MANAGER**

**DEATH OF MRS. LUE-
VENNIE BROADWATER**

Daughter of A. G. Green, of This City Passes Away Saturday at Home in Belmont.

From Monday's Daily.

On Saturday at her home in Belmont, Nebraska, Mrs. Luevennie Broadwater passed away after a short illness. The body of Mrs. Broadwater was taken to Lincoln, from which city it was shipped to Plattsmouth, her former home, arriving here yesterday afternoon and was taken to the home of her brother, Jesse Green, where the funeral services were held this morning at ten o'clock and the remains laid to rest in the Oak Hill cemetery beside those of her mother, who had preceded her in death several years ago.

The deceased was at the time of her death forty-two years of age and leaves to mourn her loss a husband and two children, as well as the father, A. G. Green, of this city, and the brother, Jesse L. Green.

Mrs. Broadwater made her home in this city for a number of years and later moved to Havelock, where they resided for a short time before locating at Belmont.

**MAY HAVE TO UN-
DERGO OPERATION**

From Tuesday's Daily.

Yesterday afternoon Prof. Frank L. Jean of the Peru normal school passed through the city enroute to Omaha where he was called on account of his poor health of the past few weeks. Mr. Jean will enter the Methodist hospital for treatment and will have an examination made as to his condition. It may be possible that it will be necessary for him to undergo an operation but this cannot be fully determined until after the examination is completed. The condition of Mr. Jean will be learned of with the greatest

of regret by the friends in this city and vicinity and they are hopeful that he may recover without the necessity of a surgical operation.

**BRINGING UP FATHER
AT THE PARMELE**

Appears Last Evening at the Parmele Theatre Before Capacity House and Pleases Everyone.

From Tuesday's Daily.

Last evening the Parmele theatre was filled to its utmost capacity to witness the appearance for the first time in this city of the funniest of all cartoon musical comedies, "Bringing Up Father". In the hands of the very capable company the creations of George McManus, lost none of their original cleverness and for three hours the audience was kept in roars of merriment by the difficulties of "Jiggs", "Maggie" and "Dinty," the chief characters of the musical comedy. Throughout the progress of the fun and action of the play very pleasing musical numbers had been interwoven that made the evening one of the greatest of pleasure. The offering was the best that has appeared here this season and certainly pleased the large audience very much. The company as a whole was excellent and in their specialties gave several pleasing acts that were warmly received by everyone in the audience.

The management is well pleased with the success of the offering and will endeavor to secure others of the high class musical comedies for appearance in this city during the winter season.

NO TRESPASSING

No one will be allowed to hunt or fish on my farm in the future and all persons trespassing on the farm will be prosecuted.

**MEETING OF
COUNCIL SHORT
AND SWEET**

REFER PETITION FOR EXTENSION OF PRIVATE SEWER ON MARBLE STREET.

WILL LOOK INTO THE MATTER

To Investigate Salaries of Police and Recommend Adequate Salary That Will Stop the Contributions.

From Tuesday's Daily.

The session of the city legislators last evening was one filled with peace and harmony and was completed in the record breaking time of one hour. The body was not occupied with any matters of great importance to the community aside from the routine matters that were demanding their attention aside from the settling of the matter of the collection of money from the merchants of the city for police protection.

A communication was received by the council from the residents along Marble street from Chicago avenue west to Twelfth street asking that permission be granted them for the extension of a private sewer from the sewer on Chicago avenue west up Marble street to Twelfth and on motion of Councilman Buttery seconded by Councilman Iverson this matter was referred to the streets, alleys and bridges committee for future action.

F. M. Welshimer presented a petition to the council asking permission to extend a private sewer on Locust street to connect with the sewer on Fourth street and on motion of Councilman Larson seconded by Councilman Stewart this was referred to the streets, alleys and bridges committee.

The claims committee to which had been referred the claim of Jess Warga for thirty-five cents at the previous session of the council reported through Chairman Iverson that the claim was correct and the amount ordered paid.

Chairman Larson of the judiciary committee to which had been referred the matter of the raising of the salary of the police judge of the city presented their report as prepared after consultation with the city attorney and which covered the matter of the salary list of the city under the latest laws of the state in which the salary of the mayor was fixed at not more than \$260, clerk, \$300, treasurer, \$300, city attorney \$450, councilmen, \$100, per year. The law set no limit on the salaries to be paid members of the police force, street commissioner, or street laborers. In regard to the salary of the police judge the committee reported that under the statute it was a fee office and not subject to a salary.

Councilman Johnson inquired as to the amount of fees that would be secured by the judge and that under the law the court would be entitled as far as the city was concerned to only fees in cases where the city was a party. This brought on the discussion of the question of the night police of the city having collected a sum each month from the business men of the city in addition to his salary and the sum of \$10 per month for janitor service which was being paid by the city.

Mayor Schneider stated that he was opposed to the proposition of the business men of the city having to pay extra for police protection from the city and that under the findings of the law as reported by the committee the city could pay a salary adequate for the living of the man filling the position.

Chairman Larson of the judiciary committee stated that under the law the city was not legally permitted to pay a member of the police force a salary as janitor while he was receiving a salary as a member of the city government.

On motion of Councilman Johnson the matter of raising the salaries of the members of the police force was referred to the judiciary committee for investigation and report at the next meeting of the council.

The report of the committee as covering the office of police judge was accepted and that chapter of the story closed.

The finance committee presented a claim of Henry Trout, night police for \$10 for janitor service without recommendation as to action and placed the matter up to the council and renewed the discussion of the police question that occupied a greater portion of the session.

Councilman Patterson, Johnson and Stewart failed to see why when

this amount had been voted with the understanding that there should be no sum collected from the outside by the police, the citizens should be required to pay twice for police protection.

Councilman Larson stated that in his opinion if the police were able to secure contributions from the business men of the city it was not in the jurisdiction of the council to take action in the matter.

Councilman Buttery entered a motion that the city allow the sum of \$10 per month to the night police as janitor until the report of the judiciary committee had been received, but the motion fell by the wayside being defeated by a vote of 7 to 3. Patterson, Iverson, Ptacek, Mason, Schulhof, Johnson and Stewart voting no and Buttery, Larson and Harris yes.

Mayor Schneider again stated his position as being opposed to the business men of the city being required to pay twice for police protection, but that there had been difficulty in getting men to serve in the capacity of night police and he had given Mr. Trout permission to circulate his petition for funds from the business men of the city. He stated he had told Mr. Trout that there was no such a thing as special police protection however as every citizen was entitled to the service of the members of the police force when the occasion might arise. The matter was closed by the allowing of the claim of Mr. Trout for \$10 for the present month.

Chairman Johnson of the streets, alleys and bridges committee secured permission to have the street commissioner use old broken sidewalk blocks to help fill up the ditch on Cass street in the south portion of the city, to assist in holding the dirt in the fill there and also for the opening of the ditch on Lincoln avenue.

Mr. Johnson also reported that the county had completed the installing of a large tiling on west Main street replacing one of the wooden bridges but that the street was impassible for vehicles owing to the fact that several planks had been removed from the bridge and until the city completed the fill there it would be impassible for travel. On motion the engineers were authorized to inspect and recommend where the dirt could be secured for the fill.

Councilman Harris of the fire and water committee stated that the fire department would hold their election of officers during the coming month and that there would be only ten or eleven members of the department left at that time and some action would have to be taken but the committee was not ready at this time to make a recommendation.

Councilman James Ptacek of the second ward called the attention of the council to the fact that a number of the trees along Washington avenue had been set too close to the sidewalk line and that they were now destroying the sidewalks and he was in favor of having a new row of trees planted nearer the curb line and when they had reached sufficient size, having the old trees cut down and this matter will be taken up later with the park committee.

Councilman Harris called the attention of the council to the fact that a tiling near the Bach store on Lincoln avenue was not sufficient to carry off the water and desired some action taken.

Councilman Buttery called the attention of the council to the fact that the Missouri Pacific was not keeping their walk on Locust street and also on 15th street in proper shape and on motion the clerk was ordered to notify them to get busy.

Councilman Larson spoke briefly of the fact that trenches dug by the water company in the third ward had not been properly filled and made dangerous and disagreeable places in the street and on motion the company was ordered to fill their trenches in conformity with the regulations of the city ordinance covering the same.

Councilman Buttery writing his name on the top of his dust laden desk asked that the police receiving salaries as janitors try and remove some of the dust that gathered on the chairs and desks in the city hall and made it very dirty and disagreeable to wipe up on the clothes and hands of the city officials.

After the consideration of a few matters of street work and the allowing of the following claims the council adjourned:

The following claims were approved and allowed by the council: James Wynn, street work—\$ 47.60 A. Sampson, man and team, street work 95.20 A. Nitka, man and team, street work 95.20 M. Manzy, inspecting sidewalks 18.40 Frank Kalasek, street work 6.00 John Maurer, street work— 47.60 C. E. Hartford, coal to city

**Chesterfield
CIGARETTES**

of TURKISH and DOMESTIC
tobaccos—Blended

You bet—
"they satisfy"

"SATISFY" is an old word in the dictionary but an entirely new thing in cigarette enjoyment.

Know what a drink of cold water does for your thirst? Well, that's what Chesterfields do for your smoke-hunger. They satisfy.

It's all in the blend—fine Turkish and Domestic tobaccos combined by secret formula that cannot be copied.

That's why you want Chesterfields if you want "satisfy."

Moisture-proof package keeps them firm and fresh, whatever the weather.

NOT "I HOPE," BUT "I KNOW."

There are many preparations which the patient takes only with the thought "I hope it will help me." But if you suffer from poor appetite, constipation, headaches, nervousness, or other troubles connected with stomach disorders, and if you buy Triner's American Elixir of Bitter Wine, then you are conscious to yourself: "I know this remedy will help me." Take the case of Mr. Albert Havra, R. 2, Yoakum, Texas. He had been sick for 22 weeks, one was in doubt whether he would live. But Triner's American Elixir of Bitter Wine, as he informed us on Sept. 24, set him again on his feet. Throat inflammations are a very common trouble in the fall. As soon as you feel some difficulty in swallowing, gargle with Triner's Antiputrin, diluted with warm water. You will be surprised by the result! You will obtain these as well as other Triner's remedies at your druggist, Joseph Triner Company, 1333-43 So. Ashland Ave., Chicago, Ill. (Copyright, 1919, by Jos. Triner Co.)

Constipation.

The beginning of almost every serious disorder is constipation. If you want to enjoy good health keep your bowels regular. This is best accomplished by proper diet and exercise, but sometimes a medicine is needed and when that is the case you will find Chamberlain's Tablets are excellent. They are mild and gentle in their action, easy and pleasant to take. Give them a trial. They only cost a quarter.
