## NEBRASKA ENEMIES IN LOVE FEAST

EX-GOVERNOR FOLK BRINGS W. J. BRYAN AND HITCHCOCK TOGETHER AT DINNER

### OLD SCORES ARE FORGOTTEN

Commoner May Endorse Senator for Presidency and Former Employer Beneath Toga.

From Saturday's Daily.  
The following special correspondence of the Omaha Bee from Washington tells of a meeting held between the democratic senators in which William Jennings Bryan and Senator Gilbert M. Hitchcock were the main figures.

Washington, Dec. 19.—A dinner given by ex-Governor Folk, of Missouri in honor of his old-time political friend, William Jennings Bryan, of Nebraska, at a well known hotel in Washington Wednesday evening, which brought together 21 democratic senators including Senator Hitchcock of Nebraska, has set politicians speculating as to the meaning of Bryan and Hitchcock drinking from the same grape juice loving cup and exchanging pleasantries about when one was the employer of the other across the damask-covered table.

Of late years they have been far apart, in fact have gone out of their way to call one another unpromising names, but through the legerdemain of ex-Governor Folk of Missouri, recently defeated for United States senator by a republican, these two leaders of Nebraska democracy have seemingly seen a new light, thereby causing much wagging of heads and the suggestion of a perfect understanding that Nebraska will give Hitchcock the democratic endorsement for the presidency, while Hitchcock in turn will give his support to Bryan for senator as a successor to the senior senator from the Prairie state.

#### Ratification Dinner

The dinner, which may be called for want of a better title, a ratification dinner of the treaty with reservations, is looked upon as the forerunner of a series of democratic moves that may have a very important bearing on the democratic national convention, for Mr. Bryan does not want the treaty to become an issue in the approaching campaign. In fact, he urged at the dinner that the democratic senators join with the republicans who desired the treaty ratified and put the treaty through the senate, accepting such reservations as were necessary for favorable action on the part.

#### Bryan's Biggest Battle

Mr. Bryan has now begun what he regards as the most important political battle of his entire career. It will be a battle for the control of the next democratic national convention, and for the adoption by that convention as its platform of the principles advocated by him. The first step in this program is the elimination of the treaty as an issue in the next campaign.

Among those senators who attended the dinner were Hitchcock of Nebraska, the present democratic leader; Walsh of Massachusetts, Walsh of Montana, Stanley of Kentucky, Ashurst of Arizona, Fletcher of Florida, Harris of Georgia, Myers of Montana, Pomerene of Ohio, Jones of New Mexico, Kendrick of Wyoming, Owen of Oklahoma, Walcott of Delaware and King of Utah.

basis per gallon ready for your radiator you get it for 50c per gallon here and it stands 20 degrees below zero, while the mail order house product cost you \$1.20 per gallon ready for your radiator, and it is no better, nor will it stand a lower temperature. Of course they put it in a nice yellow can for you but is that worth the difference when you consider that a Ford even will require 3 gallons of mixture?

### LEAVING FOR CALIFORNIA

Mr. and Mrs. John Colbert and son Horton leave Friday for California. They will stop at Gering and visit their sons, Dr. Fred Colbert and family and Dr. Harry Colbert and wife, where they will visit until after Christmas leaving on the 26th for Denver where they will meet Mr. and Mrs. George Colbert and son Wiley of Wauweta who will accompany them to sunny California, where they will spend the rest of the winter. They will make their headquarters at Long Beach where Horton will enter school.

John Colbert will return here a few days before March 1 in order to look after his real estate business at that time. Whether Mrs. Colbert and Horton will return then will depend on how they like California climate.

Eugene Colbert of Wabash will look after Mr. Colbert's business while he is gone as Eugene is planning to move to Weeping Water in the near future on account of our school advantages. He has a daughter and son now in our school who have been going back and forth on the train which is not the pleasant especially with our late train service which was entirely prohibitive last week. Mr. and Mrs. Eugene Colbert and family will certainly be welcome to our city.—Weeping Water Republican.

### PLATTSMOUTH PEOPLE WED

From Friday's Daily.  
The marriage license record in Omaha bears the names of two of the Plattsmouth young people who have journeyed to that city to have their happiness consummated. Martin Baughman and Miss Rose Thacker are the contracting parties who took this opportunity of stealing a march on their friends and having the wedding ceremony performed in the metropolis. Both of the young people are well known to a large circle of friends in this community who will be pleased to learn of the happy event.

### TRAIN SERVICE BETTER

From Thursday's Daily.  
The resuming by the Burlington of their former train schedule today was also made more pleasing by the fact that the trains were operating on their usual time with but few exceptions. The train from the west this morning, No. 6, was delayed for three hours but No. 24 from Lincoln was right on the dot this afternoon for the first time in two weeks and made the return trip to Omaha at the old time, 1:58. The replacing of the afternoon train to Omaha has been very pleasing to a large majority of the Plattsmouth people who do most of their traveling over this road.

### DO YOU ENJOY YOUR MEALS?

If you do not enjoy your meals your digestion is faulty. Eat moderately, especially of meats, masticate your food thoroughly. Let five hours elapse between meals and take one of Chamberlain's Tablets immediately after supper and you will soon find your meals to be a real pleasure.

### INSTALLS NEW MACHINE

From Thursday's Daily.  
The Olson Sharpening Co. has just installed at their plant an additional machine which is to be used in the razor sharpening department of the company. The new machine is one of the new model automatic sharpening machines and has the capacity of 200 blades per hour and enables the work to be turned out much more rapidly than under the old methods. With the new machine it is thought that it will be possible to handle the large amount of orders that are being daily received.

### OPERATED ON YESTERDAY

From Thursday's Daily.  
Yesterday morning at the Immanuel hospital in Omaha Mrs. John Kaffenberger of this city was operated on by the attending surgeons for a severe case of gall stones from which she has been suffering for some time. The patient stood the operation in good shape and rallied nicely from the effects but it is impossible at this time to determine the final outcome of the case. The husband as well as a number of the members of the family were at the hospital yesterday and remained until after the operation.

### SHOULD BE QUARANTINED.

Many physicians believe that anyone who has a bad cold should be completely isolated to prevent other members of the family and associates from contracting the disease, as colds are about as catching as measles. One thing sure—the sooner one rid himself of a cold the less the danger, and you will look a good while before you find a better medicine than Chamberlain's Cough Remedy to aid you in curing a cold.

### HOME FOR HOLIDAYS

From Thursday's Daily.  
There were quite a number of the relatives and friends at the Burlington passenger station this afternoon to greet three of the Plattsmouth young ladies who are home for the holidays, Misses Nora Livingston, Mariel Streight and Helen Roberts. The young ladies are students at the Monticello seminary at Godfrey, Ill., and will enjoy the holiday season here with the home folks before returning to take up their studies.

### PROFITTEERING IN WOOD

From Thursday's Daily.  
The great desire to accumulate the almighty dollar even at the expense of our fellow beings seems to be showing itself in the present shortage of fuel. The Nebraska City Press states in one of its recent issues where there had been alleged profiteering in wood and if the facts were sufficient to have the matter placed in the hands of the United States attorney for action. The coal shortage in this city also developed a very sudden raise in the price of wood that was gouged from the consumer as usual.

## CIVILIAN RED CROSS RELIEF STARTS HERE

OFFICES TO BE OPENED MONDAY IN RED CROSS ROOMS IN HOTEL WAGNER.

MRS. F. H. DUNBAR SECRETARY

All Those Who Have in Service or Have Needs Coming Within Scope of Red Cross to be Aided.

From Tuesday's Daily.  
Several weeks ago a representative of the American Red Cross society was in Plattsmouth to prepare for

## AUTO PAINTING!

PHONE NO. 1

the installing of the civilian relief department of the society which has been proving to the returned service man and his family the means of getting adjusted many of the claims and other matters that have arisen as the result of service in the army or navy.

The American Red Cross have decided on their permanent secretary in the city in the person of Mrs. F. H. Dunbar, who has been head of the local chapter of the organization for the past year, and the choice is one that will meet with the heartiest approval of everyone in the city. Mrs. Dunbar has during the days of the war and since been devoting a greater part of her time to the Red Cross work and has become thoroughly familiar with the workings of the various departments of the society and her choice for the position of secretary of the civilian relief assures the public of a capable and efficient manager in this particular line.

The offices of Mrs. Dunbar will be located in the Red Cross rooms in the Hotel Wagner and will be open from 2 to 5 each afternoon and during this time anyone who has any matter that can be adjusted or upon which the Red Cross can give the applicant any assistance or advice, can call at the office and Mrs. Dunbar will be glad to do all possible in securing the desired relief. To accommodate those who may not be able to reach the city from the country districts during the office hours Mrs. Dunbar will arrange to look after their needs, and those who desire to get in touch with the secretary before or after the regular office hours may do so by calling telephone 629.

This is one of the most important parts of the Red Cross work and the one that is now receiving a great deal of attention due to the many problems that have arisen to confront the returned service man and his family. There have been a great many cases of allotments not paid, Liberty bonds not delivered and especially cases of disability where the soldier or sailor has been incapacitated by his service from doing active labor and as a result has become dis-

tressed or in the need of material assistance. All of these the Red Cross is preparing to take up and handle for the service men or their families and to see that they receive the justice that is due them. In the selection of Mrs. Dunbar the society is very fortunate as she is a lady whose sympathy for the men who served the colors is strong, and she will use every endeavor to get in touch with the service men and their families and they can rest assured that they can come to Mrs. Dunbar in the strictest confidence, explain their case and secure some action upon it.

The work of the secretary here will embrace the entire county and the secretary expects to visit each locality and take up the organizing and handling of the affairs pertaining to the former service men and cases of sickness, distress or need and the men of the army or navy can rest assured that they will have their best interests safeguarded by the American Red Cross operating through their local secretary.

### FINE CHRISTMAS STATIONERY

If you were a stationery buyer last year you well know the very large and complete line that was found at the Journal office. We want to tell you that it is greater this season than ever. We have all the new famous Whiting numbers, also the choice from Eaton, Crane & Pike, the two best in the land. The most appropriate gift is a fine box of stationery, and while you are buying buy the best for the same money. See our line.

### CHAMBERLAIN'S TABLETS.

These tablets are intended especially for indigestion and constipation. They tone up the stomach and enable it to perform its functions naturally. They act gently on the liver and bowels, thereby restoring the stomach and bowels to a healthy condition. When you feel dull, stupid and constipated give them a trial. You are certain to be pleased with their effect.

### ANOTHER MONTGOMERY WARD BARGAIN

From Friday's Daily.  
Their "Anti-Freeze" mixture is said to contain 188 proof denatured alcohol and glycerine, but the label on the can does not state how much. The directions however upon analysis disclose that it is a pretty well diluted mixture for upon mixture with two-thirds of a gallon of water it is claimed that it will stand 20 degrees below zero. Therefore one and two-thirds gallons ready for your radiator costs you about \$2 with express as they charge \$1.50 for the gallon of the solution.

1 gallon denatured alcohol will cost you \$1.25, this mixed with 1 1/2 gallons of water makes a 40 per cent solution and will stand 20 below zero, the same as the "Monkey Word" solution.

Thus you get when you buy at home 2 1/2 gallons for \$1.25 as against 1 1/2 gallons from the mail order house for \$2. Figured on a

# The Season's Greetings!

May your Christmas season be a bright and very happy one and may the New Year hold for you all that you may desire and bring to you God's richest blessing.
