### ROBERT PATTERSON FATALLY INJURED

Victim of Severe Wind Storm Wednesday Afternoon and Little Hope is Held for His Recovery

Robert Patterson, one of the prominent young farmers of near Murray, was severely, if not fatally injured Wednesday afternoon when he was struck by a portion of the roof of a corn crib on which he was working and which had been torn loose in the severe wind storm prevailing here. Patterson was found in the road some fifty feet from the crib, in an unconscious condition by the members of the W. D. Wheeler family on their return from Plattsmouth about 6 o'clock. Dr. B. F. Brendel was at once called and it was found that he was suffering from a very serious cut over the right eye as well as serious injuries to the head at the brain base and a fractured right arm. He was hurried to the hospital at Omaha, where he is now receiving treatment. Mr. Patterson is a son-in-law of Mr. Wheeler and has been making his home there for a number of years. It is thought that he was making some repairs on the roof of the crib when it was torn loose by the high wind and carried out into the roadway, the unfortunate man being carried with the roof.

Schaefer, and getting some medicine for his wife, who has been sick at her home for some time with the flu. We are sorry to state that this good woman is not making the improvement she should.

Ray Minford Still Low

W. G. Minford, who was so seriously injured while engaged in blasting stumps last Saturday, is still confined to his home in a very precarious condition. Latest reports from his bedside are that he is showing some improvement, but due to the seriousness of his injuries his recovery is not expected to be very rapid.

### Returns from the Ozarks

Dr. G. H. Gilmore and wife, who have been on a trip to southern Missouri, returned home a few days ago and report everything looking fine down that way with plenty of rain and the trees out in full bloom and leaf. The woodlands are filled with wild flowers and everything speaks of an awakening of life. Dr. Gilmore says that on every hill top there are now white houses and red barns and compared with the wildness of trees that existed a few years ago, and all of which only goes to prove that the call to the farm is growing in favor. The land there has advanced rapidly in price and things look promising with automobiles as common as in this country. They were at Cabool and Houston, the latter town being the county seat of Texas county.

### Are Making Murray Beautiful

The enterprising citizens of Murray are doing what they can to make the town look more businesslike and presentable, by cleaning off their lawns and removing the debris from the business section. This will afford the grass opportunity to get an early start and greatly enhance the natural beauty of the community. Especially did we note the efforts of Dr. B. F. Brendel and Postmaster Will S. Smith, who were doing noble work with garden rakes.

## The Service Store

ALFRED GANSEMER, Proprietor

Mrs. Lloyd leaves a husband and one son, Douglass Maynard Lloyd, about two years of age. She was an excellent wife and mother, kind and generous to a fault and always had the welfare of her husband and son at heart.

All that was possible to do was done to combat the dread disease and its awful effects, both in nursing and medical services but the efforts of loving hands proved futile and the death angel finally reclaimed her from further suffering.

The funeral was held at the family home on Tuesday afternoon, Rev. W. A. Taylor officiating and interment was in the Young cemetery northeast of Murray.

Joseph Kvapil and wife of Omaha, who have been here visiting at the home of Mrs. Kvapil's parents, Mr. and Mrs. Joseph Novatney and family, returned this afternoon to Omaha.
