SLIGHT HOPE YET OF BRIEF WET SPELL

WHITE HOUSE SERVES NOTICE WARTIME REGIME OVER ON RATIFICATION.

UPPER HOUSE IS REAL DRY

One-Half of One Per Cent Alcohol Content All Now Permissible.

Washington, D. C., Oct. 28.—The senate passed the prohibition enforcement act over the president's veto today and made immediately effective machinery for preventing sale of beverages containing more than one-half of 1 per cent alcohol.

The vote was 65 to 20, or eight more than the necessary two-thirds majority. While there was a wrangle over taking up the measure in place of the peace treaty, which had the right of way, there never was doubt as to how the senate stood. It was overwhelmingly "dry" like the house, which repassed the bill within three hours after the president had vetoed it.

To Annul Wartime Law.
 Before congress at 3:40 o'clock finally clinched enactment of the

enforcement law, despite presidential objection to linking wartime and constitutional prohibition acts, there came from the White house the announcement that the war-time law—which was put into effect after the cessation of hostilities, would be annulled the moment the senate formally ratified the German peace treaty.

It was the most definite of all official or semi-official statements bearing on the war-time act. Prohibition leaders were plainly disturbed by the news, for they had counted firmly upon the country reaching the effective date of constitutional prohibition—January 16, 1920—without reopening the saloons.

Antis Promise No Delay.
 Despite the clamor set up by wet, and dry forces over the White house pronouncement, senate leaders said they would proceed with consideration of the treaty as heretofore. Senators who have taken an active part in the prohibition campaign branded as unfair and absurd reports that they would delay the treaty simply to keep the liquor traffic from getting a foothold in the comparatively short period remaining before the country will go dry for good.

Formal denial from the headquarters of the anti-saloon league that its officers would take part in any movement calculated to delay the treaty. League officers stuck to the opinion that it would be necessary first to ratify the Austrian treaty before lifting the wartime prohibition ban, which was said to have been the ruling of Attorney General Palmer, and they declared their position was not altered by the fact that President Wilson was prepared to cut through legal doubt and wipe out a law, the necessity for which he believes to have passed.

New Act Drastic.
 With today's action by the senate the department of justice is ready to deal with any offenders against the drastic provisions of the new act. At best, heretofore, prosecutions were more or less haphazard and necessarily so, it was said, because of the loosely drawn language of the act, but the new law gives ample means of breaking up the traffic.

So drastic is the enforcement act that a man for instance, may be fined or put in jail for displaying a picture of a brewery or a keg, but his right to store liquor in his own home for his own use stood up against all attacks in the committee and both houses of congress.

Warning went tonight to dealers selling 2 1/2 per cent beer, without risk heretofore, that the new law fixed one-half of 1 per cent as the legal limit of alcoholic content.

YEGGS ROB JULIAN BANK YESTERDAY

SAFE BLOWERS CUT TELEPHONE WIRES AND ARE CAREFUL TO LEAVE NO CLEW.

BLAST VAULT BY NITRO CHARGE

Registered Bonds Ignored—Jewelry and Other Valuables Taken.

Nebraska City, Neb., Oct. 28.—The Bank of Julian, ten miles south of this city, just over the line in Nemaha county, was cracked by professional yeggmen about 2 o'clock this morning. The vault was opened through the use of nitro-glycerine, which knocked off the combination.

The inner doors were pried open and boxes of the customers were cleaned out. Liberty bonds of the coupon variety, jewelry and other valuables were taken by thieves. The safe containing the bank's money was not opened. Money belonging to the Julian Roosevelt fund, about \$75, in an envelope in the safe was not taken, probably because the robbers did not see it.

Woman Hears Explosions.
 The bank was entered through the front door. The thieves first attempt to cut a hole through the vault wall. But it is three feet thick and it was evidently decided to trust to "soup" and attack the door. Two detonations were heard by Mrs. Watkins, who lives next door, but she paid no attention to the noise.

Private deposit boxes were rifled and their contents scattered about the floor. The amount of bonds

taken is estimated at \$2,000, but will not be known until the cashier, C. L. Mesnet, and his assistants can check over the bond records. Several people had valuable jewelry in their boxes. These articles were taken.

Coupon Bonds Taken.
 The thieves knew what they were doing, as shown by the fact the telephone cable was cut. They were also experts in the use of nitro-glycerine, and left no tracks behind. It is supposed they entered the town by automobile, although from what direction or where they went after the raid is not known.

Registered bonds were not taken, but every coupon bond with the exception of three or four is missing.

NOTICE.
 To the Taxpayers of Cass County: We the undersigned wish to call the attention of the taxpayers of Cass County to the importance of the coming election on November 4, 1919, at which time the question of the issue of bridge bonds to the amount of \$100,000.00 will be submitted to the voters.

We consider that an emergency exists which requires the earnest thought and action of those who are interested in county affairs.

Our old bridges have been deteriorating faster than new ones could be built with the funds raised by current taxation and we the county commissioners of Cass county wish to state that in order to have funds available for the construction of bridges necessary for the convenience of the public the bonds should be voted.

Respectfully,
 JULIUS A. PITZ,
 C. F. HARRIS,
 H. J. MILLER,
 County Commissioners.

The night was cold and stormy, and the rain came down in torrents!

But it made no difference to them, for they had their NEW EDISON for company.

—They had the band play for them, they listened to the Re-Created voice of many celebrated singers, a couple of recitations, a comic, and then they put on a few dance records.

—This made a well rounded evening of real comfort, and bed time found them all in good humor.

How about that New Edison you have been thinking about?

—We have them, and will be glad to bring one to your home on approval if you are interested.
