

MEETING OF THE KNIGHTS OF COLUMBUS

GATHERING AT A. O. U. W. HALL LAST EVENING WAS VERY WELL ATTENDED.

HAD SMOKER AND LUNCHEON

Pleasing Address by Father Shine, On Origin of the Society of Knights of Columbus.

From Wednesday's Daily. Last evening the members of Juan de Padilla council, Knights of Columbus held a very largely attended and interesting meeting at the A. O. U. W. hall on Pearl street, and one that was most successful in every way.

The members of the council passed upon a number of applications for membership at the meeting and will later take up the work of inducting the new candidates into the mysteries of this excellent order.

One of the pleasing features of the meeting was a short address delivered by Rev. M. A. Shine of St. John's church, who spoke on the origin of the society of the Knights of Columbus and its purposes and aims. The ill health of the eloquent rector made it impossible for him to make as extended an address as had been planned, but during the short time of the speaking a very interesting and instructive address was given.

Following the meeting of the lodge a short social and get-together meeting was enjoyed with a smoker and luncheon that added a pleasing touch to the meeting.

The Knights of Columbus, during their activities with the army and navy served a great purpose and assisted very materially in contributing to the comforts and amusements and entertaining of the members of the United States forces both in this country and abroad and imbued with the highest patriotic inspiration carried on their work with great success. To assist the work of the former service men the local council

of the Knights of Columbus have very kindly offered to assist the local post of the American Legion in allowing them the use of the hall for their social meetings and as soon as the A. O. U. W. hall shall have been formally turned over to the local council the "Caseys" will see that the service men are given full welcome to the use of the building for their meetings.

SEEK GUARDIAN FOR MOTHER

Children of Mrs. Frances S. Vallery Ask to Have Guardian Over Mother—Estate Matter

From Wednesday's Daily. This morning a hearing was had in the county court on the petition filed by Mrs. Alpha Mae Shepherdson, Edward C. Vallery, Jesse H. Vallery and Mrs. Blanche Meisinger, in which they seek to have a guardian appointed over their mother, Mrs. Frances S. Vallery. The petition recites that the mother is possessed of personal property and legacy amounting to \$4,000 and real estate valued at \$3,000 with an annual rental income of \$1,000, and it is alleged by the petitioners that Mrs. Vallery, owing to her age and mental condition, is unfitted to handle the affairs of her estate, and it is therefore prayed that the court appoint such guardian.

The petitioners are represented in the case by Attorney A. L. Tidd, and the interests of Mrs. Frances Vallery are being cared for by George W. Magney, former county attorney of Douglas county.

The parties to the case, after fully considering the matter, decided that it would be best for all concerned to have the court appoint someone who would be agreeable to the wishes of Mrs. Vallery as well as the heirs of the estate to safeguard the interests of all parties, and steps in that direction will be taken by the court.

CAR SHORT-AGE HOLDS UP SHIPMENTS

ELEVATOR MEN ARE UNABLE TO HANDLE CROPS OWING TO POOR SERVICE.

ON LINE OF THE MO. PACIFIC

Only Two Cars in a Month at Murray—Elevators at Mynard Fare Still Worse.

From Wednesday's Daily. The question of securing cars for the shipment of grain now stored in the elevators in this county along the main line of the Missouri Pacific railroad is one that is giving the managers of the elevators a great deal of worry and their statement of the car shortage certainly looks as though something should be done in the way of giving them relief and permitting the farmers to dispose of their grain crops.

One of the points that has the greatest complaint is at Mynard, where the manager of one of the elevators states that only two cars have been given each of the elevators since the 1st of September, and this certainly has not been a fair deal for this very important grain shipping point.

The elevators at that place have been filled for several months and it is now impossible for the managers of the elevators to handle the grain coming in owing to the fact that they have no place to store it and with no cars being delivered it is impossible to clean out the elevators and put the grain on the market. As a result of the stagnation of the grain traffic, the farmers who desire to dispose of their grain crops have been put up against it.

The condition at Murray is the same as at Mynard, as they have received only two cars so far this month and at present it has been necessary for the elevator managers to bring their newly bought corn into Plattsmouth for shipment. The Burlington railroad has been better able to supply the demand for cars

and a portion of the Murray grain has been shipped from this city over the Burlington, being brought here by wagon and loaded for shipment.

The Murray elevator men have at several times taken the matter of the car shortage up with the state railway commission and for a short time secured a measure of relief, but the conditions have dropped back to as bad if not worse than that prevailing before and it will be necessary to once more place the car shortage matter up to the state commission to secure the needed service from the Missouri Pacific line.

VERDICT OF JURY IN DAMAGE SUIT

Plaintiff in Case of Irene Berry vs. Wilhelm Knaup et al. Awarded \$2,000 Damages.

From Wednesday's Daily. The case of Irene Berry vs. Wilhelm Knaup et al. in which the plaintiff sued for damages in the sum of \$5,000 for injuries received in a collision between the auto of the defendants and the buggy of the plaintiff, was given to the jury yesterday afternoon at 3 o'clock and at 5:30 the jury reported in with a verdict awarding damages to the plaintiff in the sum of \$2,000.

This morning the time of the district court was occupied in the selecting of a jury in the case of the Bank of Cass County vs. F. H. Wynn et al. and the attorneys, C. A. Rawls for the plaintiff and D. O. Dwyer for the defendants, took up the major portion of the morning in the examination of the jury to find the twelve men who would be able to try the case solely upon its merits.

LAND BRINGS A VERY GOOD PRICE

Home Place of N. H. Isbell West of This City, is Sold for \$600 an Acre to Martin Nelson.

From Wednesday's Daily. The constantly raising land values in Cass county were shown yesterday when the deal was closed whereby Martin Nelson, one of the enterprising farmers living northwest of the city, became the owner of the N. H. Isbell property located a few miles west of the city, paying for the tract of six acres, \$600 per acre, or a total of \$3,600. The place is not exceptionally well improved but was desired by Mr. Nelson for the reason that it adjoins his farm of eighty acres and has a more favorable location on the main highway leading into Plattsmouth.

For Sale: My residence property on South Chicago Avenue in Plattsmouth. Four acres, 5-room house, with basement and cellar, well, barn, chicken house. Well improved. Address Mrs. F. M. Hesse, 125 So. Cherry St., Ottumwa, Iowa.

GETTING ALONG NICELY

From Wednesday's Daily. Our old friend, William A. Taylor, residing south of this city, who for the past several weeks has been confined to his home suffering from the effects of a dislocated hip, is now doing very nicely. Reports from the bedside of Mr. Taylor state that he has now almost regained the full use of his limbs and is showing every sign of improvement. This will be most pleasing news to his many friends throughout the county and they trust he may continue to improve.
