ELKS GUNNING FOR 75 NEW MEMBERS

Still Have Room for Accommodation of Good Material—Planning a Big Class Initiation.

From Wednesday's Daily.

During the year ending April 1st, 1920, we have added upwards of 50 members to our local order. The new officers are all in their respective places and "rarin' to go."

The Exalted Ruler has appointed a committee known as the "75 Members in 36 Days Committee." This committee is charged with the task of getting 75 applications in the given time, following which a big class initiation will be put on and everything that goes with it will be provided.

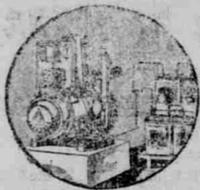

It is the desire of those in charge to make this the greatest event ever staged at the Elks home. Each member is asked to bring at least one application. But members must be very sure in accepting applications that the candidates are desirable material for membership. We are large enough now so far as our membership affording sufficient dues to keep the lodge running nicely, but there are many men of high standing in the community under our jurisdiction, who have not yet identified themselves with us as members of the Elks lodge—men who can give us much help in the work to which our order is dedicated. We will always be glad to receive applications from such men.

We want none but the best American citizens—be they rich or poor.

J. W. HOLMES,
Chairman Membership Committee.

EASTERN STAR KENSINGTON MEETING

Pleasant Social Gathering and Election of Officers for Ensuing Year Meeting at Masonic Temple

From Wednesday's Daily.

The ladies belonging to the Eastern Star Kensington club met yesterday at the parlors of the Masonic temple and a very pleasant afternoon was enjoyed by the members of the party. The club has been divided into four circles and each of these presented their report, showing the amounts that had been secured for the benefit of the organization and a total of \$300 was reported which was very pleasing to the membership of the club, of whom a large number were in attendance. The annual election of officers resulted in the selection of Mrs. William Baird as president, Mrs. Henry Mauzy, vice-president; Mrs. E. A. Wurl, secretary and Mrs. Martha Petersen, treasurer.

At the usual prize drawing Mrs. A. L. Tidd proved the fortunate member and was awarded a handsome leather bound book of poems. The ladies of the club are arranging to entertain their husbands on the second Tuesday in May and the plans for this event were discussed and a delightful entertainment has been outlined for that date. At a suitable hour the hostesses, Mesdames C. D. Quinton, J. T. Begley, Mrs. C. A. Rosencrans and Ted Wiles served a dainty luncheon that was much enjoyed. The tables in the banquet hall were very handsomely arranged with the spring flowers and presented a most attractive appearance.

ASKS FOR AN ACCOUNTING

From Wednesday's Daily.

In the district court Claus Speck, through his attorney, Matthew Gerling, has filed an action against Charles Hixon in which the plaintiff asks for an accounting of a partnership existing between the parties to the suit. In the petition of the plaintiff it is stated that an oral agreement was entered into in March 1916, whereby the plaintiff was to supply the defendant with stock, seeds, farming equipment and other needed articles to conduct a farm on the island southeast of this city which is owned by the plaintiff. In return the defendant was to farm the island and care for the stock and crops and the profits derived from the farm were to be divided on the fifty-fifty proposition. The plaintiff claims this has not been done and that the interests of the plaintiff demand that a receiver or trustee be appointed to adjust the affairs of the partnership and make a settlement.

INTERESTING ITEMS OF WABASH FOLKS

Mrs. Guy Lake, who departed a short time ago for Rochester, Minn., where she entered the Mayo brothers' hospital and underwent an operation for the removal of a goitre, is reported as doing nicely and it is hoped by her many friends here that she will soon be able to return home.

H. H. Gerbeling has had his name placed on the list of readers of the Journal and will keep in touch with the affairs of interest over the entire county.

The enterprising firm of Bonn & Goodridge, which recently purchased the hardware business of the Gollinger brothers, of Elmwood, have had their name added to the subscription list of the Journal.

Married Fifty-Four Years

On last Thursday, April 8, Martin VanBuren Wood and his good wife, Marcia M. Will, nee McBride, celebrated the 54th anniversary of their wedding day, they having been married shortly following the close of the civil war at Filmore, Mo., where they continued to reside some three years, when they returned to their former home at Payne's Point, Ill., some distance northwest of Chicago. In 1870, Mr. Wood came west and filed on a homestead one mile south of "Bushberry," then the trading center of this wild and undeveloped country, and which old residents will recall as being located some four miles west of Wabash. The following year the family came and for some twelve years Mrs. Wood taught school in this country. At the time of the great blizzard in 1888, she was teacher of the Andy Zoz school and came near losing her life when attempting to return to her boarding place from the school house.

This venerable couple is living quietly in Wabash where they have

the love and respect of a large number of friends. They have five children, three daughters and two sons. They are Mrs. Ella McCaig, widow of Joseph McCaig, living at York; M. V. Wood, Jr., of Brunswick; John H. Wood, of Wabash, where he is engaged in the automobile business; Mrs. Grace Stanton, of Lincoln, and Miss Myrtle M. Wood who is rural free delivery carrier from the Wabash postoffice.

Mrs. Wood has just passed her 77th milestone, and seems full of life and god nature yet, while her genial husband has passed his 82nd year and is enjoying life greatly.

FINDS CONDITIONS IN SOUTHWEST POOR

A. S. Will, Just Returned From Mexican Border Reports Oklahoma and Southern Kansas Very Dry

From Wednesday's Daily.

A. S. Will, who has just returned home from a few days visit in the southwest that took him through the states of Kansas, Oklahoma, Texas and a portion of New Mexico, reports the crop conditions there quite poor and especially in Kansas and Oklahoma. From McPherson, Kansas, south, the weather has been decidedly dry and the result has been that the wind storms of the spring have caused a great deal of damage to the wheat which has in a great many localities been blown out of the ground. The portion of Texas which was visited by Mr. Will is largely used as grazing land and of course has not suffered as severely as the farming lands of Oklahoma and Kansas. In New Mexico the grazing land was in excellent shape due to rains through that usually arid country and the conditions there are the best for several years. Mr. Will found the conditions at the border as usual unsettled and in Sonora, Mexico, the revolt of that state from the Mexican federal government seems to be growing and the conditions filled with uncertainty. This is one of the wealthiest sections of Mexico and in which Americans have a great deal of interest in the cattle raising and mining interests.

RETURNS FROM THE HOSPITAL

From Wednesday's Daily.

Yesterday afternoon Robert Patterson returned home from the Birchmont hospital in Omaha, where he has been since his accident of two weeks ago and which resulted in such serious injury. The case of Mr. Patterson has progressed to such an extent that the attending surgeons at the hospital were of the opinion that he could be as well cared for at the home and accordingly Mr. W. D. Wheeler, father-in-law of the unfortunate young man visited Omaha and returned home with him. Bob is still far from recovered from the effects of the injury that resulted in a severe fracture of the skull as well as the breaking of his left arm and it will be several weeks at least before he is able to show much improvement but in the restful quiet of the home it is hoped to nurse him back to health.

EIGHTH GRADE VISIT SHOPS

From Wednesday's Daily.

We wish to thank Mr. Baird for permitting us to visit the shops. Mr. Carlson who served as a guide and answered our many questions. The class also appreciates the valuable information each man employed there gave us. We feel that the lessons learned there, will aid us in our many other studies. Eighth Grade History Classes.

JAZZERS HAVE BIG TIME

The original dispensers of the joyous jazz dance music—the Dick DeFord orchestra of Lincoln visited the city last evening and furnished the music for the dance at the Coates' hall given by the K. K. G. club. The boys had arranged the hall very nicely and with the big crowd, the peppy music and splendid conditions prevailing a fine time was enjoyed by everyone. A number from Nebraska City were in attendance at the dance.

\$65 for a Suit—Why?

SIXTY-FIVE dollars practically represents the buying power of \$30 back in 1914. No matter what you purchase—furniture, food, clothes or chewing tobacco.

When you stop to think a moment of:

- the shortened hours of labor production.
- the rapid wage increases.
- how the four years and a half of war ate up the

world's surplus of raw materials, so that now the supply cannot begin to catch up with the demand.

After thinking that over, you wonder HOW it is possible to obtain as good clothes at \$65 as were offered you for \$30 in 1914—or even \$25.

More, we offer you fit and first class quality thru and thru—garments that reflect style, he-man style, American style that is good taste.

NORRIS SPEAKS AT BLAIR YESTERDAY

Nebraska Senator Talks on Behalf of Hiram Johnson's Presidential Candidacy

Blair, April 13.—Senator George W. Norris spoke at the Blair opera house tonight to the largest audience that has attended a political meeting here since the campaign of 1896. Senator Norris spoke in behalf of the candidacy of Senator Hiram Johnson of California for the presidency; he compared the record of Senator Johnson and Senator Hitchcock by the votes on amendments of the revenue bill of 1917 stating that had the bills introduced or supported by Senator Johnson been enacted they would have raised over four billions in excess war profits taxes, cutting the issuance of bonds to that amount. Senator Norris contends that the issuance of bonds and extravagance of the democratic administration is one of the causes of the high cost of living and advocates publicity of income tax reports as one method of smoking out the profiteers and also curbing the expense of government in reference to the treaty of peace and the league of nations. Senator Norris said that it would have been as easy to disarm ourselves and the nations of the world at Versailles as it was to disarm Germany. But instead the self appointed autocrats who wrote the treaty divided the earth among themselves and made of it the most dishonorable international disgrace ever put together by man and in closing said that Orlando of Italy and Clemenceau of France had been overthrown, Lloyd-George saw the hand writing on the wall and that President Wilson was watchfully waiting for the time to step down and out.

MRS. ALLISON SOME BETTER

From Wednesday's Daily.

The many friends of Mrs. Mary B. Allison will be pleased to learn that she is now showing signs of improvement and her condition yesterday was the most favorable for several days and her family and friends are hopeful that she may soon take a decided change for the better. Her illness is still quite serious however and it will be some time before she is entirely out of danger.

CARD OF THANKS

We desire to express to our many friends and neighbors our appreciation of the kindness and sympathy shown to us during the illness and at the death of our beloved wife and mother, an also to the friends for the beautiful flowers. Adam Wolff, John West, Joseph West, Mrs. James Tigner, Mrs. Otto Puls.
