Friends Secured \$75 for Him

The friends of Phil Lambert, who is in the St. Joseph hospital at Omaha, found a way of disposing of a horse which he had here and did not want, as he is not able to use it. They took the matter in hand and sold chances on the animal and at the drawing the horse found a home with Col. J. B. Seyboldt, who received the horse for a very small sum, although Mr. Lambert realized \$75 for the horse and is well pleased with the action of his friends.

Phil Lambert is Improving

Last Tuesday, Mrs. Phillip Lambert, who has been at her home for the past week, accompanied by her sister, Mrs. F. S. Haller, of Council Bluffs, returned to Omaha, where Mrs. Lambert went to assist in the care of Mr. Lambert, who is at the St. Joseph hospital, where he is convalescing after the injury of some weeks ago when he fell from the top of a car from which he was helping to unload ties for the Missouri Pacific, breaking his leg and dislocating his arm. He was reported as getting along very well at the hospital. George Nickols, while in Omaha a few days ago, called upon Mr. Lambert and enjoyed a brief chat with him.

COMMUNITY CHRISTMAS TREE IN MURRAY THIS YEAR

The Community Xmas tree is assured and everyone is taking a great deal of interest. Most likely the tree will be on the lawn of Mr. Edmunds and the program will be in the hall. This is a new undertaking in Murray and all are now at the business, but with so many good helpers, it can't prove otherwise than a success.

Have Built a New Truck

L. H. Puls and his accomplished workman, Walter Tower, have utilized their spare moments about the garage in building a truck from a Velle car which they had on hand, and now have the new wagon ready for business. The first of the week, when we called at the place of business, Mr. Puls was applying the finishing coat of paint to the wagon, which will be ready for service in a few days.

Failed to Get a Rabbit

John Montgomery, of Omaha, was a visitor in Murray at the pleasant home of Mr. and Mrs. W. J. Philpot during the past week and, desiring to secure a rabbit while taking his vacation, braved the stormy weather and the heavy snow and went forth Monday to give chase to the game little animals. Owing to the fact that bunny kept so close about his nest however he was not able to start one. In company with Mr. and Mrs. Philpot he left on Tuesday for Omaha, where the Philpots went to drain the steam pipes in their home, after which they will return to the farm here until such time as the schools in Omaha open again, when they will return to the city to live, in order that their daughter may have the advantages of attending school there.

All the Folks Home Sunday

Last Sunday all the children of Mr. and Mrs. Wm. Puls gathered at the home of their parents and enjoyed the time greatly, having a real reunion and an elegant time, which was the more enjoyable by reason of an elegant dinner which the ladies of the family prepared. Those to enjoy the occasion were Messrs. and Mesdames W. H. Puls, L. H. Puls, P. A. Hill, Fred Lutz and Alfred Gansemer as well as Miss Laura Puls, of Omaha.

Murray Christian Church.

Revival services every night this week. Much interest is being manifested and a great deal of good has been accomplished. Come and bring some one with you. Brother and Sister Scott are splendid workers, who preach and sing the straight gospel of Jesus Christ. The house is being filled, so come early and get a good seat. We burn wood and the building is always warm. None but the regular Sunday morning offering will be taken; and above all, Brother Scott loves the babies. So come, feeding free to help and be helped.

Remember the Bible school at 9:45 each Lord's day morning. Note that on Thursday evening the services begin at 7:00 o'clock instead of the regular time of 7:20.
C. E. HANNAN, Minister.

There is rejoicing at the home of Mr. and Mrs. James Eriehart over the arrival of a little boy, who has just a few days since come to their home to live and will continue to make his parents happy during their life, to say nothing of wreatheing the faces of grandfather and grandmother. Mr. and Mrs. W. B. Rishel, of Plattsmouth, in smiles on account of the arrival.

Wm. Ost, of Nehawia, was up looking over the hogs at the Oldham Stock Farm and bought a foundation herd. Mr. Ost has three hundred Hampshire, but decided that the Duroc was his choice.

Word has been received that Mrs. Rose Cameron, who will spend the Christmas holidays with her nephew and his wife, Mr. and Mrs. Cameron Cathey, Mrs. Werly used to live in and near Murray and her many old friends here will be glad to see her again.

MEETINGS MAKING GOOD PROGRESS

Notwithstanding the Cold, Snow, and Wind, There Has Been Much Good Accomplished.

The revival meetings which have been in progress for the past few weeks at the Christian church in Murray, have been meeting with success. Due to the cold weather, there has been times when the attendance was scanty, but most of the time the church has been well filled, and the results are beginning to be manifested. Rev. Scott, of the Christian church, at Plattsmouth, who is in charge of the meeting, is a forcible speaker and brings home his message. He is ably assisted by his good wife, who has charge of the song service and who has organized a first class chorus.

There have been a number of additions, most of which have come as a result of conviction of faith through listening to the preaching of the word by the minister. The meetings will continue for some time yet and it is confidently expected that there will be more results manifest before the closing of the evangelistic campaign.

Are Departing for the Coast

Fred Hill and wife departed for Omaha yesterday afternoon, going from there over the Union Pacific to the west, their ultimate destination being Los Angeles. There they expect to spend the winter basking in the sunshine, returning some time in March, to resume their work here during the coming summer. It is hoped that the change of climate and the air, with its salt permeated breezes from off the ocean, will have a beneficial effect on the health of Mrs. Hill, who has not been in robust health for some time.

Is a Hustler in Selling Land

Walter Hesselnow, of Cedar Creek, accompanied by Mrs. Hesselnow, was a visitor at the home of the latter's parents, Frank Moore and family, for the past few days. Walter was a passenger to Plattsmouth on Tuesday, where he rode the goat in the Elks lodge that night. Mr. Hesselnow is engaged in selling western land in the state of Colorado, Colorado, which he is specializing in, and about which he will soon have an ad in the Semi-Weekly Journal, setting forth their good qualities. They are located not far from Burlington, where a number of Murray and Cass county people have large holdings, and have been producing large crops, in many instances the returns from a single year's crop more than paying for the land. Watch for Mr. Hesselnow's ad in an early issue.

Received a Load of Cattle

Last Wednesday Jack Philpot received a car load of cattle to feed, from the stock yards at Omaha, and which he has taken to his place west of Murray, to place them on short time feed and return them a little later to the Omaha market.

Found Roads Impassable

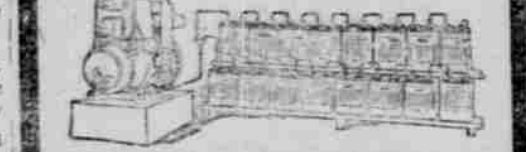

Last Tuesday after the storm of Monday and Tuesday night, Lee H. Knize, the efficient and genial rural carrier, found it impossible to get around with the auto and essayed to make the trip on horseback, but after bucking the drifts for a number of miles, saw that the four and twenty miles of his route would not be possible and gave up the trip until the roads should be better broken.

Phillip Kahler and wife, of Louisville were visitors in Murray last Tuesday, being guests at the C. H. Knize home, and returning to their home in the evening, going via Plattsmouth and Omaha.

WANT TO ENLIST AS MINE WORKER?

Proclamation of Gov. McKelvie Provides for Volunteering Service Thru County Clerks.

Conditions surrounding the inadequate supply of coal, as a result of strikes, are rapidly becoming unbearable. Unless relief is obtained at the earliest possible moment, there is no telling the extent to which disaster may be visited upon the people of our commonwealth. It is no longer a matter of ascribing causes—results alone will suffice.

Therefore, in this great emergency, and in sympathy with movements that have already been started in this state, I have the following to suggest:

Five hundred students of the University of Nebraska have volunteered for service in the mines in territory from which Nebraska obtains its supply of coal. This volunteer force may be greatly augmented by enlistments from all parts of the state. I have wired the governors of adjoining coal producing states to the effect that these forces are available for emergency service, with the understanding that "they are to be given adequate police protection and the necessary comforts of living." I am expecting prompt advice from the governors of these states as to what the possibilities are of producing relief thru these channels, and I am in hopes that by the time their answers are received, the movement for voluntary service in this state will have been sufficiently well organized to go at once to any field in which opportunity is afforded for service.

In order that organization may be effected more expeditiously, it is requested that all those who desire to enlist for volunteer service shall make the fact known to the County Clerk, who in turn will report to this office. The more prompt and liberal the response, the greater the hope of relief.

SAMUEL R. MCKELVIE, Governor.
