Another matter to come before the board was a petition signed by several hundred of the residents of the county requesting that a free wagon and auto bridge be placed across the Platte river north of this city and the petition was received and placed on file in the office of the county clerk.

DISCOVERED BREAK IN THE RIVER LEVEE

TWO FARMERS RESIDING NEAR OLD PACIFIC CITY DISCOVERED BREAK.

SERIOUS DANGER THREATENED

Track on Kansas City Line Undermined and Break Required Strenuous Work to Repair.

From Saturday's Daily. The old Missouri river occasionally arousing from its sluggish course starts in to do things to the territory that forms the banks of the stream and when the water gets up there is something doing that requires all the engineering skill of the states and the railroad companies to combat.

For years past the river has been determinedly attacking the east bank of the river from just below Council Bluffs to opposite this city and it has cost the federal government, the state of Iowa and the Burlington railroad a large sum of money to try and stay the progress of the river. In order to successfully defeat the efforts of the river to cut into the Iowa bank, large trainloads of rock, willow mats and other rip rapping devices have been used and it was thought that the stream was effectively blocked from further inroads on the land of Iowa.

Last Sunday following the sudden raise in the Missouri river, two farmers from near old Pacific City, north of P. Junction, Gene Vinton and H. B. Nilson, were out looking over the situation and to see how high the river had reached. They discovered that the river had successfully undermined a section of rip rap not far from their home and had eaten away the rocks and dirt that had formed the barrier to the progress of the river. This had gone so far that a portion of the railroad tracks had been undermined. The two men notified William O'Neill and the Burlington station at Pacific Junction was notified and measures at once taken to check the break. By 9:30 the railroad had several loads of rock on hand at the break in the levee and strenuous work was expended in checking the break in the guarding wall. About fifty farmers in the vicinity of the break responded to the call and assisted in helping check the stream from doing further damage. The river expert of the railroad arrived Monday and since then the river has been effectively checked.

The watchman at the levee when he made his rounds at 3 o'clock Sunday did not find any break at the levee and when the discovery was made by Vinton and Nilson it was fully twenty feet under the railroad track and when they returned after arousing the neighborhood the gap had extended for 100 feet. Had it not been found so soon after the break and promptly looked after it would have undoubtedly have cut clear through the levee and flooded the country for miles around.

SECURES COYOTES SCALPS

From Saturday's Daily. Elmer E. Mathis, who resides three miles east of Greenwood a few days ago made a cleaning among the coyotes of his neighborhood and as a result was able to offer to County Clerk George R. Sayles, nine of the scalps for which the state will give him a bounty of \$3 each. Mr. Mathis was out looking over his farm when he discovered the mother coyote and shooting, wounded her. He followed the coyote to her den where she died and also discovered eight small coyotes that he killed. This is the largest single haul that has been made this season and will net the successful hunter a neat sum of money for his labor.

How Diphtheria is Contracted

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the street until fully recovered, as there is a hundred times more danger of his taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted.

Mrs. D. B. Smith has not been in the best of health for the past few years and her advanced age of 72 years made her sickness quite serious. HIGH SCHOOL CARNIVAL A BIG SUCCESS

Large Crowd in Attendance Are Entertained by Clever Stunts Provided by Members of High School

From Saturday's Daily. The high school carnival given last evening at the new school building was a great success in every way—giving the members of the junior class a neat sum for their treasury as well as providing entertainment for the very large crowd that was in attendance.

The young people had very cleverly arranged the side shows that attracted the seeker after amusement and much pleasure was derived in the different places of entertainment provided. The Hula Hula girls, the baby contest in which the infant countenances of the present high school students were exposed for the benefit of the public, the daring auto races in which the members of the junior class participated and the big minstrel show in which Dovey & Douglass, the high school comedians were starred made up the major portion of the evening entertainment. In the beauty contest in which the visitors participated Miss Wilma Rainey was voted the winner.

The entertainment reflected much credit upon the young people taking part and from the general expression of those who attended they were more than pleased with the manner in which they had been entertained. The school this year has developed an unusual amount of talent in the entertaining line which has permitted the school to give a number of pleasing entertainments. At the carnival the "cats" were in charge of the sophomores of the school and who looked after the needs of the public in this line.

AMERICAN LEGION HOLDS MEETING

From Thursday's Daily. The Hugh Kearns post of the American Legion met last evening at the M. W. A. hall in their regular monthly session and took up the matter of the adoption of the new constitution and by-laws which had been prepared and which were adopted by the local post. The Legion members are also busily engaged in preparing for the membership drive that is to be launched throughout the state and in which the local post will co-operate in the plans to secure a membership of 30,000 service men in the state.

The coming of the carnival in May under the auspices of the Legion will be looked after by the local post and the best possible efforts to give a high class entertainment will be made.

The question of the four-fold compensation plan that is now before congress was discussed and the replies of Senator Norris and Congressman Reavis to the message of the post read, in which the two representatives stated that they would do all possible if they thought the conditions would warrant the allowing of the compensation.

The Legion, under the new constitution, increased the membership of the executive committee from five to nine and Eugene Vroman, Emil Hild, H. J. Heneger and E. A. Webb were elected to this position.

DEATH OF CONRAD WETENKAMP SUNDAY

Old Resident of Eagle Passes Away at Hospital at College View Monday Following Critical Condition.

From Saturday's Daily. In speaking of the death of Conrad Wetenkamp, one of the old and highly respected residents of Eagle, the Beacon of that village has the following to say:

The people of this community were greatly shocked Monday morning to learn of the death of Conrad Wetenkamp, which occurred at the hospital at College View, Sunday evening at 9:40. Mr. Wetenkamp had been in a critical condition for a week and his death was not unexpected, yet the announcement cast a gloom over the community, as he was universally honored and respected by all who knew him. He was a real old timer here, having been born on the farm where he resided up to the time he was taken to the hospital a couple of weeks ago. He was a progressive, up-to-date farmer, interested in the fullest in the development and upbuilding of the community, and his death leaves a vacancy hard to fill in the community life.

He leaves to mourn his departure, besides a wife and four daughters, Hazel, Pearl, Evelyn and Maxine, with whom the entire community most sincerely sympathizes. Mr. Wetenkamp was born on the home farm in July 1875, and was almost 45 years of age when taken.

The funeral was conducted at the home Wednesday afternoon at 2 o'clock by Rev. E. A. Byers, pastor of the English Lutheran church, and the remains were laid to rest in the Eagle cemetery.
