That Jap Bazaar and Dinner The ladies of the Baptist church are still putting forth every effort for the making of their annual Thanksgiving dinner a success. This is to be held in conjunction with the Jap bazaar which the ladies have in hand. They will have a large quantity of Japan ware, consisting of paintings, embroidery, wood carving and other varieties, and which will be on sale during the day of the dinner—Thursday, Nov. 27th.

Will Hold Sale Soon Jack Chalfant, who has been farming near this city, but has concluded to discontinue tilling the soil in Nebraska, having purchased some three quarter sections of land near Arriba, Colorado, where he has already sown 320 acres to wheat, will move to the west in the spring to make his home. He has decided to hold a sale on Saturday, December 6th, at which time he will offer his farming implements and stock, consisting of horses, mules, cattle and hogs, at public sale on his farm near this place. Watch these columns for further announcement of this sale. Also, large posters will be circulated listing the goods to be offered as they are approached. Mr. Chalfant has some excellent implements and stock to offer and the attendance at his closing out sale will doubtless be exceptionally large.

Spent Week-End in Omaha Messrs. Ralph Davis, Kemp Frans, Elies LaRue and Emmett Marton departed last Saturday evening for Omaha, where they spent the day and night at attending the excellent play at the Brandeis theatre Saturday night. They returned home on the late train Sunday night.

Accompanied Sister to Hospital Last Monday evening Mrs. A. D. Crunk departed for Omaha, being joined at Murray by Ira Queen and wife, and the trio went to Omaha, where Mrs. Queen entered the hospital for treatment and a probable operation, hoping that her health, which has been very poor of late, may be restored through this method. They were accompanied to the hospital by Dr. Brendel, who has been their family physician.

Former Union Man Dies Ward received of the death of Cecil Harris, formerly of this city at a hospital in Iowa City, Iowa, where he was receiving treatment after having returned from overseas service. Mr. Harris will be remembered as having been engaged in the pharmacy of C. W. Keedy, during the time he made his home in this city. It seems that the young man was given a furlough, in the hope that his health would improve, but afterwards was taken back to the hospital where he subsequently died. He has a host of friends in Union, who mourn his untimely death.

Methodist Ladies Bazaar The arrangements for the holding of the bazaar by the ladies of the Methodist church, which will be held at the store of the Farmers Union on Saturday, November 15th, are about completed, and an excellent array of wares will be on sale. Those who are looking for something excellent for Sunday dinner the following day, we would say, come out and see what the ladies have to offer. There will be cakes, pies and everything good to eat, and all prepared. You will be assisting in a good cause as well.

Met With Mrs. L. F. Fitch Last Saturday the ladies of the W. C. T. U. met at the home of Mrs. L. F. Fitch, one of their sister members, where they had a very excellent time, as their program comprised the study of a very interesting subject. After the conclusion of the lesson, a social time was enjoyed. This was followed by a delightful luncheon, and upon departing all declared Mrs. Fitch one of the best of entertainers.

Not Yet Over Effects of Fall Rev. and Mrs. L. Morrison were passengers to Omaha last Monday, where they were visitors at the hospital, going to consult a specialist regarding the condition of Mrs. Morrison, who sustained injuries some time ago when she fell, and from the effects of which she has never fully recovered. On her return from a visit at the home of her sister at Tama, Iowa, she was met in Omaha by Rev. Morrison and they went to the hospital, but their visit only required another—the one which was made last Monday. The many friends of Mrs. Morrison are hopeful that she will find improvement thru her trips to the Omaha specialists and soon regain her health.

Is Showing Some Improvement Miss Rachel Kendall, who has been at the sanitarium for some time, where she was receiving treatment for rheumatism, and whose condition was so serious that she could not be taken from her bed, has so far recovered as to be able to place her foot on the floor, and it is earnestly hoped that before long further progress toward recovery may be reported.

Bain Interfered with Services Last Sunday was a trying one on the churches and other institutions which were expecting crowds to attend their meetings. The rainfall was almost continuous from Saturday evening until away into the night Sunday. At the Baptist church there were no services at all, and at the Methodist church there was present but a very small representation of the Bible school and the Intermediate league. Due to the rain preventing the services at the Baptist church, the special topic which was to have been discussed by the pastor, Rev. J. B. Taylor, will be discussed next Sunday. The subject of this special sermon is "Hell," and it promises to be one of much interest. Better go hear the matter discussed next Sunday and get some light on a very dark subject.

Accepts Overland Agency Robert Willis, the owner of the Willis garage, has accepted the agency for the sale of the output of the Overland motor company's factory in this vicinity. His agency covers the sale of cars anywhere he can find a customer, except within the corporate limits of a town where there is another authorized dealer. Mr. Willis has brought down from Omaha a new "Baby" Overland, the name appropriately applied to the new Light 4 being put out by the Overland factory. He has the car on exhibition in his sales room and it is a beauty and looks like it will do more than is claimed for it.

Makes Daughter Elegant Present Miss Ora Clark, who is attending the State University at Lincoln, and who is taking a course in music, was a visitor at her home in Union last Sunday, coming down to spend the week end with her family. Her father and Fred Clark were visitors in Omaha last Saturday, where the father made the purchase of a fine new cornet for his daughter's use in her studies, and which cost the neat sum of \$125. The instrument is a beauty, and will be a great aid to the young lady in the pursuit of her musical education.

Just Back from the West A. W. Probst and Frank Valley, who have been in the west for some part of the week or more, driving through in an auto, arrived home last Sunday evening. They drove to Arriba, Colorado, and a number of other points on the Rock Island and Union Pacific, as well as visiting at Wray and Akron, Colorado, on the Burlington. They came back home via Imperial and Grant, and reached home just ahead of the big storm that struck the west Sunday night. They were well pleased with their trip and declare they saw many interesting sights. W. E. Probst, of Mrs. Murray, came down with them from there, and was looking after some business matters here Monday forenoon.

Reported as Some Better Mrs. Lena Chalfant, mother of Jack Chalfant, who has been sick at her home in Union for some time, and whose condition was very serious, is reported as being considerably improved and indications point to her continued improvement.

Making a Long Auto Trip Last Monday Bert Lewis and his family, consisting of wife and seven children, were visitors in Union for the day, stopping here while waiting for the roads to dry up from Sunday's rain, and taking advantage of the opportunity afforded of having their car repaired, it being slightly out of commission. They were driving a Dorr and seemed highly pleased with its performance under trying road conditions. They are en route from Devils Lake, North Dakota, to Brownville, Texas, which is near the Gulf and will afford a welcome change from the cold temperatures that will soon be prevailing in the vicinity of their former northern home. They expect to make their future home in the south and will engage in farming.

You Name Stock—Why Not Farm? It is becoming more and more common for farms to have a particular name to be used on letterheads or other stationery, as well as shown on a sign at the farm entrance or other suitable location. Many people think that this is of no advantage. Farmers who have tried the plan, however, report that it is a matter of good business for them, especially when they are engaged in raising pure bred stock or special varieties of crops which are sold for seed. Customers soon become familiar with the farm name from seeing it on letterheads and bills and are apt to mention the fact occasionally that their seed or breeding stock was bought from such and such a name, and, if a high quality of products is maintained the farmer soon earns an enviable reputation and a considerable amount of advertising which goes far toward insuring a ready market for his product at good prices.

It might be argued that the same reputation would be earned by the farmer whether the farm had a name or not, and this is true to a certain extent. Many people find it difficult to remember names. A spec-

THEY both started life at the same time and weight. They were given the same feed under the same conditions—with one exception. The big one got his regular dose of AVALON FARMS HOG-TONE—the Liquid Hog Tonic, Conditioner and Fattener—and the runt didn't.

The big one is the kind that tops markets and brings big profits to the pockets of the hog raiser. The runt cost more to raise than he will ever bring in the market. And the difference was brought about by 20 cents worth of AVALON FARMS HOG-TONE. HOG-TONE puts new life into hogs—makes them eat more and grow fat at an amazing rate. It helps them to combat disease and eliminate the worms that are the hog raiser's greatest foe to profits. Spend for piglets—helps to produce healthier, sturdier pigs. Come in the store—tell us the number of your herd—and we will give you enough HOG-TONE to treat all your hogs 60 days. You don't give us a penny now. If the results of the HOG-TONE treatment fail to satisfy you, it will cost you nothing.

inal name for a farm, if a good selection is made, gives it an entirely different distinction from a name and is more easily remembered by the average person.

Then, too, there is a satisfaction in having your farm known around the neighborhood by the name you have selected and naturally preferred. This is more desirable than having it referred to as the "old Smith farm" or some other name probably referring to some previous owner who may have been dead a number of years.

It costs nothing to name a farm and very little to erect a sign containing the name, the owner's name and any specialty which the farm produces, such as a particular breed of stock or variety of crops.

There for a trifle more you can have a stationery printed (ask the Journal man next time you see him for prices) containing the name of your farm and such other information as you wish to convey.

Here is a good job for you during your spare time. Why not decide upon an appropriate name for your farm, make a suitable sign containing it and erect it at a spot where all who pass can see it?

**FRESHMEN DEPT.**  
We are planning to go to Plattsmouth some nice evening in the near future, for dinner, afterwards taking in the show.

The Freshies are not to be outdone by the Sophies, so we are going to set up a beauty parlor for the benefit of the entire Junior class. We never knew that there was so much on earth until we had to write an essay on it Monday.

Freshie girls got out of all the exams.

**SOPHOMORE NEWS**  
All the Sophies are back in school again after four days of glorious vacation—that is it was vacation for most of us.

Some members of the class visited their friends in Nebraska City.

The Seniors went to Plattsmouth last Wednesday evening to see "The Heart of Humanity," and we—afterwards—learned that Nina Dukes was one of the happy party. She certainly must be an extraordinary Sophie, is all we can say.

**ENTERTAINS FOR VISITOR**  
From Wednesday's Daily.

Mrs. Frank J. Morgan entertained very delightfully at her home on North Sixth street yesterday afternoon in honor of Mrs. C. E. Westcott, of Los Angeles, California, who is visiting in the city and is soon to depart for her home.

The afternoon was spent in social conversation and playing the busy needle. At 5:30 a most tempting three course luncheon was served by the hostess assisted by Miss Mae Murphy. The table appointments were very pretty, the color scheme being in pink with pink roses and pink candles. Covers were laid for Mrs. Swift, Mrs. C. E. Westcott, Mrs. C. C. Westcott, Mrs. E. H. Westcott, Mrs. William Baird, Mrs. T. H. Pollock, Mrs. J. E. Wiles, Mrs. Luke Wiles, Mrs. H. N. Dovey and Mrs. F. R. Gobleman.

The guests all declared it was one of the most enjoyable social events of the season.

**THE WEIGHT OF RESULTS**  
If you read some weighty claim, you always ask, "Do any results prove this claim?" Because only results afford the proof. Triner's American Elixir of Bitter Wine is the best remedy for all stomach troubles. That is our claim. And here are the results: "Weston, Neb., Aug. 24, 1919. Triner's American Elixir of Bitter Wine is the best stomach remedy. It acts wonderfully.—Fr. Paucal." Triner's Angelica Bitter Tonic is unequalled as a restorer of vitality and energy. Read the following: "Ballston Spa, N. Y., Aug. 19, 1919. Triner's Angelica is excellent. It helps digestion, gives healthy sleep and invigorates the blood. My wife has suffered from colds for 7 years, but now Triner's Angelica helped her.—Mich. Miller." Every druggist has these remedies in stock. They also mean the best preparedness against influenza.—Joseph Triner Company, 1333-43 South Ashland Avenue, Chicago, Illinois. (Copyright, 1919, by Joe. Triner Co.)

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Thousands rely on Dr. Thomas' Eclectic Oil. Your druggist sells it. 30c and 60c.

**Will Make Home in West**  
Among those who have purchased land in the west and will make their home there the coming year, are Carl and Ray Cross, sons of J. D. Cross, the manager of the Farmers Union store in Union, D. A. Eaton, Joseph Everett and George Shrader, as well as F. W. Young and family, who have been in the west this fall looking after the sowing of winter wheat upon their land. This western fever is making its rounds among some of the best citizens of this community and the loss of the half dozen or more enumerated above will be plainly noticeable, but the gain to the community in which they locate (which is near the town of Arriba, Colorado) will be a marked one as well. The Journal joins with their many friends here in wishing these emigrants abundant prosperity, and in a number of instances the paper will visit them with semi-regularity, keeping them informed on the current happenings in old Cass county.

**Makes Good Record**  
Henry Vest, who has just completed the picking of the corn crop on the farm of Fred Clark has made a good record, having husked 1191 bushels in fourteen days besides attending to the chores about the farm. As he was getting a dime per bushel he averaged \$8.50 per day. This looks like doing pretty good. Having completed the contract at the farm of Mr. Clark, he will begin immediately upon another contract at the home of A. Ashlock northeast of town.
