**LOCAL LODGE DECIDES ON PLANS FOR MAKING ONE HUNDREDTH ANNIVERSARY A SUCCESS**

**TO BE GIVEN ON APRIL 27TH**

Committees Are Appointed to Arrange Program and Prepare Details of the Celebration of the Order

From Saturday's Daily. The members of Platte Lodge No. 7, the Encampment and the Daughters of Rebekah of this city will, on the evening of Tuesday, April 27th, hold the official observance of the one hundredth and first anniversary of the founding of the order in the United States of America.

To the end that the affair may be one of the greatest events in the history of the order in this city committees have been named from the different branches of the order to unite in arranging the program. From the subordinate lodge John P. Sattler, John Cory and C. A. Johnson have been selected, from the encampment Frank F. Buttery, J. H. Short and Joseph Waga and from the Daughters of Rebekah, Mrs. N. P. Schultz, Mrs. Martha Petersen and Mrs. T. W. Hudgins have been named. This joint committee has selected J. H. Short as chairman and will arrange a program in keeping with the dignity of the order.

The Odd Fellows in the United States sprang from the personal efforts of five men, who were members of the Manchester Unity of the Independent Odd Fellows of England. In the winter of 1818 Thomas Wildey and John Welch arrived in the United States from England and discovering that each was a member of the Odd Fellows sought to discover others of their order that might be in this country and in response to an advertisement in the Baltimore American a meeting was held March 2, 1819, and in which these two men were joined by John Duncan and John Cheatam and a second meeting called for April 26, 1819, and the four members were joined by a fifth member, Richard Rushworth and on this date the first permanent lodge of Odd Fellows in the United States was formed, being named Washington Lodge No. 1, Odd Fellows, the meeting being held at the Seventh Star tavern in Baltimore. Thus five men launched one of the greatest of fraternal orders that today embraces two and a half million members in this nation. The grand lodge of Maryland and of the United States was instituted in the year 1821.

It was in 1855 that the first Odd Fellows Lodge in the state of Nebraska was founded at Nebraska City being named Nebraska Lodge No. 1 and later lodges were formed at Omaha and a second lodge at Nebraska City and one at Brownville and these applied for a charter for a grand lodge which was granted in 1858.

**CON SOHL DIES FROM INJURIES**

**Bridge Foreman, Member of Party on Motor Car Struck by Train, Dies in Lincoln Hospital**

From Saturday's Daily. Conrad Sohl, foreman of the Burlington bridge gang working out of Cedar Creek, and who was severely injured in the accident yesterday morning one mile west of Louisville when the motor car in which he and the other members of the gang were riding was struck by a Rock Island train, died yesterday afternoon at 3 o'clock at the hospital in Lincoln. Mr. Sohl had been severely injured about the back and chest as well as receiving lacerations on the head and was hurried to Lincoln immediately after the accident, but his condition was such that it was impossible to give him relief and he passed away a few hours later.

Conrad Sohl was fifty years of age and made his home at Ashland, where the wife and three sons are living and where the body will be taken for burial. He was well known in this city as he has been here for the greater part of the time for the past two years and very popular among railroad men.

240 acres of land near Murray. Will sell all or one eighty separate. All in Sec. 26, Township 10, Range 13. For particulars call on H. G. Todd, Murray, Nebr. 25-4sw.

**RETURNS FROM MURRAY**

From Saturday's Daily. Miss Bertha Lewis, who has been at Murray for the past five weeks assisting in the care of Mrs. Edward Lyle, who has been quite sick, has returned to her home in this city. Mrs. Lyle has been doing nicely, but suffered a relapse that delayed the return of Miss Lewis. Miss Lewis is very grateful to the people of Murray for the kindness and assistance shown to her during her stay there. Mrs. Lyle is the manager of the telephone company at Murray and a few nights ago some one entered the yard of their home there and cut down the only tree that stood there and this has proved very annoying to the family who would like very much to learn the name of the party committing the outrage.

**GRANDMA EARNST DIED LAST SUNDAY**

**Was One of Elmwood's Oldest Residents and One of Our Finest Old Ladies.**

From Saturday's Daily. On Sunday evening Grandma Earnst died at the home of her son, Ed Earnst with whom she had made her home. Some weeks ago she underwent an operation for the removal of gall stones at a hospital at Lincoln. She withstood this remarkably for one of her age and enjoyed her stay there and was happy and cheerful. She came to her home and was equally happy and cheerful, but due to her declining years she answered the call of the Great Maker and passed to her reward in the Great Beyond.

She was one of Elmwood's oldest ladies and pioneers. She made friends with and was loved by everyone with whom she came in contact.

Funeral services will be held from the Christian church on Friday afternoon at 1 o'clock and will be conducted by Rev. Scott.

Interment will be made in the Elmwood cemetery beside her husband who died a number of years ago.

A sketch of this lady's life will be printed next week.—Elmwood Leader-Echo.

**MAKES MONEY ON A CASS COUNTY EIGHTY**

From Saturday's Daily.

John Gregory of Mt. Pleasant precinct, was in town Tuesday and paid the Courier office a short call, renewing his subscription one year in advance. Mr. Gregory owns but eighty acres of land, but produces more than many farmers with much larger acreage. Two years ago when Cass county farms produced but 30 to 40 bushels of corn per acre, Mr. Gregory raised 100 bushels per acre. He purchased this land a few years ago at \$140 per acre and since he has brought it up to its present high state of cultivation he has refused \$500 per acre for it.

Mr. Gregory has no use for scrub stock. If he owned a dog he would insist on owning a thoroughbred. His hogs are thoroughbred Duroc Jersey, his milk cows are of the best strain of Jersey and his bees are the best Italian strains. Speaking of bees, Mr. Gregory stated that he makes bee culture one of his chief assets. He has 81 colonies of bees and during the past season he has marketed more than a ton and a half of honey. He says he finds ready sale for his honey and expects to go into the bee business on even a larger scale.—Louisville Courier.

**CALLED EAST BY DEATH OF MOTHER**

**Attorney A. L. Tidd Receives Message Announcing Death of His Mother, Mrs. Rachael Tidd in Ohio.**

From Saturday's Daily.

This morning Attorney A. L. Tidd received the sad news of the death of his aged mother, Mrs. Rachael Tidd at her home in Ohio. The mother had been sick only a few days, but owing to her advanced age, being past the eighty-seventh milestone, she was unable to rally from the illness and passed away last evening. Mr. Tidd will leave this evening on No. 2 for the old home to attend the funeral services of the beloved mother. During the past summer Mr. Tidd enjoyed the opportunity of a visit at the old home in Beaver with the mother and the pleasant days that were spent there will be a beautiful memory of the kindly mother now called to her last long rest after a lifetime of more than the allotted years of man. In the grief that the loss has occasioned Mr. Tidd will receive the deepest sympathy of the host of friends.

**A tractor that will fit your farm—the Fordson**

**Y**OU can make your farm produce more—at less cost—and with less effort on your part—by using the Fordson tractor. Not only will it help you prepare your land and cultivate the crops, but it furnishes power for many other farm jobs.

The Fordson tractor is the result of long study of farming conditions and it has proved a success. Burns kerosene—easy to operate and care for—practically trouble-proof.

**There's an Oliver No. 7 Plow for your Fordson**

Just as the Fordson tractor gives ideal power, the Oliver plow means ideal plowing. It is scientifically designed for tractor service—and is backed by a half century of experience in making plows. It buries all trash and weeds at the bottom of the furrow—maintains an even depth of furrow—and is controlled from the tractor seat.
