

"Here we are, in tip-top shape"
—Chesterfield

YES, and that's the way Chesterfields always arrive—crisp, fresh and in prime shape for smoking. It's the extra wrapper of moisture-proof paper that does it. Your Chesterfields never become too moist or too dry.

ELMWOOD

Ed Bornemeier, who had been on the sick list for a week or so, was in town on Monday feeling somewhat better.
Robert and Joe Kunz made an auto trip to Imperial, Nebr., on Thursday of last week, where Robert made arrangements to move there where he will farm. They returned to Elmwood Tuesday evening, leaving the auto there.

Orville Robertson left the first of the week for Grant, Nebraska. Mrs. Robertson and children remained until Wednesday for a visit with her parents, Mr. and Mrs. Dan Fentiman at this place. They will make their home on a farm near Grant.

On Tuesday evening as Chas. Roczofsz, wife and baby were on their way home from the Lee Snavely farm in their Ford car and when nearing home it seems that a large dog ran in front of the car and one of the wheels struck it, causing the car to turn over. The occupants escaped without injury, although for a time it was thought that the baby was injured. The car was somewhat damaged.

On Tuesday morning the little son of Mr. and Mrs. Wm. Hulfish went to the home of John Weber. He heard Mr. Weber calling for help and immediately informed his parents, who found him lying on the floor where he had lain all night, having suffered a paralytic stroke. A physician was called and he was gotten into bed where he is doing as well as could be expected under the circumstances. Mr. Weber is one of our oldest citizens and lives alone part of the time.

Last Saturday afternoon all of the young girls over 75 years of age called at the home of Grandma Hornbeck to help her celebrate her 88th birthday. The girls all came with well filled baskets of refreshments and a feast for a king was served and a number of fine tokens of remembrance were also deposited on the library table. They reported all having a splendid time and about 5 p. m., they departed for their respective homes, wishing her another year, and many more, to be enjoyed by the mistress of the home. They were all asked to come again.

Mrs. Fred Spahnle is numbered among the afflicted this week.

Ed Oslschlager loaded his immigrant car for shipment to Chappel this week. He and his family expect to follow shortly.

Fred Oberle had the misfortune Monday to cut off a thumb with an axe. We did not learn just how it happened, but an axe will do that sort of thing sometimes. He is getting along very nicely.

"For information about Flyer No. 103 at Alvo, ask Etta Smith or Lee Hardnock." We found the above on our desk, and as an explanation will say that a couple of weeks ago a number of young people were watch-

ing the passage of the fast train at Alvo when a mail sack struck these two and threw them to the ground. While they were somewhat bruised no bones were broken and they good-naturedly took the jibes handed to them by friends.
On Monday of this week, Mrs. A. M. Trumble sold her meat market to Valley Trumble, who will operate the same in the future. Valley has been working in the shop since his return from the army about a year ago. He has a host of friends here in Eagle, where he has grown to manhood, and will no doubt make good. We are not informed as to what Mrs. Trumble will do, but presume she will continue her school work, at least to the close of the present term.

Charles Ahl came in Tuesday from his ranch near Broken Bow to look after business matters and to shake hands with his old time friends and neighbors. He reports the family well.

Fred Newmann has moved to his new home near Murdock, having sold his old place west of town, the former home of George Berger and one of the landmarks of that vicinity, to Edward Urish.

Mr. and Mrs. Roy Clifford, of Norton, Kansas, visited here over Sunday with relatives and friends, this being their first visit to their old home town since their marriage a few months ago. Mrs. Clifford was formerly Miss Alice Stander.

We are pleased to report the continued improvement of our old time friend John Ossenkop, whose serious illness we reported a few weeks ago. With the coming of brighter days and milder weather, he seems to be gaining faster and is able to be up and around town again, and we trust that he will continue to gain in strength.

Little Mary Stander spent her sixth birthday very pleasantly on Tuesday of last week, February 24, by going to Cedar Creek to visit her grandmother, Mrs. M. Metzger, whose 76th birthday occurred on the same day. Mary's mother, Mrs. Arthur Stander, and her little brother, Robert, accompanied her and they enjoyed the happy occasion very much.

Mart Williams has moved his family this week from the farm near Cedar Creek, where they have been living, to the James Terryberry farm southwest of Louisville, vacated by the John Schoeman family. Mr. Williams and family are to be congratulated upon the move as their new home has many advantages over the one they are leaving and they are now back in the vicinity where Mrs. Williams spent her girlhood days.

HUNDREDS OF SOLDIERS FILE FOR FREE FARMS

Torrington, Wyo., March 4.—Fifteen hundred ex-service men have made application for the eighty-five farms under the North Platte reclamation project which are to be opened for entry here Friday morning. Before the expiration of the filing period Friday night, it is anticipated that 2,400 ex-service men will have made applications, which means that only one of every thirty applicants will draw a prize in the lottery, which is to be held Friday afternoon.

Inasmuch as each applicant is required to deposit from \$250 to \$500 according to whether he seeks a 40-acre or an 80-acre tract, approximately \$1,000,000 will be tied up when the drawing takes place.

The situation here will be duplicated a few days hence at Howell, Wyo., where about the same number of farm units will be opened under the Shoshone project. Hundreds of unsuccessful applicants here plan to make applications under the Shoshone opening.

Thomas Keckler, of Manley, was in town Friday. Mr. Keckler hadn't been in town all winter on account of bad roads and the fact that he and Mrs. Keckler have had their share of bad colds and grippe.

Mrs. B. F. Miller of Omaha, who had been here since last Saturday, caring for her mother, Mrs. C. M. Cherry who was quite sick but is now much improved, returned to her home this (Thursday) morning. She was accompanied home by her sister, Mrs. John Bill.

Mr. and Mrs. W. I. Smoots who have been visiting here from Hamlet left for their home Wednesday evening. They were accompanied home by their daughter, Mrs. Harold Harmon and little child, Mr. Harmon will go out next week with the expectations of making their home at Hamlet.

Fred Rehmeier made a trip to the county seat Monday accompanied by Chris Elgaard, Oscar Anderson and Frank Taylor at which time Fred received his final naturalization papers and came home a full-fledged American citizen. Fred was a mighty good citizen before he got his papers, but he is a whole lot better one now, and he feels better himself.

John McKay sold his Park Place home Tuesday to a Mr. Frank Fravel of northwest Colorado. This home has with it a block of ground. Consideration was \$2,500. Mr. and Mrs. Fravel arrived here Saturday evening and will take possession of their new home this week. They are locating here because they like our town and our section of the state. Mr. and Mrs. McKay will move to the Frank Hay 80 acre farm west of town, which Mr. McKay has rented. The McKays say that Weeping Water will still be their home.

Charley Bill got his hand badly mashed Friday morning while assisting in the moving of a 3-ton front, a part of a crusher at the Myers quarry. The iron was being moved on gas pipe rollers and while Charley was in the act of placing one of the rollers, his mitten caught and his hand was drawn under the roller. The weight was only on his hand for an instant as it hit and went on over. This was undoubtedly less painful to Charley than if his hand had been caught and pinned fast until the weight was removed. But it seems impossible that the hand could be hit with such a tremendous weight without being more seriously hurt than it is. The nail and flesh are entirely rolled off on one finger, another finger is split and the entire hand flattened out and mashed. The wounds are doing nicely and Charley feels that he was mighty lucky after all.
