**"DRY" LAWS DECREASE  
CRIME IN HAWAII**

Washington, Dec. 9.—Continued prosperity in Hawaii was noted in the annual report today of Governor C. J. McCarthy.

Exports of all kinds, including sugar and other foodstuffs, were valued at \$83,343,648, while imports were \$10,922,921, a decrease of \$95,407 compared with the year before.

Enforcement of the prohibition act has resulted in a marked decrease

in crime, Governor McCarthy said, but "there is a large quantity of illicit liquor manufactured, and the federal authorities are endeavoring to stamp out this traffic." Utilization of stills made of galvanized iron has poisoned the liquor in some cases, the report stated. Jail sentences instead of money fines were suggested as a check on the traffic.

**DEATH NOTICE.**

On May 5, 1919, James G. Keyser, sometimes spelled "Kaiser," died at Omaha while in the employ as a stationary engineer for the Pantatorium of Omaha. He had been so employed for approximately 17 years. The purpose of this notice is to locate some relative entitled to his estate amounting to about Two Thousand Dollars (\$2,000.00) in money, less a few current bills and funeral expenses.

I am advised that Mr. Keyser lived in Plattsmouth, Nebraska, about 25 years ago and was in the employ of C. B. & Q. R. R. Co. as an engi-

neer, sometimes on the road and some times in the roundhouse; that at one time he lived on a rented farm near Plattsmouth; that he married while living in Plattsmouth and was later divorced; that he had a sister living somewhere in New Jersey, now dead. I have vague information that he has two daughters residing in Elmira, New York, and possibly a divorced wife.

Mr. Keyser was a man about 68 years old with blue eyes, above five feet ten inches high, weight 185 pounds, gray hair, bald on top of head and his hair inclined to be curly.

Any information concerning relatives of said deceased will be thankfully received by the undersigned.

**PEACE TREATY DEAD-  
LOCKED IN SENATE**

Action on Either One Now Appears Improbable at Least Until After Holidays.

Washington, Dec. 8.—Action by the senate, both on the Versailles peace treaty and the resolution of Senator Lodge, proposing to declare the war with Germany at an end, tonight appeared improbable until after the Christmas recess scheduled to run from December 20 to January 5.

The deadlock over procedure on the Versailles treaty apparently has tightened and republican leaders agreed today to defer action temporarily on the Lodge resolution. Although a meeting of the foreign relations committee for Wednesday was arranged, Senator Lodge said his resolution probably would await disposition by the house of a similar proposition.

Senator Lodge and Senator Hitchcock, administration leader, today indicated complete disagreement regarding future steps as to the treaty. The former declared the next move must come from President Wilson, while Senator Hitchcock, with equal emphasis, said the senate must act first.

"The treaty is dead so far as the senate is concerned, unless it is revived by the president," said Senator Lodge, commenting on Senator Hitchcock's contention and the president's statement to Mr. Hitchcock that he had "shifted responsibility to other shoulders" and did not contemplate withdrawal and resubmission of the treaty.

"The senate itself is required to act on the treaty," said Mr. Hitchcock. "Under the constitution, the president is required to submit treaties to the senate for disposition. He has done this with the German treaty. The senate has not acted finally nor disposed of it. It merely has refused to adopt proposed amendments, reservations and three resolutions of ratification. The treaty still is pending in the senate on the desk of the vice president and
