered unfit to per-

form heavy labor will be handled by the government and efforts made to secure for them light employment in climates where their health can be improved and this is especially true with the cases of arrested tuberculosis which requires a high and dry climate for the successful recovery of the patient. Clerk of the District Court James M. Robertson has been in touch with the department of the war office and will take up such cases as are reported to him, and attempt to secure some healthful employment for the men suffering as the result of their service.

Tom Heinrich, wife and little babe of Havelock came down last evening to enjoy an over Sunday visit at the home of Mr. Heinrich's mother, Mrs. Mary Heinrich and family.

You will find a nice line of popular copyright books at the Journal

OVER THE COUNTY

LOUISVILLE Courier

Claude Rand moved to Weeping Water Monday, where he has a position as engineer on the steam shovel at the new stone quarry being opened up just east of that town. Charley Gerlach, the Buick agent, at Manley, has just delivered two more Buick cars, one to Fred Terryberry and the other to August Stohlman. Mr. Stohlman drove his car through from the factory.

Leroy Vanscoy, who lives on a homestead in Colorado, not far from the Nebraska line, left Monday after a week's visit with his brothers, Charles and William, in Louisville, and will go from here to Wisconsin before returning to his western home.

Since the Rock Island road put on the evening train for Omaha, which leaves Meadow at nine o'clock, they have done a rushing business, especially on Sundays, when there is always a large number of passengers composed of week-end visitors from the city who wait for the last train to return.

George Lehnhoff and daughter, Miss La Vaughn, of Omaha, and his mother, Mrs. F. D. Lehnhoff and daughter, Miss Tillie, of Plattsmouth, drove through Louisville on Tuesday on their way home from Lincoln where they had been visiting their relatives. William and Miss Minnie Lehnhoff, Dr. H. J. Lehnhoff, C. C. McPherson, W. C. Frampton and families.

George Schoeman was in town from the country last week, and is looking much better although he shows the effects of the long illness he has been undergoing since last winter when he had an attack of the influenza which left him with an impaired heart. Mr. Schoeman will move to Louisville for a year, until his health is better and by that time he hopes to be able to move his family to Chase county, near the town of Grant, where he has purchased a farm.

August Pautsch and his sister, Mrs. Mary Schlieffert, returned home Friday from Wisconsin, where they went about three weeks ago to attend the funeral of their father, Charles Pautsch. They remained for a visit with their relatives in that vicinity. Their sister, Mrs. William Rehwinkel and family, with whom their father made his last home, send regards to their old-time friends in this vicinity, who will be pleased to know that they are well and prospering.

ELMWOOD Leader-Echo

F. J. Fitch had his large drilling machine pulled in from Murdock on Saturday and placed the same at the city pumping plant where he will drill a deep well.

Ed Gustin and A. A. Wallinger sold their Douglas 160 at \$150 per acre to Edwin Jeary of Lincoln, taking in the property where the Gollaher hardware and Skeen harness shop is located.

Mr. and Mrs. H. Dettman, sons Herman and Fred and wife motored to Elmwood last week from Imperial and visited with relatives until the first of the week.

On Tuesday Mr. and Mrs. C. G. Bailey, son Warren and B. I. Clements left for Tulsa, Oklahoma, where they will spend about two weeks visiting the E. G. Woodruff family. Mr. Bailey and Mr. Clements will visit other points in a business way while there.

J. G. Stark is another one of our farmers to fall in line by constructing one of the modern cement tile corn cribs. Ed Ernest was the first. This makes two of this class of corn cribs and we believe the only two of the kind in this end of the country. They are dandies and are claimed to be the best that can be built.

On Thursday evening a gentleman stepped up to the counter at L. A. Tyson's drug store and inquired, "How many boxes of cigars do you want?" The smile gave him away. Lou said, "Oh! The heck with you. It's Lester." and it did prove to be his brother from Cheyenne, whom he had not seen in a good many years, and who had stepped in to pay him a visit.

Ivy Rosenthal, agent for the Delco Lighting System, has installed a plant in the fine country home of Charles Edwards. This plant, aside from lighting the house, lights the barn, garage and other buildings. The Delco is the best system of this kind on the market today and Mr. Rosenthal has installed a number in this section who have had no trouble

with their plants and who always have a good word for the Delco. In fact it is the real lighting plant for the farmer.

WEEPING WATER Republican

The stork visited the home of Mr. and Mrs. Oscar Domingo Wednesday morning, leaving a fine young son, Harold Jacob, in their keeping.

County Agent Snipes, H. A. Doty, Ed Murphy, Sterling Amick and Carl Gunther left today for a duck shooting on the island in the Missouri near Plattsmouth.

Mesdames F. H. Gorder, Rosa Barnes, E. F. Marshall, W. M. Philpot and Mrs. William Spangler left on the early morning train for Fairbury to attend a four days' session of the State Federation of Women's clubs.

Conductor Perry on the Lincoln branch passenger, is back on the job again since Tuesday after a three months' vacation at his summer home at the Michigan lakes. Mr. Perry looks ten years younger, so must have had a fine time.

Lloyd Harmon has resigned at the Philpot garage and began his duties Monday morning as water and light manager at the city plant to succeed Kane Frederickson. Frank Bokelman continues his job as assistant at the plant.

Mrs. John Wise who died last week at the state hospital at Lincoln, was buried at Elmwood Saturday. We understand Mrs. Wise's last illness was of short duration and before she passed away her mind became clear and she knew all members of her family, who were summoned to her bedside, and talked very rationally with them about things of the past.

Just as we go to press the fire boys and citizens are battling with a fire at the public library and seem to have it under control. Nothing definite can be learned as to the damage as yet, but it will be heavy as the books and furniture are drenched with water. It is supposed that the fire originated in the basement. We understand that there is considerable insurance on the property to offset the loss.

EAGLE Beacon

Mrs. Frank Bortner, who has been ill for the past two weeks, was taken to the hospital at Lincoln Wednesday.

Neu Vincent is building cross walks preparatory to bringing the new school house into walking distance from town. We presume cement walks will be completed all the way before winter closes up.

Sneak thieves have been working in this vicinity. Last Tuesday night a stand of bees was taken from the home of Mrs. McDonald on O street. She had, however, taken the honey off at about dusk before the robbers arrived. She laments the loss of the bees, but cannot restrain her merriment. The same night Ed Carr was relieved of about thirty bushels of apples.

Mrs. T. R. Adams has just received word from her granddaughter, Florence Manker, that she is back in Des Moines after spending the last six months with her sister, Mrs. Fred Reinhart and family of Hanford, Washington. She will visit with her other sister, Mrs. George Watkins for a time before coming to Nebraska. Just before she left Washington she sent Mrs. Adams a crate of lovely grapes, the pink and white one—two baskets of each—but half of them were gone when they reached here.

OH! MY BACK!

The Expression of Many a Kidney Sufferer in Plattsmouth.

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Here's Plattsmouth proof:

Mrs. C. C. Burbridge, Vine St., Plattsmouth, says: "Some years ago my back caused me a great deal of misery. It ached most all the time. After I had taken Doan's Kidney Pills for a while my back felt as strong as ever. Since then, I have always considered Doan's fine for backache and kidney trouble and have recommended them to my neighbors when I have heard them complaining."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burbridge had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

STRIKE CALL MAY PORTEND A BIG CLASH

FEDERATION LEADER TO CONFERENCE WITH HEADS OF 112 UNIONS SOON.

EXPECT THE FARMERS TO AIM

Announcement Comes in Reply to Message From Illinois Workers.

Washington, D. C., Oct. 24.—What may prove one of the greatest industrial battles in history was believed by some observers here to be forecast by the announcement today of Samuel Gompers, president of the American Federation of Labor, that a conference of the heads of the 112 international unions affiliated with the American Federation of Labor would be held in Washington in the "near future" to discuss present and impending disputes.

Co-operation of the four big railroad brotherhoods and the farmers of the country as well as the labor organizations of Canada probably will be sought, it is said, in furthering whatever program the union chiefs decide upon.

Mr. Gompers' announcement was contained in a telegram to the Illinois Federation of Labor at Peoria. His message was in reply to one in which the Illinois organization asked that a special convention of the American Federation of Labor be called to perfect an alliance of the international unions of the United States and Canada, and the railroad brotherhoods "more effectively to fight out the life and death struggle of the workers' now in progress."

To Assess Workers. Federation officials also pointed out that the Illinois branch proposed that the aid of the farmers be enlisted and that assessments aggregating one-fourth of the net earnings of organized workers be made until the objects of this drive be accomplished.

Decision to issue a call for the meeting of the international union chiefs was reached by the federation's executive council, Tuesday night, but the announcement was withheld. At that time labor officials had become convinced that the national industrial conference would be unable to reach any basis for the establishments of industrial peace.

Recall Gompers Warning. It was on the following day that Mr. Gompers, in withdrawing organized labor's representatives from the conference, warned the employers' group that when they met in conference again with the spokesmen for union labor they would be glad to talk collective bargaining.

Federation officials today declined to go into details regarding the forthcoming conference. They said subjects to be discussed would rest with the union chiefs themselves, and the time of the meeting had not been determined.

Whether there was any connection between the proposed conference and the notice given the railroad administration by Timothy Shea of the firemen's brotherhood, that the railroad workers would fight for general increases in pay before the government relinquished control of the roads, was not discussed.

Position of Brotherhoods.

The brotherhoods are not affiliated with the American Federation of Labor, but there has been close co-operation between the organizations. Leading officials of the brotherhoods recently have held frequent conferences with officers of the federation, and announcement was made a day or two ago, by the committee conducting the steel strike, that the brotherhood chiefs had given their consent to a strike of railroad workers employed in and around steel mills involved in the present controversy in the steel industry.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup and whooping cough. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. This alone is enough to convince one that it is a medicine of more than ordinary merit. Give it a trial and you will find this to be the case.

Mrs. John Thierolf was among those going to Omaha this afternoon to spend a few hours.

Farm Bargains!

- 240-acre farm, 12½ miles from town, fair improvements, 30 acres in cultivation and 160 acres more can be broke, \$35.00 per acre.
- 320-acre table land farm, 14 miles from two good towns, three-quarters of a mile to school, two miles to church. Good improvements, 200 acres under cultivation; 80 acres in fall wheat. This is a bargain at \$32.50 per acre.
- 320-acre table land farm, 15 miles from town. Good improvements, 160 acres under cultivation and more can be broke. A bargain at \$65.00 per acre.
- 160-acre farm 9 miles from town and 1½ miles from railroad siding. One-half mile from school. Mail route and telephone rights. 80 acres cultivated; 10 acres alfalfa and 70 acres pasture. A bargain at \$55.00 per acre. Good improvements.
- 720-acre farm 10 miles from town. Good improvements, 150 acres under cultivation and 80 acres more can be broke up very easily. 1½ mile to school. Mail route and phone rights. Subject to lease on 60 acres. 20 acres in alfalfa fenced hog tight. Only \$52.50 per acre.
- 475-acre farm, 9 miles from town. 60 acres cultivated. Fair improvements. This would make a fine combination farm and stock ranch. Only \$17.50 per acre.
- 640-acre table land farm. Good improvements, 160 acres under cultivation and about 100 acres more can be broke up. 10 miles from town and a bargain at \$40.00 per acre.
- 480 acres of table land and pasture land, 14 miles from town. 70 acres broke and more can be broke. A good wind mill and tank and fenced. A bargain at \$27.00 per acre on easy terms.
- 800-acre farm 7 miles from town. Good improvements, 130 acres cultivated and a lot more can be cultivated. Phone rights and a genuine bargain at \$52.50 per acre.
- 1120-acre farm 6 miles from town. Well improved, 800 acres of bottom land. Own ditch and appropriation for 630 acres. 400 acres under cultivation. Five sets of good improvements. A bargain for the man who can handle this: \$150,000.00 for all of it. Party wants half cash but would consider less.
- 160 acres of table land. 60 acres can be broke and is a real bargain at \$35.00.00. It is 11 miles from town.
- 480-acre table land farm. Good improvements, 150 acres cultivated. 10 miles from town. \$80.00 per acre.
- 625-acre farm 10 miles from town. 600 acres under cultivation and about 400 acres in fall grain. Three good granaries on the place and all fenced. A bargain at \$30.00 per acre.
- 515-acre farm six miles from town. Fair improvements, 160 acres in crop. Only \$27.50 per acre on easy terms.
- 320 acres close to Plattsmouth. Well improved. Will sell all or in part. An excellent farm.

Constipation.

The beginning of almost every serious disorder is constipation. If you want to enjoy good health keep your bowels regular. This is best accomplished by proper diet and exercise, but sometimes a medicine is needed and when that is the case you will find Chamberlain's Tablets are excellent. They are mild and gentle in their action, easy and pleasant to take. Give them a trial. They only cost a quarter.

Fancy stationery at this office.
