LAND ON RIVER FRONT IN LITIGATION AGAIN

W. J. HARTWICK SECURES TEMPORARY RESTRAINING ORDER IN DIST. COURT.

LOCATED NEAR WATER WORKS

Claims Defendants, Chas. Wentz and Wm. Bashus, Have Torn Down Fences and Built Shack

From Saturday's Daily. The land along the river front east of the city which is becoming more valuable each year is once more in court and this time through the medium of a restraining order secured by D. O. Dwyer, attorney for William J. Hartwick, against Charles Wentz and William Bashus, whom it is alleged by the plaintiff in his petition in equity, have torn down a portion of the fence he erected and constructed a shack on the property claimed by the plaintiff.

In the petition as filed it is stated that in October, 1910, Mr. Hartwick took possession of the portion of land described as fractional lot 175 and which is located near the Burlington right-of-way. The plaintiff further states that he had the tract of land fenced and cleaned it off for cultivation and has been in possession of the same from 1910 to the present time. He had the land surveyed by the county surveyor and platted and placed on the tax records of Cass county.

Mr. Hartwick also claims that the defendants against whom the restraining order is directed, have removed a portion of the fence placed by Mr. Hartwick and also established a dwelling on the property by erecting a small frame shack.

It is asked that the defendants be permanently restrained from all trespassing on the property and be compelled to abandon the property.

The request for the restraining order was granted on the filing of the bond for the sum of \$200 and the hearing on the matters set for Saturday morning, February 14, at which time the court will pass on the matter of making the injunction permanent or not.

FUNERAL OF MRS. TAYLOR YESTERDAY

Services at Methodist Church were Largely Attended by Friends and Neighbors.

From Saturday's Daily. The funeral services of the late Mrs. Lucy Taylor were held yesterday afternoon at the First Methodist church and a large number of the friends who had known this splendid Christian woman in her long residence in this community were present to pay their token of love and esteem to her memory. The floral tributes spoke of the feeling of love and affection in which she had been held in this community and the grief that her passing has occasioned to those who had known and loved her.

The pastor of the church, Rev. A. V. Hunter, took as his subject, "Thou has brought me into the desired home," and paid a passing tribute to the worth of the departed lady during her lifetime. During the service Mrs. E. H. Wescott sang two of the favorite hymns of the departed, "Blessed Land" and "Jesus, Savior, Pilot Me."

The body was laid to rest in Oak Hill cemetery beside that of the husband who had preceded Mrs. Taylor in the journey to the promised land several years ago.

Mrs. Lucy Taylor was born in New York state January 16, 1848, and was united in marriage to David F. Taylor of Lynn county, Iowa, in 1868. The family came to Nebraska in 1884 and located at Plattsmouth where they made their home for a period of over 25 years. Mr. Taylor died in this city October 5, 1914, and since that time the wife has been making her home at Havelock with her son, Ratio Taylor, and her daughter, Miss Cella.

To mourn her death there remain six children, Elmer, Ivan, Roy, Lulu of Plattsmouth and Ratio and Cella Taylor of Havelock. Two daughters, Mrs. Frances Gorton of Dunbar and Mrs. Neva Stull, have preceded the mother in death.

Better Than Pills for Liver Ills.

her beautiful character and loving way. For those who needed aid she had a helping hand and a smile for those who were bowed by sorrow and grief and up to the time of her last illness her active work in the church had been carried on. She was a very active worker of the children's society of the church and labored in the work of the Red Cross in the war time to aid those who needed most a helping hand and this in face of the fact that for several years she has been in very poor health herself.

SUFFERING FROM FLU

From Friday's Daily. Dr. G. H. Gilmore of Murray is numbered among the residents of that community who are down with the prevailing epidemic of the flu and the condition of the patient has been very serious for the past few days. Miss Helen, daughter of Dr. Gilmore, is showing some marked improvement in the last two days and it is hoped now that she may soon be able to recover from the effects of her attack of flu and pneumonia.

LADY 85 YEARS OLD HAS AN OPERATION

Grandma Earnst, of Elmwood, in Hospital at Lincoln Getting Along Nicely.

From Saturday's Daily. Last Thursday Grandma Earnst, mother of Ed Earnst, who makes her home with her son, and who has been quite sick for the past week or two was found to be suffering with a serious trouble and was taken to a hospital at Lincoln. On account of the fact that Grandma was unable to take ether she was given a local anesthetic and she underwent a successful operation for the removal of gall stones.

She is feeling fine after this operation although she is 85 years old she is very cheerful and she is enjoying her stay at the hospital taking interest in all that is going on in the way of operations and has even asked if there were any more as old as she who had submitted to operations. She is indeed a grand old lady and says that she is enjoying life and is having a good time. This is the only case on record at the hospital where a person Grandma's age who has undergone an operation of this nature.—Elmwood Leader-Echo.

TO BUILD NEW PARSONAGE THIS SPRING

Members of Methodist Congregation Preparing Plans for Modern Home for Pastor.

From Saturday's Daily. The members of the congregation of the Methodist church of this city have decided that it is time that the pastor ministering to the spiritual welfare of the church and his family be housed in a manner befitting the splendid church organization that the Methodists have in this city. The committee on plans are arranging for the new parsonage that will be located on the lot just north of the church building at Seventh and Main streets. The home will be made strictly modern and when completed will be one that will be worthy of the fine church that it will adjoin. For a number of years the pastors of the church have been compelled to reside at points quite distant from the church and this has proven a great detriment to the work of the church. The decision of the church to build will assure that there will be another fine home to the credit of the city during the 1920 building season.

MURDOCK ITEMS

Lights Now Within Reach
Since the electric light wires are now contracted for from Louisville to Weeping Water and pass through Manley they are placed within reach of Murdock now in two places, from South Bend is some seven miles while the Manley connection would be only six miles! Either are at hand now and the Murdock people can have which they desire. A man will shortly be in Murdock to talk the matter over regarding the cost of a line and service.

Talking Some of Wrestling Match
Joe Johansen, who is a pretty husky man and was formerly well versed in the art of wrestling, has agreed to put Walter Brown on his back in 20 minutes. This should make a pretty good contest, Mr. Johansen being somewhat the heavier man probably by some 20 to 30 pounds, and is also probably some 20 years older. It looks like it would be a spirited contest with the winner only known after the bout is over.

Sleet Played Havoc with Wires

The Murdock telephone company was troubled considerably during the past week on account of wires being down due to the heavy sleet which gathered on them during the storm of the forepart of the week. Lacey McDonald, the superintendent of the lines, with a crew of workmen consisting of Harry Gillispie, Ray Baldwin, Al Bauer, Diller Utt and James Mills, hustled out as soon as the ice was off the wires and placed the lines in good repair again.

Fire Apparatus Agent Here

C. J. Anderson of Omaha, representing a fire fighting machinery company, was a visitor in Murdock last Thursday looking after the sale of some chemical engines for the purpose of fighting any fires which might occur. While wishing to sell his goods of which the public is to judge as to their worth and efficiency, he also gave some very good advice to the company as well as the citizens, saying, "I do not want to sell you any apparatus which you will place in a house and leave there. You must have an active and working volunteer fire department or the apparatus I sell you or anyone else will be worthless. You must have someone to work in case of a fire as well as the apparatus."

Caused a Little Flurry

There was a man from out in the state dropped into Murdock some two weeks or more since and when it was found that he had the smallpox he was sent on to some place where he could be cared for and all precautions taken to prevent the spread of the disease if possible. The care taken has been effective for no one was inoculated with the disease. The time for it being taken by any one has long since expired and the people are safe from contamination.

Mrs. William Rush is suffering somewhat during the spell of very damp and cloudy weather with rheumatism and is unable to get about, but hopes with the returning good weather to be feeling much improved.

Frank Rosenow will in a short time move to Murdock and will occupy and farm the place which he and Mr. Ryan recently purchased from Jacob Goehry, and E. H. Miller, who has sold his farm some time since will farm the place where Mr. Rosenow has been and which is owned by C. L. Miller.

Eddie Bull of Plattsmouth, who was at the home of Mr. Otterstein for a short time assisting in the work on the farm, and caring for things while Mr. Otterstein was attending the public sale of Louis Hill where he will farm the coming season, came to Murdock last Friday to take the Rock Island train for his home. Mr. Otterstein will shortly move to the eastern portion of the county, while W. A. Schutz of near Plattsmouth will cultivate the farm of August Thimman the coming season.

A Stetson costs more, 'cause it's more hat

MARRIED AT MANLEY
The marriage of Miss Theresa Stander and Mr. Aaron Rauth occurred Wednesday, February 4, at St. Patrick's Catholic church in Manley, the ceremony being performed by the pastor, Rev. W. L. D. Higgins. The marriage ceremony was followed by a nuptial mass during which appropriate hymns were rendered by the church choir. The wedding march was played by Mrs. Walter Mockenhaupt. The attendants were Miss Agnes Stander, sister of bride, and John Stander. Little Anna Rauth, sister of the groom acted as ring bearer, the ring being carried in a basket in a bed of sweet peas. The bride's dress was em-broidered crepe meteor and with it was worn a bridal veil and wreath of orange blossoms and her bouquet was of bride's roses. The bridesmaid wore pale blue silk with hat to match and wore a bouquet of pink roses. Little Anna Rauth wore a dainty dress of white crepe de chine and carried a bouquet of pink and white sweet peas. At the conclusion of the church ceremonies the guests repaired to the beautiful country home of the bride's parents where an elaborate wedding breakfast was served. The decorations were of roses, smilax and sweet peas. The groom is the younger son of Mr. and Mrs. John C. Rauth, while the bride is the youngest daughter of Mr. and Mrs. August Stander. Both young people were born and reared in this vicinity and have a host of friends to wish them every joy and happiness in their new life. The young couple will go to housekeeping on the Will Rauth farm west of town which the groom has rented for the coming year, after an extended trip to California and other points in the west.—Weeping Water Republican.

Your Fordson is here!

NOW it is here—you can get one. Simplicity to an unusual degree—yet with a ruggedness and durability that enables it to accomplish a remarkable amount of work.

Burns kerosene—the cheapest fuel. Can be operated by anyone. Turns in the close places. Four-cylinder engine. Thermo syphon cooling system; all working parts enclosed. Improved air washer.

The Oliver No. 7 Plow

The Oliver No. 7 answers every requirement. Uniform plowing in all soils—a ruggedness that enables it to stand the severe strains. And the combined rolling coupler and jointer buries all trash at the bottom of the furrow; the stop device maintains an even depth of furrow.

• Come in and see the Fordson and the Oliver. We sell them and know they will please you.
