

Hosts of Gifts that Interpret the Real Meaning of Christmas!

The one dominating thought in every person's mind at this time is Christmas shopping, and judging by the enthusiastic manner in which many are engaging in gift shopping, this is going to be a good old-fashioned Christmas. What a wonderful thing is this unselfish Christmas spirit with its sole purpose of making others happy! There is no more beautiful thought in the world.

This store has naturally caught the enthusiasm of "Santa Claus time." Large, varied assortments of practical, sensible gifts are here for every member of the family, and there are scores of suggestions for suitable remembrances.

Mid-Winter Clearance of Women's Ready-to-Wear!

Presenting the most wonderful values ever offered under present day conditions. We are indeed exceedingly fortunate in being able to offer for your selection these beautiful garments at such remarkably low prices—prices that are way below present manufacturing costs.

We have today received word to return every unsold garment by December 15th—so as a special Christmas gift offer to our friends, we desire to give you the benefit of lowered prices rather than return these garments. Space does not permit us to quote individual prices—but we cannot urge you too strongly to supply your present or future needs when an opportunity such as this presents itself. We have gone over every suit and coat and remarked them on such a low basis that if price is any factor at all, these garments will be quickly disposed of.

Saturday, December 13th, is positively your last opportunity to buy such high grade wearing apparel at these low prices—when the remainder of the stock will be returned, as we are too limited for room to carry this line during the holiday rush.
