Perform Operation on Young Man

Dr. J. F. Brendel of Murray and Dr. Lauchrize of Omaha were called to Union last Monday afternoon where they performed an operation on the 12-year-old son of Joseph Hill, northeast of Union, Charles Hill, who has been ill at his home for some time with pneumonia, and for the removal of a pus sack which had formed on the boy's lungs. The boy has been very ill for a number of days and it is hoped that the operation will effect a cure.

Underwent Operation at Hospital

A few days since Carl Frans was taken to the St. Joseph hospital at Omaha where he underwent an operation for relief from appendicitis and after having been progressing nicely will have some time to remain at the institution but he will expect a rapid and permanent recovery, as he is doing very well.

Dies at Home Monday

Miss Ruth Plybon of near Nehawka, who for a while was in Union assisting in the care of Mrs. J. M. Potterson, who was sick with the influenza, returned to her home only to be stricken with the same malady

and after a number of days in which time the disease ran into pneumonia the patient died at her home last Monday. Miss Plybon was a very estimable young lady and had many friends in Union who, with her parents and the relatives in and about Nehawka, mourn her departure. The funeral occurred on Wednesday.

Garrison Family Sick

While Charles Garrison, who has been sick for some time was able to be out for a short time at the funeral of his son-in-law, Ben Roddy, and attended the funeral he was compelled to return home for another few days rest before going to work. Mrs. Garrison, who is still sick with the influenza, is considered as being very sick. Her daughter, Miss Ruth, who also has had the malady, is much better.

No Church Services

On account of the prevailing spell of influenza and many cases of pneumonia and exceedingly bad roads there were no services at the Baptist church but arrangements are to the effect that all services will be resumed on next Sunday. At the Methodist church for some reason there were no services with the exception of the bible school in the morning and the Epworth League in the evening which was conducted by Superintendent McDonald of the city schools. There will be services in all departments of the church on next Sunday.

BOX SOCIAL

There will be a box social Friday evening, February 13, at the LaPlatte school. A program is being arranged and everybody is cordially invited. Ladies please bring boxes and the gentlemen their pocketbooks. —Josephine Weber and Anna Morgan, teachers.

SERVICE

When you buy a tractor you want first, the most efficient, dependable and economical tractor on the market. Second, you want to be sure of a personal service from your dealer that means something. For what good is the best tractor to you if you don't thoroughly know how it works and how to keep it working.

I went to the Advance-Rumely Dealers' School at LaPorte, Indiana, where the famous OilPull Tractor is built for the express purpose of putting myself in a position to give you such service. I was privileged to attend this two weeks' course in company with some 250 other dealers selected by the Advance-Rumely Thresher Company.

During the two weeks we worked, and worked hard. We learned the tractor thoroughly—not from books—but by stripping it down and assembling it again. We worked on the motor, transmission—the cooling, ignition and lubrication systems—in fact every part of the machine.

And they put the "cards on the

table" there at LaPorte. We were allowed, and urged, to look into every branch of the factory—no department was closed to us—nothing was kept from us. We saw the whole inside workings. The bigness of it impressed me—the machine shop alone is 800 feet long—but more than that was the systematic way things are organized and the thoroughness with which the goods are manufactured, inspected and tested. One of the machines, a cylinder grinder, is the only machine of its kind in the country. The OilPull cylinders and pistons, you know, are ground to within 1-1000 of an inch.

I was pretty well satisfied before I went down to LaPorte that the materials and workmanship that went into the OilPull were the best that went into any tractor—now I am SURE of it.

In the Rumely OilPull Tractor, I am not only selling absolutely the most efficient, dependable and economical tractor on the market—and guaranteed, remember—but I am backing it with a personal service that means something to you.
