

"An all-around good shot. That's us."

—Chesterfield

WHAT we're aiming at, is that it takes both skill and precision to blend tobacco the Chesterfield way. Maybe this is why you find "Satisfy" in Chesterfields and nowhere else.

Why Colds are Dangerous

You are often told to "beware of a cold," but why? We will tell you: Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract flu and the pneumonia first take cold. The longer a cold hangs on the greater the danger, especially from the germ disease, as a cold prepares the system for the reception and development of the germs of consumption, diphtheria, scarlet fever and whooping cough. The quicker you get rid of your cold the less the danger of contracting

one of these diseases. Chamberlain's Cough Remedy has a great reputation as a cure for colds and can be depended upon. It is pleasant to take.

LEAVES FOR GRANT TODAY

From Friday's Daily. Today Frank Steppat and family are leaving Cass county to make their future home at Grant, in Perkins county, where Mr. Steppat has extensive land interests and where they expect to make their home in the future.

Mrs. Steppat has been visiting in Omaha with her relatives and goes from that city to the new home to join her husband. As a farewell to this excellent family a large number of the friends and neighbors tendered them a very pleasant farewell on last Saturday evening at their home west of the city, and which was in the nature of a very jolly dancing party.

The friends part reluctantly with Mr. and Mrs. Steppat and they will carry with them in their new home the best wishes of the old friends in Cass county.

SECURES MARRIAGE LICENSE

From Friday's Daily. Yesterday in the office of County Judge A. J. Beeson a license was issued to Mr. Charles Knutson and Miss Fern Grassman, both of Louisville. The bride to be is well known in this city, where she made her home for a number of years, being the oldest daughter of the late Edward Grassman and a granddaughter of Mr. and Mrs. Frank Wheeler, with whom she made her home for a considerable time. The young people are to be married this week at their home in our neighboring city.

RETURN FROM CALIFORNIA.

From Friday's Daily. Yesterday Charles E. Haney and wife returned home from a three months' visit on the Pacific coast, spending the greater part of the time in the southern California cities of Los Angeles, San Diego and Long Beach. The trip was greatly enjoyed by both Mr. and Mrs. Haney and during their stay in Los Angeles they were very fortunate in running across a number of the Plattsmouth colony.

Mr. Haney had the pleasure of meeting our old friend Mike Mauzy on the street in Los Angeles and later met Robert Mauzy and enjoyed a pleasant visit with both of these gentlemen. Mrs. Haney also met Mr. and Mrs. J. H. Becker, who are spending the winter months on the coast this year.

Having sold their home in this city to W. R. Young, Mr. and Mrs. Haney are still unsettled but for the present will make their home with the parents of Mrs. Haney, Mr. and Mrs. G. G. Hoffmann.

STORM RAGES IN NORTH

From Friday's Daily. The snow and wind of yesterday has apparently been much more severe in the northern portion of the state than in this section, judging from a message received here last night by Fred Weidman from Plainview, Nebraska, and in which Mrs. Weidman informed her husband the weather there was very severe and that the snow had been badly drifted by the wind making the roads impassible.

Mr. Weidman had intended driving several cars from Omaha to Plainview today, but with the unfavorable weather conditions will probably delay the trip until the roads are better cleared up.

RETURNS FROM ROCHESTER

From Friday's Daily. D. J. Marshall, who has been at the Mayo Brothers hospital in Rochester, Minnesota, for the past two weeks, returned home yesterday afternoon and is feeling much better than on his departure for the hospital.

Mr. Marshall was given a thorough examination by the specialists and it was found that his condition was not as serious as he had thought and that an operation would not be necessary. After short treatment given him at the hospital, he was sent back home to continue the treatments with every assurance of soon being restored to his former good health.

This will be very pleasing news to the many friends of this family throughout the city.

HAVE YOUR OWN CHOICE

I have some wonderful bargains for you if you can raise a little money and have liberal terms on balance, suit yourself, 7 homes, one 3-room, three 4 rooms each, two 8 rooms each, and one 16 rooms, all close in. Offered for a few days only. See me at once for particulars or phone 575.—F. M. Welshmer. d&w

If you are not a subscriber to the Daily Journal let us enter your name on our subscription list.

SEEKS REMOVAL OF GUARDIAN.

From Friday's Daily. A petition has been filed in the county court by Mrs. Frances Vallery through her attorney, Matthew Gering, in which she petitions the court for the removal of the guardian appointed some time ago for her property, Robert L. Propst. The petitioner also asks that she be given full and unqualified control and management of her property.

Mrs. Vallery has, under the will of her husband, the late C. H. Vallery, a life interest and use of the rents and profits of the real and personal property of the estate, but under an order issued by the county court, the matter has been in charge of Robert L. Propst, as guardian, under a petition filed by the other heirs of the estate.

The hearing on the petition has been set for Thursday, March 18th, at which time the court will make disposition of the petition of Mrs. Vallery.

WILL VISIT DENMARK

From Thursday's Daily. Nels Sogard, the grain dealer of Weeping Water, with his wife and five children are expecting to enjoy the summer months in a most delightful trip back to the native land of Mr. Sogard in Denmark. The application has been made through the office of the district clerk to the state department for the necessary passports that will permit the party to make the trip and on the receipt of the permission it is expected that they will leave at once for the east. The party expect to sail on the Frederick VIII sometime in May and will reach Denmark in the most delightful time of the year. Other friends of Mr. Sogard are expecting to make application for passports and a very delightful party formed for the trip over the big drink and amid the pleasant scenes of the hearty little kingdom of the northland. Mr. Sogard has been in the United States for 30 years and this is his first trip back to the old home where he first saw the light of day.

WHEN ADVERTISING PAYS THE GREATEST RETURNS

As is the case with every other line of human endeavor, persistency pays the greatest dividends. Advertising, profitable as it is, cannot be expected to produce the most gratifying results when done in a haphazard manner. The large national advertisers, when they seek to bring a certain line of goods before the public eye lay out a systematic campaign extending over a period of months and even years, contract with the publishers on this basis and execute the job like clock-work.

It would be far better for local advertisers to follow some such a systematic plan, and once tried they would be surprised at results.

It is a well known fact that newspaper advertising is given preference as the most profitable medium thru which people are reached by all the advertising clubs of America, but it is often well, in a publicity campaign to augment it with other modes, including circular letters, pamphlets, blotters, catalogues, etc.

If you would be interested in planning an advertising campaign, the Journal will be pleased to aid you, and give you expert advice as to the most effectual manner of attaining the desired results. And, in the line of newspaper circulation or job printing we can serve you most satisfactorily.

FOR SALE 18 ACRES

The James Dvorak place about one mile southeast of Plattsmouth court house. Well improved with 6-room house, running water, electric lights, toilet and bath, all in fine shape. ACORNS 7 CENTS

Owing to the advance of labor and the high cost of tobaccos, we are compelled to advance the price of the "Acorn" cigar to 7 cents in order to maintain its present high quality. The Spanish open head system in the manufacture of the "Acorn" makes it superior to any cigar on the market today.—PTAK & BARNARD, Manufacturers. 1w-d&w

Has Had Stomach Trouble for 7 Years Theodore Sanford of Fenmore, Mich., has had stomach trouble for seven years and could not eat vegetables or fruit without pain in the stomach and restless nights. By taking Chamberlain's Tablets he is now able to eat vegetables or fruit without causing pain or sleeplessness. If troubled with indigestion or constipation give these tablets a trial. They are sure to prove beneficial.
