COUNT OF THE SENATORS NOT FULLY MADE UP

THE PEACE TREATY TEST VOTE CONTINUES TO PUZZLE.

A TEST VOTE TO DETERMINE

Division in Ranks of Both Supporters and Opponents—4 More Reservations Disposed Of in Committee.

Washington, Oct. 23.—Four more reservations were approved by the senate foreign relations committee today as part of its new program for qualified acceptance of the peace treaty. Its action brought the number of reservations approved by the committee up to fourteen and while it was said no more were to be considered for the present it is considered likely that there will be additional as senate consideration of the treaty proceeds. The four accepted by the committee majority today provide for decision by congress as to who shall represent this country in the league of nations and as to what other international representatives shall be chosen under the treaty; for validation of proceedings relative to enemy property only insofar as such proceedings do not violate the laws of the United States; for renunciation by this government of any part in the German colonies; and for a blanket provision to conserve the "national honor and vital interests" of this nation.

Equality of Voting Power.

One of the subjects on which reservations still are to be drafted is the equality of voting power in the league, action being delayed until the senate has acted on two pending committee amendments dealing with voting strength in the council and assembly. One of these by Senator Johnson, republican of California, was debated in the senate all of today and may be brought to a roll call tomorrow. It generally is conceded that both will be defeated.

Not all of the reservations adopted in committee today had the solid support of the reservation forces, but the republican leaders declared a majority of the senate had pledged to them. Senator McCumber, republican of North Dakota, who stood with the other republicans in favor of all of the ten approved yesterday, voted in the negative on the one relating to congressional choice of American representative in the league and that concerning the German colonies. Senator Shield, democrat, Tennessee stood with the republican majority throughout.

Meantime evidence developed that the leaders on neither side had a hard and fast grip upon the attitude of their respective forces as to the committee's reservation program. Some senators standing with the reservationists were understood to be dissatisfied with the committee's proposal regarding the Monroe doctrine, while on the democratic side the senators who believe some reservations should be accepted brought increasing pressure to bear on Senator Hitchcock of Nebraska, the administration leader. The situation seemed to forecast a prolonged fight on the senate floor in an effort to modify the program now being formulated by the committee majority.

Johnson Urges Amendment.

Urging his amendment to equalize voting power in the league assembly, Senator Johnson, republican, California, today pleaded in the senate that the question be considered from a national standpoint only. Every other nation, he said, was acting in its own national interest.

Under the treaty, he said, British colonies might secure places on the league council as well as the assembly, the way having been paved when the peace conference fixed their status as that of "separate, distinct and sovereign states."

It was only "the pall of internationalism," declared the California senator, which influenced senators to oppose making American representation in the league equal to that of any other nations.

"What is this unholy thing," asked the speaker, "that makes us fear to claim for our country the thing that is her due? Almost everywhere it is accepted that the United States is entitled to as many votes as any power in the world. It isn't denied in Europe; it is not denied in Canada and it is denied in the United States senate alone."

Senator Johnson assailed what he called the "anglo-japanese press" in

this country which he declared was ready to "club and bludgeon" anyone who spoke for American interests against the interest of the British or Japanese empire.

The committee's new reservation program got into the debate when Senator Lenroot, republican, Wisconsin, took exception to a reported statement by Senator Hitchcock, the administration leader, that the committee preamble requiring specific acceptance of the reservations by three of the principal powers would require re-negotiation of the treaty. Senator Lenroot said he could not believe Senator Hitchcock held a view so clearly erroneous. Action by the powers, he said, could be had by notes through the usual diplomatic channels.

Lenroot Attacks Amendment. Attacking the Johnson amendment, Senator Lenroot declared it did "not protect a single American right nor safeguard any American interests" and urged, instead, a strong reservation regarding equality of voting in the league.

Senator Lenroot presented a draft of a reservation which would provide that the United States should not be bound by any league decision in which any nation and its dominions had had more than one vote.

Senator Lenroot said he could not stand with senators seeking to defeat the treaty.

Senator Colt, republican, Rhode Island, declared the Johnson amendment "absolutely unworkable, impracticable and unjust." He favored the Lenroot reservation as "the best way to cure the inequality of voting" in the league.

ENJOYS NEW HOME.

From Saturday's Daily. While driving through the country surrounding Greenwood yesterday afternoon, Mr. M. S. Briggs, field representative of the Journal had the pleasure of meeting and enjoying a brief visit with John Livingston, formerly a resident of this community and well known thruout this portion of Cass county. Mr. Livingston is now located on a farm in Saunders county four miles from Ashland and half way between that city and Greenwood. Mr. Livingston was not feeling in the best of health and they have had a very successful year and excellent prospects for the ensuing season. The farm now owned by Mr. Livingston is one of the finest in that portion of the country.

MANY POLAND-CHINAS BOUGHT IN THIS COUNTRY

There were quite a number of the farmers of Cass county in attendance at the Hodges & Harris Poland China sale held over at Bartlett, Iowa, on October 22, and there were a total of fifteen of the hogs offered for sale sent to Cass county. James Fitch topped the sow prices, paying \$325.00 for one, and Herman Gansmer topped the boar prices paying \$125.00. The sale was a very satisfactory one to the owners. Rex Young sold them in the ring.

NEHAWKA News

J. P. Stoll sold the eighty joining Geo. Ingwerson on the east to Mr. Ingwerson Wednesday morning. The deal was transacted by Frank Resnick.

Mrs. Jim Walker and daughter Marjorie, Mrs. Geo. Gilmore and Mr. and Mrs. John Vantine of Murray were out trying Mrs. Walker's new Dodge car, they drove over and called on Mrs. N. Klaurens in Nehawka Tuesday afternoon.

With the return of Ed Woods, this week from a visit with relatives near Murray, since he was mustered out of the service, finds all our soldier boys back home. We are sure our people rejoice that the boys are all home again, and that there were no casualties, among the boys from Nehawka.

Mr. G. F. Gorham, who moved here from Weeping Water, last summer and was employed as manager of the Nehawka telephone construction gang, resigned his position recently, to engage in the electrical business for himself at Ulysses, Nebraska, in the near future. Mr. Gorham's resignation has been accepted, and his place will be filled by Mr. Ted Thompson, who has been making his home temporarily at Weeping Water. Mr. Gorham's resignation will be somewhat of a misfortune to the company, as everyone here recognized him as a hustler, and a very competent young man. His decision to engage in business for himself is further proof of his energetic tendencies, and the News-Ledger joins in wishing he and his family success in their new field at Ulysses. They expect to depart about Saturday.

DISCOVERS HE WAS SHOT DURING RAID

Walter J. Miller, Youngest of Trio of Louisville Robbers, Reports to Sheriff Fact of His Being Shot.

Sheriff C. D. Quinton was rather surprised last evening when he was informed by Walter Miller, the young lad who was taken in custody at the time of the capture of the Louisville burglars, of the fact that he was suffering from the effects of being shot in the knee. It was the first intimation that has been made

by Miller that he had been hit by any of the bullets that had been flying so freely during the chase and capture of his two associates in crime. Sheriff Quinton at once investigated the case and found that the boy had been hit by some of the shot, one of which had lodged just below the knee joint and had left hardly a perceptible scar, a small scab being the only indication that remained to show where the bullet had entered. Miller states that he was hit at the time Byam and Thompson were shot at and at once ceased his efforts to escape and thus seems to settle the question of why the boy did not make any more efforts to escape at the time.

Fred Byam, the prisoner who was

wounded in the left hip, was brought down last evening from Omaha by William Grebe and lodged in the county jail here. Byam is now very quiet and docile and seems anxious to have his hearing and get the matter over with, and offered no objection to coming down and taking up his residence in the Cass county prison until he receives his hearing and sentence for the burglary.

AN EXPERT IN PHOTOGRAPHY

Earl Wagner, with the Ford Company in Detroit Has Been Active in This Work.

From Saturday's Daily. A great many of the residents of this community have witnessed the exhibition of many of the special films produced by the Ford company of Detroit, Michigan, which have from time to time been shown in the local movie houses, but at that time they were not aware that one of the former sons of Plattsmouth was playing an important part in the production of these films.

Earl Wagner, son of Mrs. Ida Wagner and grandson of John Wagner of this city, has for the past eight years been connected with the photographic department of the Ford plant and in the last few years has largely been in charge of the motion picture features of the department and his special efforts have been devoted to the coloring and tinting of a number of their special films. His connection with this firm whose only qualification for its employees is that of efficiency, demonstrates that this young man has produced the desired results for his company.

Mr. Wagner has advanced from position to position until he is one of the oldest and most valued members of the Ford company's long list of employees, and his splendid work has procured for him a success that certainly has proven very pleasing to his many friends in the old home town.

SAYS HE IS SOME DRIVER

From Saturday's Daily. Dr. Nathan Bernstein, of Omaha, who was in the city yesterday while enroute back home from Nehawka, at which place he spoke Thursday evening and while in conversation with the Journal reporter remarked, "Say do you know I never traveled with a better or safer driver than the gentleman who brought me over from Nehawka. I understand he runs the garage around the corner here." The speaker had reference to John F. Wolf, the local Studebaker agent and his praise seems well based as all who have had experience with Mr. Wolf as the driver of an automobile certainly appreciate his careful handling of the machine, and these remarks coming from one who has had as much experience traveling around in automobiles as Dr. Bernstein, certainly seem well worth printing.
