DON'T NEGLECT A RHEUMATIC PAIN

Go after it with Sloan's Liniment before it gets dangerous

Apply a little, don't rub, let it penetrate, and—good-by twinge! Same for external aches, pains, strains, stiffness of joints or muscles, lameness, bruises. Instant relief without mussiness or soiled clothing. Reliable—the biggest selling liniment year after year. Economical by reason of enormous sales. Keep a big bottle ready at all times. Ask your druggist for Sloan's Liniment. 35c, 70c, \$1.40.

POLLARD HOG SALE BREAKS ALL RECORDS

Bring Greatest Price of Any Hogs on Market—Buyers from 15 States were Present.

A new distinction has been given the Nebraska farmers and a Cass county hog breeder is the man responsible for three world's records being made in the hog raising line. The Raymond C. Pollard Hampshire-bred sow sale at Nebraska on Tuesday was one of the largest of its kind held in the west and the prices which the animals brought established a new record in the world's market. Forty-two head of the hogs sold for \$21,985, or an average of \$528. The previous record in hog sales was an average of \$360. Lot No. 25, Perfection, was sold to the Crossett Cattle company, of Arkansas, for \$2,650, the record price ever paid for a Hampshire sow. There were breeders from fifteen states present at the sale. The animals sold will go to ten states, only six remaining in Nebraska, Georgia, Tennessee and Arkansas breeders were strong bidders and captured many of the prize-winning animals. Some of the outstanding features of the sale were some spring gilts, which weighed as much as 450 lbs. One of these gilts sold for \$1,925 and the average price paid for these was the record for the Hampshire breed. In addition to breaking three world records, Mr. Pollard holds the distinction of having produced Victory Giant, which he sold a short time ago for \$5,000, the record price for the breed. The result of the Pollard sale has given Nebraska another big boost as a pure bred live stock state. During the past few weeks the world record sales on Hereford cattle and Duroc hogs have been held in the state.

PUBLIC AUCTION!

Having rented my farm I will sell at public sale on said farm, 3 miles south, 1 1/2 miles west of Union, 3 1/2 miles south, 2 1/2 miles east of Nebraska City, 3 miles north and 1 1/2 miles west of Wyoming, on

OPERATED UPON FOR APPENDICITIS THIS MORNING

From Friday's Daily
This morning at the Ford hospital in Omaha, Oscar Smalley, of this city was operated on for appendicitis. Mr. Smalley was taken very suddenly with the malady and hurried to the hospital yesterday afternoon, suffering very much from the pain of the infected appendix, and it was impossible for him to stand erect.

The outcome of the operation will be anxiously awaited by the friends here hopeful that the young man may recover from the operation and soon be able to return to his home in this city. Dr. P. J. Flynn of this city was present to assist in the operation.

2 MEXICANS START ON LONG JOURNEY

Jose Ortraga and Pablo Medell for Several Months Confined in County Jail Start for Their Home.

From Friday's Daily.
This afternoon Jose Ortraga and Pablo Medell, the two Mexicans who have been confined in the county jail in this city for the past two months, were started on their journey toward the land of their nativity and in the course of the next three weeks should be at home in the land of revolutions. The two men were taken into custody here for the stealing of a number of articles of wearing apparel from the stores of H. M. Soennichsen, Philip Thierolf, E. G. Dorey & son and P. P. Busch and for which they received a sentence of 30 days in the county jail and in the meantime action was taken by County Attorney A. G. Cole to have the men deported back to Mexico.

The proceedings to get the men into the hands of the federal authorities has been of long standing and the county attorney and Sheriff Quinton have been camping on the trail of the immigration agents with the result that the men have finally been sent for. This morning Will M. Brashear of the Omaha office of the department of justice called for the two men and departed with them for Omaha where they will have a hearing and soon be on their way toward the homeland. Medell states that he has resided in the United States five years but has never become a citizen while Ortraga has lived in this country a little over a year. Medell can speak some English but his companion is unable to converse in anything but Spanish.

RETURNS FROM VISIT THROUGH THE SOUTH

Samuel Gapen, Old Time Cass County Man, and Sister, Mrs. Mattie Wiles Return Home.

From Friday's Daily.
Samuel Gapen, who for the past 30 years has been a resident of the west, being located at Hialeahville, Wyo., is enjoying a short visit here, with his brother, Oscar Gapen, and other relatives and friends, having returned Monday evening in company with his sister, Mrs. Mattie Wiles, from an extensive trip through the southland. Mr. Gapen came from his Wyoming home and was met at Denver by Mrs. Wiles and the two left the Colorado city for Texas, spending some time at Fort Worth and Galveston and thence to New Orleans and from there to Florida. They visited at St. Augustine, Palm Beach and Miami. One of the points of interest visited was Key West, the chief port of the southern portion of Florida, and to reach which it is necessary to travel over the famous railroad over the Florida keys and the experience there was much enjoyed. On the return trip Mr. Gapen and sister traveled through Tennessee and Kentucky and spent a short time in Cincinnati with friends. While trip was most delightful both Mr. Gapen and Mrs. Wiles are of the opinion that there is no place quite like the west and especially Nebraska. It has been 30 years since Mr. Gapen left this county and he notes many changes among the residents with whom he was at one time so well acquainted. While in the city, today he was a caller at the Journal office.

FARM BUREAU NOTES

Drainage Work
Frank J. Davis and Art Wiles of Weeping Water have let a contract to a drainage firm to drain the low places in their farms. This work will begin in May. Many acres of land in Cass county could be made more productive by a good drainage system.

Pruning Time
Now is the time to begin pruning your orchards. If you wish a pruning demonstration write or phone the farm bureau office. Also we have on file at office 20 blue-prints of a three-quarter-acre farm orchard and a list of varieties of apple trees which have proved successful in Cass county. Will be glad to give you this information.

Testing Seed Corn
It has become to be regarded as good practice among farmers to verify the germinative powers of their seed corn several months before planting time. This enables them to be deliberate in selecting other seed in case what they had selected had proved unsound. The Nebraska experiment station heartily endorses this "rather be safe than sorry" procedure. A simple general germination test of the bulk seed ears which has been selected will answer every purpose in determining the general quality of the seed. The method of making seed tests are almost universally known to corn growers. If the germination proves unsatisfactory a closer elimination of unsound ears may be made or a satisfactory supply of other local productive seed located. One runs some risk of poor adaptation in securing seed from a distance whose local productivity has not been previously determined.

OUT AFTER LONG ILLNESS
From Friday's Daily.
Yesterday was the first time in three weeks that C. C. Despain, one of the old residents of the city was able to leave his home and visit the main part of the city, having been suffering from a very severe case of the flu which for several days had made his condition very critical. Mr. Despain is still feeling very weak but is pleased at the opportunity of once more being able to be up and around and mingle with his old friends.

CARD OF THANKS
We wish to thank our many friends for the kindness, sympathy, donations and floral offerings given to us during the illness and death of our beloved husband and father—Mrs. Anna Ziska and children.

If it's in the card file, call at the Journal office.

Chesterfield CIGARETTES
They Satisfy

NO "sharps," no "flats," but my! How Chesterfields "Satisfy!"
A delightful selection of fine Turkish and Domestic tobaccos, harmoniously blended in an entirely new and exclusive way.
The blend is based on our private formula—the outcome of many years of experiment. And the final result has justified the time and money spent. For certainly, Chesterfields do "satisfy."
But don't take our word for it. Smoke a Chesterfield today and find out for yourself.
The special, moisture-proof package keeps Chesterfields firm and fresh, always.
Lightbulb Tobbaco Co.
