THE MODERN WOODMEN MET LAST EVENING

NUMBER OF CANDIDATES TAKEN INTO ORDER AT MEETING LAST NIGHT.

TO ORGANIZE A DRILL TEAM

Plans Made for Increase in Interest at Meeting by Drill Team to be Organized at Once.

From Saturday's Daily.

The meeting of the Modern Woodmen of America at their hall last evening was one filled with much interest to the members of the order present although the local camp was somewhat disappointed in the fact that E. E. Kester of Lincoln who was to have been present was unable to make his railroad connection from out in the state and consequently was unable to be on hand to take part in the gathering. Deputy W. C. James, who has been looking after the work of securing members and generally assisting the camp officers during the campaign was present and his genial and pleasant personality added greatly to the interest of the meeting and Mr. James assisted in the ritualistic work of the order with the officers of Cass camp No. 332.

At the session last evening Fred Lugsch, George Conis and Carl Tiekotter were initiated into the mysteries of the order and were much impressed with the beautiful and impressive work which carried out the great principles of the order.

The meeting decided upon the revival of the drill team which has been abandoned for the last few years and with the constant influx of new blood into the order that embraces a number of the young men formerly in the army or naval service will insure a well drilled and active organization that will make things lively for the local camp and for the candidates who are taken into the lodge.

The meeting last evening was in the nature of a smoker and a general social good time enjoyed at the close of the regular business session at which the new members were greeted and plans for the forthcoming meeting at which a large number of candidates will be taken into the order was discussed and the greatest of interest taken in the advancement of the camp.

YOUNG PEOPLE ARE UNITED IN MARRIAGE

Miss Ada Annette Keenan and Mr. William Hulsizer of Omaha Married at High Noon.

From Saturday's Daily.

At high noon today at the St. Luke's Episcopal church in this city occurred the marriage of Miss Ada Annette Keenan and Mr. William Hill Hulsizer, both of Omaha. The wedding was attended by a number of the relatives of the contracting parties and the beautiful and impressive ring service of the church performed by Rev. Father W. S. Leete, rector of the church.

At the conclusion of the marriage ceremony the bridal couple and the relatives were entertained at a beautifully appointed wedding breakfast at the home of the uncle and aunt of the bride, Mr. and Mrs. James W. Holmes in the Coronado apartments.

The bride whose home is in Omaha is a daughter of James H. Keenan of Rapid City, S. D., who was married in this city to a daughter of the late Joseph Shera in September, 1880. The groom is a very accomplished young man who has been employed for a number of years as a civil engineer by the Union Pacific railroad and has been most successful at his profession.

Mr. and Mrs. Hulsizer departed this afternoon on a short honeymoon after which they will be at home to their friends in Omaha.

Those in attendance at the wedding were: James H. Keenan, Rapid City, S. D.; Mr. and Mrs. Joseph H. Keenan, Mr. and Mrs. Herbert J. Keenan, Mr. and Mrs. Randolph Keenan, all of Omaha; Clayton Midlan of Brazil, South America; Mr. and Mrs. J. W. Holmes, Plattsmouth, Ralph Holmes, Lincoln, Mrs. George H. Allwine, Omaha.

The merchant who doesn't advertise only when business is good will eventually quit it entirely.

ALMOST GAVE UP HOPE OF RECOVERY

Omaha Woman Suffered for Fifteen Years—Troubles Ended by Taking Tanlac.

"I have had a long, hard struggle with ill health, but Tanlac has overcome my troubles at last, said Mrs. John Madson of Seventh and K avenues, East Omaha, Nebraska.

"For fifteen years," she continued, "I suffered from stomach trouble, nervousness and headaches. Nothing I ate would agree with me and I felt nauseated most all the time. I had awful pains in the pit of my stomach and the gas pressure on my heart would almost cut off my breath. Headaches and dizzy spells would almost drive me frantic, my strength would give out and I was compelled to stay in bed for weeks and had almost lost hope of ever getting well.

"I had tried everything I could hear of but nothing seemed to help me; finally hearing such wonderful things about Tanlac, I got a bottle and it has proved to be just what I needed. I began to improve right from the start and have been getting better ever since. My appetite is picking up fast and I can eat most anything now without suffering like I did before. I am gaining in weight and strength every day and am so delighted with Tanlac that I am telling all my friends what a wonderful medicine it is."

Tanlac is sold in Plattsmouth by F. G. Fricke & Co.; in Alvo by Alvo Drug Co.; in Avoca by O. E. Copes; in South Bend by E. Sturzenegger; in Greenwood by E. F. Smith; in Weeping Water by Meier Drug Co.; in Elmwood by L. A. Tyson; in Murdock by H. V. McDonald; in Louisville by Blake's Pharmacy; in Eagle by F. W. Bloomenkamp; in Union by E. W. Keedy; in Nehawka by D. D. Adams; in Murray by Meier Drug Co., and in Manley by Rudolph Bergmann.

Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added *dollars* to the cost of the necessities of life, while freight charges have added only *cents*.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for $30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for $50.

The cost of the suit has increased *20 dollars.*

The freight on it has increased only *5½ cents.*

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailors—but these other charges amount to but a few cents more.

A given unit of any commodity will buy more transportation now than it ever did before in the history of the country. A ton of steel or a bushel of wheat will buy more transportation now than ever before.

Walker D. Hines
Dir. Gen'l of Railroads

The $10 pair of shoes that used to sell for $5 goes from the New England factory to the Florida dealer for a freight charge of 5⅔ cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world.
