Murray, Nebraska

Be sure and attend the supper Saturday evening.

Oldhams shipped two bred gilts to Missouri Tuesday morning.

For Sale—Bred sows, the best of the herd, Oldham Stock Farm.

Miss Margaret Clark of Omaha was in Murray a few hours Monday.

William Hendricks was for a number of days on the sick list, being affected with a severe case of laryngitis.

Misses Vivian Wray and Ruth Close of Omaha were visiting in Murray the guests of Miss Beulah Sans for over Sunday.

Miss Orpha Baker was the guest of her father, A. L. Baker, and other friends in Murray last Sunday, returning to her work in Omaha on Monday morning.

George Brinklow, Jr., was a visitor in Plattsmouth last Monday where he was looking after some business matters for a short time.

Charles Spiek and wife visited at the home of the latter's parents, William LaRue and wife of this city, last Sunday returning to their home in Omaha in the evening.

Mark White brought Mrs. One Lawton, who is nursing Mr. White's mother, Mrs. I. S. White, who is sick at the home of her son, but is having some trouble finding people at home in the country having thus far been at one place three times already and still has to go back for another time and all for 20 cents.

The firm of Minford & Cramer shipped a carload of cattle and hogs to the south Omaha market last Monday and in which there was one large porker which they purchased from Nicholas Friedrich which tipped the scales at 780 pounds and could have eaten some more corn at that.

John Willes, Jr., while chopping wood at the woodpile had the misfortune to have a stick fly up hitting him on the forehead and cutting a bad gash therein. While the contusion was severe and the blow heavy Mr. Willes is around as though nothing had happened, but with a pretty sore head.

Messlames J. A. Walker and G. H. Gilmore were visiting in Omaha last Friday, where they were the guests at the St. Joseph hospital of Mrs. Viola Long who has been there receiving treatment for one or two days. The ladies from here found the patient somewhat improved and cheerful and with hopes of being entirely well in a short time.

The Oldhams assisted by Messlames Ad. Ferris, Lucie Lynn, H. C. Long, Charles Tucker, Warren Wiley, Tracy Leyda served the supper Saturday evening. Ninety were at the supper. On account of sickness and bad roads the other committees will not be able to go on with the supper and the aid society of the Christian church will use the kitchen for one or two Saturday evenings. The public is always glad to have these 25 cent suppers on Saturday evening and will be glad that one will be given next Saturday evening.

Will Have Trial

John R. Hobeheit was a visitor in Plattsmouth for a short time last Tuesday going to look after some business matters and to bring home with him his parents who are looking after things on the farm as Mr. Hobeheit, Jr., and wife have been subpoenaed to a hearing in Omaha where they are to testify in a case which has been brought by a traveling salesman of that place against Glenn Todd on account of a collision with automobiles in front of the home of Mr. Hobeheit. Both the parties claim the fault rested with the other as to the accident and both parties sustained injury to their respective cars.

Manager T. S. Barrows Re-Elected

With the excellent record for efficiency and good service which T. S. Barrows has for some time past has been the manager of the Farmers' Elevator company at Murray is conceded by all that the board of management were conserving the best interests of the stockholders of the company when they retained Mr. Barrows for the coming year at an advanced salary. Mr. Barrows during the past year has not been receiving what was just and right and the continued cost of living ran away from the salary which he was receiving. He however remained faithfully at his post and rendered the best of service with the result that the affairs of the company were kept in the best of shape. We are pleased to know that Mr. Barrows has been retained in the position. He will also keep his assistant, J. H. Burton, who is also a very efficient workman.

They Already Knew the Game

At the home of Grandfather Puls the other night were assembled P. A. Hill, Fred Lutz and A. Gansemers when the latter thought he would teach the other boys how to play pinocle, which is his favorite game. You all know how it is when one party is giving instructions to some one who is not supposed to know the game. Well the counters which were to be used by the instructors were never called into use. Still they all had a good time.

Mrs. Vantine Home from Hospital

Last Monday morning Harry Vantine of near Nebraska went to Omaha where Mrs. Vantine has been for several weeks and where she was operated on for appendicitis and had recovered nicely and accompanied the patient home. Mrs. Vantine came to Murray last Monday, remaining until Tuesday while Mr. Vantine went to his home southwest of Union for the car in order to take his wife home. While not having recovered her health entirely Mrs. Vantine is gaining all the time and it is hoped that she will soon be entirely well again. Mr. Vantine also added the Journal to his reading matter and will in the future receive the paper.

Will Hold Meeting Friday Evening

The people of Murray are demonstrating the proper spirit. They staged a Christmas tree in the streets of their town which was a community affair and which was a success beyond their fondest hopes. This has inspired them to a more certain endeavor to organize the people of the community into a club whose aims shall be to work for the betterment of the community. They realize that Murray is their town and it is up to them to make it the best town possible under the circumstances and they have called a meeting at the Puls hall for the purpose of organizing the citizens of the town and surrounding community into a real society whose aims shall be for the betterment of all laudable enterprises of the city and community. There are those who are requested to bring a dozen sandwiches for each family. There will be provided a free moving picture show. At this meeting it will be purpose to organize a permanent order which shall have power to look after the welfare of the city in all its laudable enterprises. Better all come to this meeting and demonstrate your interest in the community by your presence and co-operation.

Miss Frances Moore Home Again

Miss Frances Moore who has been at the St. Joseph hospital in Omaha for the past two weeks where she underwent an operation for relief from appendicitis has so far recovered that she was enabled to return to her home last Sunday much improved in her health and on the highway to recovery which the many friends are hoping will be speedy and permanent.

Accepts a Position at Emerson

Miss Neva Latta of Murray, one of the most accomplished musicians and withal one of the most clever of the young ladies of Murray, has been asked to accept a position as musical instructor in the schools of Emerson. Miss Latta has been one of most interested young ladies in the welfare of Murray, having charge of the Christmas program and being intensely interested in the organization of a community club and of developing community interests. With all the excellent qualities possessed by Miss Latta she is also one of the most accomplished musicians, being proficient both in instrumental and vocal. With the acceptance of the position a few of her many friends in this city got together and at the home of Mr. and Mrs. W. S. Smith gave her a splendid farewell reception, wishing her success in which all are sure she will attain, it being last Thursday evening. The evening was spent in music, singing, games, progressive somerset and progressive high five. The evening was very pleasantly spent and a very delightful luncheon completed the joyous occasion. There were present at the reception Miss Neva Latta, the guest of honor, Messrs. and Mesdames G. W. McCracken, O. A. Davis, E. S. Tutt, W. S. Smith, Dr. and Mrs. G. H. Gilmore, Misses Margie Walzer, Pauline Oldham and Beulah Sans, and Messrs. K. L. Kasse and Albert Young and Mrs. W. G. Boedeker.

Underwent Successful Operation

Harry Puls, the young son of W. H. Puls, who has been sick at the home for several days past has recently developed a pus sack in one of his lungs, which required the assistance of an expert surgeon to remove. Dr. William Lathrop, now a physician of much fame and broad experience, but formerly a Murray youth, was called and last Monday an operation was had for the removal of the pus and after a very successful effort the young man is feeling much improved and hopes are increased for his speedy recovery. The young man it is hoped will now soon be on the highway to recovery.

Murray School Notes

Tests are being given in the high school this week as Friday closes the work for the first semester.

Willa Parks is absent from school this week on account of sickness.

The high school will lose two of its members at the close of this week. Leona Davis, who will take up her work in the Lincoln high school, and Chester Shrader who will enter the business college in Omaha. Leona and Chester have been held in high respect by the school and we regret very much that they are leaving us but wish them the very best of success in their new work.

Helen Read was absent from school the first part of the week.

Several interesting and original stories have been handed in this week by the eleventh grade English class.

SAML. W. GRATHWELL AT THE HIGH SCHOOL

Lecture Last Evening Exceptionally Pleasing and Shows Ability of Man With a Message.

From Wednesday's Daily.

The lecture number of the lyceum course given last evening at the auditorium of the high school while not as largely attended as the previous numbers have been owing to other attractions and the disagreeable weather conditions prevailing was one of the best features of this kind that has been heard in the city for some time.

Mr. Grathwell was a clear and fluent speaker and his topic, "Getting Away From Your Hoodoo," was a very able address throughout. The speaker took up many of the problems of everyday life that seem to check the advancement of man and pointed out the manner of surmounting these obstacles that are so often the fault of the individual as much as the surroundings in which he may be situated. Greater educational facilities were urged by Mr. Grathwell as one of the means of advancing and the young people were urged to take the fullest advantage of their opportunities. The speaker told of his struggles under very adverse circumstances to secure an education and attain the place he now occupies and his triumphs over the idea that your position can hold you down if you are determined to attain higher ends. Being a booster and an optimist rather than a kicker and knocker brought out many interesting illustrations in the address of Mr. Grathwell and his statements were received with much pleasure by his auditors.

NOW IN CALIFORNIA

From Wednesday's Daily

Letters have been received here by the relatives from Mr. and Mrs. J. H. Becker, who are spending the winter in California and state that they are enjoying very much the delights of the mild coast climate. They have secured a fine home at 3497 Second avenue, Los Angeles, and have as their next door neighbors Mr. and Mrs. Earl C. Westcott and family and have begun to feel almost like home with the large colony of former Plattsmouth people residing in and near Los Angeles and they have met quite a number of the old friends.

No War Tax to Pay!

All kinds of tires are now advancing, and with the manufacturers advancing their prices and the jobbers the same, they are coming to the dealers at a higher rate. Many have advanced the price from 15 to 18%. They will go higher soon. All dealers must follow the trend in prices.

Just at this time we have a good sized stock which we bought while the prices were lower, and for a limited time will offer them at the prevailing prices, and pay the war tax. We, like the others, will have to have to have higher prices in the near future.

Many people are needing new tires, and will want more with the coming of Spring. Better lay in your needs immediately, for there is no guarantee on the present prices, as some dealers have already advanced. We are carrying the following in stock in most of the sizes:

FIRESTONE, GOODRICH, FISK, GOODYEAR AND CORNHUSKER!

These tires are all guaranteed for 6,000 miles use, and as all rubber goods are advancing, it would be the act of prudence to get what you need before the advance, which is sure to come, and that within a very short time.

"NO COMPREE" SPANISH

From Wednesday's Daily

If there is anyone who can read Spanish or the Mexican form of that classic language in this city they can get on steady as private secretary to the sons of Villa who are spending the winter as the guests of Sheriff Quinton. The two men take a delight in corresponding and are busy sending and receiving the letters which are couched in the purest "spick." The sheriff is charged with the duty of looking over the outgoing mail as well as receiving the letters that come in and he surely has some job. The genial sheriff's knowledge of Mexican is limited to chili con carne and therefore he had a fine with his guests' letters.
