Just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

FOR THE CHURCH'S WORK AT HOME. A score offtems come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?

FOR HOSPITALS AND HOMES Every year thousands of menand women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.

3 FOR HIGHER EDUCATION. Of the 450,000 American students in institutions of higher grads, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools; and you have only to read their list of alumniand alumnae to measure the value of their contribution to America.

4 FOR RELIGIOUS TRAINING. At least 12,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Reumber-

Notice to Telephone Subscribers

The Lincoln Telephone & Telegraph Company now offers to every subscriber in the territory it serves the opportunity to become interested in its business by the purchase of at least one share, and as many more as you have the money to invest, of its common voting stock at its par value, \$100 a share. This stock has paid regularly quarterly dividends at the rate of

7% PER ANNUM

for the past eleven years. The success of the company and its present strong financial standing are largely due to the fact that over 1300 of its stockolders, including 150 of its employes, are Nebraska people, and interested in its progress, and its officers are well known successful Nebraska business men.

Money received from sales of stock is invested in additional facilities to take care of the heavy demand for telephones and long

The safety of the investment is unquestioned. The issuance of this stock and regulation of the company's rates are under the supervision of the Nebraska State Rallway Commission, assuring protection of stockholder's interests.

It is convenient because dividend checks are sent to your address every three months. It can be transferred to another wholly or in part by simple endorsement without expense. It is accepted at banks as collateral security on temporary loans. It is profitable because 7% per annum is a good rate on so safe an investment. It is free from all Nebraska taxes and normal Federal Income

Tax, which means a saving of at least 3% per annum these days. We heartily recommend this stock as a good investment for your money, be it much or little, and invite you to join us in this You may send check with order for stock and certificate will

be sent direct to you, or send name of your bank to which certificate will be sent and you can pay for it on receipt. Interest commences the day your order is received.
