**SEE VISIONS OF AWAKENING CHURCH**

MEETING LAST NIGHT IN INTEREST OF NATION-WIDE CAMPAIGN.

**MUCH INTEREST IS MANIFEST**

Splendid Program of Speaking by Visiting Clergy and Laymen—A Look Into Future.

From Friday's Daily.

Inbued with the spirit of the awakening church, the members of the St. Luke's parish last evening filled the seating capacity of the church with an interested and enthusiastic audience to hear the message on the Nation-Wide campaign that was to be delivered by the representatives of the clergy and the laymen of our neighboring state of Iowa and of Omaha.

The speaking followed immediately the prayer service and was inaugurated by Judge James T. Begley, who gave a few points on the campaign that were of interest particularly to the members of the parish and of the church in this city. The chief speakers of the evening were introduced by Dr. J. S. Livingston, chairman of the local campaign committee and Rev. Mann, the first speaker, at once launched into a discussion of the need of the world for the teachings of Christ and particularly at this time when the need of the awakening of the church was the greatest. The speaker laid particular stress upon the responsibilities of individual members of the church for the carrying out of the mission of Christ upon earth, in the advancement and application of His teachings to the life of the church and of the world.

Father Mann spoke of the common failing of the average church man and church woman to lay the whole structure of the Christian world upon the efforts of the ministers and failing to fulfill the purposes of the teachings of the Master by their lack of personal application of the teachings. We pray for many things that lie within our own power to make possible, the speaker stated, and by our lack of effort to follow out the teachings of the Savior, fail to realize the great blessings that are the reward of those who truly believe and follow in the footsteps of the Savior.

The address of Mr. Hooper was largely taken up with the discussion of the plans and work of the church in the Nation-Wide campaign, and of the need for greater personal service among the members of the church to make the Episcopal church a great factor in the betterment of mankind.

The strengthening of the church school, the teaching of Christianity and Americanism to those new comers to our shores was also urged by the speaker as well as the teaching of the principles of the Christian faith in the public schools and colleges of the nation as a measure to advance the progress of the modern civilization was also pointed out by the speaker in his remarks.

**REMEMBERED BY THE CLASS OF '19**

High School Presented with a Fine Hall Clock by Members of the Last Class Graduated

From Thursday's Daily. It has been the custom in the last few years that the graduating class present to the alma mater of their early school training some token of remembrance of the class that has passed into the world from the portals of the local high school.

In keeping with this precedent, the class of 1919 has presented to the high school a fine regulator hall clock, whose ticking notes will in the future mark the passing of time for the boys and girls who are attending school.

The clock is provided with a handsome case of polished oak and is the last word among the makers of modern regulator model clocks. On its case is found the inscription, "To the high school from the graduating class of 1919," and it has already been given the place of honor in the hall of the new high school building.

Not merely fine tobaccos, mind you, though we use the finest of Turkish and Domestic leaf, but an exclusive blending method that brings out hidden flavors—flavors that others have failed to find.

As soon as the first indication of a cold appears take Chamberlain's Cough Remedy.
