ENABLED HIM TO STAY ON THE JOB

Eats Anything, Sleeps Like a Log and Works Hard Every Day Now.

"If it had not been for Tanlac, I would have had to quit my job," said Andrew Chacula, R. F. D. 5, Box 42, West Allis, Wis., while in the Central Drug store, Milwaukee, recently.

"My stomach was in a horrible shape, and I had no appetite and could hardly eat a thing at all, and what little I did force down caused me awful suffering," continued Mr. Chacula. "I would have the worst sort of cramps in my stomach, and gas would form and cause pains in the region of my heart. I could hardly breathe and had a choking feeling in my throat. I also had severe pains across the small of my back and I could hardly bend over, and when I did I would have trouble straightening up again. I had terrible headaches nearly every day and when they came on me I would have to quit work and go home. I could sleep but very little because of the pains in my stomach and head, and lots of nights I would sleep only about an hour, and would get up in the morning feeling all fagged out.

"I became so weak and run down I was on the point of quitting work altogether when I read in the newspapers of the good Tanlac was doing others. I got me a bottle and began taking it right away, and I began at once to get better, and after taking several bottles I am like a new man. I have a fine appetite and eat anything I want without its hurting me the least bit. I never have those awful cramps in my stomach any more, and never suffer from gas or the choking feeling, and the pains around my heart are all gone. My back is all right now, and I never have a sign of headache. I sleep like a log and get up in the mornings feeling fine. I have never had to lay off from work a single day since I began taking Tanlac and can do more work in one day now than I could in two or three days before taking this medicine."

Tanlac is sold in Plattsmouth by F. G. Pricke & Co. in Alvo by Alvo Drug Co., in Avoca by O. E. Copes, in South Bend by E. Sturzenegger, in Greenwood by E. F. Smith, in Weeping Water by Meier Drug Co., in Elmwood by L. A. Tyson, in Murdock by H. V. McDonald, in Louisville by Blake's Pharmacy, in Eagle by F. W. Bloemenkamp, in Union by E. W. Keedy, in Nehawka by D. D. Adams; in Murray by Meier Drug Co.; and in Manly by Rudolph Bergmann.

WHISKY AND WINE FOR MISSOURIANS

St. Louis Dec. 5.—Federal Judge Paris in the United States district court here today, granted a temporary injunction restraining the district attorney and the collector of internal revenue from enforcing the Volstead war time prohibition enforcement act as to whisky and wine.

The restraining order was granted to four St. Louis whisky dealing firms and corporations. Assistant District Attorney White said the effect of the decision would permit the sale of whisky and wine throughout the eastern district of Missouri, including St. Louis and 54 counties.

MEETING PROVED VERY INTERESTING

Rev. L. W. Scott at Murray Christian Church is Securing Splendid Results.

From Saturday's Daily.

Rev. L. W. Scott of the Christian church of this city, who is now engaged in the series of evangelistic meetings at Murray was in the city today for a few hours and is well pleased with the splendid manner in which the citizens of Murray are responding to the efforts of the meetings. During the past week the attendance has greatly increased and six confessions of faith were secured as the result of the splendid efforts of Rev. Scott. The speaker is one of the ablest of the speakers of the church in this portion of the state and his work in the evangelistic field has resulted in much good for the church in the communities where he has been holding meetings. CASS COUNTY MAN WEDS.

From Thursday's Daily.

Yesterday in Omaha a marriage license was issued to Floid L. Coon and Miss Dorothy Hall both of Omaha. Mr. Coon is a former Cass county boy having made his home in the vicinity of Elmwood, but since his return from the army has been residing in Omaha. Mr. Coon was while in the service a member of the 126th machine gun battalion, and later was transferred to the tank corps in which he served in France.

FUEL REGULATIONS ARE NOW IN EFFECT

PLATTSMOUTH DROPS INTO THE CHANGED HOURS OF DOING BUSINESS YESTERDAY

CHEERFULLY COMPLIED WITH

Business Houses Dark and Deserted in All but Few Cases—Need of Saving Electricity.

From Thursday's Daily.

Last evening was the first night of the new regulations requested of the citizens of the community as a means of conservation of fuel and these regulations were almost without exception observed. In a few cases a misunderstanding of the date for the closing to become effective caused them to remain open, but these were rare exceptions and by 8 o'clock last evening the business section of the city was shrouded in darkness with only the picture shows and the pool halls open for business.

The amended regulations which close the pool halls at 9 o'clock and the picture shows at 9:30, will go into effect this evening and will add to the general deserted looking appearance of the business section of the city.

The proposition of aiding in the light conservation program by the abandoning of a part at least of the street lights of the city for the present period is being urged and will be taken up by Mayor Schneider with the light company to see what can be done in this line. The abandonment of the street lights, while it might work a small hardship on the travelers after night would aid greatly in cutting down the load that is being carried in the evening by the local lighting plant and every little bit taken off helps save coal. The fact of the moonlight nights and the snow on the ground makes it quite light even without the use of the street lights and they could be spared very easily and especially in the business section of the city, which is not very lively after the closing hours.

The banks of the city this morning opened under the new regulation hours and the doors of these institutions did not swing ajar until 10 o'clock and the tired clerks and bank officials were able to grab off an additional hour's sleep this morning.

WOODMEN OF THE WORLD MET LAST NIGHT

LOCAL LODGE ELECTED OFFICERS FOR THE ENSUING YEAR'S LABORS.

NEW RATES WERE EXPLAINED

By State Manager Ed Walsh Who Illustrated with Figures the Logic of Raising Dues.

From Thursday's Daily.

Last evening the members of the Woodmen of the World met at their lodge rooms in their annual election of officers and also had the pleasure of listening to a short address from Ed Walsh, state manager of the order, who explained the new rates that will be in force in the order and which will tend to increase the strength of the order. Mr. Walsh illustrated by figures that the new rates were not excessive and were in line with the policy of the order to make the Woodmen of the World the strongest of the fraternal insurance orders. He also stated that the directors of the order had set aside \$30,000.00 for the care of the older members of the order and that the new rates would be ample to care for the life of the organization and keep the order at the forefront of the fraternal associations.

The selection of officers of the local order resulted in the following being chosen:

Consul Commander—Earl Murray.
Advisor Lieut.—Alfred Wilson
Clerk—William B. Rishel
Banker—Peter J. Vallery
Inner Watch—Frank Cheval
Outer Watch—Elwood Buttery
Manager—Thomas Walling

The local lodge has quite a large membership and the excellent work of the local deputy, W. B. Rishel, has greatly aided in keeping this splendid order so well represented in this city.

From Saturday's Daily.

County Attorney A. G. Cole departed yesterday for Plainview where he was called on some legal matters.

John Smith from south of the city was a passenger this afternoon for Omaha where he was called on some business matters of importance.

W. H. Heil of Louisville, was in the city today for a few hours looking after some matters of business. Mr. Heil reports that the coal situation in Louisville is leading to the extensive use of wood for fuel.

Save Coal!

That's the slogan for the present at least—in other words, put more clothes on your back and less fuel on the fire. Good warm underwear will help. We have it—Children's \$1 up; Men's \$1.95 up; good warm socks 25c up; good warm flannel shirts \$3.50 up; good warm sweaters \$1.50 up; good warm sleeve vests \$5.50 up; good warm flannel gowns \$1.50 up; good warm mackinaws—boys' \$3.25 up, men's \$6.50 up; good warm gloves, mittens, caps, mufflers and "everything."
